

TWHS Pass/Fail Form

Student: _____ Course: _____

Teacher: _____ Semester: _____

Students may elect to take designated courses on a pass/fail basis that they might not otherwise choose in view of the pressure for grades.

To elect this grading option:

- Check that the desired course is designated for the pass/fail option. This can be located in the TWHS Course Planning Handbook.
- Complete this form, including your parent's signature. Return this form to the Counseling Office *within the first 4 weeks of the semester*. Forms returned after the fourth week will not be accepted.

Be aware that:

- The choice of pass/fail, once made, stays in effect throughout the course.
- School policy regarding adding or dropping a course still applies.
- Courses taken pass/fail receive graduation credit provided the student fulfills all course requirements.
- A grade of a pass (P) or fail (F) will be issued for the semester grade and reported on the transcript.
- Pass/fail courses will not be counted in determining grade point average for Honor Roll, Class Rank, or Academic Awards, unless an "F" is earned.
- NCAA Eligibility Center will count a P as a D, if it is used to meet their core requirements.

I understand the stipulations of the P/F elective and hereby grant my permission for the student stated above to enroll in the above course on that basis.

Student Signature: _____ Date: _____

Parent Signature: _____ Date: _____

Teacher Signature: _____ Date: _____

Counselor Signature: _____ Date: _____
