

Dawn L. Scott-Iverson
Insurance Professional

I was born and raised within the Sweet Home School district where I have resided for over 50-years. I married Stevie Iverson and to this union we have two sons, Michael, and Steven, along with out four Grandchildren: Kennedy, Stevie Marie, Layla, and Tatum. Our roots are deeply embedded within the Sweet Home community. My husband has worked for the Town of Amherst for over 19-years. We have 4-generations of family that have attended and/or gradated from this district.

I am an accomplished, multi-talented Insurance professional with a vast knowledge of Human Resources. I have 20-plus years of knowledge within the insurance industry with respect to plan renewals, funding arrangements, along with a unique combination of Human Resources, talent acquisition, staff development, policy practices, operations, and customer service.

My career demonstrates diverse responsibilities, continuous advancement, and a record of achievement in every area of accountability and communication.

As a board member of the Sweet Home School District, I have a mission: to remain committed to providing a positive and equal learning opportunity for all students. This mission advocates considerate, responsible, and emotionally healthy behaviors within our environment.

As a board member of the Sweet Home School District, I have a vision:

That all children within our district will thrive in learning to their individual full potential. I envision collaboration, equality, and commitment.

As a board member of the Sweet Home School District, I have a goal: To ensure that each student feels included. Each student

deserves to feel they are a part of this fantastic community.

They must feel comfortable to learn and thrive and ultimately become successful individuals.

My beliefs align well with the goals of the district. I stand firm that we are in a critical time where we must make sure that all students feel that the district has a vested interest in their growth, development, and overall well-being.
