Transportation Shortage

- An influx of new students over the summer and a lack of drivers is causing delays.
 - We also have all students back from remote academy.
 - Solutions being discussed daily.
 - Extra runs are in jeopardy.
- However, we are buying time with transportation so they can learn new routines. We expect this to partially right itself.
- Afternoon runs are razor thin.

The Sweet Home Way

Proximal and Surveillance Testing Layer

- Paid for and administered through Erie County.
- Parental consent is obtained.
- Proximal testing is conducted on a classroom that has a positive case.
- Surveillance testing is randomized testing of 10 percent of the population on a weekly basis.
- If we sign up, the county provides a medical professional to run the testing program.
