However, services performed in connection with extra-curricular activities, summer school, curriculum development and driver training are excluded here from.

Section 5. Status of the Salary Schedule. The salary schedules shall not be construed as a part of a teacher's continuing contract. In the event a successor Agreement is not entered into subsequent to the termination of this Agreement, a teacher shall be compensated according to the last Master Agreement until such time that a successor Agreement is executed. Upon full ratification of the successor Agreement, changes in compensation will be effective July 1 of the first year of the successor agreement year unless a different effective date is negotiated and agreed to during bargaining. Should a different date be agreed

to, compensation will be prorated effective the agreed upon date. A teacher's advancement is subject to the right of the School District to withhold increments, lane changes, or other salary increases for good and sufficient grounds.

Section 6. Salary Schedule Lane Change. The following rules shall be applicable in determining lane change of a teacher on the appropriate salary schedule:

Subdivision 1. Credits to be considered for application on any lane of the salary schedule must be germane to the teaching assignment and from an accredited institution. In order to be considered for application on the salary schedule, all credits must be approved by the Superintendent or designee in writing prior to taking the course. Individual courses within an approved graduate program are automatically approved for credit on the salary schedule.

Subdivision 2. In the event that the Superintendent or designee does not approve the credits for application on the salary schedule, the matter may be referred to a committee consisting of the Superintendent, the teacher's immediate supervisor, and a teacher in the teacher's building for consideration.

Subdivision 3. To apply on the salary schedule, all credits must carry an average grade equivalent of B or higher. The mark of "S" or "P" is level "B," unless converted to another letter by the appropriate instructor. Credit will be given for undergraduate credits which are in the teacher's major field of concentration and which have been approved in advance of actual enrollment by the Superintendent or his/her designee.

Subdivision 4. To apply on the salary schedule, all credits beyond the Masters lane must be taken after the Masters Degree Program has been completed and the Masters Degree has been awarded.

Subdivision 5. Individual contracts will be modified to reflect lane changes twice per year provided a transcript of qualified credits is submitted to the Superintendent's office no later than November 1 and January 15 of each school year. Applications submitted by January 15 shall be non-retroactive. Applications submitted with credits completed and verified by November 1 will be paid retroactively to the course completion date or the beginning of the school year, whichever is later. Credits or verification submitted by transcript after November 1 shall not be considered until the following January 15. Credits or verification submitted after January 15 shall not be considered until the following November 1.

Subdivision 6. The rules contained herein relating to the application of credits on the salary schedule shall not deprive any teacher of any salary schedule placement already recognized and actually being paid.

Subdivision 7. Lane changes submitted for January 15 approval will result in the yearly salary being composed of 50% of the original lane and 50% of the new lane placement.

Section 7. Salary Payment Option.

Subdivision 1. Full and part time teachers shall be given the option of choosing to receive their salary in one of the following methods:

In 24 equal payments (12 months) over the calendar year. (24 payments of 1/24)

In 19 payments (1/24 of annual salary and on June 15 a lump sum of 6/24)

Subdivision 2. Teachers must select a payment option prior to the start of their contract year. The annual payment option selected shall remain in effect from year to year or until the teacher informs the employer of the desire to change payment options for a subsequent year. In no event shall the payment option of the teacher be changed after the start of the first day of the teacher's work year.

Subdivision 3. In the event a teacher fails to inform the school district of his/her desired payment option prior to the start of the teacher's contract year, the teacher shall be paid in 24 equal payments (12 months) over the calendar year.

Subdivision 4. Teachers will make their selection on salary payment by June 30 of the previous contract year. New teachers will make their selection before their first day of employment.

Section 8. Compensation Rate for Greater Load. Teachers who teach an additional class in exchange for their prep time on a regularly scheduled basis will be paid using the following formula:

A teacher will be paid for each student contact day of the overload as well as a prorated amount of nonstudent contact days at the overload rate. Overload pay will be adjusted for snow days. (If snow days occur, student contact days are reduced. If snow days are made up, student contact days are increased.) The rate of overload pay for teaching an additional class in exchange for prep time is 34% at the Senior High (on a 4 block schedule), 34% at the Middle School (on a 4 period schedule), 25% at the Middle School (on a 5 period schedule), and 17% at the Elementary. (Note: The formula for these percentages is one divided by one less than the total number of periods in a teacher's schedule – rounded to the next

highest whole number. The 2017-18 school year reflects 4 periods at the SH, 5 or 4 blocks (rotating schedule) at the MS, and 7 periods at the Elementary.)

The following is an illustration of this language. Example: SH teacher (173 total student contact days, 9 non-student contact days) is fulfilling an overload for the second semester (88 student contact days) and has an annual salary of \$60,000. Therefore:

1. $\$60,000 / 182 \text{ teacher contract days} = \329.67 per day
2. $\$329.67 \times 34\% = \$112.09 \text{ per day overload pay}$
3. $88 \text{ overload student contact days} / 173 \text{ total student contact days} = 51\%$
4. $51\% \text{ of } 9 \text{ non-student contact days} = 4.58 \text{ days}$
 $4.58 \text{ non-student contact days} + 88 \text{ student contact days} = 92.58 \text{ total overload contract days}$
5. $92.58 \times \$112.09 \text{ per day} = \$10,376.88 \text{ in overload pay}$
6. (Note: The agreed upon spreadsheet of calculations can be referenced for formula clarification.)

ARTICLE VII - EXTRA COMPENSATION

Section 1. Special Services. Compensation for services rendered in connection with extra-curricular activities and several miscellaneous categories are found in Appendix B and Appendix C.

Section 2. Itinerant Staff. Pre-approved mileage for teachers shall be reimbursed at the IRS rate per mile when teachers are required to use their own vehicle:

A. In the performance of their duties as a teacher or advisor of extra-curricular activities

B. A lump sum payment may be paid for travel between schools when assigned to more than one school per day. Teachers shall not be reimbursed for any travel from their home to their base school or for return to their home. Teachers will have the choice of a stipend (paid on December 15 and June 15) or monthly mileage reimbursement at the IRS rate. A teacher's choice needs to be made prior to October

1. If it is a new assignment, the choice needs to be made within two (2) weeks.

Section 3. Attendance Incentive. Teachers who have not used any personal leave during the school year will receive \$750.00 in their active VEBA or HSA until the IRS limit has been reached. Remaining funds will be placed into their 403(b) account.

Section 4. ASHA or other Qualifying Licensure that provides 3rd Party Billing.

Teachers who maintain ASHA Licensing, or other licensing, which qualifies them to do a third party billing in which the district receives third party reimbursement, will be reimbursed the actual cost of the license provided that cost is not reimbursed from another source outside of the school district.

Section 5. Special Education Due Process Time.

Special educators (including special education coaches, SEAT, psychologists, Speech Language Pathologists, DHH teachers, etc.) may work up to 86 hours per academic school year (approximately 30 minutes per student contact day) outside their contracted hours on due process compliance, to be compensated at their hourly rate of pay. For less than a full-time teacher, time will be prorated based on the employee's FTE.

ARTICLE VIII - GROUP INSURANCE

Section 1. Insurance. The School District agrees to maintain during the term of this Agreement insurance policies providing the following benefits for teachers:

Subdivision 1. Hospitalization. The School District will place the hospital and surgical coverage with a responsible carrier. The policy will provide major medical coverage for all teachers and their eligible dependents.

Subdivision 2. Health Insurance. School District contribution amounts to the combination VEBA or H.S.A. coordinated health insurance plan are described in Section 3, *Subdivisions 1 and 2* of this Article. Any additional cost shall be borne by the teacher and paid by payroll deductions. When both legal spouses are employed as full-time teachers and desire family coverage (as opposed to single coverage for each), the full amount of the single premium for one teacher (of the legal spouse combination) shall be added to the amount the School District is paying toward the premium for couples or family coverage. Teachers employed on a half-time basis or more are eligible for health and hospitalization insurance, and the VEBA or H.S.A. health reimbursement account on a pro-rated basis. Coverage for medical insurance may

continue after retirement or while on leave of absence if the teacher so chooses and the insurance carrier approves.

Subdivision 3. Long Term Disability Insurance covering loss of time due to accident or illness will also be provided by the District at the employee's expense. The benefit will be equal to 66 2/3% of the teacher's total salary after a qualifying period of 90 calendar days. Compensable loss will be reduced by payments under Workers' Compensation, Social Security, or any other disability income plan or retirement program.

Coverage for income disability ceases when a teacher retires or goes on any leave of absence.

Subdivision 4. Dental Insurance will be provided to all full-time teachers. Teachers employed half time or more will be provided dental insurance on a pro-rated basis. The School District shall pay the full amount of the premium for individual coverage and the same amount per month for family coverage for all those teachers who qualify for and are enrolled in the School District's group dental insurance plan. Coverage for dental insurance may continue while on a requested leave of absence if the teacher so chooses and the insurance carrier approves. At retirement, the teacher may continue group and supplemental coverage until age 65.

Subdivision 5. Term Life Insurance will also be provided to all teachers who are employed 30 hours per week on average per school year. The School District will pay the premium for a \$50,000 policy for each teacher who qualifies for and is enrolled in the School District's group term life insurance plan. Coverage for term life insurance may be continued for two years for those on a leave of absence and five (5) years for those on unrequested leave of absence. Coverage for life insurance may continue while on a requested leave of absence if the teacher so chooses and the insurance carrier approves. At retirement, the teacher may continue group and supplemental coverage until the age 65.

Subdivision 6. Payment of insurances by the School District or by an individual after retirement or on requested leave of absence will be determined by State and/or Federal regulations.

Section 2. Establishment of VEBA with Health Reimbursement Arrangement for Active Employees:

The School District shall make available a coordinated VEBA Plan and Trust to all qualified bargaining unit teachers who exercise their option to enroll in the high deductible health insurance program offered in Section 3, of this Article. This coordinated VEBA Plan and Trust is described in summary and available upon request. The School District and Teachers assent to and ratify the appointment of the trustee and plan administrator for the VEBA Plan and Trust. It is intended that this arrangement constitute a voluntary employees' beneficiary association under Section 501(c)(9) of the Internal Revenue Code. As has been provided in the adoption agreement for the VEBA Plan document, eligible health expenses shall be paid from the flexible spending account first, until an individual's FSA is exhausted and the VEBA Plan second.

Subdivision 1. High Deductible Health Plan (HDHP). The District will offer a High Deductible Health Plan (HDHP) that can function with a VEBA or a Health Savings Account. Employees indicating they intend to switch to a Health Savings Account will be contacted to confirm their transition from/to a H.S.A.

Subdivision 2. Coordination with VEBA. If a teacher or retiree participates in a VEBA and if he or she wishes to enroll in the HDHP and make or receive contributions to an HSA, then prior to the beginning of the health plan year the individual shall elect coverage options under the VEBA that limit payment or reimbursement from the VEBA as defined in IRS Code.

Section 3. Benefits provided through the VEBA/HSA. The School District shall provide the following welfare benefit arrangement through the VEBA/HSA Plan: A health reimbursement arrangement for active employees described in summary and available upon request.

Subdivision 1. Contributions to the Active Teachers' Plan. The School district will make contributions to individual accounts under the health reimbursement arrangement for qualifying bargaining unit teachers in the amount of the deductible dollar figure for either single or family coverage (whichever may be elected by the individual member) under the group health plan described in *Subdivision 2*. The School District shall make contributions to individual health reimbursement accounts (VEBA or H.S.A.) on a prorated basis consistent with payroll cycles. The first contribution will start the month after the date of hire and will be prorated based upon the employee's Full Time Equivalency and the number of months remaining in the plan year.

If a qualified bargaining unit teacher enters the VEBA/HSA Plan as a participant on a date after the first day of the VEBA/HSA Plan year, the School District shall prorate the amount of the School District

Contribution to reflect the late entry. This prorated amount will be determined by the number of days the teacher is contracted compared to the total teacher days of a full time teacher.

All contributions on behalf of a VEBA/HSA Plan participant shall cease on the date the participant is no longer covered under the VEBA/HSA coordinated health plan in *Subdivision 2* below.

Subdivision 2. Coordinated Health Plan. The School District shall make available a VEBA/HSA coordinated health plan, to all qualified bargaining unit teachers who elect to participate in said plan. With respect to qualifying bargaining unit teachers, the School District shall make a contribution into the employee's VEBA/HSA Plan account that is equal to the amount of the deductible for the coordinated health plan for employees selecting a Single health plan option. Any remaining amount shall be paid in equal monthly contributions to the premium cost of the employee's coordinated health plan. Employees selecting a Single+1, Single + Child(ren) or Family plan option will receive the same district contribution of \$9,200 in the 2023-2024 school year and \$10,000 for the 2024-2025 school year, however the contribution will go towards the annual premium first in equal monthly contributions to the premium cost. After the premium cost has been paid, remaining contribution dollars will be placed in the employees VEBA/HSA account on a prorated basis consistent with payroll cycles. The total amount of the School District's contribution shall not exceed \$9,200 per annum for the 2023-2024 school year and \$10,000 for the 2024-2025 school year.

Section 4. Payment of Administrative Fee. Administrative fees allocable to individual accounts of active employees who are active participants in the VEBA/HSA Plan shall be paid from the account. Administrative fees allocable to individual accounts of active employees, who have accrued a balance in the VEBA/HSA Plan but change coverage, so that they are no longer entitled to the school district's contributions, shall be paid from the account. Administrative fees allocable to the individual accounts of former employees shall be paid from the former employee's account. Administrative fees allocable to the individual accounts of retirees shall be paid from the retiree's account. 3. Meeting with department chairperson and specialists;
4. Being available to administrators for conferences and faculty meetings; and carrying out other responsibilities as indicated by the School District.

Subdivision 1. Part time teachers whose full time equivalent (FTE) is .5 or less will receive approximately the same number of preschool workshop days and in-service days as K-12 teachers. Part time teacher hours will be divided with up to 80% of the hours going to student contact time and general duty time. The remaining 20% of the hours will go to preparation time. Prep Time will be defined as unassigned/noncontact time for teacher preparation.

ARTICLE XIV – GRIEVANCE PROCEDURE

Section 1. Expanded Definition.

Subdivision 1. **Grievance:** The word, "grievance," shall mean a written allegation by a teacher that he/she has been injured as a result of a dispute or disagreement between the teacher and the School District as to the interpretation or application of specific terms and conditions contained in this Agreement.

Subdivision 2. **Grievant(s):** The word, "grievant(s)," shall mean an individual teacher, or a group of teachers that file a grievance as defined in Subd.1 above.

Group of Teachers: A group of fewer than ten (10) teachers may file a grievance if a complaint arises out of the same transaction or occurrence and the facts and claim are common to all teachers in the group. Such grievance must be in writing and signed by all grievants in the group.

Exclusive Representative Grievance: The exclusive representative may file a grievance if a complaint involving ten (10) or more teachers arises out of the same transaction or occurrence and the facts and claim are common to all teachers in the group. In order to pursue such a grievance, the exclusive representative must provide the Superintendent with the names and signatures of the affected teachers with the initial grievance. The exclusive representative grievance may proceed only as to the teachers identified in the appeal to arbitration. The exclusive representative may also file a grievance if the allegation involves a specific right of the exclusive representative as noted in this Agreement.

Subdivision 3. The teacher submitting such grievance to an Exclusive Representative or designee shall initiate grievances. However, the teacher will not be bound by the Exclusive Representative or designee decision and may proceed as an individual teacher.

Subdivision 4. The parties acknowledge that it is most desirable for grievances to be resolved through free and informal discussion. However, should such informal processes fail to satisfy the grievant, the grievance may be processed in accordance with the procedures listed in the following sections of this article through binding arbitration.

Section 2. Representatives. Any person or agent designated by such party to act in his/her behalf may represent the teacher, administrator, or the School District during any step of the procedure. In the event a teacher chooses a representative other than the person designated by the Exclusive Representative, the Exclusive Representative has the right to have a designated person attend during any step of the procedure related to the grievance.

Section 3. Interpretation.

Subdivision 1. Time limits specified in this grievance procedure may be extended by mutual agreement.

Subdivision 2. Reference to days regarding time periods in this grievance procedure shall refer to the grievant's working days. A working day is defined as all weekdays not designated as holidays by state law.

Subdivision 3. In computing any period of time prescribed or allowed by procedures herein, the date of the act, event, or default for which the designated period of time begins to run shall not be included. The last day of the period of time so computed shall be counted, unless it is a Saturday, a Sunday, or a legal holiday, in which event the period runs until the end of the next day which is not a Saturday, a Sunday, or a legal holiday.

Subdivision 4. The filing or service of any notice or document herein shall be timely if it bears a postmark of the United States mail within the time period. Both parties must initial a grievance, or response to a grievance, delivered personally rather than mailed.

Section 4. Time Limitations and Waiver. Grievances shall not be valid for consideration unless the grievance is submitted in writing to the School Board's designee, setting forth the facts and the specific provisions allegedly violated and the particular relief sought within twenty (20) working days after the date the event giving rise to the grievance occurred. Failure to file any grievance within such period shall be deemed a waiver thereof. Failure to appeal a grievance from one level to another within the time period's hereafter provided shall constitute a waiver of the grievance. An effort shall first be made to adjust an alleged grievance informally between the teacher, an Exclusive Representative or designee, and the School District's designee.

Section 5. Adjustment of Grievance. The School District and the teacher shall attempt to adjust all grievances, which may arise during the course of employment of any Education Minnesota-Willmar teacher within the School District in the following manner:

Subdivision 1. Level I: If the grievance is not resolved through informal discussions, the principal, immediate supervisor, or designee shall give a written decision on the grievance to the parties involved within five (5) working days after receipt of the written grievance.

Subdivision 2. Level II: In the event the grievance is not resolved in Level I, the decision rendered may be appealed to the Superintendent, provided that such appeal is made in writing within five (5) working days after receipt of the decision in Level I. If a grievance is properly appealed to the Superintendent, the Superintendent or his/her designee shall set a time to meet regarding the grievance within seven (7) working days after receipt of the appeal. Within five (5) working days after the meeting, the superintendent or his/her designee shall issue a decision in writing to the parties involved.

Subdivision 3. Level III. In the event the grievance is not resolved in Level II, the decision rendered may be appealed to the School Board; the School Board shall hear the grievance at its next regular meeting or within two calendar weeks, whichever shall be later. Within seven (7) working days after the meeting, the School Board shall issue its decision in writing to the parties involved. At the option of the School Board, a committee or representative(s) of the School Board may be designated by the School Board to hear the appeal at this level and report its findings and recommendations to the School District. The School District shall then render its decision.

Section 6. School Board Review. The School Board reserves the right to review any decision issued under Level I or Level II of this procedure provided the School Board or its representative notifies the parties of the intention to review within ten working days after the decision has been rendered. In the event the School Board reviews a grievance under this section, the School Board reserves the right to reverse or modify such decision.

Section 7. Denial of Grievance. Failure by the School Board or its representative to issue a decision within the time periods provided herein shall constitute a denial of the grievance, and the teacher may appeal it to the next level.

Section 8. Arbitration.

Subdivision 1. If the grievant is not satisfied with the disposition of the grievance by the School District, or if no disposition has been made within the period provided above, the grievance may be submitted to arbitration before an impartial arbitrator within ten (10) working days from the Level III decision. If the parties cannot agree as to the arbitrator within five (5) working days from the notification that arbitration will be pursued, either party may request the Bureau of Mediation Services to appoint an arbitrator, pursuant to PELRA, within ten (10) working days.

The School District and the Exclusive Representative shall not be permitted to assert in such arbitration proceeding any ground or to rely on any evidence not previously disclosed to the other party within a reasonable time before the arbitration hearing. The arbitrator shall have no power to alter, add or subtract from the terms of this Contract. Both parties agree to be bound by the award of the arbitrator and agree that judgment, in conformity with the award, may be entered in any court of competent jurisdiction.

Subdivision 2. The parties involved shall share the fees and expenses of the arbitrator equally.

Section 9. Reimbursement. If any teacher for whom a grievance is sustained has been unjustly deprived of any compensation, the same shall be paid to him/her.

Section 10. Time Limits. In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the School District shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible.

Section 11. Fair Practices. No reprisals of any kind will be taken by the School District against any teacher because of his/her participation in his grievance procedure.

ARTICLE XV – INDIVIDUAL AGREEMENTS

Any individual continuing contract hereafter executed shall be expressly made subject to and consistent with the terms of this or subsequent Agreements to be executed by the parties. If an individual contract contains any language inconsistent with this Master Agreement, the Master Agreement shall be controlling during its duration according to state statute. Such contracts will be agreed to by the Exclusive Rep and the District.

ARTICLE XVI – MEET AND CONFER

Section 1. Teachers selected by the Exclusive Representative shall meet and confer with a committee of the School District or with the School District designee on matters not specified under PELRA. The teacher representatives shall, if possible, be selected to include teacher representatives from all levels of the School District.

Section 2. The School District shall provide the facilities and set the time for such conferences to take place, as requested by the Exclusive Representative or the District. The time and agenda of such meeting shall be set at least ten (10) days in advance of the meeting.

Section 3. Such meetings shall be for the sole purpose of discussion of matters of non-contractual policy.

Section 4. The meet and confer process will be used to provide input to the Superintendent prior to the adoption by the School Board of any school calendar.

ARTICLE XVII – UNREQUESTED LEAVES OR LAYOFFS

Section 1. Purpose: The purpose of this article is to set forth a plan providing for unrequested leaves of absence (ULA) because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts.

Section 2. Definitions:

- A. **Qualified:** For purposes of Article XVII and the placement of teachers on ULA, a teacher is “qualified” to teach if the teacher has a license.
- B. **Seniority:** “Seniority” means continuing contract, qualified teachers commencing with the first day of continuous service in the District and shall exclude probationary teachers, those teachers who are substituting for teachers on leaves of absence (unless more than 120 days in a school year), and - teachers employed less than one hundred twenty (120) days in a school year.
- C. **First Day of Service:** “First Day of Service” means the date on which the teacher first performed contracted services for the District, provided that no break in seniority has occurred.
- D. **Business Day:** “Business Day” means all days the district office is open for business.

Section 3. Procedures:

Subdivision 1. Notification

- A. The District will provide written notice to teachers of their placement on ULA in compliance with the statutory timeline. The notice will be personally delivered or sent by certified mail, return receipt requested.
- B. Simultaneously, a copy of the ULA notification will be personally delivered or sent to the Exclusive Representative by certified mail return receipt requested.
- C. Any teacher who disputes their proposed ULA placement must follow the grievance procedure in Article XIV, but will use “business days” instead of working days. The failure to file a grievance within the timelines specified in this paragraph will be deemed to constitute acquiescence to the accuracy of ULA placement.

Subdivision 2. Continuing Contract Teachers: A teacher who has acquired continuing contract rights must not be placed on unrequested ULA while Tier 1 licensed, Tier 2 licensed, or probationary teachers are retained in positions for which a teacher who has acquired continuing contract rights is licensed. Tier 3 and Tier 4 continuing contract teachers shall be placed on ULA in inverse order of seniority. B. A teacher's placement on ULA will become effective at the end of the school year.

Subdivision 3. Realignment Not Required

- A. The District is not required, under any circumstance, to reassign a non-probationary teacher to a different grade level, subject matter, field, or position to accommodate the seniority claims of another teacher. Consequently, the District is not required to realign any positions when placing teachers on ULA or when recalling any teachers from ULA.
- B. In the event that the District finds it necessary to place one or more teachers on ULA, the District will afford bumping rights, based on seniority and qualification, before identifying the teachers to be placed on ULA. A qualified teacher whose position has been discontinued will bump into the position held by the least senior teacher.

- C. If a teacher has received written discipline (does not include a letter of directive) within the past five years, the teacher will not be afforded bumping rights and will be placed on ULA.

Subdivision 4. Determination of Seniority

- A. For purposes of Article XVII and the placement of teachers on ULA, "seniority" is determined by identifying a teacher's first day of service and then comparing it to the date on which other teachers were employed. In the event that two or more teachers have the same first day of service, the following will be used in order to break the tie: (1) date and time the teacher's initial contract was signed; (2) highest current lane placement; (3) highest current step placement; and (4) earliest date of full-time service to the district. In the event that these criteria do not break a tie, the teacher with the lowest file folder number on file at the state licensing board will be retained. B. A teacher will experience a break in seniority if:

1. the teacher retires, resigns, or takes other action to voluntarily end the employment relationship with the district;
2. the teacher is not renewed, unless the teacher is subsequently rehired without any interruption of service, in which case the teacher will retain his or her original seniority date;
3. the teacher is absent without leave for more than three duty days in a school year; or
4. the teacher fails to return from an extended leave of absence.

Subdivision 5. Seniority Lists

The District will create and maintain a seniority list of teachers (by name, first day of service, licensure and tier), inclusive of full time and part-time teachers.

On or before November 1 of each school year, the District will email the seniority lists to all teachers in the District and to the exclusive representative. Any teacher who disagrees with his or her placement on a seniority list must supply written documentation and a request for a change in the information within ten working days after the list was sent. Within ten working days thereafter the School District shall evaluate all written communications regarding the accuracy of the seniority list and make such changes as the School District deems warranted. Failure to submit such communications by a teacher within ten working days constitutes a waiver of any right to challenge the list through the grievance process or any other means. A final seniority list shall thereupon be prepared and posted/emailed by the School District. If the District agrees to make changes to the seniority list based on information submitted by a teacher, the District will email an updated seniority list to all teachers in the District and to the exclusive representative. Any teacher whose seniority ranking was changed from the first list to the final list and who disagrees with the change, or a teacher whose request for a change was denied, must file a grievance within ten working days after the updated list was sent. The failure to file a grievance within the timelines specified in this paragraph will be deemed to constitute acquiescence to the accuracy of the list and a waiver of any right to challenge the list through the grievance process or any other means. The final seniority list will be binding on all parties and conclusive evidence of each teacher's seniority relative to other teachers in the District.

Subdivision 6. Recall Provisions

- A. Teachers will be recalled to positions for which they are licensed in the inverse order in which they were placed on ULA.
- B. The District will not hire a new teacher to fill a vacant position if a licensed teacher is on ULA and is available and willing to accept the vacant position.
- C. No full-time teacher will be required to accept recall to a part-time position.
- D. The District will use certified mail, return receipt requested, to notify a qualified teacher on ULA of recall to an available position.
- E. It shall be the responsibility of all teachers placed on ULA to maintain a current listing of their name and mailing address in writing with the School District. Teachers shall have ten (10) days from the receipt of certified mail or personally served notice of recall to advise the School District in writing of intent to accept or the intent to reject the offer. Failure to so notify the School District within such ten (10) day period shall constitute waiver on the part of the teacher to any further rights of employment or reinstatement, and that teacher shall forfeit any future reinstatement or employment rights.

- F. If a teacher waives his or her right to reemployment in the position offered, the position shall be offered to the teacher with the next greatest seniority, provided that teacher is licensed and qualified for the position.
- G. A teacher placed on ULA will be eligible for recall for a period of five (5) years.
- H. Pending completion of the recall process, positions may be filled on a temporary basis.

Subdivision 7. Status While on Leave.

Teachers placed on ULA will remain eligible for insurance benefits at personal expense for a period of five years.

Subdivision 8. Termination of Recall Rights.

A teacher's recall rights will terminate if any of the following occur:

1. Voluntary removal by a teacher of his/her name from the seniority list which must be a written request.
2. Resignation of teaching position.
3. Retirement.
4. Discharge or termination of the teacher.
5. The expiration of five (5) years from the commencement of the ULA without having been recalled;
6. The expiration or revocation of a valid teaching license.

ARTICLE XVIII – SEVERANCE PAY

Section 1. Eligibility.

Subdivision 1. Teachers hired after July 1, 2000, will not be eligible for severance pay.

Teachers hired before July 1, 2000, will be covered under the severance language. Teachers employed continuously from the 2023-2024 school year to resignation/retirement, who met all the other severance criteria, but had a previous break in service, will be eligible for severance.

Subdivision 2. Any teacher whose combined part time and full-time FTE is 15 years or greater of paid teaching service with the School District and has attained the age of 55 years shall be eligible for severance pay.

Subdivision 3. For a teacher to be eligible to receive severance pay, the Director of Human Resources must receive notice of resignation ninety (90) calendar days prior to when the teacher intends to resign/retire, or by March 1 of the school year in which the resignation/retirement is planned unless changed by mutual agreement between the teacher, District and the Exclusive Representative.

Subdivision 4. If a serious physical or psychological medical condition precludes the teacher from making a decision to retire on or before the ninety (90) calendar days prior to when the teacher intends to resign, the teacher shall submit a signed release authorizing the disclosure of applicable medical information to the Director of Human Resources. The Director of Human Resources shall make the determination as to whether the teacher is eligible to receive their full severance pay. This determination shall not be subject to the grievance procedure as set forth in Article XIII.

Subdivision 5. If a teacher who qualifies for severance pay based upon Subdivisions 1 and 2 in Section 1 of Article XVIII dies before fulfilling the requirement of Subdivision 3, severance will be paid to the deceased's estate.

Section 2. Formula for Determining Severance Payment.

Subdivision 1. The eligible teacher shall receive severance pay for 50% of his/her unused sick leave not to exceed a total of 90 days (675 hours).

Subdivision 2. In addition to the pay based on unused sick leave, a teacher shall receive an amount representing four days of pay for each year of full-time service not to exceed a total of 100 days (750 hours).

Subdivision 3. The maximum combined total of severance pay shall be 150 days (1125 hours) as determined by subdivisions 1. and 2. of this section.

Subdivision 4. The School District shall subtract any amount paid to the 403(b) matching contribution plan from severance pay. The School District's match will be subtracted from the "years of service" portion of the severance pay first. Any remaining amount to be subtracted shall be subtracted from the unused sick leave portion of severance pay. The balance of the severance, if such an amount exists, shall be paid by the School District per Article XVIII of the Agreement.

Section 3. Daily Rate of Pay. In applying these provisions, the teachers' daily rate of pay shall be the daily rate of pay at the time of resignation and shall not include any additional compensation for extracurricular activities, extended employment or other extra compensation. The basic rate of pay shall be calculated based on 182 duty days.

Section 4. Tax Deferral of Severance Pay.

Subdivision 1. All teachers who are potentially eligible for severance pay shall receive an amount equal to the value of twenty-five percent (25%) of the amount defined in Section 2, to be placed into the employee's Special Pay Deferral Plan (subject to the applicable IRS limits). The remaining seventy-five percent (75%) will be placed into the employee's Health Care Savings Plan for current and potential retirees of ISD 347, Willmar Public Schools. The employee will not receive any direct payment from the school district for severance pay.

Subdivision 2. The school district's contribution into the retiree's 401(a) account must not exceed the IRS contribution limit. Any amount over and above the limit will be placed into the Health Care Savings Plan.

Section 5. Termination. Severance pay shall not be granted to a teacher whose employment has been terminated pursuant to M.S. 122A.40.

ARTICLE XIX - 403(b) AND MATCHING CONTRIBUTION PLAN

Section 1. Eligibility. All teachers are eligible to contribute to a traditional and/or Roth 403(b).

Section 2. Matching Contribution Plan. Teachers shall be eligible to participate in a 403(b) matching program contribution plan pursuant to M.S. 356.24. All matching contributions will be placed into the employee's traditional 403(b)

Section 3. Amount. For teachers employed .33 FTE or greater the School District will match eligible annual teacher contributions up to \$1,500 per school year. For teachers employed less than .33 FTE, the School District will match eligible annual teacher contributions up to \$500 per year. The teacher shall contribute annually an amount at least equal to the amount contributed by the School District. The School District shall make the fully vested matching contribution for the year to one of the investment companies, which the teacher shall elect.

Section 4. Selection of Companies. The selection of investment companies will be determined by a committee that includes the Exclusive Representative.

Section 5. Authorization Agreement. The eligible teacher must complete a salary reduction authorization agreement before June 1 of each school year to implement any changes in the 403(b) matching contributions plan for the next school year. Newly hired teachers must complete a salary reduction authorization agreement within 30 days of their contract start date. In the event of an unsettled contract, the eligible teacher may adjust the reduction amount in the 403(b) matching contribution plan within 30 days of the contract settlement and the matching contribution will be paid.

Section 6. Unpaid Leaves of Absence. Teachers on unpaid leaves of absence may not participate in the matching program while on leave. Those teachers on sabbatical leave retain the option of participation at a pro-rated amount for the duration of their leaves.

Section 7. Management Responsibility. Management of both the portfolios of individual investments and the School District contributions shall be solely the responsibility of the teacher in whose name the investments have been made. The School District assumes no current or future liability for contributions made to these plans or investment earnings (losses) which may accrue to these portfolios as a result of investment decisions made by the teacher.

ARTICLE XX – RETENTION OF LICENSES

Retention of License(s): In order to retain employment, all teachers are required to maintain the license(s) in the area(s) in which they are currently teaching and license(s) with which they were initially hired unless their assignment has not necessitated the license(s) during the five (5) previous years. This would not include areas of a minor, except as mutually agreed between the School District and the teacher at the time of employment.

ARTICLE XXI - DURATION

Section 1. Term and Re-opening Negotiations. This Agreement shall remain in full force and effect for a period commencing on July 1, 2023, through June 30, 2025, and thereafter until modifications are made pursuant to PELRA. The provisions herein relating to terms and conditions of employment supersede any and all prior Agreements, resolutions, practices, School District policies, rules and regulations concerning terms and conditions of employment inconsistent with these provisions.

Section 3. Severability. The provisions of this Agreement shall be severable, and if any provision thereof or the application of any such provision under any circumstances is held invalid, it shall not affect any other provisions of this Agreement or the application of any provision thereof.

Appendix C for 2023-2024 & 2024-2025

Extra-Curricular Salary Information

***Note: Due to the structure change with Athletics and Co-Curriculars, coaches or advisors employed during the 2017-2018 school year that would be compensated at a lower rate in future years with this new model will be frozen at their 2017-2018 rate of pay until the new rates exceed their 2017-2018 pay rate.

Section 1. Definitions: For the purposes of appendix c, extra-curricular will refer to any position (co-curricular musical, co-curricular, or athletic) unless specifically stated.

Section 2. Committee Members: A committee of 12 will be appointed to serve as the appendix c committee. This committee will handle the processes of determining placement on the appendix c salary schedule. The committee will also make recommendations on coach position pay. Recommendations from this committee will be brought to the negotiations team during negotiations for consideration into the teacher contract.

Subdivision 1: The committee will be made up of the following representatives. F-I shall be appointed by the exclusive representative. Gender and varsity/MS level representation will be taken into consideration.

- a. Director of Human Resources
- b. Senior High Principal
- c. Senior High Activity Director
- d. Middle School Activity Director
- e. School Board Member
- f. 2 Education Minnesota - Willmar Negotiators
- g. 2 Athletic Coaches
- h. 2 Co-Curricular Coaches
- i. 1 Co-Curricular Musical Representative

Section 3. Review of Banding and Grading: The appendix c committee shall meet at minimum three times per year (fall, winter, and spring) to review the banding and grading of extra-curricular positions. The committee will also meet to review banding and grading for new extra-curricular positions.

Section 4. Appendix C Handbook: The appendix c committee will work to develop a handbook to lay out specific procedures related to appendix c. This handbook will include an updated appendix c salary schedule based on an updated 17 district comparison. This handbook will also include procedures for the following aspects of appendix c: the request for additional review process, how to add an extra curricular, and the regular banding and grading review process.

Section 5. Longevity Pay: Longevity is based upon years of continuous service within the same extra-curricular. A break in service starts the "longevity clock" over. If a coach resigns and comes back with no 'break in service' or no missed time within the extra-curricular, then longevity continues.

Based upon years in extra-curricular (paid per extra-curricular)

4th year assignment - 4% additional pay from base stipend amount

7th year assignment - 7% additional pay from base stipend amount

10th year assignment - 10% additional pay from base stipend amount
 15th year assignment - 15% additional pay from base stipend amount
 20th year assignment - 20% additional pay from base stipend amount
 25th year assignment - 25% additional pay from base stipend amount

Section 6. Postseason Pay: Postseason stipends are paid per event assuming the events are on different days. Postseason is defined as any competition (including Knowledge Bowl, Robotics, and MSHSL) following the last guaranteed competition for which all teams are eligible. For any additional postseason event, coaches will receive a stipend. Postseason stipend caps are per season/extra-curricular.

Athletics - Head Coaches receive \$125 stipend per event with a cap of \$500 for post season events.

Athletic Assistant Coaches receive \$75 per event with a cap of \$300.

Co-Curricular Head Coaches receive \$75 per event with a cap of \$300.

Co-Curricular Assistant Coaches receive \$50 per event with a cap of \$200. Pep band directors receive \$75 per event with a cap of \$300 per season.

Section 7. Structural Changes: Due to the structure change with athletics and co-curriculars, coaches or advisors employed during the 2017-2018 school year that would be compensated at a lower rate in future years with this new model will be frozen at their 2017-2018 rate of pay until the new rates exceed their 2017-2018 pay rate.

Section 8. Salary Schedule: The 2024-2025 Extra Curricular salary schedule is based on current banding and grading of all positions. An updated salary schedule will be published and implemented in September 2022 containing up to date numbers using the 17 district data. The table below is an estimate based on current settlements. Appendix D

MEMORANDUM OF AGREEMENT Allied Teachers - Schedule

This Memorandum of Agreement ("MOA") is entered into between Independent School District No. 347, Willmar Public Schools (hereafter "School District") and Education Minnesota-Willmar ("Union"). The District and the Union may each be referred to as a "Party" and collectively as the "Parties."

WHEREAS, the Union is the exclusive representative of licensed teachers and other instructional support staff ("teachers"), excluding administrators, employed by the District, and

WHEREAS, a ratified Master Agreement for 2021-2023 exists between the District and the Union and a 2023-2025 Master Agreement is being negotiated between the District and the Union; and

WHEREAS, the School District and the Union agree to add additional compensation for allied teachers (Elementary STEM, PE/Health, and/or Music Teachers) who are impacted by a schedule that requires combining extra classes due to there being more sections in a grade level than allied teachers available;

NOW THEREFORE, the Parties hereby agree to the following:

1. The District retains the sole right to assign students and duties to allied teachers, and is not bargaining on its inherent managerial rights of assignment. However, the District agrees to compensate Allied Teachers with an additional \$1,000.00 stipend when they are assigned a combined class by the District on their schedule for the entire school year.
2. Term. This MOA will be revisited during the 2025-2027 negotiations process and may be incorporated into the 2025-2027 Master Agreement upon ratification of the Agreement.
3. No Precedent. Nothing in this MOA may be deemed to establish an interpretation of any provision in the Master Agreement, a precedent, or a practice or to alter any established interpretation, precedent, or practice arising out of or relating to the Master Agreement between the Union and the District. No party may submit this MOA in any proceeding as evidence of a contract interpretation, a precedent, or a practice, other than the enforcement of this Agreement.
4. Disagreements and Grievances. If any issues arise out of this MOA, the Parties shall discuss the issue in order to find an agreeable solution. This MOA is not subject to the grievance procedure in the Master Agreement.
5. Entire Agreement. This MOA constitutes the entire agreement between the Parties relating to this matter and replaces any prior or contemporaneous agreement, whether

written or oral. Neither Party has relied on any statements or promises on this issue that are not set forth in this document. This MOA controls to the extent that it conflicts with the Master Agreement. No changes in this MOA are valid unless they are in writing and signed by all Parties.

6. Equal Drafting. In the event that any person asserts or concludes that a provision of this MOA is ambiguous, this MOA must be construed to have been drafted equally by the Parties.

By signing below, each Party specifically acknowledges that it has read, understands, and agrees to be legally bound by all the terms of this Memorandum of Agreement.
