High School
National Merit
Recognition

National Merit Scholarship Corporation

The National Merit Scholarship Corporation conducts an annual competition for recognition and scholarship, known as the National Merit Scholarship Program.

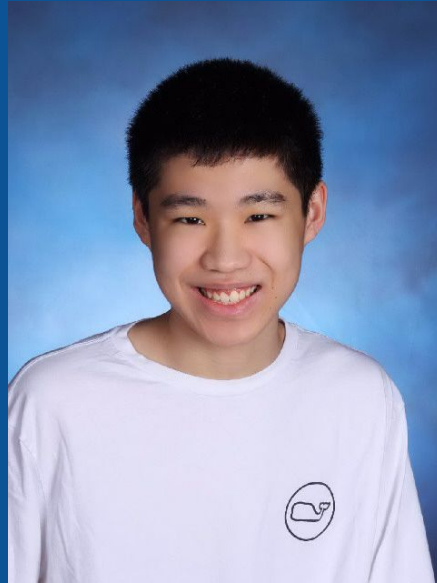

The highest achieving students are identified by the program as National Merit Scholars.

National Finalists

In February, about 15,000 students, 1% of entrants (and 0.1% high school students in the United States), are notified that they have qualified as Finalists.

Mountain Lakes is excited to recognize three members of the Class of 2024 who achieved this outstanding distinction.

Merit Special Scholarship Winners

Special Scholarships are underwritten by many of the business organizations that also provide Merit Scholarship® awards for students who qualify as Finalists in the National Merit® Scholarship Program. Winners of Special Scholarships are chosen based on their academic accomplishments from a pool of candidates who fulfilled the sponsor's criteria and scored high on the 2023 PSAT/NMSQT®.

NATIONAL MERIT
SPECIAL SCHOLARSHIP WINNER

GUS HANN

The Mountain Lakes School District and our
entire community are so proud of your
accomplishments!

CONGRATULATIONS!!!
