Introduction

Travis Unified School District is situated in the heart of Solano County, California. The District encompasses parts of the cities of Fairfield and Vacaville and operates two elementary schools on Travis Air Force Base. The District serves over 5,400 students at one of five elementary schools, one middle school, one high school, and one continuation high school.

The budget presented in this document represents the financial plan for Travis Unified School District for 2024-25 and financial projections for 2025-26 and 2026-27. It contains estimates of revenues and expenditures needed to support the educational programs of the District. Every district faces its own particular set of financial risk factors based on current reserve levels, enrollment trends, bargaining agreements, degree of revenue volatility, and various other local and statewide factors.

On May 10, 2024, Governor Gavin Newsom released the May Revision for the proposed 2024-25 State Budget, projecting a $27.6 billion state deficit. The governor is addressing the state's challenges through reserve draw-downs, spending reductions, new revenue proposals, internal borrowing, funding delays, fund shifts, and deferrals.

The Governor's Budget includes a 1.07% COLA to the LCFF. To fully fund the LCFF and maintain the level of current-year apportionments, the May Revision proposes withdrawing approximately $5.8 billion from the Public School System Stabilization Account (PSSSA) for 2023-24 and another $2.6 billion for 2024-25. All remaining COVID-19 fiscal relief funding (e.g., Elementary and Secondary School Emergency Relief Fund and Expanded Learning Opportunities Grant) will expended as of June 30, 2024. The Arts, Music and Instructional Materials Discretionary Block Grant and the Educator Effectiveness Block Grant expire on June 30, 2026, and the Learning Recovery Emergency Block Grant expires on June 30, 2028.

Along with many districts in California, Travis Unified is projecting significant deficit spending in the budget year and the subsequent two years. While the District currently has a healthy level of reserves, the District will not be able to sustain its current level of spending. Multi-year projections show that the District must reduce $4.5M in ongoing expenditures in the Unrestricted General Fund beginning in 2025-26 to maintain the required minimum reserve. District administration is resolved to remain fiscally solvent by making necessary budget changes that will have the least impact on services to students.

Budget Development

Preparation of this budget began in October with enrollment and staff projections. In January, staffing projections are re-evaluated based on the release of the Governor's proposed budget for the State of California for the upcoming year, which includes funding for schools. The Governor submits the Governor's revised budget to the Legislature in May (May Revise) with the final adopted budget to be approved prior to July 1st. As school district budgets must be approved by their governing boards before the state budget is adopted, the assumptions used to compile these budgets are based on the Governor's May Revise. Travis Unified School District, like most school districts in California, is dependent upon the State for much of its revenue each year. The District's adopted budget revenue projection is developed based on the State Budget, along with the District's student enrollment projection for the budget year. Throughout the year, the District revises the budget in interim budget reports.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The District's General Fund is used to account for the day-to-day operations of the District. The salaries of our teachers, classroom aides, administrators, custodians, office managers and clerks, librarians, counselors, maintenance workers, district administrators, and clerical support staff, and other certificated and classified staff are accounted for in the general fund. Our textbooks, other books and supplies, utility costs, repair costs, consulting services, and equipment costs are also paid out of the General Fund.

The District's General Fund is divided into two sections: unrestricted funds and restricted funds. Restricted funds are monies received by the District that are categorical in nature, i.e., it can only be used for the purposes prescribed by the funding agency. The state and federal governments provide funding for many programs and/or specific purposes. For example, the Special Education program receives both state and federal restricted funding that can only be spent on students with identified special needs and in the manner outlined in state and federal law. Restricted funds are, in some cases, provided directly to the schools and in other cases are managed centrally by the District. In either case, how the District spends these monies is determined by restrictions imposed by the granting agency. Unrestricted funds are monies received that are not restricted in their use. The District can spend unrestricted monies on whatever programs it chooses. Examples of unrestricted funds include property tax collections, state aid through LCFF, and rental and lease income. Since the Unrestricted General Fund balance is the most flexible in terms of allowable uses, districts keep the balances as "reserves" that can be used in the event of a reduction in revenues. Keeping a healthy Unrestricted General Fund balance will help reduce the amount of reductions that need to be made in an economic downturn.

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The District maintains Special Revenue Funds for Developer Fees, Mello Roos assessments, and Child Nutrition.

K-12 School Funding in California

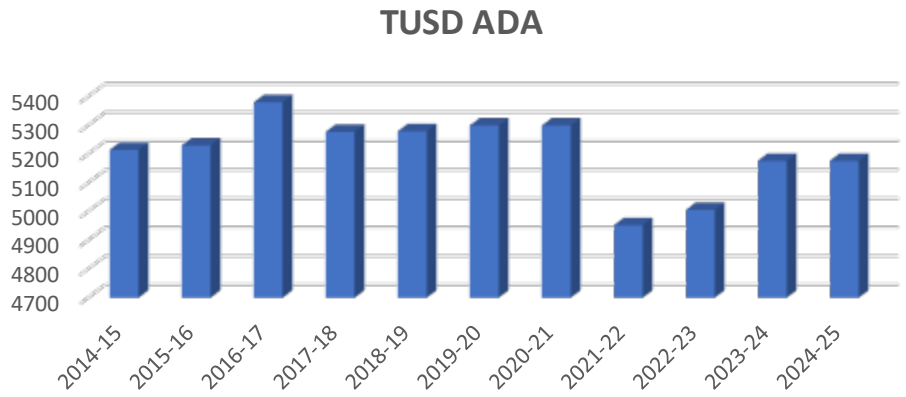

Governor Brown's 2013-14 education budget implemented a new methodology for the allocation of state funding for K-12 education, the Local Control Funding Formula (LCFF). The LCFF provides a more equitable way of distributing education revenues to school districts, charter schools, and county offices of education.

LCFF replaced the then existing revenue limit funding system, as well as more than 40 state categorical programs, with a per pupil base grant plus supplemental and concentration funding for specific populations of students including students who are not English Language proficient, who are from low-income households or who are in foster care (Unduplicated Pupil Count).

Average Daily Attendance (ADA)

California funds schools based on student attendance, also known as Average Daily Attendance (ADA). A student attending every day would equal one ADA. ADA is not the same as enrollment, which is the number of students officially enrolled in district schools. Average Daily Attendance is used to calculate a district's proportionate share of state revenue. There is a one-year hold-harmless, where when a district's ADA is lower than the year prior, they are funded on prior-year ADA.

Legislation that was passed in response to the Covid-19 pandemic held school district's ADA in 2020-21 and 2021-22 at the 2019-20 level. In 2024-25 the District will be funded on 2024-25 ADA. The District's ADA has fluctuated in the past and is down by 3.8% from the 2016-17 high. For 2024-25, TUSD will receive on average $12,412 per ADA in LCFF revenue.

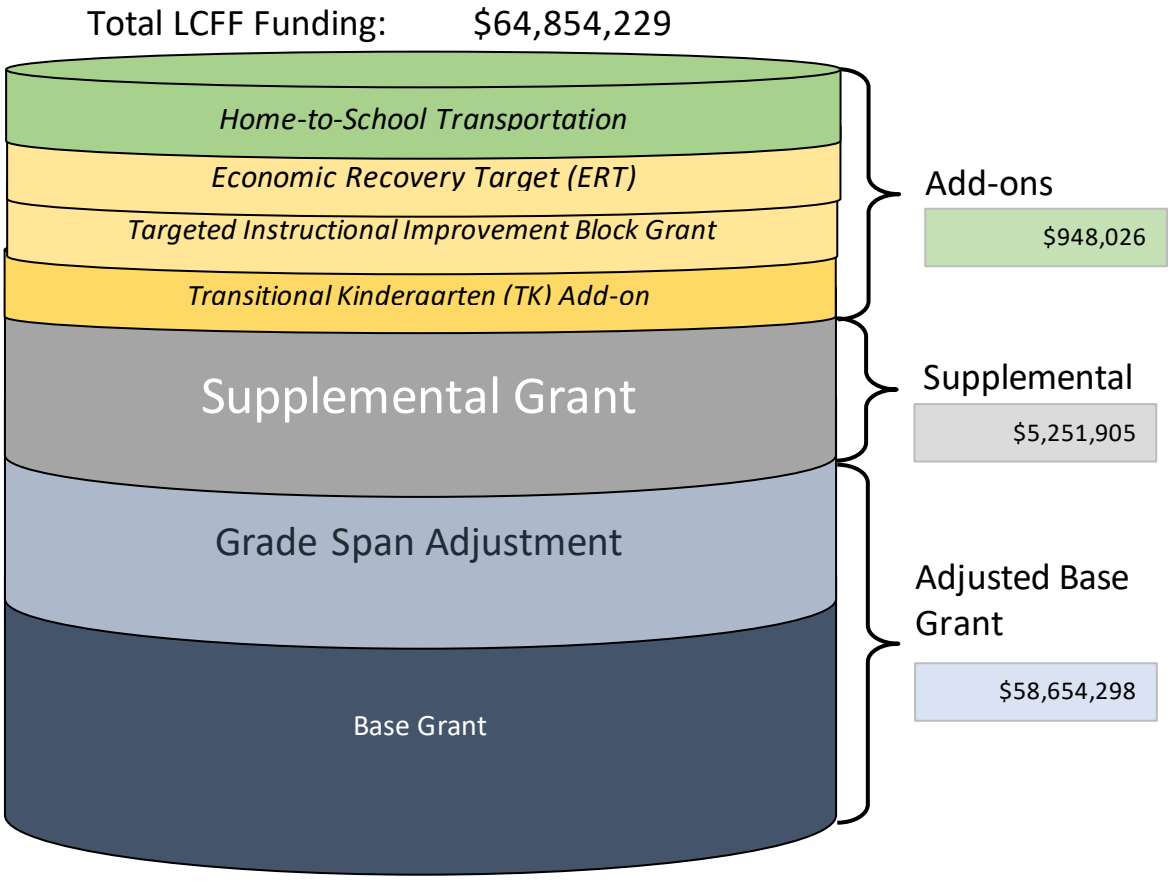

General Fund Revenues

Revenue Assumptions

The Local Control Funding Formula (LCFF) consists of the base, supplemental, concentration, and add-on funds that primarily focus resources based on a district's student demographics. Each school district receives the same per-pupil base amount by grade span: K-3, 4-6, 7-8, and 9-12. Supplemental and concentration funds are based on the unduplicated number of English learners, students eligible for free and reduced meals, and foster youth students. This accounts for the vast majority of the District's revenue.

- The LCFF Sources (major assumptions):
  - Funded Average Daily Attendance (ADA) is 5,225
  - Estimated Unduplicated Pupil Percentage (3 year rolling average): 45.3%
  - Cost of Living Adjustment (COLA): 1.07%

The Governor of California has proposed a 1.07% COLA, which is a $764,711 increase to LCFF revenue from 2023-24 to 2024-25. The graph below illustrates the total anticipated LCFF entitlement for 2025-26.

Total General Fund Revenues

The LCFF entitlement increase accounts for the vast majority of the anticipated increases in the District's unrestricted revenues. This is partially offset by a decline in Impact Aid revenue. Restricted revenues are lower in 2024-25 than in prior years as a result of one-time grants the District received in prior years that the District will not receive in 2024-25.

	Unrestricted	Restricted	Combined
LCFF	$ 64,854,229	$ -	$ 64,854,229
Federal	$ 2,492,891	$ 1,532,338	$ 4,025,229

General Fund Expenditures

Expenditure Assumptions

The District makes certain assumptions with respect to some aspects of the District's expenditures. Most of those are around the cost of benefits for employees. Many benefits costs change from year to year and can significantly impact the District's budget. The District uses the assumptions in the School Services of California's Dartboard. These are the assumptions used to develop this budget:

- STRS and PERS rates to 19.10% and 27.05%, respectively.
- Salaries and benefits reflect current position control. Position control includes a 2.63% increase for step/column.
- Payroll driven benefit expenditures are budgeted at the following rates:
    - Unemployment Insurance – .05%
    - Social Security – 6.2%
    - Medicare – 1.45%
    - Workers Compensation – 1.3356%

Rising Special Education Costs

The costs of providing instructional, support, and transportation services to students identified with special needs has been rising much faster than any other group. Federal and state resources for special education services have become woefully inadequate, leaving school districts the increased burden to shift resources from base programs to fund these essential, special programs. The District's contribution to special education programs has been rising and will reach $16.7 million in 2024-25.

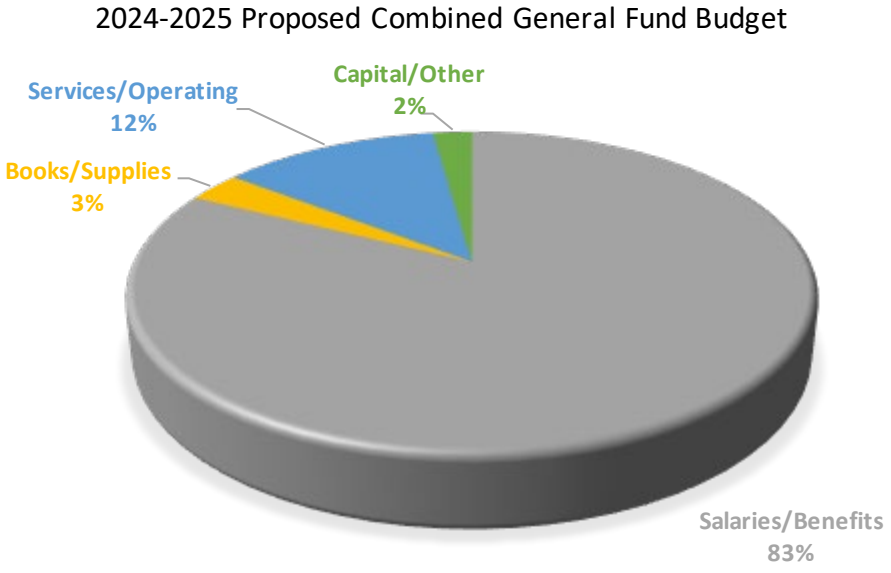

Increasing STRS/PERS costs

Since the great recession, school districts across California have been struggling with rising pension costs for employees. For every 1% increase in employer contributions, the District must pay roughly $400,000. These rates have risen over 10% since 2012, which is more than double what they were then. While the state did buy down the rate for 2020-2021 and 2021-2022, in 2022-2023 they increased significantly.

24-25	19.10%	27.05%	$6,659,908	$4,487,534	12.88%

Total General Fund Expenditures

For 2024-25, Combined General Fund expenditures are projected to be $86,533,356, of which $58,326,761 are accounted for in the Unrestricted General Fund and $28,206,595 in the Restricted General Fund. Salaries and benefits account for approximately 83% of the District's General Fund budgeted expenditures.

General Fund Ending Fund Balance

The District is projecting to deficit spend about $8.3 million in the General Fund. This consists of a $7.1 million deficit before a $2.2 million contribution from Fund 17 on the Unrestricted side and a $1.2 million deficit on the Restricted side. Much of the deficit on the Restricted side is planned spending of one-time revenues, however this budget does project an ongoing structural deficit. Contributions to and from the Unrestricted General Fund are made annually that are either required by law or required to pay for underfunded programs. For 2024-25, the Unrestricted General Fund contribution is projected to be $18.8 million.

- Unrestricted General Fund Contributions
  - Special Education – ($16,732,915)
  - Restricted Maintenance – ($2,819,331)
  - Induction – ($124,037)

General Fund Multi-Year Projections

For each budget reporting period, the District projects its revenues, expenditures, and changes in fund balance for the two years following the budget year. This allows the District to see the long-term fiscal impacts of decisions that are made in the current year and gives the District time to make any necessary adjustments to the budget to avoid fiscal distress.

The multi-year projections show the District is significantly deficit spending in the budget year and in 2025-26 and 2026-27. In creating the multi-year projections, the District assumed $4.5 million in on-going cost reductions in the Unrestricted General Fund beginning in 2025-26. Without the reductions, the District will not able to meet the required 3% reserve for economic uncertainty in the Unrestricted General Fund in both out years.

	2024-25	2025-26	2026-27

Conclusion

The Proposed General Fund Budget for 2024-25 demonstrates that the District will be able to meet its financial obligations for the current year. However, the District will be unable to meet its financial obligations in the subsequent fiscal years without considerable cost reductions. The District may not be able to remain in positive status through the fiscal year. We will continue to look at the out years and make any necessary adjustments to ensure the District remains fiscally healthy.

F. ASSUMPTIONS

Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.

Please refer to the accompanying 2024-2025 Proposed Budget Narrative for the assumptions used for developing the prosed budget and multi-year projection. Based upon the 2024-2025 Proposed Budget and the Governor's 2024-2025 Proposed Budget and multi-year planning factors the District is confronting significant operating deficits. In the fall of 2024, the Budget Advisory will be convened to determine recommendations for budget reductions. Staff will present a plan and options to the Board prior to the March 15th deadline for acting on staffing reductions. The level of required reductions is projected to be $8.5 million.
