

HOW TO PACK

We are so excited for you to move into the dorms! During Move In, we help move in your belongings. Here are some things that we ask you to do to make your move in as easy as possible for everyone.

TIP #1

Have EVERYTHING packed in boxes. It is easier to carry a box than a lot of loose items.

TIP #2

If you have organizers (i.e. Shoe organizer, jewelry organizer) pack items in a box and fill the organizer once you settle in your room.

TIP #3

Bag ALL your hanging clothes! And box or use a suitcase for the rest of your clothes.

TIP #4

Label ALL your items with your name AND room number.

TIP #5

Pack light. Remember you are sharing a room with other people. Make sure to coordinate with your roommates (i.e. microwave, fridge, etc.)
