Professional Learning Requests

Lansingburgh Central School District acknowledges the possibility of new needs emerging for professional growth and learning topics not initially planned for during the school year. To ensure alignment with district goals and vision, there is a structured process for proposing new professional learning opportunities. Any approved professional learning through this process will be included in the plan for the 2024-2025 school year. Please refer to Appendix F for more details on this process.

Professional Learning Request Procedures

For CTLE credit for professional learning, proposed outside of this professional learning plan, the professional learning offering must be approved through the District:

1. The person who is requesting the professional learning must complete an LCSD Professional Learning Proposal form through Frontline Professional Growth (Appendix F)
2. After the proposal is submitted on Frontline Professional Growth, the building principal will approve or deny the request. Their approval signifies that the Professional Learning being offered is aligned with the professional learning plan, directly relating to district and building goals for the 2024-2025 school year
 - a. Inservice credit will only be awarded if the course is outside of contractual hours and fulfills a district or building goal that is not available through Lansingburgh Academy or offered by the District in any capacity
3. The proposal is submitted to the Assistant Superintendent of School Improvement, who will review that all appropriate approvals have been reviewed and that the proposal is aligned with district goals.
4. It is the requestor's responsibility to ensure that they have attended and completed the professional learning, subsequently finalizing the professional learning in Frontline Professional Growth.
5. The Assistant Superintendent of School Improvement will finalize the form, ensuring credit is given, whether in the form of CTLE hours, or inservice hours.

ELEMENTS OF THE PROFESSIONAL LEARNING PROGRAM

- Teachers with professional certification must adhere to New York State Education Department CTLE requirements, which include completing 100 hours of professional learning every 5 years.
- The 100 hours encompass various district-sponsored workshops such as those at Lansingburgh Academy, Superintendent's Conference Days, department and grade-level meetings, Teacher Center and CASDA courses, and other qualifying in-service credit activities approved by the Superintendent of Schools or their designee.
