

Revere High School

Volunteer Hour Verification Form

Hello Revere Community Member,

Thank you for allowing our students to volunteer for you and/or your organization. Community service is at the heart of our Vision of a Minuteman. We want all of our students to have the opportunity to give back, learn valuable lessons outside of the classroom, and build positive relationships with our community. As part of our graduation requirements, all students must complete at least six hours each year. Additionally, students may earn a .25 credit on the transcript for every 30 hours completed. By signing this form, you verify the student completed the hours recorded and assure the authenticity of this experience. Thank you for your assistance in making this essential work happen.
