NYS 3-8 Assessments

OUR MISSION: EVERY STUDENT, ONE COMMUNITY,
READY FOR THE FUTURE.

Goal 1

Sweet Home provides learning experiences that are focused on supporting students in developing strong academic skills through experiential learning while amplifying student voice.

Evaluate our core instruction programs in math and literacy for the best path for Sweet Home schools based on research and standards alignment to support:

- 21st century literacy skills
- Experiential learning
- Student agency
- Culturally & linguistically responsiveness
- Content specific standards.

Goal 2

Sweet Home coursework provides real-world experiences that engage students across a series of pathways while teaching and nurturing critical life skills in everyone.

Provide more opportunities for students to engage in critical thinking and inquiry-based learning.

Goal 3

Sweet Home students grow and learn in an environment that is fully engaging, welcoming, accepting, and safe, where students believe their voices are heard and where they have opportunities to actively engage with each other in all subject areas through relationships and the real world.

Establish clear Multi-Tiered Systems and Supports through Intervention (MTSSI) tiers.
