

Mark DiFilippo, CAA
Executive Director - Section VI (NYSPHSAA)

Mark DiFilippo transitioned into Section VI Executive Director in November of 2020 after serving as Executive Director of the Erie County Interscholastic Conference. He has more than 20 years in the area of interscholastic athletics as a teacher, coach, and administrator. Prior to his employment with Section VI (NYSPHSAA) he was the Athletic Director at Williamsville East high school, Director of Health, PE and Athletics at Niagara Wheatfield CSD, and coached at Canisius High School. The Executive Director of Section VI is a leadership role overseeing 96 High Schools within Erie county, and 6 other counties in WNY. In addition, the position works with the other 10 sections around the state. He has a BS and MS in Physical Education as well as an Educational Administration certificate and a certificate in the area of Athletic Administration.

Kelly Oldenburg
Executive Director - Niagara Frontier Industry Education Council

Kelly Oldenburg is the Executive Director at NFIEC. She has been in the non-profit industry for over 10 years, serving as Executive Director of the West Seneca Chamber of Commerce and the Director of Operations at the Ken-Ton Chamber of Commerce. She is passionate about bringing business members and school districts together, to meet the needs of both. Kelly has a BS in Information Management and Technology from Syracuse University and her MBA from Medaille College. She also serves on her parish council board and her children's school PTA.

Mark Percy
Executive Director - Williamsville CSD Planetarium

Mark Percy has been the Director of the Williamsville CSD's Space Lab Planetarium since 2001. He holds a Bachelor's Degree in Chemistry and Education from the University at Buffalo, and a Master's Degree in Earth Science Education from Buffalo State College. Mark teaches PK-12 students as well as college and adult groups in a state-of-the-art planetarium facility attached to Williamsville North HS. Mark has led countless solar observing sessions with students and the public, and has experienced two total solar eclipses. Mark's latest eclipse involved a trip to the high deserts of Chile in South America. Mark is now on a mission to help as many people as possible safely experience the total solar eclipse that is coming to Western New York in April of 2024.
