Introduction

The Silsbee Independent School District is committed to honest, transparent, and consistent communication with our stakeholders. We understand that maintaining open, two-way communication with stakeholders is essential for building relationships. We have diverse outreach needs and know that strong relationships are the foundation for a successful school system.

The purpose of the SISD Communications Plan is to present a clear and concise framework for communicating with both internal and external audiences in our school community. Providing frequent, clear, and results-driven communications is key to building trust and loyalty to the district. This Communications Plan is aligned with district goals, designed to be both proactive and interactive, and will be reviewed annually for effectiveness.

The success of the SISD Communications Plan depends heavily on the support and involvement of all staff members. Communication is a part of every job in our school district. Planning for and requiring shared responsibility will ensure that the entire organization is dedicated to delivering a timely, unified message to the appropriate audiences.
