WEST SENECA, NY

SPEED BOARDING - DEC. 2ND.

3 New Topics For Board Members

Learn about 3 unique topics all in one night that will provide you with knowledge that you need to make educated decisions in your role as a school board member. Spend an informative 40 minutes with each of 3 professionals in their field.

- **ERIE 2 CC BOCES:** ***"The Emerging Role of the Ombuds in K-12 Educational Settings"*** - with Ombuds Officer **Kim Kirsch, Ed.D.** Dr. Kirsch created the first Ombuds office in WNY and currently provides Ombuds services and support staff members at BOCES. The program helps employees to work in a confidential manner to facilitate resolutions of individual issues within an organization.
- **PLC ASSOCIATES:** - ***"Strategic Planning - Leveling up BOE Impact and using Metrics to Monitor Success"*** with **Dr. Randy C. Richards.** Failure to Plan is Failing to Plan. School districts and their performance team are under extreme stress due to challenges such as COVID 19, Vaccinations, Racial Equity, and a myriad of social issues - all the while ensuring students are learning and succeeding. With these challenges come opportunities to take control of your district's future, collaborate with the community and measure your success. Dr. Richards will share the PLC Strategic Planning model, data and metric tools, and explain how this critical work can bring measurable success while building support and strengthening relations with your community.
- **HARRIS BEACH PLLC:** ***"Two Hot Topics - Open Meetings Law and Legalization of Marijuana in the Workplace"*** with Tracie Lopardi Esq. from **Harris Beach Attorneys At Law PLLC**. Two of the hottest topics in education will be covered in one session. Get the facts and know where you stand on the Open Meetings Law. Are you following the law? Do you need to change any of your current practices to be compliant with the law? Is your district ready for the Legalization of Marijuana in New York State and how it will impact your role as an employer?
