RE: School Bus Parts Bid 2024-25-19

Background:

Bid specifications for School Bus Parts Bid were developed from researching the most often needed parts used by the Transportation Department that were purchased on a regular basis. Specifications were reviewed by the Business Office as well as Transportation Supervisor Scott Kennedy and Head Mechanic Ben Bechmann. These parts include items for repairing brakes, replacing lights, batteries, fuses and tires in addition to regular periodic maintenance of our fleet such as oil changes. After being posted in the Amherst and KenTon Bee, bid documents containing a detail listing of 76 items were mailed to 36 potential suppliers and bids were received from 17 vendors. Due to the specialized/unique nature of many of the items requested, multiple vendors will be required to meet the needs of our District.
