

MM Friday Highlights

Teresa Johnson • 11 days ago • Friday, May 31 at 3:08 PM • Mountain Meadows

Hello Mountain Meadows,

It was a short but also eventful week!

Our wonderful Librarian, Ms. Marino, has been hosting a Book Club with many 5th graders. On Tuesday, May 28, **the students met the author of the the book they read, Cristy L. Bowlin**, who came to meet the students in person. How inspiring! Thank you, Ms. Marino for making this happen for our students.

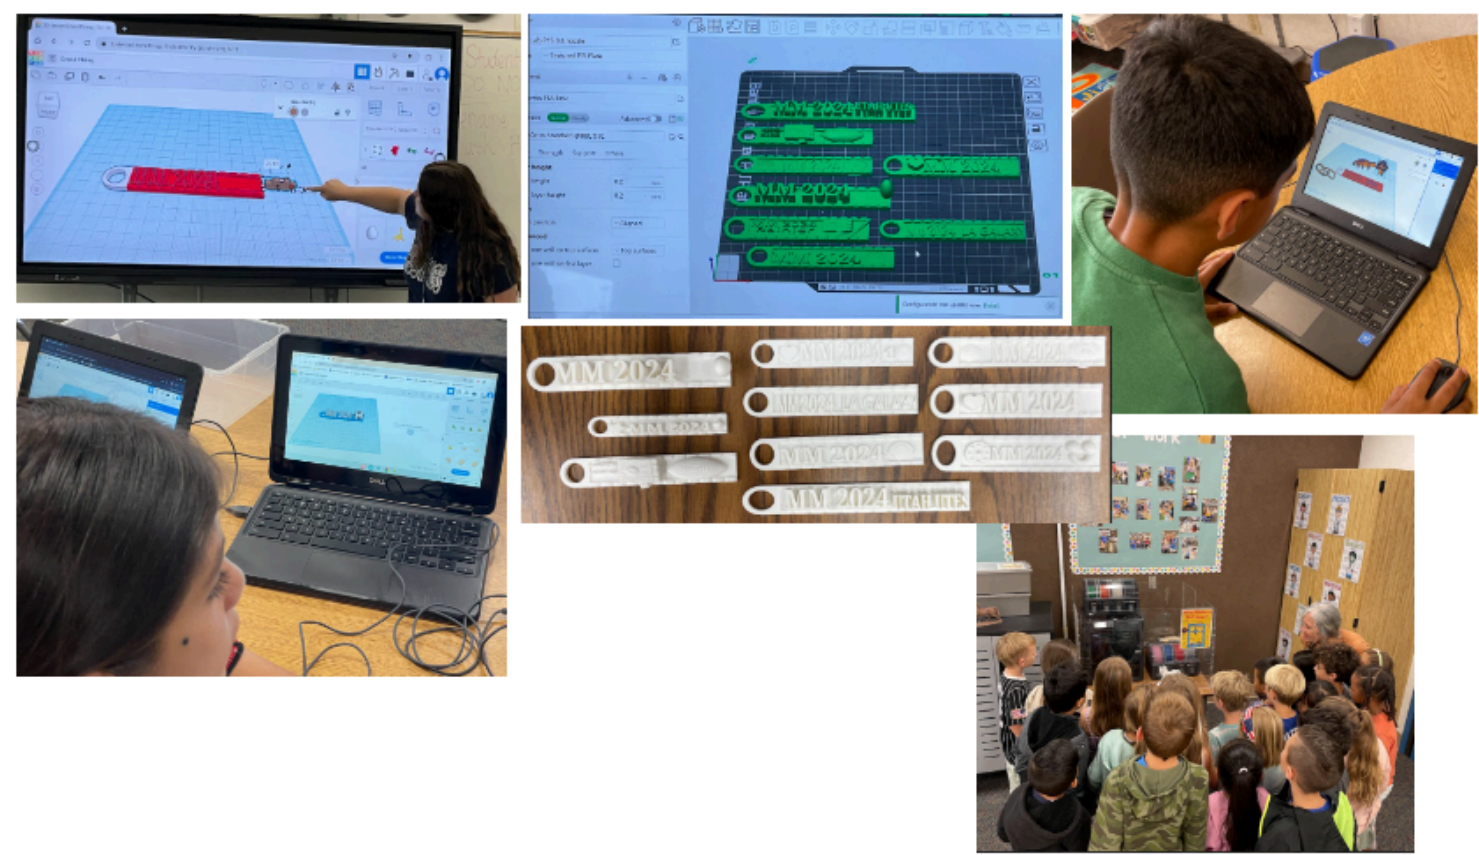

Gold Rush Day for 4th graders and Colonial Day for 5th graders was on Thursday, May 30. Students experienced what life was like then, through hands on activities and historical presentations. What a memorable learning experience made possible by the 4th and 5th grade teachers in partnership with parent volunteers leading the different stations. Great job, everyone!

Middle School is right around the corner for our 5th graders. **They enjoyed touring Chaparral Middle School** on Wednesday, May 29 for a preview of what to look forward to. MM is sure going to miss these kids!

All 5th graders are learning **3D printing in the STEAM Lab** and are designing a MM keychain to take with them. They are so creative and they are leading the way. Some of our kindergarteners stopped by to watch the printing. Way to go 5th grade team! Click on this [3D Printing Video](#)

This morning Mountain Meadows said thank you to our Volunteers for all they do for our students, staff, school and MM families with a Volunteer Recognition Breakfast. We are so grateful for you, Volunteers, and you are making a tremendous impact in the lives of our students and families. **THANK YOU, MM Volunteers!**

June is here!

Enjoy the weekend.

Ms. Johnson
