

## Summer Reading 2024

Dear Students & Parents:

Summer reading is an important practice of retaining literacy skills, but it's also an opportunity for students to fall in love with books! This summer, our goal is to show our students that reading can be enjoyable, rewarding, and social!

This summer you are being asked to join a summer reading community where we can interact about the books you're reading. We will be using the Google Classroom platform. **If you haven't already, please use your school Google account to join our Classroom using this code: wtt3jot.**

All expectations and instructions are detailed on the Google Classroom. In a nutshell, the traditional project/essay is being replaced with an interactive discussion board. That being said, expect that your teacher will assign a project or essay based on your summer reading when you return for the new school year.

If you have any questions, please post to the Google Classroom or email us. We look forward to sharing this summer experience with you!

Sincerely,

Mrs. Huber & Ms. Guida

ELA Department
