

Creating the ISACS Annual School Data Profile Report

When you have entered the school's data into DASL, you will generate the report to submit along with any required accreditation cycle reports.

- On the DASL top banner, select **Browse Reports** and select the **Tables** link

- On the **Tables** page, select
 - Association: Independent Schools Association of the Central States
 - Category: Accreditation (should be the default)
 - Template: ISACS Annual School Data Profile (should be the default)

Association	Independent Schools Association of the Central States	▼

- Select Year 2023-24 for the most recent report. The report will also show the two previous academic years' data (2022-23 and 2021-22).
- Make sure your school's name appears as "My School"
- To see the school's data, select **View Table** to check the report contents.
- Once you have checked the school's data and are satisfied with the report, select **Export to PDF**. Save the PDF report and submit it along with the school's accreditation report.
