School Vision and Mission

Our mission is to maximize learning for every student in a supportive and caring environment to ensure that upon graduation, all students are ready for college, career, and global citizenship.

School Profile

Laguna Beach High School is part of the Laguna Beach community. Sloping down the coastal hills to the edge of the Pacific Ocean, Laguna Beach is known for its dramatic contrast of mountains and beaches. A center for fine arts, Laguna Beach's culture is as unique as its landscape.

The Laguna Beach Unified School District serves students in grades kindergarten through 12 by providing comprehensive educational programs through its two elementary schools, a middle school, and a high school. The District is proud of the high level of community support it receives and the commitment the community demonstrates toward its students. The Laguna Beach Education Foundation (SchoolPower) was created by the community to provide additional funds to the District to support school programs and activities. Laguna Beach High School serves students in grades nine through twelve on a traditional school calendar.

The mission of Laguna Beach High School is to maximize learning for every student in a supportive and caring environment to ensure that, upon graduation, all students are ready for college, career, and global citizenship. Our school has been recognized at the state and federal levels as a California Distinguished School and a National Blue Ribbon School.

In 2023-2024, 885 students were enrolled at the school. The student population consisted of 11% socioeconomically disadvantaged, 2% English learners, and 9% students with disabilities. LBHS student population is 12% Hispanic, 5% Asian, 72% white, 9% two or more races, and 2% other races. The LBHS team of educators aims to provide relevant learning experiences to all students during their time here.

Evaluation and Impact of Previous Year's SPSA

Directions: Answer the questions below to determine whether the strategies, actions/tasks and expenditures written in the SPSA have increased students' achievement.

Performance Goal #1: Use relevant topics by grade level to engage, prepare, and connect students to post secondary opportunities.

Did the school meet the School's Goal last year? If "yes," identify the strategies that contributed most to meeting the goal. If "no," identify the main barriers that prevented the school from meeting its goal.

Yes - student engagement and preparation were increased in the 23-24 school year over prior years. Increased communication for post-secondary exposure through ParentSquare by both our LBHS Counseling Instagram account and College & Career Center ParentSquare opportunities all contributed to meeting the goal. We were able to increase our student participation in our career pathway programs (36.6% of students vs 25%) and maintain our pathway completer numbers with overall declining enrollment; roughly 15% of our senior class has completed at least 1 career pathway program. Over 70% of staff participated in the LBUSD Lesson Design Initiative. In addition, during the spring professional development day, the entire teaching staff and instructional support staff participated in a unit redesign. Additionally, there is continued staff interest in this work into the 23-24 school year. Districtwide efforts that focused on the Portrait of a Graduate and more individualized learning experiences for students.

Performance Goal #2: Implement systems of support for student wellness. Including access to supports and services provided on the LBHS campus.

Did the school meet the School's Goal last year? If "yes," identify the strategies that contributed most to meeting the goal. If "no," identify the main barriers that prevented the school from meeting its goal.

Yes - the 23-24 school year began with a counseling needs assessment given to all students with an 86% response rate. This helped guide the counseling staff in their work for the year targeting executive functioning, the inclusion of all learners, and support for marginalized and underrepresented student groups through Tier 1 and Tier 2 efforts. In addition, we continued working with the district consultant, hosting a focus group in the spring to gather student voices

from many of our underrepresented student populations as well as some community partners (LGBTQ Center of OC) to provide additional training to our staff to support students who may present with needs to any staff on campus. With regular and ongoing needs assessments provided to students, the counseling team, including the student support staff will continue to reflect and refine the services and supports provided to students. This will include exploring additional ways to maximize individual and group student contact as well as enhance the current wellness facilities. We continue to see an increase in counseling contacts (5153 total contacts vs 4184 in 21/22) and are making intentional outreach to students and families regarding academic planning. Counselors met together with each student, once each semester leading to 100% of our students with a 4-yr academic plan in place during registration.

Performance Goal #3: Strengthening school-wide Multi-Tiered System of Supports (MTSS) practices by building a common understanding, assessing current practices, identifying areas of growth, and developing collective actions to improve our framework.

Did the school meet the School's Goal last year? If "yes," identify the strategies that contributed most to meeting the goal. If "no," identify the main barriers that prevented the school from meeting its goal.

Yes - in the 23-24 school year. significant improvements were made through the assignment of MTSS TOSA periods, covering attendance, ELA, Math, and SWD focus, in addition to an increased teacher engagement and participation in the utilization of the iReady assessment suite to collect and analyze student progress monitoring data multiple times throughout the year, provided individualized lessons targeting areas of need, and monitoring growth for our at-promise students. Improved and refined our MTSS Systems through collaboration with all staff, District staff to classroom instruction and teachers, focusing on all 3 tiers of support in academics, attendance, and student wellness/behavior. Continued to partner with the district staff to utilize and improve the data repository systems.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Discussed school goals with district leadership in the fall and spring. Department chairs, whole staff, School Site Council were also consulted and contributed throughout the school. The School Site Council met on May 21, 2024 to help analyze student outcomes and review the SPSA. In addition, on-going and regular reviews will occur as appropriate, with various stakeholder groups.

Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

School and Student Performance Data

Academic Performance English Learner Progress

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Jason Allemann, Ed. D.	Principal
Lara Greco	Classroom Teacher
Moya Mitchell	Classroom Teacher
Brooke Sargent	Classroom Teacher
Shelley Juhl-O'Brien	Classroom Teacher
April Keller	Other School Staff
Carter McKinzie	Secondary Student
Kenneth Lopez	Secondary Student
Sydney Peterson	Secondary Student
Sarah Williams	Parent or Community Member
Emily Rolfing	Parent or Community Member
Jimmy Azadian	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/24/24.

Attested:

Principal, Jason Allemann, Ed.D. on 5/21/24

SSC Chairperson, James Azadian on 5/21/24
