

## **Kentucky Summer Electronic Benefit Transfer Frequently Asked Questions (FAQs)**

### **What is Summer Electronic Benefits Transfer (SEBT)?**

The SEBT program is a U.S. federal assistance program designed to address the issue of food insecurity among students during the summer months when they do not have access to school meals. The program aims to provide additional nutritional support to eligible students who have received SNAP, KTAP, and/or Kinship Care for at least one (1) month since July 1st, 2023, and students who are deemed income eligible through an approved SEBT application. During the academic year, the National School Lunch Program provides nutritious meals to students. The SEBT program seeks to bridge this gap by providing benefits that can be used to purchase food, helping ensure that students have access to sufficient and healthy meals during the summer break.

### **Is SEBT a public assistance program?**

Yes, SEBT is a public assistance program. It is a Federal child nutrition program, authorized by Congress, designed to help eligible students meet their nutritional needs during summer months when schools are not in session. The program provides benefits that may be redeemed for approved food items at any location that accepts Electronic Benefits Transfer (EBT).

### **How do I know if my student's school qualifies for SEBT?**

Most public schools in KY operate under the National School Lunch Program (NSLP). If your student's school is not listed on the SEBT application, it is not an NSLP school and you will not be able to apply.

### **Who is eligible for SEBT?**

The following students are considered automatically eligible for SEBT benefits:

- Students aged 6-17 as of August 1<sup>st</sup>, 2023 who have received SNAP, KTAP, and/or Kinship Care for at least one (1) month since July 1st, 2023 are eligible and will automatically receive benefits. You do not need to submit an application.

Students that do not fall into the above category, and are within the income eligibility limits, can apply for SEBT benefits online.

- Online SEBT benefit applications can be completed by using self service capabilities located at <https://KYSEBT.ky.gov/> or can be accessed through <https://kynect.ky.gov/benefits/>.

**How is the SEBT different than P-EBT I received in the past?**

Pandemic EBT (P-EBT) was a program authorized in response to the COVID-19 pandemic to compensate for meals that students would have received at school or childcare. P-EBT ended with the Public Health Emergency (PHE) in summer 2023.

SEBT is a new permanent federal program that automatically enrolls students who have received SNAP, KTAP, and/or Kinship Care for at least one (1) month since July 1st, 2023. These students do not need to apply. Financially eligible students, who have not received one of the above benefits, should apply [here](#). SEBT aims to provide eligible students with increased access to nutritious meals during the summer months when school is not in session.
