Race/Ethnicity Reporting Form

A change has been made to the reporting of race and ethnicity in educational data to better reflect the country's growing diversity. The change will take place in the 2010-2011 school year and will require all students to be identified using a new two-part race/ethnicity question. The federal government has established the two-part question to recognize Hispanic ethnicity and race as two separate and distinct concepts. Additionally, the change allows the reporting of multiple races (American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, White).
