HEAR Report from Superintendent

- Thank you, President Wittrup, and members of the Board! It is with no small degree of mixed feelings that I present what will likely be my last formal superintendent remarks from the dais, during my tenure as Fresno Unified's 23rd superintendent. First and foremost, I want to express my gratitude to the Board of Trustees to even be given this opportunity to be present at the time of transition. There are precious few Superintendencies in major urban school systems across the United States, in which all parties get to be active participants in a peaceful transition of power from one leader to the next. Often times these transitions are fraught with hard feelings as individuals are being forced to depart, or there is some significant drama. It is a mark of the stability of Fresno Unified that all of us are still here at the table in support of one another through this transition process, so thank you very much for that. And thanks, as well, for your sustaining support over the past 7.5 years.
- Stability matters, there is no question, and as a governance team; as a Board and superintendent joint leadership body, we collectively represent the third longest tenured governance team of all of the 70+ major urban school districts nationally that make up the Council of the Great City Schools. In fact, the finite number of leadership teams who remained intact on both sides of the pandemic was fewer than five across our entire nation, and I express my gratitude with you allowing me to serve as your superintendent, even as we became the enforcement arm of COVID health policy. That was a time that was equally hard for superintendents and Board trustees alike, without question. Add in the successful negotiation of multiple union agreements, a few of which became pretty contentious, and it is safe to say we have been through a great deal together. So sincere thanks to all seven of you for your support and trust throughout that process.
- Much has changed since I came to the district back in November 1991. My first teaching position was at Burroughs Elementary, in a school that housed 1300 students on four year-round tracks and bussed another 700 students to an alternative site called Burroughs annex, under the 180 freeway that was being built. At that time, the district had tried unsuccessfully to pass several bonds, and many of our schools were impacted by significant overcrowding. Fast forward to our current situation, where we have successfully passed several bonds in succession, A, K, Q, X, and our most recent measure M, for \$325 million that have

allowed us the opportunity to build schools like Herrera or knock down the juvenile hall facility for the establishment of Farber coming this fall. The level of trust that has been built with our community over time is considerable, and it is critical to offer gratitude to our community for passing those bonds, and for believing in the promise of Fresno Unified.

- Back in 2017, when I came into the superintendency, several trustees were actually running on an election campaign that there were no effective college and career options for our kids. It is safe to say that that work has exploded over the last seven and a half years, starting with the kick-off of the heavy truck facility at Duncan back in 2017 and expanding across our city to affect the life of every child in high school. This Board has supported things such as HVAC at Fresno High, the public service academy at Roosevelt, the multimedia lab at McLane, the teachers Academy at Hoover, and there is still so much more on the horizon with facilities under construction as we speak and things like the agriculture pathway at Sunnyside and the aviation school at Chandler airfield.
- During my tenure here we have also, as a governance team, promoted a college going culture. Would you have imagined the day that every single one of our eligible high school students would be guaranteed enrollment into Fresno State and that we would have a foundation with \$20 million to be able to finance some of those collegiate dreams for our local students to live and serve and lead right here in California Central Valley? That part is amazing and gives me great hope for the future. And it is not an empty promise that work is happening right now with over 2150 students graduating from Fresno Unified now accepted as freshmen at our local research university Fresno State this year.
- I am incredibly proud of the fact that this Board has set one of its five major goals to hire a staff that directly represents the students whom we serve and that we now have over ten years of successive growth in that direction. There is a lot made in the political world these days around the concept of equity, and DEI hiring, and all of that, but I'll say this, you want to make sure that you have a leader who is willing to surround herself or himself with people who do not look like, or talk like, or act like, or think like or have the same lived experiences they have. We all make better choices when we expose ourselves and our thinking to people who are not exactly like ourselves. And Fresno's main jam, the thing that makes it the most beautiful, is its diversity. I know that this pipeline work will long outlive my tenure here. We have a commitment to making sure that our district reflects the best that our community brings to the table, racially, linguistically, economically, you name it. I am thankful to know that Fresno Unified will continue its equity centered pipeline development in every classification. In Fresno we grow our own. We are not waiting for anyone to come along and save us. We know that the way to maintain our staffing parameters and to not be subject to staffing shortages that plague California's schools is to grow our own. I am thankful for that work.

- I know that much is said about our students' overall proficiency levels and that is a constant area of focus and growth for us as a system. It is hard, and a little disingenuous, when students from abject poverty are placed on the same sliding scale with students of privilege. But that does not in any way absolve us of our responsibility to make sure that they reach the same end goals. But I am incredibly proud of the fact that our students are closing the gap to proficiency at a rate that is better and faster and more complete than any of the other thirteen major urban school districts across the state of California. I am very thankful for the fact that we are actually countering chronic absenteeism at a rate that is faster than any other major urban system in our state as well. What is different about Fresno Unified is that we are willing to reach out to the one individual. On a kid-by-kid basis, given the Board's commitment to expanding social emotional supports for students. We are getting ourselves out there into every home figuring out how we can best help and getting those kids back to school. And I am confident that this work is going to long outlive me because of the commitment this Board has made to touch the hearts of every family.
- It is incredibly hard to know where to begin to offer thanks. Over three decades there have been a lot of people that offer gratitude, and many have put themselves out there in ways to ensure that I have found some margin of success. I am incredibly thankful for that. First and foremost, I need to thank the folks that are closest to me in terms of sustaining me in the superintendency which is our own internal office: Maria, Annette, Lucille, Gina, Luz, and of course Ambra and Misty, without whom, quite frankly I could not function in this role.
- I am thankful for our senior leaders and site leaders who are engaged in this critical work. It is a hard time in leadership. The current politicization of K12 education has made it less attractive to others, and honestly that is the single biggest reason I am going to Fresno state to work directly with leadership development across the valley. We need valley trained leaders to support valley youth. Same thing as the pipeline program. It is our job to develop our own. I am thankful for people who are willing to lead anyway despite the obstacles-that takes a great deal of bravery in today's America.
- One thing that has never changed in thirty-three years is the quality of the people who serve Fresno Unified. Teachers, classified professionals, leaders, volunteers, they all represent the absolute gold standard. There is no question that when you are doing this work in Fresno Unified you are making a dent in the universe in ways that are substantive and that really matter. Serving as an internal candidate, the first in thirty years leading this work has been the greatest honor in my career. To everyone within my sphere who helped make that a reality, I offer my sincere and abiding gratitude.
- I am very thankful for the opportunity to turn over the reins of leadership to my dear friend Interim Superintendent Misty Her. We have served together for a long time.

She actually started at John Burroughs the same as me. So that is a comfort, and I have every confidence in her ability to lead in ways that are far beyond my ability to lead.

- Lastly, and perhaps most importantly, the single group who have sustained me the longest, the hardest, the most, through the most tense moments are the nine people sitting across the front of the boardroom tonight my wife, Tiffany Sappington Nelson, our kids, Benjamin, Joshua, Phillip, Destiny, Abigail, Ashton, and Sawyer. My daughter in-law Hannah. My mother in-law Charlene, and the woman who put me on the path of serving others as a primary focus of life my mom Eva. My time as a Superintendent has not been easy for them. It is not easy to see your dad portrayed in the media in ways that are less than respectful. It is not easy to have other kids at school, or worse still other adults come at you in weird ways because they are not happy with what your dad has done or decided. It is not easy to have people tear your husband apart on social media without really being able to respond or offer any rebuttal. But this group has endured. Mostly because to a person, they understand the larger contextual situation, that we are here in this life in order to serve. They know that despite the rough spots in the journey, that it is about helping every single one of our 70,000 plus kids in Fresno every day that you can. I am thankful that this change may add some additional time spent together, some additional margin, and some additional degree of support. I am looking very much forward to being a husband, a father, and a son, more regularly, and with more intention. I love all of you and thanks for hanging with me throughout all of it.
- Militant positivity should never be confused with wearing rose colored glasses and pretending things are good when they are not good. Militant positivity is about showing up every day ready to give your best self even in the face of blinding difficulty and aggressive resistance. It is about having the resilience and grit to just refuse to stop what you believe to be right in the support of children. I am super thankful for the opportunity I have had to very publicly model the concept of militant positivity for 7 1/2 years in this role. I am super thankful for the opportunity to leave entirely of my own volition and entirely on my own terms. That is a gift that few superintendents receive. And I am incredibly thankful for the kids and families of this city who provided me with the opportunity to serve them for as long as I have.
- I love Fresno. Nobody is harder on Fresno than Fresnans, and that is something that I intend to keep working on and actively combatting at the leadership level. To each and every one of you I offer my abiding gratitude for this opportunity. Thank you. And in departing I have but one request: keep loving our kids. Keep treating them like you would your own children. Or better still orient to them as though they are your children. They represent the best of what Fresno has to bring to the table every day, it has been an honor to serve them and their families. May God bless all of you. Thanks for everything!

For the record, Board President Wittrup asked to entertain a motion to move to the top of the agenda item B-20, Discuss and Approve Material Revision for Golden Charter Academy.

On a motion by Board Member Cazares, seconded by Board Clerk Davis, the Board approved to move agenda item B-20 to the top of the agenda by a roll call vote of 7-0-0 as follows: AYES: Board Members: Cazares, Islas, Jonasson Rosas, Levine, Thomas, Board Clerk Davis, and Board President Wittrup.

B-20, DISCUSS and APPROVE Material Revision for Golden Charter Academy

For the record, Board members had comments and/or questions pertaining to agenda item B-20. A summary is as follows:

Member Islas asked why the material revision is coming now rather than 2026 and if the revision does not pass would it result in school closure. Commented that the mission is fantastic and the focus on environmental justice is a worthy cause, but Member Islas has concerns.

Member Islas requested clarity on items as follows: the presentation stated no fiscal impact upon Fresno Unified, but the report by staff noted a fiscal impact over a three-year period at approximately \$1.3 million; why Golden did not use the same data sets as Fresno Unified; a perceived discrepancy in waiting lists numbers; and timeline for building permit approvals.

Member Islas asked why the material revision is coming now, commented that the work is admirable, but permits are not in place. Member Islas referenced the schematic and it appeared there was no playground--asked if the district's facilities team had a chance to review to ensure the proper amount of space per student ratio.

Member Islas restated concerns such as chronic absenteeism, and assessments, specifically when viewing the data dashboard in the areas of English Language Arts and mathematics. Commented there seemed to be a deficiency when comparing the data against, the state, Fresno Unified, and other elementary groups. Member Islas asked if the Board would wait on acting on this item until improvements happen in ELA and mathematics as well as wait to see if building permits related to this item are approved.

Member Islas commented on a willingness to bifurcate the request and move forward with the expansion of enrollment but to wait on the building itself until receiving assurances from the City of Fresno.

Member Islas motioned for the postponement of both requests making up the material revision but specifically the request pertaining to the new building.

For the record, legal counsel Bryan Martin reminded the Board that public comment needed to take place before any action on the item.

Member Levine thanked Golden Charter Academy staff for the presentation and the work they are doing. Member Levine requested clarity from district staff as to what the Board was asked to approve in relation to the property aspect of the item. Member Levine requested clarity as to the enrollment increase versus current enrollment and why Golden Charter is not able to reach its enrollment cap. Requested clarity as to student achievement and growth overtime when you come back in 2027 what should the Board expect to see in assessment scores.

Member Cazares asked if district staff will have a presentation apart from that provided by Golden Charter Academy. Requested staff to speak to the difference in SBAC scores in comparison of Golden Charter Academy to those of the State and Fresno Unified. Asked opinion of staff as to if the Board should consider the age of Golden Charter Academy when looking at assessment scores. Requested confirmation that Golden Charter Academy came to staff with a request to change enrollment and staff at that time recommended that Golden Charter Academy bring the request for site change as well. Asked the name of the architect.

Clerk Davis asked staff of Golden Charter Academy if there is a contingency plan if there is a default. Commented on University High School as a hallmark in the charter world and looking forward to the success of Golden Charter Academy as well.

Member Jonasson Rosas requested legal counsel Susan Hatmaker to provide clarity as to the parameters of the Board's consideration as well as a comment made pertaining to terms of enrollment and if the district is legally obliged to help with enrollment.

Member Jonasson Rosas referenced the Healthy Youth Act and concerns with the lease, specifically if the project is pushed out what happens with the lease with the Catholic Diocese. Member Jonasson Rosas requested clarity as to what grade components of the Healthy Youth Act are incorporated.

Member Jonasson Rosas referenced a motion on the table to bifurcate the requests of the material revision and asked if the charter school would need to approve the bifurcation or could it happen unilaterally. Member Jonasson Rosas commented on wanting to be sure that however the Board proceeded that they were not putting the district in jeopardy.

Member Jonasson Rosas asked Mr. Golden if other factors were dependent on enrollment such as financing of the building. Asked what percentage of students come from Fresno Unified School District. Asked about absenteeism root cause and interventions.

Member Jonasson Rosas shared a lens personally used when considering whether to approve a charter school which is charter schools have to provide something different and something better that is not found within Fresno Unified, making sure everything is in the best interest of kids, where students can excel and are safe. From what I hear from parents and the community have not heard anything but great things of Golden.

Board President Wittrup thanked Golden Charter Academy staff for the presentation and shared excitement for what is being done at Golden. Commented that Golden Charter has a vulnerable population and asked how Golden serves and supports children with special needs. Asked what Golden Charter is doing specifically to improve reading proficiency and math achievement. Asked what progress monitoring and interventions Golden Charter uses. Asked how Golden Charter Academy's hiring process protects the safety of students.

Student Member Pitcher commented on being impressed by Golden Charter Academy's program and how hands on learning with help students succeed in middle and high school. Asked Golden Charter Academy to talk about their stewardship projects.

Student Member Lua commented on wishing she had this opportunity. Congratulated Golden Charter for their work. Encouraged the Board to support Golden Charter Academy.

Member Thomas asked to hear about Golden Charter Academy's suspension rates, specifically the statistics for the past three years. Commented that Golden Charter Academy staff and district staff were well prepared and Golden Charter Academy gave a golden presentation.

Member Islas asked for clarification of financing. Requested clarity as to why a blank scoring matrix is in the support materials. Asked to see the scored matrix. Referenced measures used and commented that team review comments did not fully justify the score given. There are a number of sections where there is no comment. I want to call up these items so that we ensure we are doing our due diligence of reviewing what is required and we are relying on staff to provide us what is required and when I see a report that has a lot of blank spaces with check marks that state meets criteria it is not giving me as a Board member the information that gives me confidence that it is in fact there. Member Islas called it out and asked staff to improve.

Member Islas requested to return to the motion made earlier and asked again why this needs to happen now, why expand enrollment when there is not expansion at their current site and the new site will not be ready until a subsequent year, and the city still needs to approve permits

For the record, Board Member Islas motioned to postpone this item until the Board receives confirmation of improvement on the measures as outlined in the criteria. Member Islas said they will be due for a review at the end of their existing petition and if the Board receives information that they have improved there is no reason not to allow them to move to a different address.

For the record, legal counsel Bryan Martin reminded the Board that public comment must take place before a vote.

Member Thomas requested Susan Hatmaker to explain once again, in plain language, this particular revision, and that this is not a charter petition. Asked Robert Golden to explain once again what is taking place with the City of Fresno.

For the record, Robert Golden, Mandy Brewer, Susan Hatmaker, and Felicia Olias were available to provide clarity.

For the record, Board President Wittrup requested Board Member Islas to restate her motion.

Board Member Islas commented on appreciating hearing from staff and parents, that it was heartwarming to hear the support and passion from those who had an opportunity to speak. Member Islas reiterated she had no interest in denying the request but is interested in the responsibility of the Board to ensure the Board is approving charter schools that provide the best education possible, with an eye on the same standards utilized to judge Fresno Unified. Member Islas commented that the evidence is clear, that there are areas that need improvement.

Member Islas commented that it is possible to manipulate data and rubrics to change outcomes. When compared to comparable schools, Golden is still below in academics and absenteeism.

Member Islas reiterated that the Board should wait for improvement before moving forward with authorization in relation to the building and commented no one can guarantee the completion of the building by 2025.

Member Islas suggested the Board postpone the vote until there is improvement and assurance of the building and its construction.

For the record, legal counsel Bryan Martin commented it might be valuable for the Board to hear from legal counsel Susan Hatmaker for clarification of the premise of the motion and clarify again the scope of the item. Bryan Martin pointed out to the Board that the scope of the item on the agenda is narrow, it is not a review of performance.

Board Member Islas stated she did not need Susan Hatmaker to reiterate and commented the Board should not motion to approve expansion or move without seeing evidence of progress as the district is an educational institution that is looking at improving student outcomes.

On a motion by Board Member Islas, seconded by Board President Wittrup, the Board did not approve the postponement of the material revision for Golden Charter Academy, by a roll call vote of 2-5-0-0 as follows: AYES: Board President Wittrup and Member Islas. B. CONFERENCE/DISCUSSION AGENDA

B-19, PRESENT and DISCUSS the Council of the Great City Schools Report

For the record, the Board received zero (0) requests to address the Board on agenda item B-19.

For the record, during Dr. Hart's presentation, legal counsel Bryan Martin reminded that pursuant to Board Bylaw 9320, the meeting must adjourn at 10:30 p.m. unless the Board extends the time to a time certain by vote.

On a motion by Board Clerk Davis, seconded by Board President Wittrup, the Board approved to extend the meeting by 30 minutes by a roll call vote of 7-0-0-0 as follows: AYES: Board Members: Cazares, Islas, Jonasson Rosas, Levine, Thomas, Clerk Davis, and Board President Wittrup.

For the record, Board Members had comments/questions pertaining to agenda item B-19. A summary is as follows:

Board President Wittrup asked if a recommendation by the Council of the Great City is for the district to stop doing patterns of strengths and learning as our SLD criteria eligibility and commented on past use of severe discrepancy and then patterns of strengths and weaknesses, but the district did not have interventions, so there was much talk over the years about RTI but the district did not actually have the interventions to measure the response to intervention.

Clerk Davis referenced the findings and recommendations, specifically a note that addressed fragmentation of central office personnel, with district resources now divided in three departments DPI, Special Education, Health Services and Safety/Security, and asked if other districts in the Council are finding success when they group all departments together.

Member Levine thanked Dr. Hart for the work put into the report and presentation. Apologized for the lateness of the hour. Asked, as this is a living document, what are the plans to utilize, is there a conversation about a workshop, next steps for the Board and Fresno Unified.

Member Levine commented on being curious about changing the supervision of Regional Instructional Managers and asked as the district is in the budget process now, is it too late to implement any of these recommendations. Expressed appreciation for the framing upfront, whether it is the inclusion of MTSS or in general, connecting our broader reality and context into the conversation and the spirit of the recommendations.

Member Levine commented that the work cannot stay in silos; this is all of us. Member Levine commented on being curious regarding major urban areas across the country both during the pandemic and since the pandemic around unfinished learning as it looked like Chicago schools had a very minimal amount of unfinished learning during the pandemic and it appears like they have had gains since the pandemic--how can we learn from best practices in those places.

Member Cazares expressed appreciation for recommendations that included students that are not necessarily in special education programs, especially recommendations around providing umbrella services to all students, as well as reading instruction should not stop after elementary grades.

Member Cazares commented on supporting reading instruction beyond elementary grades from the beginning of the district's literacy campaign and test scores show that after sixth grade it just really goes south; it may be something that seems really small, but I will reiterate it because to me it is big. Commented there are middle and high school student athletes that do not have good test scores and cannot participate in sports that they have been playing since they were in T-ball.

Member Thomas commented that the discussion tonight is what should happen at all Board meetings, the Board should talk this out, should receive presentations, should know where the district is at all times. The presentations do not need to be long but should come before the Board regularly.

Member Thomas expressed frustration with the concept of adopting things and paying people to provide recommendations that then sit on the sideline since 2018 and requested staff to implement a process other than a board communication of communicating as the community needs to know as well, they know the bad stuff, but the good is silent because we are not in front of it.

Member Thomas proposed the Board visit this work at least once a semester and does not want this to sit and then in two or three years there is another presentation. Member Thomas asked Interim Superintendent to please make sure the Board is on top of this and to make sure people come together. Member Thomas referred to a comment made by Interim Superintendent that one of the main things of importance is to make sure staff talk to each other and stop trying to hoard information because if information is not shared, we do not learn from each other, and commented this is a place where she would like to see that work done.

Member Jonasson Rosas lamented that this presentation is on such an impacted agenda and would have liked to devote more time to this topic that merits discussion and almost feeling robbed of that opportunity and asked to circle back with staff.

Member Jonasson Rosas commented on appreciating the first time Council staff came out and the conversations had, and now the Council's willingness to step in and assess where Fresno Unified is with the implementations to date, and helping the district to course correct, to ensure accountability to the improvements the district said it would implement. Commented it would merit staff holding small group meetings with the Board to regularly monitor the progress towards the goals; especially, in the areas that the Council identified as deficient. Thanked Dr. Hart and staff for coming out to collaborate with the team.

Board President Wittrup thanked Dr. Hart for the presentation. Commented that this is the beginning as there is work to do in this particular area. Expressed appreciation for the addition of the document, *From Mirrors to Windows*.

Board Member Islas commented it would be helpful to see comparison of what is different from the 2018 recommendations to date and does not understand why the Board does not quickly adopt the recommendations and put into action, would like to see expediency. Commented to the Interim Superintendent that if there is a need to revamp the special education department to get acceleration in these recommendations then we should act with haste in that in particular.

**In the Matter of
Recognizing June 2024 as Pride Month**

Resolution 24-84

WHEREAS, the Fresno Unified School District (FUSD) recognizes and proclaims the month of June 2024 as Lesbian, Gay, Bisexual, Transgender and Queer+ (LGBTQ+) “Pride Month” throughout the district’s campuses; and

WHEREAS, the FUSD believes that all schools should be safe, supportive, and inclusive places where students, families and staff feel accepted, respected, and welcome and is committed to supporting dignity, equality and belonging for all LGBTQ+ students and educational partners; and

WHEREAS, the FUSD has been a part of Fresno Rainbow Pride since 2019 and this year our staff, families, and students participated in Fresno’s 34th annual event. Pride festivals are celebrations of the progress the LGBTQ+ community and allies have made but are also a time to recognize there is more work to be done to achieve true equality and inclusion; and

WHEREAS, Pride Month is celebrated in the month of June starting the first year following the Stonewall Uprising of 1969, acknowledging this historical event as a catalyst for the LGBTQ+ movement’s fight for equal rights, dignity and freedom from harassment and harm; and

WHEREAS, the FUSD has raised the Progressive Pride Flag for the last four years at the start of June as it is widely recognized as an inclusive symbol of Pride, and support for marginalized LGBTQ+ communities of color and the transgender community; and

WHEREAS, the FUSD recognizes that LGBTQ+ individuals have had an immeasurable impact on the cultural, civic, and economic successes of our school campuses, cities, state, and country; and

WHEREAS, the FUSD provides LGBTQ+ supports including student empowerment in GSA clubs at middle and high schools, social emotional supports, safe and inclusive safe school’s curriculum, facilities, and staff professional learning, as well as family and community partnerships. Although advancements have been made, the FUSD acknowledges the continued struggles faced by LGBTQ+ people and youth due to a recent increase of discriminatory laws and hate crimes across the country; and

WHEREAS, celebrating Pride Month brings awareness and provides support and advocacy on behalf of our LGBTQ+ students, staff, and families, and is an opportunity to engage in dialogue to strengthen alliances, increase inclusive practices and advance equal rights.

NOW, THEREFORE, BE IT RESOLVED that the Fresno Unified School District hereby proclaims the month of June 2024 as “Pride Month” and proudly celebrates the contributions from our rich, diverse, and resilient LGBTQ+ community including students, families, and educators.

(Adopt, Approve, Discuss, Receive)

TITLE AND SUBJECT: Adopt Resolution 24-52, Approving the Self-Certifying Increased Micro-Purchase Threshold

ITEM DESCRIPTION: Included in the Board binders and recommended for adoption is Resolution 24-52, to approve the annual self-certifying increase of the micro-purchase threshold when utilizing federal funding. The current micro-purchase threshold which requires multiple quotes is \$10,000 or more. Pursuant to 2 C.F.R. Section 200.320, non-federal entities, including local public-school districts, may annually self-certify a micro-purchase threshold of up to \$50,000 if (1) the non-federal entity qualifies as a low-risk auditee, (2) the non-federal entity has an annual internal institutional risk assessment to identify, mitigate, and manage financial risks, or (3) a higher threshold would be consistent with state law. The district meets all three criteria, and the state bid threshold is currently at \$114,500 increasing annually pursuant to PCC 20111(a).

The District recommends approval of the routine annual item to increase the micro-purchase threshold as it represents the best interest of the district by reducing administrative time, expenses and preventing delays in the issuance of purchase orders for fiscal year 2024/25.

THE FRESNO UNIFIED SCHOOL DISTRICT
SELF-CERTIFYING INCREASED FEDERAL MICRO-PURCHASE THRESHOLD**

WHEREAS, pursuant to 48 C.F.R. section 2.101, an acquisition of supplies or services below the threshold of \$10,000 is, for the purpose of federal law, a “micro-purchase” which does not require formal procurement methods such as competitive bidding;

WHEREAS, the **FRESNO UNIFIED SCHOOL DISTRICT** (“District”) is currently bound by the federal micro-purchase threshold of \$10,000 for applicable transactions funded by federal funds;

WHEREAS, in accordance with the above, the District is justified in self-certifying a micro purchase threshold of \$50,000 for contracts other than public projects, and a threshold of \$15,000 for public projects.

1. The above recitals are true and correct.

TONY THURMOND
STATE SUPERINTENDENT OF
PUBLIC INSTRUCTION

December 5, 2023

Dear County and District Superintendents, County and District Chief Business Officials, and Charter School Administrators:

Annual Adjustment to Bid Threshold for Contracts Awarded by School Districts

Public Contract Code (PCC) Section 20111(a) requires school district governing boards to competitively bid and award any contracts involving an expenditure of more than \$50,000, adjusted for inflation, to the lowest responsible bidder. Contracts subject to competitive bidding include:

1. Purchase of equipment, materials, or supplies to be furnished, sold, or leased to the school district.
2. Services that are not construction services.
3. Repairs, including maintenance as defined in *PCC* Section 20115, that are not public projects as defined in *PCC* Section 22002(c).

The State Superintendent of Public Instruction (State Superintendent) is required to annually adjust the \$50,000 amount specified in *PCC* Section 20111(a) to reflect the percentage change in the annual average value of the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the United States, as published by the United States Department of Commerce, Bureau of Economic Analyst (BEA) for the 12-month period ending in the prior fiscal year. The inflation adjustment is rounded to the nearest one hundred dollars (\$100).

Pursuant to the above calculation, and effective January 1, 2024, the State Superintendent has determined that the inflation adjusted bid threshold will increase from \$109,300 to \$114,500. Shown below are the inflation adjusted bid thresholds for the current and two prior years.

Calendar Year	Bid Threshold	Percentage Change in Implicit Price Deflator
2022	\$99,100	2.48%
2023	\$109,300	10.32%
2024	\$114,500	4.79%

Also note that public projects as defined in *PCC* Section 22002(c), such as construction or reconstruction of publicly owned facilities, have a lower bid threshold of \$15,000 that is not adjusted for inflation. For more information on bidding requirements for all projects, refer to *PCC* sections 20110 to 20118.4.

If any of the required policies provide coverage on a claims-made basis then the following shall apply; 1) The retroactive date must be shown, and must be before the date of the contract or the beginning of contract work; 2) Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract work; (3) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of work. Self-insured retentions must be declared to and approved by District. The District may require "Contractor" to provide proof of ability to pay losses and related investigations, claims administration and defense expenses within the retention. The policy shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or the District. **The District shall be named as an additional insured on the policies.** A Certificate of Insurance shall be **attached to this Agreement as proof of insurance**. The "Contractor" policy shall provide that it is primary such that insurance maintained by the District, if any, shall be excess and not co-primary.

Contractor will not begin work on the Project site until obtaining a DOJ cleared status through the DISTRICT. Contractor further acknowledges that other fingerprinting requirements may apply, as set forth in Education Code Section 45125 et seq., and will comply with any such requirements, including having Consultant certify that none of these employees and/or affiliated constituent(s) will have been convicted of a felony as defined in Education Code section 45122.1. TITLE AND SUBJECT: Approve Agreement from Pacific Gas and Electric Company for the Electric Vehicle Fleet Electrification Program

ITEM DESCRIPTION: Included in the Board binders is an agreement from Pacific Gas and Electric Company (PG&E) for the Electric Vehicle (EV) Fleet Electrification Program. PG&E will complete the engineering, design, and construction to expand underground power creating a new electric meter service line for Fresno Unified School District at the Operations Center.

This new electric utility infrastructure is being developed east of the Transportation Department's school bus yard from north Marty Avenue. The cost for this infrastructure improvement by PG&E is estimated to be over \$520,000 and will be completed at no cost to the district. This program is necessary to bring electric power to the school bus yard to operate the new electric vehicle charging stations that will be installed later this year to power several new electric school buses anticipated to arrive by 2025. This program agreement also offers funding rebates for future purchases of up to \$4,000 per EV and up to \$25,000 per charging station.

The agreement aligns to the district's Transportation Services Plan approved at the March 20, 2024, Board of Education meeting to integrate 17 new EV school buses into the school bus operations over the next five years. Due to emissions regulations implemented by the state, new lower emission diesel and compressed natural gas school buses are no longer available for procurement in California. Therefore, the district is integrating the most current EV school bus technology into Transportation's services.

The Maintenance Services Department is supporting this EV Fleet Electrification Program by providing technical support and project management in the development of the PG&E utility improvements.

FINANCIAL SUMMARY: There is no fiscal impact to the district at this time.

Upon your completion of the action items below, we will move your project into the design phase and begin the engineering, design and construction plans for **4498 N. - **Letter of Commitment**
 - EV Deployment Commitment
- **EV Fleet Program Terms and Conditions ("Contract")**

- Upon execution of the Contract, PG&E will begin incurring design fees and costs as my project moves forward;

- My EV chargers meet the Safety Checklist requirements and have networking protocols (as described in Appendix A and Appendix B). I agree to ensure that EVSE network connectivity is in good condition for at least five years from the date of activation.

Offer Description

After careful consideration of the project costs and scope of work, PG&E has determined you are eligible for the **Make-Ready Incentive Option**. PG&E will design, construct, own, and maintain any necessary EV supply infrastructure to the meter only. **Fresno Unified School District** will design, build, own, operate, and maintain the EV supply infrastructure behind the meter, hereafter referred to as customer-owned make-ready infrastructure. PG&E provides an incentive that is equal to the lesser amount of either: (i) 80% of the customer-owned make-ready infrastructure costs or (ii) the incentive cap of **\$68,000.00** as described in the table below.

EV Supply Infrastructure Incentive		
Applies to Site Hosts who pay for, own, and maintain EV Supply Infrastructure		
Vehicle Type	Per Vehicle Incentive	# of Vehicles
School Buses, Local Delivery Trucks, or Other Vehicles	\$4,000.00 per Vehicle	17
Vehicle Type (Total)	Incentive (Total)	Incentive Total
Total # of Vehicles 17	Lesser amount of either 80% of the customer-owned make-ready infrastructure costs or the incentive cap, as described above, on a per vehicle basis	Maximum of \$68,000.00

EV Charger Rebate

You may also qualify for a rebate of up to **\$225,000.00**, capped at 50% of the purchase cost, for qualified EV chargers for your fleet. EV chargers are only eligible for rebates if they are listed on PG&E's approved EVSE vendor list at the time of installation. Any EV chargers acquired after the EV Fleet Program implementation window (currently 2026) will not be eligible for rebate.

EV Charger Rebate		
Applies to Site Hosts that are transit agencies, schools, or located in disadvantaged communities.		
Power output	Rebate	# of Chargers
129 kW	50% of the cost of the charger, up to \$25,000.00 per EVSE	8
65 kW	50% of the cost of the charger, up to \$25,000.00 per EVSE	1
Total 1,097 kW	Total Capped Rebate Amount of up to \$225,000.00	9

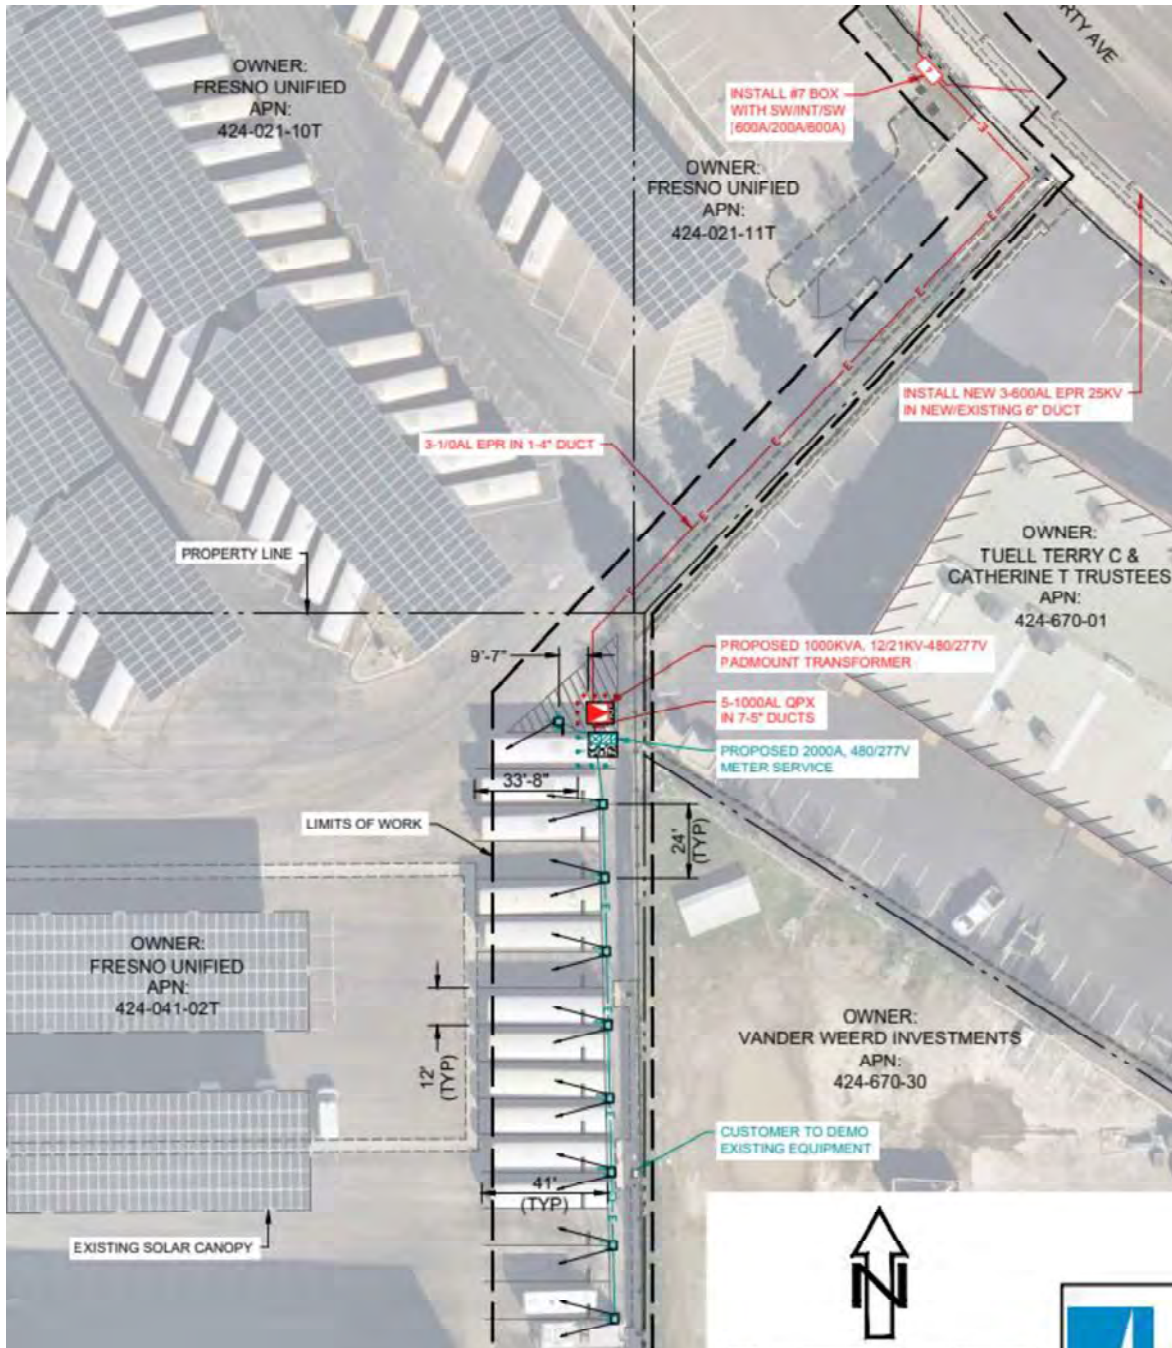

As a reminder, to participate in the EV Fleet program, your EV chargers, also known as EV supply equipment, at a minimum must meet the EV Fleet Program Data Reporting requirements outlined in Appendix A and the Safety Checklist requirements outlined in Appendix B. In addition, the EV chargers must at least meet the following network communications requirements:

- Electric Vehicle Supply Equipment (EVSE) shall have metering capability through an internal device and shall be able to measure power and usage parameters to enable reporting of the metrics in the Contractor Requirement section.
- After loss of power, provided the EVSE connector to vehicle has not been removed, the EVSE shall return to its post-configuration state (i.e., shall persist communication and registration configurations. This does not include continuing user sessions when authorization is required to start a session).
- EVSE shall provide a reset option, which returns the device to its pre-charge state (e.g., card or message-not user accessible).

Preliminary Design

The preliminary design for your project is below and has also been provided as a PDF along with this contract. Please note that any requests to change the scope of the project may result in redesign costs to you of up to \$15,000 per request. Examples of changes to scope include requests to modify the number or type of charger being deployed or modify the location of the meter.

PG&E may opt to utilize existing infrastructure, including existing conduit, in order to minimize project costs as indicated by the word "existing" on any components on the Preliminary Design.

Re: Electric Vehicle Deployment Commitment for Fresno Unified School District

Dear Pacific Gas and Electric Company,

Fresno Unified School District and PG&E have worked together and agreed on a contract under which Fresno Unified School District purchases electric fleet vehicles and PG&E performs make-ready infrastructure work and, if qualified, provides EV charger rebates and infrastructure incentives.

Fresno Unified School District has received approval from our internal decision makers and commits to purchase **17** electric vehicles by December 31, 2028. We plan to purchase and deploy the vehicles during the following timeline:

Electric Vehicle Deployment Schedule						
Description	2024	2025	2026	2027	2028	Total
School Bus	6	2	2	2	1	13
Medium Duty Vehicle	0	0	0	2	2	4

By signing the Letter of Commitment and the Contract, Fresno Unified School District understands that, in accordance with the section titled '**Vehicle Purchase Plans**', Fresno Unified School District is responsible for realizing the number and type of EV Fleet vehicles that have been indicated in Exhibit A of the aforementioned Contract regardless of the decision of granting agencies. These vehicles will be domiciled at 4498 N. Brawley Ave., Fresno, CA 93722.

If Fresno Unified School District does not put into operation the number of vehicles stated in the section above, PG&E in its sole discretion may require Fresno Unified School District to reimburse PG&E for costs incurred by PG&E associated with PG&E's reliance on my commitment to install infrastructure, such as costs of equipment, site design, and installation.

EV Fleet Program Terms and Conditions (“Contract”)

Definitions

As used in this Contract, the following terms have the following meanings:

Disadvantaged Community: Census tracts in PG&E's service territory with a top quartile score according to California Environmental Protection Agency's CalEnviroScreen 3.0.

EV Service Connection: Traditional utility infrastructure from the utility distribution system to the meter, which may include but is not limited to cable, conductors, conduit, transformers, and associated substructures from the utility distribution system. Also referred to as “To the Meter” (TTM) infrastructure.

EV Supply Infrastructure: Infrastructure from the meter (“but not including the meter”) to the parking space, which may include an electrical panel, cable, and conduit necessary to deliver power to the parking space. Also referred to as “Behind the Meter” (BTM) infrastructure.

Electric Vehicle Supply Equipment (EVSE): Equipment used for charging EVs. The conductors, including the ungrounded, grounded, and equipment grounding conductors, the electric vehicle chargers, connectors, attachment plugs, and all other fittings, devices, power outlets, or apparatuses installed specifically for the purpose of delivering energy from the Premises wiring to the electric vehicle.

EVSE Package: EVSE hardware, software, and network services.

EV Service Provider (EVSP): A company that provides EV charging solutions to Customer, including but not limited to network services, billing, and customer support.

Operation and Maintenance (O&M): O&M includes, but is not limited to, network fees, resetting of breakers, replacement of parts, and associated services necessary to keep the EVSE and/or EV Supply Infrastructure operational.

Premises: Premises includes all of the real property and apparatus employed in a single enterprise on an integral parcel of land undivided, excepting in the case of industrial, agricultural, oil field, resort enterprises, and public or quasi-public institutions, by a dedicated street, highway or public thoroughfare or railway. Automobile parking lots constituting a part of or adjacent to a single enterprise may be separated by an alley from the remainder of the Premises served. All Premises must be reviewed by PG&E to determine where service could be provided and at what cost. PG&E may agree to include some or all of the Premises in the EV Fleet Program. Multiple Premises may be listed in Exhibit A.

Rate Plan: The PG&E electric rate that Customer pays for using EVSE. Detail on PG&E rates and eligibility criteria can be found at www.pge.com/tariffs.

Customer: The entity participating in the EV Fleet Program that owns, leases, or manages the Premises where the EVSE Packages are installed. Customer will receive the bill for the energy delivered to the EVSE Package.

Specific Terms

Acknowledgement and Term: All parties agree to abide by the terms and conditions of this Contract for participation in the EV Fleet Program (part of California Public Utilities Commission, or “CPUC”, Decision Number 18-05-040 issued May 31, 2018), including all requirements included by reference. The duration of this Contract (the “Term”) will commence on the date Customer's EVSE Package becomes operational and will continue in effect for ten (10) years thereafter (unless otherwise earlier terminated pursuant to the terms herein). PG&E will inform Customer in writing when the EVSE Package becomes operational.

Ownership: Customer has two options for ownership of EV Supply Infrastructure. Ownership of other components is listed below for reference. Sections in this Contract labeled “Customer Owned EV Supply Infrastructure” or “PG&E Owned EV Supply Infrastructure” will apply depending on the ownership option a Customer selects. Customer should indicate their ownership option in the Cover Letter provided to the customer. All other terms are common to both ownership options.

EV Service Connection: PG&E always constructs, owns, operates, and maintains the EV Service Connection when necessary. PG&E may opt to utilize existing infrastructure, including customer-owned conduits, in order to minimize project costs. This will be indicated in the accompanying Preliminary Design. In some cases, the customer may opt to use an existing service connection, in which case no work will be completed by PG&E.

EV Supply Infrastructure: Customer may have two options for EV Supply Infrastructure ownership:

1. **PG&E Owned:** PG&E constructs, owns, and maintains the EV Supply Infrastructure. PG&E covers costs in accordance with CPUC requirements.
2. **Customer Owned:** Customer is responsible for construction and maintenance of EV Supply Infrastructure and receives an incentive in accordance with CPUC requirements.

EV Supply Equipment (EVSE): Customer always installs, owns, operates, and maintains the EVSE.

High level EV infrastructure configuration and terminology

Selection of EVSE Package: Upon approval of application by PG&E, Customer shall select and procure an EVSE Package from the PG&E approved product list. PG&E will share approved product list with Customer. Customer shall install, operate, and maintain the number and type of the EVSE Package, associated equipment, and signage as selected by Customer and approved by PG&E. Customer acknowledges that PG&E makes no representations regarding manufacturers, dealers, contractors, materials, or workmanship of the EVSE Package. Customer agrees that PG&E has no liability whatsoever concerning the quality and safety of such EVSE Package. At PG&E sole discretion, Customer may use an EVSE Package that is not on the approved product list. If EVSE Package is not on the approved product list, EVSE Package must be compliant with minimum requirements. These minimum requirements are attached to this Contract, as applicable. In addition to these requirements, EVSE Package must be ISO15118-ready, with the exception of equipment that will be used to charge off-road vehicles. Customer agrees to provide all information requested by PG&E about non-approved EVSE Packages, including but not limited to technical and safety specifications.

EVSE Rebate: Customer may qualify for a rebate of EVSE, in accordance with the CPUC requirements. Rebate amounts will vary in accordance with the CPUC requirements. Rebates will be paid after (1) Customer provides proof of purchase of EVSE Package, (2) at PG&E discretion PG&E inspects the installation of the EVSE and the physical location, and (3) the EVSE is operational. Any EVSE acquired after the EV Fleet Program implementation window (currently 2026) will not be eligible for rebate.

Additional Services from EVSP: Separate and apart from the application and PG&E's obligations under the EV Fleet Program, the EVSP selected by Customer may offer and contract directly with the Customer to provide any additional or complementary services, as long as these services do not interfere with the objectives of the EV Fleet Program as fully described in the CPUC decision. The costs of additional EVSP services, and any cost related to O&M of any additional EVSP services, will not be borne by PG&E, unless they are complementary services necessary to support the EV Fleet Program objectives and are approved by PG&E in writing.

EV Drivers' Right to Access: Customer shall not restrict access to or use of the EVSE for reasons including, but not limited to, race, color, religion, age, sex, national origin, ancestry, physical or mental disability, or any basis prohibited by applicable law. However, Customer may decide to make the EVSE available only to its employees, tenants, or lessors; under the terms of the EV Fleet Program, Customer decides whether to make the EVSE available to other 3rd parties.

Accessibility Requirements: The installation of the EVSE and EV Service Connection is required to comply with the Americans with Disabilities Act (ADA) and California Building Standards. Customer understands and accepts that such standards may impact parking layouts and reduce the number of non-accessible parking spaces available. Customer understands and accepts that changes to initial design representations may occur during the design, construction, and operational phases of the EVSE as may be dictated by design constraints, by law or regulation, or by local jurisdictional authorities.

Easement Requirement: An easement may be required to maintain PG&E owned facilities. PG&E will use existing easements when possible to minimize encumbrances on Customer property. If a new easement is required, access rights will follow standard utility requirements for providing electrical service. PG&E will determine if a new easement is required when Customer application is evaluated and will communicate that to Customer. If Customer does not wish to grant an easement for one or more Premises, PG&E may remove those Premises from the EV Fleet program. If Customer accepts easement requirements, Customer agrees to grant PG&E an easement for the installation of EV Service Connection and EV Supply Infrastructure. If the EV Service Connection must cross property owned by a third party to serve Customer, PG&E may, at its option, install such EV Service Connection after appropriate rights of way or easements, satisfactory to PG&E, are obtained without cost to PG&E. Customer is responsible for coordinating attainment of any easements. Customer agrees to sign and return easement to PG&E within 30 days of receipt. If the Customer does not respond within 30 days, PG&E reserves the right to rescind Customer's participation in the EV Fleet Program and recover all costs incurred. Upon termination of the Contract, PG&E shall upon written demand therefore execute and deliver to Customer a good and sufficient quitclaim of said easement and right of way or such portion thereof conveyed in this document, at Customer expense.

EVSE O&M: The Customer is required to maintain the EVSE for the Term. Customer will pay all O&M costs associated with the EVSE. Customer shall maintain a consistent uptime at the direction of PG&E for EVSE installed. Customer shall maintain the common area improvements immediately surrounding the EVSE in good condition, ordinary wear and tear excepted, and will promptly notify PG&E of any problems it is aware of related to the EVSE. Such maintenance by Customer of the immediately surrounding common areas shall include, but not be limited to, pavement maintenance and snow removal services, if applicable. Uninterrupted service is not guaranteed, and PG&E may interrupt service when necessary to ensure safety or to perform maintenance on PG&E owned infrastructure. PG&E will use reasonable efforts to notify Customer in advance of interruptions to service, planned maintenance, and physical access to Premises. Customer will immediately shut down chargers if there is a safety issue.

Billing: Customer will be the PG&E Customer and will be served according to the applicable Rate Plan. As the Customer, Customer will be responsible for paying the PG&E bill.

Compensation: Under no conditions shall Customer or EV Drivers receive compensation of any kind (including but not limited to: cash, in-kind services, or otherwise) for any duties or requirements provided for in this Contract or for participation in any way as part of the EV Fleet Program, including but not limited to: easements, use of data for lawful purposes, loss of business activity during construction or maintenance activities, or any other inconvenience or loss, without limitation, related to participation.

Changing Rate Plan: Customer may change Rate Plan during the Term but must remain on a retail PG&E rate for the duration of the Term. If Customer switches to a non-retail PG&E rate during the Term, Customer shall bear the full cost and sole expense, as circumstances may dictate, for losses incurred by PG&E on behalf of ratepayers, such as pro-rated costs of equipment, site design, and installation.

Reliability: PG&E does not guarantee uninterrupted service. Customer may pursue options to ensure that any impact to Customer operations from potential loss of power is sufficiently mitigated. Customer is responsible for the cost of any supplemental solutions to improve reliability.

Expansion of EVSE Installation: Customer may add more charging ports to their installation in the future, in accordance with the provisions of CPUC filed tariffs such as Electric Rule 16. Customer must coordinate with PG&E prior to any approved installation extension. Any installations or related work performed outside of EV Fleet program will be at Customer's expense and its liability.

EVSE Replacement: Customer may replace their EVSE during the Term. Customer must notify PG&E ahead of replacement to ensure infrastructure can accommodate the additional load and new EVSE complies with necessary CPUC requirements for the program. If adequate infrastructure does not exist, Customer must request increased capacity in accordance with the provisions of CPUC filed tariffs such as Electric Rule 16. Any replacements will be at Customer's expense and its liability.

Vehicle Purchase Plans: PG&E will work with Customer to understand its fleet electrification plans and may install infrastructure to support future vehicle purchases. In Exhibit A, Customer will provide the number, type, and charging levels of electric vehicles that will be used at the Premises over time to justify the requested infrastructure. At PG&E discretion, during the Term PG&E may request evidence that Customer is operating these vehicles and associated charging in accordance with its electrification plan. If Customer is not operating vehicles consistent with its electrification plans, at PG&E discretion, Customer may be responsible for PG&E costs associated with installing the excess infrastructure. This includes costs, as circumstances may dictate, for losses incurred by PG&E on behalf of ratepayers, such as costs of equipment, site design and installation. Customer may, at any time within the Term request from PG&E projected and final costs associated with this. If Customer wishes to change its plan, Customer must provide a modified plan to PG&E. This modified plan must be mutually agreed upon by PG&E and Customer. Customer may opt to replace these vehicles with similar equipment but must operate the number and type of vehicles outlined in the electrification plan. Vehicles that are leased must be replaced with similar equipment upon termination of the lease duration.

If Customer is not the party responsible for purchasing or leasing the vehicles indicated in Exhibit A, they will acquire and provide such proof from the responsible party including the number, type, and charging levels of electric vehicles that will be used at the Premises over time to justify the requested infrastructure. Customer is responsible to provide evidence of vehicle operation and associated charging during this term in accordance with the indicated electrification plans. If vehicles are not operating consistent with the indicated electrification plans, at PG&E discretion, Customer may be responsible for PG&E costs associated with installing the excess infrastructure. This includes costs, as circumstances may dictate, for losses incurred by PG&E on behalf of ratepayers, such as costs of equipment, site design, and installation.

Project Scope: Customer acknowledges that:

- Customer agrees to the high-level project scope listed in Exhibit A;
- Upon execution of this Contract, PG&E will begin incurring design fees and costs as Customer project moves forward;
- If Customer withdraws from the program, then PG&E reserves the right to recover all fees and costs incurred by it and its subcontractors after the execution of this Contract including, but not limited to, design cost, site walk costs, etc.;
- PG&E will conduct a site walk;
- If the existing infrastructure or physical site or equipment is substantially different than anticipated or described, then PG&E will make reasonable effort to redesign the project in a manner acceptable to both parties, but reserves the right to cancel Customer participation in the program; and
- If Customer does not submit required documentation (e.g., signed easement if needed) in a timely manner, then PG&E may grant extensions by request but reserves the right to waitlist Customer application and/or cancel participation in the program.

External Funding Sources: Customer understands that the total infrastructure and EVSE rebate and incentive amounts the Customer receives from all sources, which may include but is not limited to, utilities, state programs, manufacturer, retailer, or otherwise, cannot exceed Customer's total cost of purchasing the EVSE, installing the EVSE, and constructing the EV Supply Infrastructure.

Customer agrees to keep records of all infrastructure and EVSE incentives and rebates received for Customer's EV Fleet project. Customer understands that PG&E may request and review said records up to one year after project completion date. If rebates and incentives received exceed incurred project cost, PG&E may inform all other funding sources, which may include but is not limited to, utilities, state programs, manufacturer, retailer, or other, of the violation, including the name of the Customer, a description of the project, and details regarding the excessive rebates and incentives.

Customer Owned EV Supply Infrastructure Section

EV Supply Infrastructure Incentive: Customer qualifies for an incentive towards the cost of EV Supply Infrastructure if they choose to own and maintain the EV Supply Infrastructure. Incentive amounts will vary in accordance with the CPUC requirements. Incentive will be paid after (1) Customer provides proof of actual EV Supply Infrastructure construction cost, (2) EV Supply Infrastructure construction is complete, (3) the EVSE is operational.

Installation of EV Service Connection: PG&E and/or its contractors shall design and construct the EV Service Connection in compliance with the terms of this Contract, as well as all applicable local, state, and federal laws and regulatory

requirements. Customer is responsible for providing all disclosures, including but not limited to hazardous materials located at the site of the installation. If an easement is required, PG&E will provide a preliminary layout of proposed facilities to Customer prior to preparation of easement for Customer review and approval; such approval will not unreasonably be withheld. The easement will be executed and recorded in favor of PG&E so that PG&E may access the EV Service Connection as needed. It will be the Customer's responsibility to provide a preliminary design of the EV Supply Infrastructure and associated electrical loads so that PG&E can provide the associated EV Service Connection design. PG&E and Customer will approve final design prior to construction beginning. Once design is approved, no material changes will be made without approval from PG&E and Customer. After the EVSE is operational, Customer may request a copy of "as built" designs, which will be provided by PG&E.

Installation of EV Supply Infrastructure: The Customer and/or its contractors shall construct the EV Supply Infrastructure and install the EVSE in compliance with the terms of this Contract, as well as all applicable local, state, and federal laws and regulatory requirements, including PG&E requirements found at www.pge.com/greenbook. The Customer is responsible for (i) the costs to construct the EV Supply Infrastructure, (ii) the purchase of the EVSE Package, and (iii) installation of the EVSE. After the EVSE is operational, Customer receives incentive for EV Supply Infrastructure in accordance with terms of this Contract.

EV Supply Infrastructure O&M: If Customer owns the EV Supply Infrastructure, Customer is responsible for O&M of the EV Supply Infrastructure for the Term. Customer will pay all O&M costs associated with the EV Supply Infrastructure. Customer shall maintain the common area improvements immediately surrounding the EV Supply Infrastructure in good condition, ordinary wear and tear excepted, and will promptly notify PG&E of any problems it is aware of related to the EV Supply Infrastructure. Such maintenance by Customer of the immediately surrounding common areas shall include, but not be limited to, pavement maintenance and snow removal services, if applicable. Uninterrupted service is not guaranteed, and PG&E may interrupt service when necessary to ensure safety or to perform maintenance. PG&E will use reasonable efforts to notify Customer in advance of interruptions to service, planned maintenance, and physical access to Premises.

Access to Customers Premises: PG&E shall at all times have the right to enter and leave the Customer's Premises for any purpose connected with the furnishing of electric service to the EV Service Connection (meter reading, inspection, testing, routine repairs, replacement, maintenance, vegetation management, emergency work, etc.) and the exercise of any and all rights secured to it by law, or under PG&E's applicable tariff schedules. If Customer does not grant PG&E reasonable access to the Premises, then PG&E may deenergize the EV Service Connection until access is granted. PG&E will work closely with Customer to ensure this access does not unreasonably interfere with Customer's property or operations.

End of Term: At the end of the Term, the Customer will have the following options:

1. Continue operating EVSE and EV Supply Infrastructure
 - o Customer has continued responsibility for O&M of EVSE and EV Supply Infrastructure.
 - o If an easement was required for installation, easement remains in place.
 - o PG&E continues to own EV Service Connection and will treat this under the standard provisions of CPUC filed tariffs such as Electric Rule 16.
2. Stop operating EVSE and EV Supply Infrastructure
 - o Remove the EVSE and/or EV Supply Infrastructure at Customer's cost and expense.
 - o If an easement was required for installation, PG&E will deliver a quitclaim for the easement and the easement will be removed.
 - o PG&E will require access to any energized PG&E facilities. If EV Service Connection serves other load or assets, for example building load or solar, PG&E continues to own EV Service Connection and will treat this under the standard provisions of CPUC filed tariffs such as Electric Rule 16. If EV Service Connection serves only the EVSE installed under this Contract, PG&E will deenergize EV Service Connection and abandon facilities in place.

PG&E Owned EV Supply Infrastructure Section

Installation of Equipment: PG&E and/or its contractors shall design and construct the EV Service Connection and EV Supply Infrastructure in compliance with the terms of this Contract, as well as all applicable local, state, and federal laws and regulatory requirements. Customer is responsible for providing all disclosures, including but not limited to hazardous materials located at the site of the installation. If an easement is required, PG&E will provide a preliminary layout of proposed facilities to Customer prior to preparation of easement for Customer review and approval; such approval will not unreasonably be withheld. The easement will be executed and recorded in favor of PG&E so that PG&E may access the EV Service Connection and EV

Supply Infrastructure as needed. After Customer approval of the preliminary design, PG&E will coordinate with the Customer if there are any proposed material changes. A final design with no material changes from the agreed upon design will be provided by PG&E prior to any installation activities. PG&E and Customer will approve final design prior to construction beginning. Once design is approved, no material changes will be made without approval from PG&E and Customer. An estimated installation schedule shall be provided by PG&E after execution of required easement and timely selection of EVSE Package. Should the installation schedule require modification, PG&E shall notify Customer within a reasonable amount of time of such changes. PG&E is responsible for the costs to construct the EV Supply Infrastructure. The Customer is responsible for (i) the purchase of the EVSE Package and (ii) installation of the EVSE. Upon completion of installation of the EVSE, the Customer understands and acknowledges that it will be responsible for the O&M of the EVSE installed through the EV Fleet Program. After the EVSE is operational, Customer may request a copy of "as built" designs, which will be provided by PG&E.

EV Supply Infrastructure O&M: If PG&E owns the EV Supply Infrastructure, PG&E is responsible for O&M of the EV Supply Infrastructure for the Term. PG&E will pay all O&M costs associated with the EV Supply Infrastructure. Customer shall maintain the common area improvements immediately surrounding the EV Supply Infrastructure in good condition, ordinary wear and tear excepted, and will promptly notify PG&E of any problems it is aware of related to the EV Supply Infrastructure. Such maintenance by Customer of the immediately surrounding common areas shall include, but not be limited to, pavement maintenance and snow removal services, if applicable. Uninterrupted service is not guaranteed, and PG&E may interrupt service when necessary to ensure safety or to perform maintenance. PG&E will use reasonable efforts to notify Customer in advance of interruptions to service, planned maintenance, and physical access to Premises.

Access to Customers Premises: PG&E shall at all times have the right to enter and leave the Customer's Premises for any purpose connected with the furnishing of electric service to the EV Service Connection (meter reading, inspection, testing, routine repairs, replacement, maintenance, vegetation management, emergency work, etc.) and the exercise of any and all rights secured to it by law, or under PG&E's applicable tariff schedules. If Customer does not grant PG&E reasonable access to the Premises, then PG&E may deenergize the EV Service Connection until access is granted. PG&E will work closely with Customer to ensure this access does not unreasonably interfere with Customer's property or operations.

End of Term: At the end of the Term, the Customer will have the following options:

1. Continue operating EVSE
 - o Customer has continued responsibility for O&M of EVSE.
 - o If an easement was required for installation, easement remains in place.
 - o PG&E continues to own EV Service Connection and EV Supply Infrastructure and will treat these under the standard provisions of CPUC filed tariffs such as Electric Rule 16.
2. Stop operating EVSE
 - o Remove the EVSE at Customer's cost and expense.
 - o If an easement was required for installation, PG&E will deliver a quitclaim for the easement and the easement will be removed.
 - o PG&E will require access to any energized PG&E facilities. If EV Service Connection and/or EV Supply Infrastructure serves other load or assets, for example solar, PG&E continues to own EV Service Connection and/or EV Supply Infrastructure and will treat these under the standard provisions of CPUC filed tariffs such as Electric Rule 16. If EV Service Connection and/or EV Supply Infrastructure serves only the EVSE installed under this Contract, PG&E will deenergize EV Service Connection and EV Supply Infrastructure and abandon facilities in place.

General Terms

Permission to Use Data: Customer agrees to allow PG&E and its agents and representatives to use data gathered as part of the EV Fleet Program (including usage data from the EVSE and EVSE performance data supplied directly to PG&E from the EVSP) ("Usage Data") for use in regulatory reporting, ordinary business use, industry forums, case studies, or other similar activities, in accordance with applicable laws and regulations. Usage Data furnished to PG&E by the EVSP will not include any personal information as defined for the purposes of California privacy laws (including the California Privacy Rights Act, as amended ("CPRA")). Any such personal data will be deidentified (as defined by CPRA) before it is provided to PG&E. Notwithstanding the foregoing, Customer acknowledges that PG&E is required to disclose location data at census tract or 5-digit zip code level as part of its regulatory obligations to report aggregate data. Although such locations will not be identified as Customer locations in the aggregated and anonymous data disclosed by PG&E, a third party could potentially associate Customer with disclosed locations by reference to other facts and data sources.

Representations: Customer understands that its participation in EV Fleet Program shall not be construed as creating any agency, partnership, or other form of joint enterprise between the Customer, PG&E, or their affiliates, contractors, vendors, representatives, or designees, nor create any obligations or responsibilities on their behalf except as may be expressly granted in writing, nor make any representations of any kind to this effect. Customer represents and warrants that it is either (i) the fee title owner and has the ability to grant an easement (if required), or (ii) it is the authorized manager of the proposed EV Fleet Program site working with the fee title owner, it has the power, authority, and capacity to bind itself to undertake the EV Fleet Program terms and conditions and to perform each and every obligation required of Customer, and such fee title owner has the ability to grant an easement (if needed).

Changes: PG&E may initiate changes to the EV Fleet Program as necessary to comply with CPUC directives. PG&E shall endeavor to provide Customer with advance notice of any such changes. Customer has the option to opt out of the Program subject to section "Customer Removal or Termination" below.

Compliance with Laws: All parties shall comply with all applicable federal, state, and local statutes, rules, regulations, laws, orders, and decisions that relate to or govern its participation in the EV Fleet Program and/or Customer's interactions with customers in connection with the EV Fleet Program.

Failure to Comply with Terms and Conditions: Without limitation, and to the greatest extent allowed by law, PG&E and Customer reserve the right to seek damages and recovery for losses incurred due to any breach of this Contract on the part of Customer or PG&E, whether intentional or unintentional.

Relocations: Should Customer request relocation of EVSE or parts thereof, such relocation shall be per mutually agreeable terms and shall be at sole expense of Customer and in accordance with any EV Fleet Program requirements, laws, regulations, or other applicable jurisdictional requirements. Additionally, if applicable and requested by PG&E, Customer shall either amend the easement to include the legal description of the new location or enter into a new easement with PG&E.

PG&E Termination or Suspension: PG&E may terminate, or for any duration suspend, Customer's participation in the EV Fleet Program, with or without cause, at any time, and for any reason, with reasonable advance notice. Such reasons may include but are not limited to failure to provide or maintain terms of easement, failure to abide by EV Fleet Program terms and conditions, permitting issues, exceptional installation costs, environmental concerns, or any other reason(s) not in the best interests of the EV Fleet Program or PG&E's ratepayers.

Customer Removal or Termination: Should Customer request removal or termination of EVSE or parts thereof prior to expiration of the Term, then Customer shall bear the full cost and sole expense of such removal as well as all fees and costs, as circumstances may dictate, for losses incurred by PG&E on behalf of ratepayers, such as pro-rated costs of equipment, site design, and installation. Customer may, at any time within the Term, request from PG&E projected and final costs associated with such a removal request. Such costs will include all amounts paid by PG&E, divided equally over a ten-year period (e.g., if amounts total \$100k and Customer leaves after 1 year it is responsible for \$90k). If the Customer wishes to assign its rights and obligations of this Contract to a new Customer prior to the expiration of the Term, the new Customer may assume all rights and obligations for the remaining Term with PG&E consent. Such consent not to be unreasonably withheld.

Indemnification: Customer shall indemnify, hold harmless, and defend PG&E, its affiliates, subsidiaries, parent company, officers, managers, directors, agents, and employees, from and against all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise), which arise from or are in any way connected with any: (i) injury to or death of persons, including but not limited to employees of PG&E or Customer; (ii) injury to property or other interests of PG&E, Customer, or any third party; (iii) violation of a local, state, or federal common law, statute, or regulation, including but not limited to environmental laws or regulations; or (iv) strict liability imposed by any law or regulation; so long as such injury, violation, or strict liability (as set forth in (i) - (iv) above) arises from or is in any way connected with Customer's performance of, or failure to perform, this Contract. This indemnification obligation shall not apply to the extent that such injury, loss, or damage is caused by the negligence or willful misconduct of PG&E, its officers, managers, or employees.

Customer shall, on PG&E's request, defend any action, claim, or suit asserting a claim which might be covered by this indemnity, using counsel acceptable to PG&E. Customer shall pay all costs and expenses that may be incurred by PG&E in enforcing this indemnity, including reasonable attorney's fees. To the extent necessary, each Party was represented by counsel in the negotiation and execution of this Contract. PG&E represents and warrants that it has indemnification language in its contract with any third party who PG&E may send to perform work on Customer's physical site. PG&E agrees to work closely with Customer on any concerns that may arise related to the party who will perform work on Customer's physical site.

Insurance Requirements: Customer shall procure, carry, and maintain the following insurance coverage, and Customer is also responsible for its Subcontractors maintaining sufficient limits of the appropriate insurance coverage:

A. Personal Liability

1. The limit shall not be less than One Million Dollars (\$1,000,000) each occurrence for bodily injury, property damage and personal injury.
2. Coverage shall: a) By "Additional Insured" endorsement add as insureds PG&E, its directors, officers, agents, and employees with respect to liability arising out of work performed by or for the Customer; b) Be endorsed to specify that the Customer insurance is primary and that any insurance or self-insurance maintained by PG&E shall not contribute with it.

B. Workers' Compensation and Employers' Liability

1. Workers' Compensation insurance or self-insurance indicating compliance with any applicable labor codes, acts, laws, or statutes, state or federal, where Customer performs Work.
2. Employers' Liability insurance shall not be less than \$1,000,000 for injury or death in each accident.

C. Commercial General Liability

1. Coverage shall be at least as broad as the Insurance Services Office (ISO) Commercial General Liability Coverage "occurrence" form, with no coverage deletions.
2. The limit shall not be less than \$1,000,000 each occurrence for bodily injury, property damage and personal injury.
3. Coverage shall: a) by "Additional Insured" endorsement add as insureds PG&E, its affiliates, subsidiaries, and parent company, and PG&E's directors, officers, agents, and employees with respect to liability arising out of or connected with the Work performed by or for the Customer. (ISO Form CG2010 or equivalent is preferred.) In the event the Commercial General Liability policy includes a "blanket endorsement by contract," the following language added to the certificate of insurance will satisfy PG&E's additional insured requirement: "PG&E, its affiliates, subsidiaries, and parent company, and PG&E's directors, officers, agents, and employees with respect to liability arising out of the work performed by or for the Customer are additional insureds under a blanket endorsement."; b) be endorsed to specify that the Customer's insurance is primary and that any insurance or self-insurance maintained by PG&E shall not contribute with it.

D. Documentation Requirements

1. Customer shall have all insurance in place before beginning any Work. Upon request, Customer shall furnish PG&E with certificates of insurance, declaration pages and endorsements (collectively, "Documentation") of all required insurance. Documentation shall be signed and submitted by a person authorized by that insurer to issue certificates of insurance and endorsements on its behalf.
2. The insurer shall deliver notification to PG&E in accordance with the policy provisions if any of the above-described policies are cancelled before the stated expiration date.
3. PG&E may inspect the original policies in Sections A or B or require copies at any time. Customer/Owner may redact non-essential exposure information from copies.
4. The minimum liability insurance requirements established in this Contract are not a representation by PG&E that the insurance limits are sufficient, nor do these requirements in any way limit Customer's liability under this Contract.
5. Upon request, Customer shall furnish PG&E the same evidence of insurance for its Subcontractors as PG&E requires of Customer.

Dispute Resolution: After attempting in good faith to resolve a dispute, a party may request mediation by written notice to the other Party. The mediation shall be conducted by a mutually-agreeable mediator with appropriate experience. All negotiations and any mediation conducted pursuant to this provision are confidential and shall be treated as compromise and settlement negotiations, to which Section 1119 of the California Evidence Code shall apply, and Section 1119 is incorporated herein by reference.

PG&E EV FLEET PROGRAM PARTICIPANT DATA REPORTING REQUIREMENTS

EV Fleet program participants are required to provide site, equipment, and utilization data for at least 5 years from the time chargers are operational. Sites are required to install chargers with Application Program Interface (API) communication capability.

Below are the data and metrics that may be collected by PG&E through the API. PG&E will contact EVSPs after EVSEs are activated to initiate API testing. Upon activation, Customer must give consent to their EVSP to provide API data to PG&E and its agents and representatives.

Customer agrees to receive and respond to customer surveys throughout the project lifecycle including post-installation, upon request of PG&E or an associated party.

Off-road vehicles: Sites with off-road vehicles are excluded from API requirements but must install a separate meter that is dedicated for EV charging. In addition, due to the need for PG&E to report charger usage data to the CPUC, no form of generation or distributed generation (including solar and battery storage) may be installed onto this meter panel until five years after the date of project activation.

CPUC'S SAFETY REQUIREMENTS CHECKLIST FOR CPUC-APPROVED TRANSPORTATION ELECTRIFICATION PROGRAMS

SAFETY REQUIREMENTS CHECKLIST FOR CPUC-APPROVED TRANSPORTATION ELECTRIFICATION PROGRAMS

[Note: Each sponsoring utility must ensure that the following Pre-construction, Construction, and Operational standards are met and report on their compliance at quarterly Program Advisory Council meetings. These requirements are the minimum safety precautions the utilities should meet.]

Terminology Defined¹

Acronym	Definition
EV	Electric Vehicle
UL	Underwriters Laboratory
EVSE	Electric Vehicle Supply Equipment safely connects the AC electricity grid at a site to the EV. Sometimes used more broadly to refer to the charging equipment, not including the make- ready infrastructure or other charging infrastructure. May include multiple connectors to charge several EVs or to serve EVs with different types of connectors (e.g., SAE CCS and CHAdeMO)
SAE	Society of Automotive Engineers
ADA	Americans with Disabilities Act
AHJ	Authority Having Jurisdiction, as defined by Article 100 of the 2017 National Electric Code: An organization, office, or individual responsible for enforcing the requirements of a code or standard, or for approving equipment, materials, an installation, or a procedure. ²
J-1772 Standard	An SAE standard for electrical and physical interface to facilitate a safe connection from the EVSE for conductive charging

¹ See D.18-01-024 at Appendix A.

² 2017 NEC Article 100, Definitions, includes an informational note regarding AHJ: "The phrase 'authority having jurisdiction' or its acronym AHJ, is used in National Fire Protection Association (NFPA) documents in a broad manner, since jurisdictions and approval agencies vary, as do their responsibilities. Where public safety is primary, the authority having jurisdiction may be a federal, state, local, or other regional department or individual such as a fire chief; fire marshal; chief of a fire prevention bureau, labor department, or health department; building official; electrical inspector; or others having statutory authority. For insurance purposes, an insurance inspection department, rating bureau, or other insurance company representative may be the authority having jurisdiction. In many circumstances, the property owner or his or her designated agent assumes the role of the authority having jurisdiction; at government installations, the commanding officer or departmental official may be the authority having jurisdiction."

Acronym	Definition
Level 1 Charging	Charging via AC electrical connection at 120 volts and up to 16 amps, or 1.9 kW.
Level 2 Charging	Charging via AC electrical connection at 208 volts or 240 volts at up to 80 amps.
DC Fast Charging	Charging via DC electrical connection using off-board AC/DC equipment at a fast rate. Not all EVs have this connector.
CHAdMO and/or CCS Charging Connector Standards	There are three types of standard charging connectors for Direct Current Fast Charging. Vehicles capable of DC fast charging will have one of these ports on the vehicle. Other nonstandard connectors include Tesla and BYD. Most public DCFC currently deployed in California includes standard CHAdMO and/or CCS Type 1 charging connectors.
IOU(s)	Investor Owned Utility(ies)
EVITP Training	The Electric Vehicle Infrastructure Training Program provides electricians with training for the installation of EVSE. EVITP is a collaboration of industry stakeholders, including automakers, EVSE manufacturers, educational institutions, utility companies, and electric industry professionals. More information is available at https://evitp.org .
NRTL	Nationally Recognized Testing Lab

Pre-construction: These EV charging equipment safety requirements must be specified in procurement documents:

- Charging equipment must be certified by a Nationally Recognized Testing Lab (NRTL).
- Infrastructure must comply with applicable safety performance requirements associated with the type of TE infrastructure being installed.
 - For light-duty vehicles, compliance with the Society of Automotive Engineers (SAE) J-1772 Standard for Level 1 or Level 2 charging. Compliance with CHAdMO and CCS for DC fast charging would be appropriate evidence of compliance with this requirement.
 - For other types of TE infrastructure, including any non-standardized EVSE, the following basic connector safety measures will be required:
 - A passing EVSE safety performance evaluation report performed by a Nationally Recognized Testing Lab (NRTL);
 - When not connected, the vehicle inlet and the EVSE connector must be designed to prevent direct contact with any live components;
 - The vehicle inlet and EVSE connector shall be free of sharp edges and potentially injurious protrusions;
 - The coupler between the vehicle and the EVSE should avoid or mitigate any potentially hazardous conditions such as fires, electrical shock to users, or other personal injuries.
- Infrastructure and its planned installation must comply with California Electrical Code Article 625.¹
- Infrastructure and its planned installation must comply with the Americans with Disabilities Act (ADA), 42 U.S.C. § 12101 et seq., and California Building Code Chapter 11B,² if applicable, per the AHJ where the EVSE will be installed, unless the appropriate waiver is obtained from local authorities.

¹ California Electrical Code Article 625 covers Electric Vehicle Charging System safety and standards as installed in place. California Code of Regulations, Title 24, Article 625.

² California Building Code Chapter 2 includes definition associated with electric vehicle charging stations. CBC Chapter 11B defines requirements for 'Accessibility to Public Buildings, Public Accommodations, Commercial Buildings, and Public Housing.'

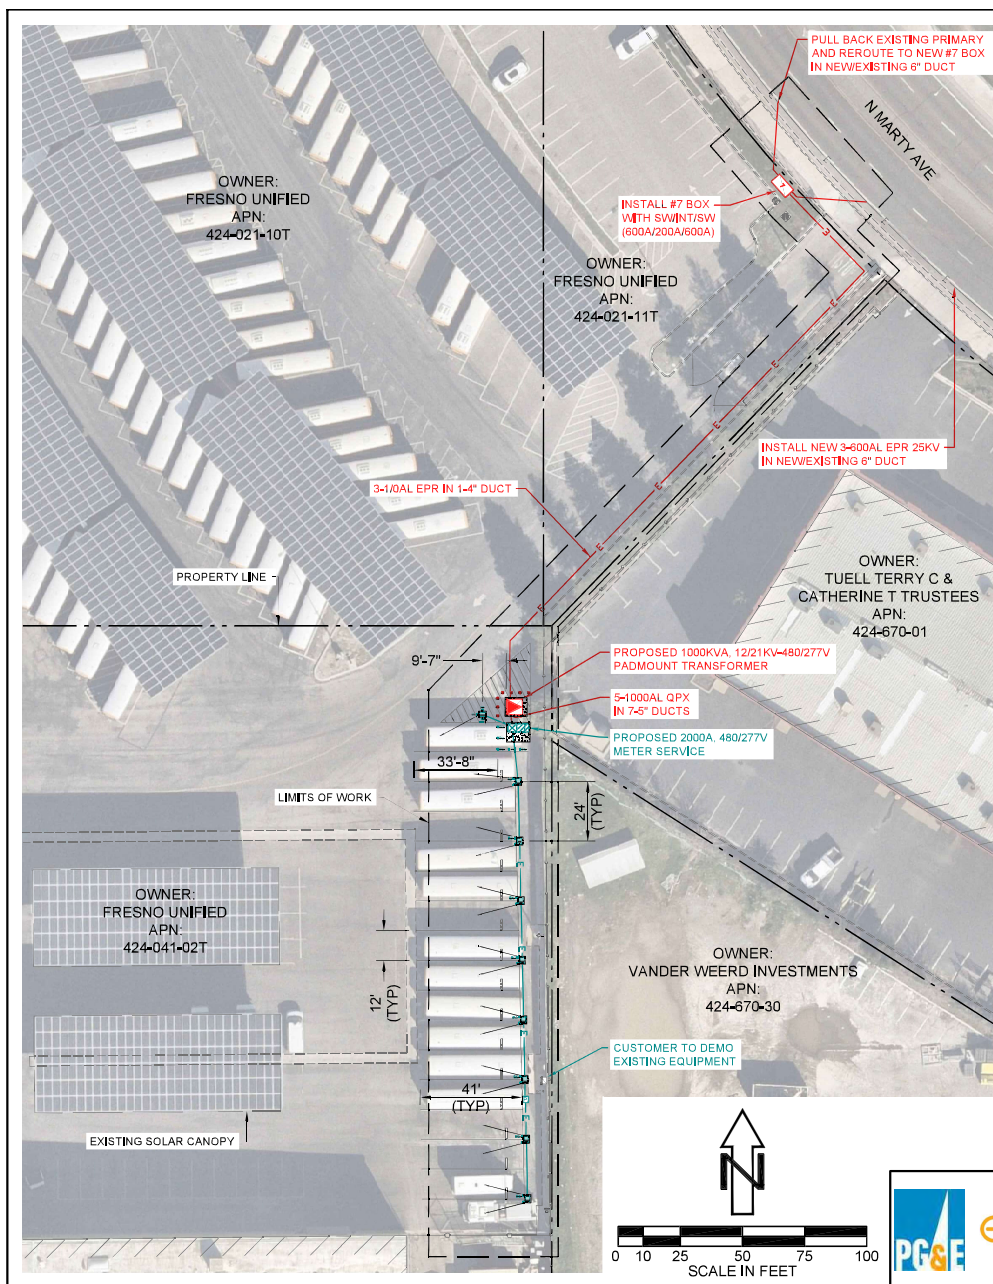

5. Outdoor-mounted EVSE must be rated to be installed for outdoor use.
6. For utility infrastructure work on the customer side of the meter, contractors must provide proof of EVITP Certification prior to construction.
7. Contractors must provide the utility proof of a full site assessment, including the appropriate load calculations to ensure existing infrastructure can accommodate additional EV load, or that appropriate infrastructure upgrades will be completed.

During Construction:

1. All utility infrastructure work on the customer side of the meter not performed by employees of the IOUs shall be performed by fully licensed electricians. For commercial installations, all electrical contractors should hold a valid C-10 contractor's license.
2. Installations will be designed per Article 625 of the California Electrical Code.

Operational Safety:

1. Overcurrent protection associated with utility transformers and distribution circuits that feed power to the charging stations.
2. Overcurrent protection in the meter pedestal/circuit breaker panel that feeds each of the charging stations.
3. Bollard equipment protection installed where appropriate as defined by utility design standards and AHJ requirements.
4. Concrete parking stops to protect equipment where appropriate as defined by utility design standards and AHJ requirements.

ACTION REQUESTED: Approve

(Adopt, Approve, Discuss, Receive)

TITLE AND SUBJECT: Approve Amendment to the Agreement with Delta Health Systems

ITEM DESCRIPTION: Included in the Board binders is an amendment to the agreement with Delta Health Systems (DHS), which provides medical claims administration services for the district's self-insured medical plans. Key responsibilities for DHS include processing medical claims, customer service support, managing participant eligibility, benefits administration, and providing website access to claims. In addition, DHS also provides eligibility, premium disbursements, and reconciliation services for the Kaiser Health Maintenance Organization (HMO) plan.

The amendment provides for the addition of processing claims for in- and out-of-network mental health and substance abuse claims to comply with Mental Health Parity laws enacted by the federal government. All medical claims administration services will be provided on a per-employee/early retiree per month (PEPM) fee. The additional cost to process is an additional \$0.51 PEPM, bringing the total amount to \$19.67 PEPM, an increase on the annual agreement of about \$100,000 per year. The rate includes online access to claims, eligibility and benefits, online monthly reports and ad hoc reporting, and Eligibility and premium collection.

These services align with the Joint Health Management Board's (JHMB) established goals and responsibilities for providing high-quality healthcare to active employees and retirees.

FINANCIAL SUMMARY: Sufficient funds in the amount of \$3,400,000 are available in the Health Internal Service Fund.

TITLE AND SUBJECT: Approve the 2024/25 School Plans for Student Achievement

ITEM DESCRIPTION: Approval is requested for the 2024/25 School Plans for Student Achievement (SPSA) and to distribute the following funding sources to each school:

- Local Control Funding Formula (LCFF) Supplemental and Concentration Funds – \$28.9 million
- Federal Title I Funds – \$7.7 million

Drafts of each School's Plan for Student Achievement can be found on the [Office of State and Federal's public website](#) prior to the Board Meeting on June 12. In addition, each school has a copy of the proposed SPSA. The following elements are of particular note:

- School Site Councils (SSC) are responsible for developing and approving the SPSA
- SPSAs are based on the analysis of data to identify the needs of students
- Plans include strategies to address performance gaps illuminated by the California School Dashboard and internal metrics as required by the state's accountability framework
- Site allocations are utilized for funding school practices and programs for students of need: low-income, English learners, and foster youth
- SPSAs are based on the Board's Strategic Plan outlining the District's Mission, Vision, Values, and Goals in alignment with the state priorities in the Local Control and Accountability Plan (LCAP)

The Office of State and Federal Programs provided training and support to schools, including budget development and review of statutory requirements of each plan. School Leadership provided guidance and feedback to schools in the development of the SPSA's. The department of Analysis, Measurement, and Accountability assisted with the needs assessment by supporting metric identification in alignment with the state dashboard and district goals.

The \$36.6 million in recommended resources for school level planning was presented to the Board of Education in January during the 2024/25 Budget Development Process.

FINANCIAL SUMMARY: All funding is included in budget allocations for each site.

TITLE AND SUBJECT: Ratify the Application Submission for Carl D. Perkins Funding

ITEM DESCRIPTION: Included in the Board binders are copies of 2024/25 Carl D. Perkins Applications for Funding. There are two separate applications, one each for the secondary and postsecondary (Adult School) Career and Technical Education programs.

The postsecondary application is a consortium between Fresno Adult School and Clovis Adult School. The California Department of Education allows an adult school to join with another adult school to form a consortium; each adult school contributes to the annual reporting requirements. Fresno Adult School is the lead fiscal agent. Consortium funding is shared between members of the consortium based on criteria as follows:

1. Joint Professional Learning opportunities for common Perkins funded pathway programs.
2. Identified Capital Outlay projects submitted by school for Perkins funded pathways.
3. Short-term program specific proposals submitted to the consortium for funding.
4. Support of special populations in a Perkins funded pathway.
5. School specific Perkins funded program support needs.

The Strengthening Career and Technical Education for the 21st Century Act (Perkins V) provides nearly \$1.3 billion in annual federal dollars to career and technical education for youth and adults. As a condition of receiving these funds, eligible recipients must submit a yearly online application that provides required descriptions and assurances related to the administration of funds.

Perkins funding is contingent upon approval of the online application and Board approval.

CHANGE ORDER

Item 1-01 Fremont ES - Revised Mounting Method For Heat Pump No. 6:

DESCRIPTION OF CHANGE:

Refer to Drawing Sheet No. M101, Heat Pump No. HP-6. Furnish all Labor, materials, and equipment to revise the mounting method per Detail 2/M800 indicated by Keynote No. 4 to mounting method per Detail 14/M800 (Keynote No. 5). All work shall be in accordance with the Contract Documents.

REASON FOR CHANGE:

After removal of the existing Heat Pump No. HP-6 from the wall, the lag bolts removed were extremely loose due to insufficient backing / blocking. It also appeared that the existing opening had been modified and supporting framing had been previously cut and compromised during a prior installation or HP replacement. Anchorage of the new HP-6 new attachments as required in Detail No. 2/M800 was not possible, so furnishing and installing new tube steel components per Detail 14/M800 was required.

General Comments Regarding the Proposed Budget for 2024/25

The 2024/25 Proposed Budget includes recommendations that continue to balance the Board of Education's investments in extensive student programs and supports, competitive employee compensation, prudent fiscal stewardship, addressing unfinished learning, and responding to the impacts of the pandemic. It also keeps at the forefront the Board's mission to nurture and cultivate the interests, intellect, and leadership of our students by providing an excellent, equitable education in a culturally proficient environment.

The assumptions outlined are based on guidance received from School Services of California (“SSC”), as well as the Governor’s May Revised Budget for 2024/25 (“the May Revise”) information:

- The Governor’s summary states “Emerging from the pandemic, the state’s economy has been resilient but has behaved in ways that have defied traditional forecasts and historical precedent.”
- “The May Revision includes significant spending cuts to government operations, reductions to programs and pauses of new investments.”
- “Immediate risks to the forecast remain driven by persistent inflation and elevated interest rates.”
- “If inflation takes longer to cool and interest rates remain high for longer than projected...could deepen the expected economic slowdown and push the economy into a mild recession.”
- A new term that is being discussed is Stagflation, “which occurs when there is simultaneous slow growth, high unemployment, and rising costs, is now a concern”.
- “The May Revision, and what will become the 2024-25 Enacted Budget in late June, has some risks. The risks noted by the Governor include the federal government tightening economic policy, underperformance of the stock market, and the volatility of California’s progressive tax structure and its reliance on a small group of high-income taxpayers.”
- The 2024/25 budget proposal relies on a combination of borrowing, deferring implementation of planned investments, and, in the case of K-12, reduction in one-time funding.
- The prior guidance in January 2024 from SSC projected the cost-of-living adjustments (COLA) as follows: 0.76% 2024/25, 2.73% in 2025/26, and 3.11% in 2026/27. Current guidance projects the funded COLAs as follows: 1.07% in 2024/25, 2.93% in 2025/26, and 3.08% in 2026/27. Furthermore, the proposed budget utilizes the average of the three prior years’ Average Daily Attendance (ADA) for Local Control Funding Formula (LCFF) funding. The LCFF assumptions include a 92% attendance rate in 2024/25, 2025/26, and 2026/27 and approximately 900 student enrollment decline in each year. These proposals equate to a decrease of \$12.6 million in 2024/25 (\$1.0 million from the January Governor’s Proposal due to final attendance for 2023/24 and increase COLA). Further increases are also projected of \$9.7 million and \$21.8 million in 2025/26, and 2026/27, respectively.
- The May Revise proposes California State Teachers’ Retirement System (CalSTRS) employer costs will remain at 19.10% in 2024/25, 2025/26 and 2026/27.
- The May Revise proposed California Public Employees’ Retirement System (CalPERS) employer costs have been updated from the Governor’s January Proposal at 27.80% in 2024/25, 28.50% in 2025/26, and 28.90% in 2026/27. This equates to an increase of \$1.8 million in 2024/25, and increases are projected of \$800,000 and \$1.0 million in 2025/26 and 2026/27, respectively.
- The Worker’s Compensation Rate is estimated to decrease by \$2.7 million to maintain the liability reserve at 90%.

In preparation of the 2024/25 Proposed Budget and with impacts of the pandemic and to estimate the 2023/24 ending balance. The Second Interim projected a net Unrestricted General Fund ending balance of \$134.0 million. The revised projected net Unrestricted General Fund ending balance is \$156.6 million. The difference of \$22.6 million is due mainly to the following components:

1. State Revenue

Recognize a decrease in transportation add-on revenue due to disallowance of transportation costs in restricted funds of (\$1.1 million)

2. Local Revenue

Recognize an increase in interest income of \$7.0 million, an increase in Medi-Cal Administrative Activities as one-time of \$1.8 million and increase in reimbursement of \$200,000. In addition, recognize the March 2024 unrealized loss reduction from -3.87% to -3.29% as one-time revenue of \$11.5 million. Total increase \$20.5 million

3. Salaries and Benefits

Recognize salary and benefits savings of \$2.9 million based on year-to-date expenditures.

4. Supplies, Services and Capital Outlay

Recognize a net savings of \$0.3 million in the following areas

- Utility savings – \$1.1 million
- Increased security contracts – (\$1.5 million)
- Increased translation contracts – (\$0.3 million)
- Savings of school site and department supplies – \$1.0 million

5. Contributions

- An increase in Special Education Speech Pathologist contracts of \$6.0 million
- An increase in Special Education Paraeducator contracts of \$1.0 million
- Utilization of one-time Medi-Cal funds to cover the Special Education Speech Pathologist and Paraeducator contracts of \$7.0 million.

Board of Education Designated Funds

The 2024/25 Proposed Budget includes a multi-year approach for utilization of one-time state and federal recovery resources to address the learning needs of students and the effects of the pandemic.

<u>Committed Fund Balance</u>	<u>2024/25</u>	<u>2025/26</u>	<u>2026/27</u>
• Future Textbook Adoption	\$ 17.8 million	\$ 9.0 million	\$ 9.0 million
• Pandemic Learning and Recovery	\$ 58.2 million	\$ 7.5 million	\$ 0.0 million

One-Time Recovery Funds

To date, the district has been awarded nearly \$770.0 million in one-time funding from various state and federal resources. These resources are intended to help districts navigate and respond to the impacts of the pandemic. The district's strategic planning of one-time resources has centered on providing increased student access to instructional and social-emotional interventions, reimagining facility and technology use, and redefining health and safety expectations. All funds are anticipated to be obligated by September 30, 2024.

2024/25 Proposed Budget

Local Control Funding Formula (LCFF) – As mentioned earlier, the 2024/25 Proposed Budget assumes a 1.07% COLA, which equates to a decrease of approximately (\$12.6) million, (\$8.6) million base, and (\$4.0) million supplemental/concentration. The decrease is due to continued declining enrollment and funded on the better of a prior three-year average. Enrollment is anticipated to decrease by 900 in 2024/25, 2025/26 and 2026/27.

Education Protection Account – As required by the passage of Proposition 30 in November 2012, a public hearing must be conducted to discuss and approve utilization of Education Protection Account (EPA) funds for 2024/25. This EPA public hearing may be conducted at the same time as the budget public hearing. All K-12 local agencies have the sole authority to determine how the funds are spent, providing salaries and benefits are not used for administrators or any other administrative costs (as determined through the account code structure).

In addition, it is required for the annual financial audit to include verification that EPA funds were used as specified by Proposition 30, and the additional cost of the audit would be an allowable expense from the EPA. If EPA funds are not expended in accordance with the requirements of Proposition 30, civil or criminal penalties could be incurred.

For 2024/25, the EPA funds are estimated to be 49% of the LCFF funds. This equates to \$222.0 million. All funds will be used to support teacher salary and benefit costs.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.19%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	66,341,569.07
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(3,101,200.43)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.08%) times Part III, Line B19); zero if negative	16,666,471.77
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.08%) times Part III, Line B19) or (the highest rate used to recover costs from any program (3.08%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	16,666,471.77
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	16,666,471.77

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

Unlike past surveys, the May-June 2024 survey included questions about the potential Statewide and State Center Community College District school bond measures before the Fresno Unified measure.

Draft Fresno Unified Bond Measure Ballot Question Tested in Survey

FRESNO UNIFIED SCHOOL DISTRICT SAFETY, CLASSROOM UPGRADE/ REPAIR/ OVERCROWDING MEASURE.

To attract/retain qualified teachers; reduce overcrowding; upgrade security/fire safety; remove lead paint/asbestos; provide safe drinking water; repair deteriorating gas lines, heating/air conditioning, leaky roofs; upgrade career education classrooms/labs; shall Fresno Unified School District's measure authorizing \$500,000,000 in bonds at legal rates, levying **(SPLIT SAMPLE C: "\$60 per \$100,000") (SPLIT SAMPLE D: "6¢ per \$100")** of assessed valuation, raising \$31,000,000 annually while bonds are outstanding be adopted, requiring public spending disclosure, oversight, all funds used locally?

Even following questions about two other bond measures that could also be on the ballot, there is a high and consistent level of support for a bond measure for Fresno Unified.

Support for the measure exceeds the 55% threshold in all Board Districts and is particularly strong in Districts 1 and 2.

Initial Fresno USD Vote by School Board Member District

Solid majorities of both homeowners and renters favor the measure.

Initial Fresno USD Vote by Residence

Leading themes about the measure are the need for repairs, improvement of career program classrooms, and the measure's fiscal accountability provisions.

■ Very Conv. ■ Smwt. Conv.

^(**REPAIRS**) Many Fresno Unified schools were built 60 to 72 years ago, and these outdated buildings need important health and safety repairs. Funds will be used to install air conditioning, fix deteriorating bathrooms and leaky roofs; remove asbestos and lead paint; provide safe drinking water; upgrade fire alarms and security systems; improve plumbing and electrical wiring to increase water conservation and energy efficiency; and make upgrades to meet current handicap accessibility and earthquake safety laws.

^(**CAREER**) This measure will upgrade and expand career and technical education programs, including agriculture, manufacturing, welding and metal working, mechanics, healthcare, technology skills training, and new careers in the green energy industry. This will ensure that local students who choose not to go to college have the opportunity to learn valuable job skills and can compete for good-paying jobs when they graduate high school.

^(**ACCOUNTABILITY**) This bond measure is subject to strict accountability requirements, including public disclosure of all spending, independent annual audits, review of all spending by an Independent Citizens' Oversight Committee and the requirement that no money can be spent on administrator salaries or pensions, and all funds must be used locally to improve neighborhood schools.

Q6. I'm going to read some statements from people who may support the last measure you just considered - the **Fresno Unified School District Safety, Classroom Upgrade/Repair/Overcrowding Measure**. Please tell me whether you find it very convincing, somewhat convincing, or not convincing as a reason to vote yes on this ballot measure. ^Not Part of Split Sample

The potential to improve school security, improve arts learning and performance spaces, and address overcrowding are also important themes.

■ Very Conv. ■ Smwt. Conv.

^(SECURITY) Many of our local schools have outdated security and safety features and do not have adequate safety lighting, fencing, secure single points of entry, automatic door locks, and emergency communications systems. Now more than ever this measure is needed to allow our schools to make security upgrades to keep intruders out and keep our teachers and children safe.

(ARTS) Arts, music and performing arts education are vital, core subjects that help kids stay in school and give all kids another path to success. This measure will ensure that every student in Fresno Unified schools has access to quality arts education, with appropriate learning and performance spaces.

(OVERCROWDING) Many of the classrooms at our local schools are overcrowded, which hurts children's ability to reach their potential in school, especially those who are gifted or who have special needs. This measure will help the district expand overcrowded schools, so students and teachers have safe, appropriate classrooms.

Q6. I'm going to read some statements from people who may support the last measure you just considered - the **Fresno Unified School District Safety, Classroom Upgrade/Repair/Overcrowding Measure**. Please tell me whether you find it very convincing, somewhat convincing, or not convincing as a reason to vote yes on this ballot measure. ^Not Part of Split Sample

Two-thirds of voters continue to support the measure after the full back-and-forth of messaging.

Fresno USD Vote

Additional Information Shared with Respondents

I would like to tell you a little bit more about the measure. All of the funding from Fresno Unified's past bond measures has been either spent or allocated to improve the condition of local schools in the District, but the needs for repairing and upgrading local schools are ongoing. And this measure is structured to limit the impact on taxpayers, so local homeowners will see an average increase of just nine dollars per month from this measure.

Hearing this and thinking more about the **FRESNO UNIFIED SCHOOL DISTRICT SAFETY, CLASSROOM UPGRADE/ REPAIR/ OVERCROWDING MEASURE**, would you vote yes in favor of this measure or no to oppose it?

Most past surveys have found support for a bond measure near to two-thirds after all messaging.

Subject: Report of Factual Findings regarding the School of Unlimited Learning Charter High School Charter Petition Material Revision Request

The Fresno Unified School District Charter Review Team (Review Team) has reviewed the request by Fresno Economic Opportunities Commission (“Fresno EOC”) for a material revision to the School of Unlimited Learning Charter High School (“SOUL”) Charter Petition. The purpose of this Report of Factual Findings is to provide a detailed discussion of the Review Team’s review, concerns, and findings related to the Material Revision.

This Report of Factual Findings is intended to provide the factual basis for a resulting decision by the Fresno Unified Board of Education. All ensuing details are specific to SOUL.

I. BACKGROUND

SOUL is a public charter school serving students in grades 9 through 12. SOUL is one of ten charter schools currently authorized by Fresno Unified School District. SOUL’s charter was initially approved by the Board on March 26, 1998, to provide educational opportunities for those students at risk of not receiving a high school diploma. SOUL’s current charter was renewed by the Board for the period from July 01, 2018, to June 30, 2023. Pursuant to Education Code section 47607.4, the term has been extended twice. First for two years until June 30, 2025, and now for an additional one year until June 30, 2026.

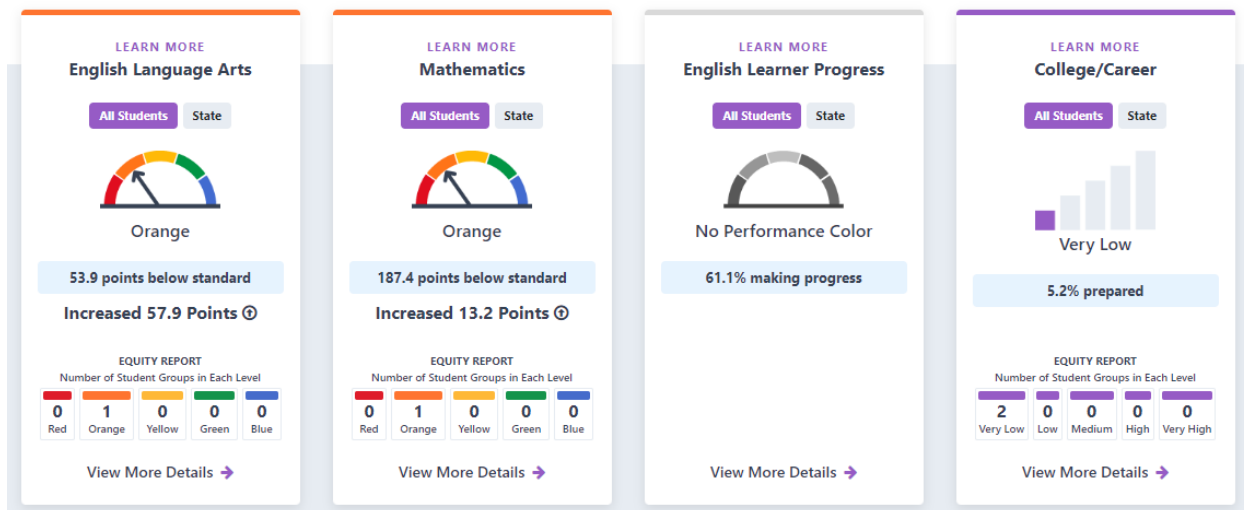

SOUL’s population of 213 students is approximately 83% Hispanic, 4% White, 9% African American, less than 1% Asian, and 3% other. In addition, 12.0% of students at SOUL are designated as English learners (ELs), 11% receive special education services, and 100% qualify for free and reduced meals. SOUL has had Dashboard Alternative School Status (DASS) since 2023.

SOUL is operated by the nonprofit Fresno Economic Opportunities Commission, a community action agency established to empower low-income individuals and families who need supportive services to become successfully self-sufficient. The mission of SOUL is to provide comprehensive learning experiences in a manner and environment that enables students to obtain skills, knowledge, and motivation to be self-directed, life-long learners as they mature toward self-sufficiency.

SOUL has primarily offered a classroom-based program with a voluntary option for students to enroll in an Independent Study program available since 2013. In 2019, SOUL attained its highest English language arts and mathematics achievement on the California School Dashboard with a medium performance level. SOUL increased 42.9 points in English language arts, which was 47.1 points below standard, and increased 22.6 points in mathematics, which was 172.4 points below standard. SOUL’s 2023 results are as follows:

Academic Performance

View Student Assessment Results and other aspects of school performance.

Historically, in an Annual Report to the District for the 2009/10 school year, SOUL confirmed that, with respect to classroom and non-classroom-based programs, 53% of the classroom-based students made one-year or higher gains in reading, compared to 27% for independent study students. With respect to mathematics gains, 47% of the classroom-based students made a one-year or more gain in mathematics compared to 32% for Independent Study. In SOUL's material revision petition on page 8, SOUL states the following in the section on Areas for Improvement/Growth: *"A primary cause for the decline in reading and math scores is that most independent study students have not taken advantage of their tutorial options and have not made their math and reading prescriptions a priority. Moreover, monitoring of student progress and growth in reading and math proficiency has been inconsistent."*

II. SOUL'S INDEPENDENT STUDY PROGRAM

Although the classroom-based educational program was more successful for SOUL's students, SOUL implemented a 100% Independent Study program beginning in 2020 due to the COVID-19 pandemic. Just as with all other Fresno Unified School District-authorized charter schools affected by the COVID-19 pandemic, the Charter Office understood this would be a temporary change and that SOUL would return to both a classroom-based program and a voluntary Independent Study program. However, without consulting with, or notifying, the Charter Office, SOUL held a special meeting of its Governing Council on July 20, 2021, to share that SOUL would use a Hybrid/Independent Study academic program for instruction and that core classes would be provided through one-on-one Independent Study instruction for the 2021/22 school year.

This decision to go to a 100% Independent Study educational program did not comply with SOUL's charter, which states SOUL will offer both a classroom-based program and a voluntary option for students to enroll in an Independent Study program. SOUL failed to notify Fresno Unified and request a material revision to the charter petition before implementing the 100% Independent Study education program. Pursuant to the Memorandum of Understanding (MOU) between SOUL and Fresno Unified, substantial changes to the education program, including the addition or deletion of a major program, is a material revision and SOUL

needed to receive prior approval from Fresno Unified School District to make this material revision to its educational program.

During the Charter Office's annual site visit in May 2022, approximately one year after SOUL changed its educational program without receiving approval from the District to materially revise its charter petition, the Charter Office first learned that SOUL had entirely eliminated its classroom-based program and its educational program was solely through its Independent Study nonclassroom-based program. SOUL informed the Charter Office it intended to continue this nonclassroom-based program through the end of its current charter term despite SOUL's charter petition stating SOUL's educational program was both a classroom-based program and a voluntary option for students to enroll in an Independent Study program.

Upon learning the classroom-based program at SOUL had been eliminated, the Charter Office notified SOUL that if it wanted to continue the 100% Independent Study, it must receive approval from Fresno Unified School District's Board for this material revision. SOUL initially agreed to submit a material revision, and the Charter Office provided a submission window to SOUL in October 2022. However, thereafter, SOUL notified the Charter Office that it would go back to offering both a classroom-based program and a voluntary option for students to enroll in an Independent Study program as set forth in SOUL's charter. Based on this representation from SOUL, the need for a material revision to the charter no longer appeared to be necessary. The Charter Office reiterated that SOUL needed to improve its academic performance and that the classroom-based program needed to return to bring the charter back into good standing. SOUL was also informed that its enrollment and attendance would be monitored by the Charter Officer through the end of the 2022/23 school year.

Despite these representations to the District that SOUL would return to a primarily classroom-based program, the Charter Office learned during a site visit to SOUL on January 9, 2023, that SOUL had 16 students in its classroom-based program, which remained the average classroom-based enrollment for the remainder of the school year. During this same period, SOUL enrolled 23 new Independent Study students. Thereafter, the Charter Office's ongoing monitoring of enrollment showed that SOUL continued to have more students in its Independent Study program. There did not appear to be an emphasis on increasing students in SOUL's classroom-based program. The final enrollment count on June 08, 2023, was 15 students in the classroom-based program and 168 students in the Independent Study Program. In total, 37 additional independent study students had been enrolled since January 09, 2023.

SOUL has now decided that it wants to entirely eliminate the classroom-based component from its educational program and offer 100% Independent Study and has submitted a material revision request to Fresno Unified.

III. MATERIAL REVISION REQUESTED

On March 25, 2024, SOUL submitted its request for a material revision to revise SOUL's charter. The purpose of the material revision request is to eliminate the classroom-based component from its educational program and offer 100% Independent Study. SOUL seeks to maintain its existing Independent Study program as the sole instructional program at SOUL. SOUL will maintain its campus facilities at 2336 Calaveras Street, Fresno, California 93721 as a resource center to support student learning and in-person engagement among teachers and students. Additionally, SOUL will not offer a regularly scheduled classroom-based school day if the material revision to its charter is approved by the Board. Classroom instruction will be designated to small group elective courses with a focus on personal development and career exploration.

According to the request, the material revision is intended to conform the content of SOUL's Charter Petition to reflect SOUL's operation as a 100% non-classroom-based/Independent Study program. SOUL's

core educational program will be unchanged, and students will continue to have access to in-person learning opportunities and programming at SOUL's resource center. However, SOUL will not offer a fully in-person traditional classroom-based program in response to community preferences and needs. Daily instruction and contact with school staff would be eliminated, and students would have decreased opportunities to interact with peers as part of instruction within a classroom-based program.

SOUL does not expect the material revision to result in a decrease or increase in enrollment, revenues, or expenses.

For the material revision, SOUL has revised the content of its charter petition in Elements A, B, and C to eliminate the classroom-based program offering and clarify SOUL's Independent Study program as the sole academic program going forward.

IV. CHARTER MATERIAL REVISION CRITERIA

Pursuant to Education Code section 47605(a)(3), "[a] material revision of the provisions of a charter petition may be made only with the approval of the chartering authority. A material revision of a charter is governed by the standards and criteria described in Section 47605."

Therefore, in accordance with Education Code section 47607, which establishes the criteria for granting material revisions, as well as charter renewals, the Review Team reviewed SOUL's Material Revision Request. The request was reviewed against the requirements of Education Code section 47605(c).

Education Code section 47605(c), which establishes the criteria for reviewing a charter petition, states:

(c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (e).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A)

(i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A to G” admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the charter school.

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) For all schools, the development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (K), inclusive, of paragraph (2) of subdivision (a) of Section 32282. For schools serving pupils in any of grades 7 to 12, inclusive, the development of a school safety plan shall also include the safety topic listed in subparagraph (L) of paragraph (2) of subdivision (a) of Section 32282.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school.

(H) Admission policies and procedures, consistent with subdivision (e).

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that are consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine

adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian, or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, and other documents and related information.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.

(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets

and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors:

(A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.

(B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 42131 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 42131, has a negative interim certification pursuant to Section 42131, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.

Pursuant to Education Code section 47607(a)(4), [t]he findings of paragraphs (7) and (8) of subdivision (c) of Section 47605 shall not be used to deny a renewal of an existing charter school, but may be used to deny a proposed expansion constituting a material revision. For a material revision, analysis under paragraphs (7) and (8) of subdivision (c) of Section 47605 shall be limited to consideration only of the impact of the proposed material revision.

In addition, pursuant to Education Code section 47607(b), material revisions of charters shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.

V. CHARTER MATERIAL REVISION REVIEW TEAM'S ANALYSIS

A summary of the Review Team's analysis related to the criteria listed above is provided in the following table. Based on the type of material revision requested by SOUL, the relevant criteria are set forth in **Section 1, Section 2, and Section 5 (A)-(C)**.

All additional criteria are only relevant as to providing a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was last renewed. Where there has been

no change since the charter was last renewed, the sufficiency of meeting the criteria from the last renewal is noted.

The Review Team has included information from its annual oversight petition evaluation tool. The evaluation tool includes reading the current petition and providing comments to the charter school from Review Team members on the day of the site visit.

VII. REVIEW TEAM FINDINGS AND RECOMMENDATION

The Review Team has determined that SOUL's Material Revision **minimally meets** the Education Code and California Code of Regulations requirements and recommends that the Fresno Unified Board of Education **approve conditionally** SOUL's Material Revision.

District Recommendations for Conditional Approval:

Based on the Review Team's analysis and review of SOUL's Material Revision, previous annual oversight visits, feedback provided to the SOUL team, and assessment data, SOUL has historically struggled to meet academic performance levels and graduation levels. The Review Team agrees students will continue to struggle to meet the academic course standards and goals without classroom-based instruction. Student groups in particular who will struggle are those who receive English Learner and Special Education services.

The Review Team recommends supporting SOUL's request to eliminate all references to daily classroom-based instruction in the Material Revision and instead offer additional instructional support for core academics provided SOUL can provide Fresno Unified School District with a viable master schedule in the Material Revision. A narrative describing how the master schedule will support the additional instructional needs for all students in a 100% Independent Study program should be included in the Material Revision.

Currently, Fresno Unified has three authorized charter schools with a 100% Independent Study instructional program that provide additional instructional support for student's core academics. Each of these charter schools has a master schedule with academic courses supporting instruction. Further, in Fresno Unified's Independent Study Program at J.E. Young Academic Center High School, additional instructional support for core academic with classroom instruction is provided.

Except for SOUL's oversight annual visit in May 2022, all previous oversight visits to SOUL included observable classroom-based instructional support as part of the current petition's instructional program model, which is a hybrid program that includes classroom instruction and Independent Study. As previously referenced in the Report of Findings' Dashboard data, SOUL's highest level of performance occurred in 2019 when classroom-based instruction was fully implemented. Therefore, the Review Team resoundingly recommends that daily instruction and student interaction opportunities not be eliminated from the petition and that they are included within the 100% Independent Study program for students at SOUL.

Re: Request for Material Revision

Dear President Wittrup, Members of the Board of Education, and Dr. Nelson:

The Fresno Economic Opportunities Commission, as operator of the School of Unlimited Learning (the “Charter School” or “SOUL”), submits this request for a material revision (the “Material Revision”) to the Fresno Unified School District (“FUSD” or the “District”) Board of Education to revise SOUL’s charter (the “Charter”). The purpose of the Material Revision is to eliminate SOUL’s classroom-based program component, and as a consequence, to maintain SOUL’s existing independent study program as the sole instructional program at the Charter School.

Although a material revision to a charter is required under the law in two limited circumstances for charter modifications not applicable here, (i) adding a new location, or (ii) an expansion to additional grade levels (Education Code Section¹ 47605(a)(5)), SOUL submits this Material Revision in response to the District’s indication that this change to SOUL’s program should be subject to the material revision process.

Section 47607(b) provides, in relevant part, that “material revisions of charters are governed by the standards and criteria described in Section 47605, and shall include, but not be

¹ All statutory references herein are to the California Education Code unless stated otherwise.

limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.” This Material Revision meets these requirements. For the reasons explained below, this Material Revision is appropriate because there is limited demand for SOUL’s classroom-based program and increased demand for the independent study program SOUL has operated for nearly a quarter of a century. Focusing on SOUL’s in-demand independent study program alone going forward is in the best interests of its students and for the Charter School as an organization. SOUL has also updated its Charter to include reasonably comprehensive descriptions of new requirement of charter schools enacted into law after SOUL’s charter was last renewed.

Description of and Reason for the Revision:

SOUL was authorized in 1998, before the law recognized a specific distinction between classroom-based and nonclassroom-based charter schools. From the beginning, SOUL’s Charter has reflected an academic model designed to meet the needs of *at-promise* students (formerly classified as at-risk students) through alternative non-traditional educational programs, specifically, independent study, classroom-based, and hybrid learning programs. As a Dashboard Alternative Status School (“DASS”), SOUL’s model has been an asset to the Fresno community, serving a population largely consisting of students who are habitually truant, severely credit deficient, pregnant or parenting, part of the juvenile justice system, and/or and at risk of dropping out of school. The existing Charter reflects a robust independent study program at the core of SOUL’s alternative education offering to at-promise youth. (See pp. 5-7, 14-16, 18-20, 25, 30-31, 33-35, 38, 47-48, 51-52, 55, 57-59, 66-67, 70, 77.) Prior to the pandemic, 70% of SOUL students participated in SOUL’s independent study programming, and were not in attendance in classrooms as part of a regularly scheduled school day.

During the COVID-19 pandemic when public health orders required the closure of SOUL’s campus, SOUL’s students and families previously participating in SOUL’s classroom-based offerings found that they preferred engaging in learning on a remote, independent study basis. Even as conditions allowed for campus reopening, these students and families have almost universally requested to continue learning through independent study. This Material Revision is thus submitted in response to the needs and preferences of our community, and the importance that SOUL focus its resources and efforts on a single academic program offering rather than two.

Specifically, as reflected in SOUL’s 2021-22 Local Control and Accountability Plan (“LCAP”) stakeholder feedback on SOUL’s independent study and distance learning offerings were highly positive. Students and parents were extremely satisfied with the academic program SOUL offered during the pandemic, including by providing individualized instruction, maintaining ongoing communication with students and parents, and providing critical resources such as academic, personal, and mental health counseling. Feedback and suggestions from

students, parents, and staff focused on the importance of program flexibility and independent study, e.g., in lieu of a traditional fixed school-day in a classroom-based setting. Over 86% of parents and students have expressed their preference for individualized instruction over whole classroom instruction, particularly in English language arts and math. Over 95% of SOUL's 208 parents surveyed feel their students are receiving adequate instruction and motivation from teachers to support assigned schoolwork. In addition, over 97% of parents feel their child is safe at SOUL.

Beginning in the Spring semester of 2024, there are 217 students enrolled and only 14 students have chosen to enroll in the daily classroom program. Accordingly, the content in the current Charter related to a classroom-based program offering is not necessary nor applicable to the program the Charter School is operating, and in which students are participating.

Notwithstanding the Material Revision to eliminate SOUL's classroom-based program component, SOUL will maintain its campus facilities as a resource center to support student learning and in-person engagement among teachers and students, but SOUL will not offer a regularly-scheduled classroom-based school day. All learning will occur on an independent study basis, scheduled flexibly for each student, consistent with the independent study program SOUL has offered since its inception. In addition, small group elective courses are offered with a focus on personal development and career exploration.

To be clear, this Material Revision does not seek to change SOUL from a classroom-based charter school to a nonclassroom-based charter school, as SOUL is already a nonclassroom-based charter school. At all relevant times, the State has recognized SOUL as a nonclassroom-based charter school under the law. (<https://www.cde.ca.gov/fg/aa/pa/documents/ncbcs20.xlsx>.) SOUL has at all times offered nonclassroom-based instruction as defined in Section 47612.5(e)(2), SOUL has claimed its average daily attendance ("ADA") as nonclassroom-based ADA consistent with 5 California Code of Regulations ("CCR") Section 11963, and SOUL has continuously earned a 100% nonclassroom-based charter school funding determination from the State Board of Education. (<https://www.cde.ca.gov/sp/ch/documents/fdcompilation071822.xlsx>.)

The California Department of Education ("CDE") defines a nonclassroom-based charter school as a charter school in which less than 80% of ADA qualifies as classroom-based ADA (<https://www.cde.ca.gov/sp/ch/ncbdfdltrfy2022.asp>). SOUL has at all times operated a program in which less than 80% of ADA qualifies as classroom-based ADA, and has never attested in its charter that it would meet the funding standards applicable to a classroom-based charter school. Although SOUL has historically offered some classroom-based instruction as one aspect of its overall program, it has done so as a *nonclassroom-based charter school* offering classroom-based instruction on a limited basis. Again, this Material Revision does not convert SOUL from

a classroom-based charter school to a nonclassroom-based charter school because SOUL is already a nonclassroom-based charter school. This Material Revision only reflects a modification of SOUL's academic program offerings, in the interests of serving students through their preferred method of learning and to operate SOUL as efficiently and effectively as possible.

Impact of the Changes to the Educational Program

As described above, the Material Revision is intended to conform the content of SOUL's Charter Petition to reflect SOUL's operation as a 100% nonclassroom-based/independent study program, and does not constitute a substantive change to SOUL's educational program. SOUL's core educational program will be unchanged, and students will continue to have access to in-person learning opportunities and programming at SOUL's resource center, however, SOUL will not offer a fully in-person traditional classroom-based program. Again, the elimination of the fully classroom-based program is in response to community preferences and needs.

Fiscal Impact of the Change

The Material Revision will not have any material fiscal impact on the Charter School because the Material Revision is not expected to result in a decrease or increase in enrollment, revenues, or expenses. The Material Revision is intended to conform SOUL's Charter to reflect SOUL's existing operations as a nonclassroom-based charter school operating a program in which 100% of students participate in independent study.

Charter Elements Impacted by the Change

As demonstrated in the attached Material Revision, provided in redline, SOUL has revised the content in Elements A, B, and C to eliminate its classroom-based program offering, and to clarify SOUL's independent study program as the sole academic program going forward. To be clear, as this is a material revision, SOUL has modified only those programmatic elements particular to the classroom-based program, and the Material Revision does not reflect full updates to Elements A, B, and C that would appropriately be made at the time of renewal.

Description of Any New Requirements of Law Since the Charter Was Last Renewed

The attached Material Revision incorporates legal content updates to each element in redline as necessary to achieve a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed. The redline in each element includes the description of new requirements and are fully incorporated herein; those updates include the following:

- Updating affirmations to reflect current statutory language and revised citations (pp. *see* 3-5)
- Updating governing law in each element to reflect current statutory language and revised citations (*see* pp. 12, 40, 68, 74, 78, 80, 85, 89, 90, 100, 102, 105, 109-111)
- Element D (Governance): Updates to reflect conflict of interest code requirements and applicability of the Political Reform Act and Government Code Section 1090; updates to reflect the right of students to petition for a student representative on SOUL's governing board.
- Element E (Employee Qualifications): Updates to reflect availability of local assignment options to charter schools and transition period for credentialing of any noncore teachers.
- Element F (Health and Safety): Updates and additions to describe various health and safety requirements applicable to charter schools, including with respect to background check procedures, medications in school, school safety plan, workplace violence prevention plan, comprehensive anti-discrimination and harassment policies and procedures, bullying prevention, etc. (*See* pp. 80-85.)
- Element G (Student Population Balance): Updates to reflect legal requirement for population balance plan to include special education students and English learner students.
- Element H (Admission Policies and Procedures): Updates to reflect terms per Education Code Sections 49011, 47605(e)(2)(B)(iv), 47605(e)(4)(B), 47605(e)(4)(A), and 47605(e)(4)(D); updates to reflect lottery procedures.
- Element I (Audit): Updates to conform with Sections 47605(c)(5)(I), 47605(m), and 47607(f)-(h).
- Element J (Suspension and Expulsion): Updates to policies and procedures to conform with legal requirements.
- Element O (School Closure): Update to procedures to conform with edits to Education Code Section 47605(c)(5)(O).

Timeline

Material revisions are governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605, (Section 47607(b), including the timing requirements for charter petitions to be heard. Under Section 47605(b), “[n]o later than 60 days after receiving a petition, ... the governing board of the school district ***shall hold a public hearing on the provisions of the charter***, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents.” (Emphasis added.) Thereafter, “[f]ollowing review of the petition and the public hearing, the governing board of the school district ***shall either grant***

or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension.” (Emphasis added.) These timelines are commenced “for purposes of commencing the timelines described ... on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete.”

There is no requirement in Sections 47605 or 47607 that a material revision must be sought prior to the school year in which it will be effective. A material revision is effective as soon as it is approved by the District’s Board of Education.

SOUL sincerely appreciates the District’s support and partnership in service to our families and students and looks forward to working with the District on this Material Revision. Please feel free to contact me if any questions arise.

Enclosures

The School of Unlimited Learning (SOUL) has been accredited through Western Association of Schools and Colleges (WASC) since 2014. In the Spring of 2023, SOUL received the highest accreditation awarded of 6 years. SOUL has had all of its core curriculum courses A-G approved through the University of California system, along with numerous electives, totaling 26 courses that have received the A-G distinction. SOUL received the Dashboard Alternative School Status (DASS) in 2018 in recognition of the unique student population it serves. More than 70% of students arrived at SOUL severely credit deficient. It's not unusual for a student to enroll in their fourth year of high school with credits only through ninth grade. Additionally, SOUL's student population tends to be highly transient, with 37% of students in the 2022-23 school year having changed schools three or more times since 9th grade. This trend has increased in recent years, in part because of student disengagement in learning during the pandemic school closures.

The school's enrollment includes 90% of students residing in economically depressed areas. Most of the students, 85%, have a history of low academic achievement due primarily to low attendance in their previous schools. The school's population, fluctuates throughout the year between 180-220 students, and is largely defined as students who are habitually truant, severely credit deficient, pregnant or parenting, or part of the juvenile justice system, and at risk of dropping out of school. Nearly 80% of all students who enroll are severely skill deficient in math and/or reading. In addition, 37% of our student body has a high mobility rate and has attended three or more schools. Studies have shown that students who change high schools three or more times are 50% less likely to graduate from high school. Furthermore, every time a student switches schools they experience a learning loss of six to nine months. Over the past three years the average entry reading level for students has been 6.5 grade level, whereas the math level averages a 5.5 grade level.

English Language Arts (ELA): Trend & Data Analysis. SOUL's Dashboard performance in ELA improved from 2018 to 2019 but declined in 2022, the first-year students were tested post-pandemic. The improvement from 2018 to 2019 was primarily due to a substantial reduction in the percentage of students scoring in the lowest achievement level, from 49% to 34% of students. SOUL's overall performance in 2022 was better than two of the four comparison high schools in the district, but it is still below the state average, which represents all students tested in grades 3-8 and 11.

Dashboard Distance from Standard in ELA

Source: CA School Dashboard

Math: Trend & Data Analysis. Like the state, district, and its comparison schools, SOUL's student performance on the Math state test is weaker than in English language arts. Dashboard scores climbed from 2018 to 2019 but declined in 2022. In 2022, SOUL outperformed two of its four comparison high schools. Over the last three years, SOUL has not had any 11th grade students meet the standard in Math. SOUL has experienced a reduced percentage of students scoring in the lowest achievement level over the last three years, from 95% in 2017 to 80% in 2022. The 2022 decline on the Dashboard is not reflected in the overall Smarter Balanced Summative Assessments (SBAC) performance by achievement level reported on DataQuest; this is because the Dashboard represents a smaller group of students who were continuously enrolled since census day, and DataQuest shows all students with valid scores from the test administration.

Dashboards Distance from Standard in Math

Learning Loss from Pandemic: While this is a statewide issue, some of our students who lacked adequate access to computers/internet/support at home did not “attend” school during the 2020-2021 academic year. When they returned to school in 2021-2022 they were unprepared and unsupported trying to re-acclimate to a school setting. As noted, SOUL has experienced an increase in students who have missed entire school years and are now tasked with making up lost time to graduate. Despite these challenges, SOUL has been administering NWEA Measures of Academic Progress (MAP) assessments consistently since 2018-2019, and while there are still a lot of growth opportunities, we are better informed on how to target support.

Northwest Evaluation Association (NWEA) is a summative and formative set of assessments designed to complement each other and provide the appropriate data for decision-making at every level of an education agency. MAP Growth is an assessment that provides information about student achievement during a particular academic year and tracks changes in student achievement (i.e., growth) over multiple terms and multiple administrations of the tests during an academic year allows the school, teacher and student the ability to compare students’ achievement.

Trends in the Data. SOUL administers NWEA's Measures of Academic Progress (MAP) growth assessments three times a year – fall, winter, and spring – in math and language usage to all students in grades nine through twelve. MAP testing has occurred consistently each year from 2018-19 through 2022-23, although spring 2020 testing was canceled due to the pandemic.

MAP is a nationally normed assessment that provides benchmarks for student performance based on a student's grade level and starting performance level. SOUL evaluates student performance compared to grade level norms and tracks growth each year from the first to the last test taken. Due to the transient population, the growth measured can be from fall to winter, winter to spring, or fall to spring. Since the MAP language arts assessment only provides growth norms through eleventh grade, it's not possible to analyze language arts performance by students in their fourth year or later.

Trend & Data Analysis. Students entering SOUL are typically performing more than three grade levels below expectations. Through NWEA MAP, SOUL focuses on meeting students where they are at and achieving growth over time. In both math and language arts, the percentage of students in the lowest quintile (1st-20th percentile) has decreased over the last five years, from 64% to 57% in math and 42% to 36% in language usage.

Similar to the SBAC assessments, SOUL's performance in language usage is consistently stronger than math each year, and a greater percentage of students are average or above in language usage. The average or above percentage grew five points in language usage from winter 2021-22 to winter 2022-23. Performance stayed flat for math for the same period.

Students are assigned unique growth targets based on the subject tested, starting level, and instructional period. Most years, approximately half of SOUL students meet their growth targets for the year. From fall to winter 2022-23, growth is strongest for English learners and students with disabilities in math and English learners in language usage.

Participation Rate Methodology

Using CALPADS End of Year (EOY) reports, we determined the number of students enrolled most of the school year (Census Day through mid-May). Using NWEA MAP data extracts, we determined the number of students who pre- and post-tested for each school year (terms vary depending on school year) who were also continuously enrolled according to CALPADS. Using these two data sets, we calculated the test participation rate for each grade level and subgroup in both Reading and Math. We believe this is in the spirit of AB1505's verified data requirements, to provide the test participation rate of students continuously enrolled most of the school year.

Annual Growth Measure

NWEA identifies the Conditional Growth Index (CGI) as an aggregate growth measure that can be used to show growth for a group of students. The Student Growth Summary Report from the MAP system provides the School CGI for each grade level for a specific set of terms, but it does not offer a school-wide average or averages by student subgroup.

Based on guidance from NWEA researchers, we utilized the Student CGI value to calculate the school-wide and subgroup averages for each year. According to NWEA guidance in using MAP Growth Data for AB1505: "For both the student and school CGI values, a CGI range of -0.2 to 0.2 (or greater) could be used as an approximation of one year's growth (or more) in a subject and indicates that the growth observed is generally consistent with the amount of growth observed by students in the same grade and subject with the same starting achievement level receiving a similar amount of instructional exposure." We have attached the guidance document from NWEA to provide more information about this approved calculation method.

Annual Data Tables

The tables below are separated out by school year (one table per school year). Each table has a breakdown by grade, subgroup, and schoolwide for the following measures:

- a. Enrollment Count (from Census Day to mid-May)
- b. Reading and Math: Count of students pre- and post-tested (terms shown in the header for each table – Fall to Spring, Fall to Winter or Winter to Spring) who were also included in the Enrollment Count
- c. Reading and Math: Participation rate (the students pre- and post-tested divided by the enrollment count).
- d. Reading and Math: Conditional Growth Index (CGI) – School CGI from the MAP Student Growth Summary Report shown for grade level averages and the average of Student CGIs taken from the MAP Combined Data Export for schoolwide and student group averages. The CGI scores shown are reflective of growth between the terms defined in the header of each table.

School of Unlimited Learning
Material Revision - Budget Impact Statement

The attached multi-year budget projection shows approximately 80% of SOUL's current funding is based on revenue limit sources, in particular, Average Daily Attendance (ADA). SOUL is projecting our ADA compensation rate to maintain or increase it's rate due to the fact we will continue to have an enrollment of 220 students. This enrollment number has been consistent for the past 2 years.

The Independent Study students have traditionally earned a higher ADA rate than the traditional classroom-based program students partly due to the flexibility that the Independent Study format offers. This past P-1 reporting period showed another increase in ADA percentage rates.

Transitioning to a full Independent Study program will not cause any changes to our budget. We will continue to budget each year according to the funding sources available to us.

I. EXECUTIVE SUMMARY

Introduction

Established in 1998, the School of Unlimited Learning (SOUL) was Fresno's first charter high school. Operated by the Fresno Economic Opportunities Commission (Fresno EOC), SOUL has provided a unique educational alternative for nearly 20 years to thousands of high school students, many of whom have a history of low academic achievement and are not currently benefitting from the academic and support services in the traditional classroom setting. Average and high achieving students also choose SOUL when in need of more comprehensive social services and all students attending SOUL receive the extra, individual attention they need to succeed. Since 2007, SOUL has been classified as a school under the Alternative Schools Accountability Model (ASAM), and now Dashboard Alternative School Status (DASS), due to its at-~~risk~~-promise student population. SOUL's clearly defined mission is "to provide comprehensive learning experiences in a manner, and in an environment, that enables students to obtain skills, knowledge and motivation to be self-directed, life-long learners as they mature toward self-sufficiency". SOUL addresses the needs of its students through a myriad of individualized academic strategies as well as case management, mental health counseling and coaching, opportunities for increased school connectedness and a focus on improved attendance and behavior.

During the past five years, SOUL's leadership team has provided a well-defined vision and focus for increased student achievement. SOUL's continuous program improvement plan calls for annual staff training to assist teachers in delivering a relevant, Common Core standards-based curriculum using instructional practices that engage all students. Through its professional development efforts, SOUL has refined its commitment to instructional effectiveness by assisting teachers in identifying gaps in pedagogical skills and knowledge to better meet student academic needs and charter goals.

Achievements

SOUL has been fully accredited by the Western Association of School and Colleges since 2008, with SOUL receiving the maximum six-year accreditation term in 2017. For the past 10 years, the WASC process has provided SOUL stakeholders a model for continuous improvement. This process necessitates the involvement and participation of all stakeholder groups; has led to the development of SOUL's Expected Schoolwide Learning Results (ESLRS); identified SOUL's strengths and areas for improvement; and resulted in the development of ~~an~~ action plan which has served to chart the course of SOUL's future. SOUL's WASC Action Plan, in conjunction with its charter goals, laid the foundation for its Local Control Accountability Plan (LCAP), which has been reviewed and updated on an annual basis since the 2014/2015 school year. SOUL's LCAP mirrors the school's WASC Action Plan goals and charter goals.

SOUL has also undergone a transformation with respect to curriculum development. Since 2014, SOUL has been revising its curriculum to better prepare students to meet state performance standards. Since the inception of Smarter Balanced testing, SOUL has outperformed most similar schools in both ELA and math. Likewise, SOUL has met or made progress toward meeting most

of its charter goals. Additionally, in June 2017, SOUL submitted 13 core academic courses for UC “a-g” approval, all of which were accepted. Along with UC “a-g” approval submissions, core teachers have developed reflective lesson plans, which emphasize the core knowledge and skills students are expected to learn, including concepts, theory and texts. As a result of ongoing Common Core training, teachers craft lesson plans that provide adequate detail about the content, while outlining and describing major themes, topics and sub-topics of each unit of study. Each lesson plan includes grade-level common core standards, as well as literacy and ELD standards, providing evidence of the level of rigor and the development of essential critical thinking skills. Literacy is taught throughout the curriculum and ELD standards are embedded schoolwide into each subject area.

Over the past five years, SOUL has made strides with respect to preparing students to become viable participants in a developing workforce. SOUL students ages 16 and over are offered the opportunity to participate in elective courses that allow them to explore their potential careers. In 2014, SOUL developed a partnership with Bitwise Corporation to offer a Coding/Computer Literacy course and formed a partnership with Central California Legal Services which provides students exposure to careers in the legal profession through the Street Law and Mock Trial programs. During the 2015-2016 school year, SOUL expanded its career course offerings to provide more opportunities to actively engage students in career exploration. New courses consisted of website development and video production. SOUL’s Youth Mentoring Program, which is part of the Child Care Career Pathway, provides internship hours in Early Head Start/Head Start centers, and offers a stipend and scholarship opportunities to students completing the program.

During the 2016/2017 school year, SOUL entered into a partnership with IdeaWorks, a neighborhood non-profit trade organization, to provide an innovative, hands-on experience for students in the areas of woodworking, laser-cutting, welding, robotics, ceramics and 3D printing. With a focus on safety, skills, and process, IdeaWorks has set a strong foundation in these trades. It has allowed students to explore and refine their abilities in these potential career areas while earning elective credits toward their high school diploma.

Intervention resources for skills-deficient students, including English learners, have increased over the past five-year period. Students with deficiencies in reading and math are assigned individualized reading and/or math prescriptions to bring them to grade level. For independent study students, a tutorial schedule was devised for all skills-deficient students, with scheduled time to work on their prescriptions before or after their appointments, or at any time before, during, or after school. The inclusion of Achieve 3000’s reading improvement program into all core classes has provided additional support to students through a differentiated instructional approach. Achieve 3000 is aligned with ~~State of~~ California Common Core State Standards, and also incorporates literacy and ELD standards. It has proven to be a valuable supplemental tool in developing literacy skills and increasing lexile levels. All teachers maintain a tutorial one day per week after school hours to assist independent study students performing below grade level in reading and math. ~~Classroom-based students are also encouraged to stay after school during tutorial hours to work on their prescriptions.~~

Areas for Improvement/Growth

A comprehensive review of SOUL's Charter Goals over the past five years reveals progress has been made in some areas with respect to increased student achievement, while some deficiencies exist in other areas. Notwithstanding increases in intervention resources, scores for reading and math reveal a slight downward trend for three consecutive years. A primary cause for the decline in reading and math scores is that most independent study students have not taken advantage of their tutorial options and have not made their math and reading prescriptions a priority. Moreover, monitoring of student progress and growth in reading and math proficiency has been inconsistent.

Overall, comparing SOUL's California Assessment of Student Performance and Progress (CAASPP) results to those of traditional, comprehensive high schools and similar schools, SOUL has outperformed similar schools in most areas, while lagging behind traditional schools. Increased efforts must be made to ensure that a greater percentage of students meet or exceed the standards in both English language arts (ELA) and math.

SOUL has identified curricular gaps in its math program, specifically in regards to preparing students for the CAASPP Math test. More than half of SOUL's 11th grade students enroll well into their 11th grade year and have not previously passed Algebra I. Few 11th graders have the opportunity to take Algebra II prior to their taking the CAASPP Math test. A large percentage of the questions on the CAASPP Math include Algebra II standards. Curricular changes are needed to address this challenge.

A detailed analysis of CAASPP data, reading and math proficiency, CAHSEE results, graduation rate, suspension, and attendance information are contained in Element B of this charter.

Action Plan

A strategic, prescriptive approach is needed to address deficiencies. To reverse the downward trend in ELA and math proficiency, in Spring 2018, SOUL formalized a process to monitor mandatory prescriptions for all students in both instructional programs. Student progress and growth in reading and math proficiency is consistently monitored by teachers on a weekly basis. Moreover, skills-deficient students ~~in both the classroom-based and independent study programs~~ will be required to take an additional ELA and/or math skills course to address their deficiencies. English learners ~~enrolled in independent study~~ will be assigned an English intervention class every week in addition to their independent study coursework.

In response to SOUL's achievement gap in CAASPP ELA and Math, SOUL will utilize NWEA's Measures of Academic Progress (MAP) Interim Assessments, which are designed to measure a student's academic achievement and to calculate academic growth throughout the year. Beginning in the 2018-2019 school year, the Interim Assessments will be administered in the fall, winter, and spring of each year. Interim Assessments will serve as quarterly benchmarks, since they are

aligned to California Common Core English language arts and math standards. Teachers will use MAP assessment results to guide instruction, which will provide a comprehensive picture of student learning: how much they've grown, what they're ready to learn, and the specific skill gaps they need to master.

To address the curricular gap in math, SOUL will develop an integrated curriculum which incorporates Algebra 1, Algebra II, and Geometry standards. All 11th grade students who have not passed algebra I at the beginning of their 11th grade year will be placed into an Integrated Math course to ensure that they will have been introduced to Algebra II standards prior to taking the CAASPP test. Moreover, this course will provide college-bound students with better preparation for post-secondary education by reinforcing previously learned standards in Algebra I and Geometry. Algebra II will be offered to all students who have completed Algebra I and Geometry by the end of their 10th grade year.

Conclusion

Assessment data has been extremely useful to SOUL staff over the past five years in charting our course through continuous program improvement in alignment with our WASC Action Plan and Local Control Accountability Plan. SOUL's refined charter goals for the next five years will ensure a carefully and well-planned monitoring process so that staff, students, parents, and other stakeholders can be better informed of student progress. A well-crafted and relevant professional development plan will continue to ensure that high quality common core instruction is evident ~~in all classrooms~~ by assisting teachers to seek the most effective ways to meet the academic needs of their students. SOUL's future academic performance will continue to demonstrate the school's commitment to curricular and instructional improvement, as well as the delivery of crucial individualized support services. In the end, increased student achievement is ultimately the gauge by which SOUL's charter goals will be measured.

III. BACKGROUND

The Board of Commissioners of the Fresno Economic Opportunities Commission (Fresno EOC) presents this petition to the Fresno Unified School District Board of Trustees for a renewal of a charter school located within the jurisdiction of the Fresno Unified School District. As permitted by state law, this petition has been developed to provide additional choice for parents and their students who exhibit distinct academic and social needs. Most students who benefit from enrollment in the School of Unlimited Learning Charter High School have demonstrated a greater need for academic support and social services than what is available in the traditional educational system.

Fresno EOC is widely recognized as one of the largest nonprofit community action agencies in the United States. Founded in 1965, following the passage of the Economic Opportunity Act of 1964, the agency has spent the past five decades investing in people to help them become self-sufficient. The broad scope of Fresno EOC's services provides links in the human service system in Fresno County and throughout the Central San Joaquin Valley. Fresno EOC is vital to the community's well-being. Guided by its motto, "Helping People, Changing Lives", Fresno EOC acts as a vehicle to ensure equal access to education, employment, housing, and healthy living conditions as mandated by the Federal Economic Opportunities Act. The agency currently serves more than 150,000 individuals each year through over 30 programs addressing the needs of the poor through education, employment, training, transportation, nutrition, energy conservation, and emergency energy assistance. For over 52 years, Fresno EOC has built a strong foundation of services that offer support to people in all phases of life.

In response to the growing number of high school dropouts among children of adults receiving Fresno EOC services, the Board of Commissioners submitted a petition to operate a charter school for high-risk, disadvantaged youth in the Fresno metropolitan area. In July 1998, the School of Unlimited Learning Charter High School became Fresno Unified School District's first charter high school. With the granting of this charter, SOUL became an alternative education option to help educate an increasing population of at-risk students.

The School of Unlimited Learning Charter High School, operated by Fresno EOC, provides educational services, as well as social support services, to high school youth and their families to strengthen the possibilities of their becoming productive, self-reliant members of the community. By submitting this charter renewal to provide alternative educational services to students in grades 9 through 12, Fresno EOC believes that SOUL will continue its success in providing comprehensive educational services to youth in the Fresno Metropolitan area who may otherwise be at risk of dropping out of high school.

IV: REQUIRED CHARTER ELEMENTS

Element A: Description of School's Education Program

Vision and Purpose

The vision for Fresno Economic Opportunities Commission's School of Unlimited Learning is for the student to be a self-directed learner, a collaborative worker, and a complex thinker who is equipped with the skills and self-confidence to be productive and self-sufficient as an adult through work and community service.

Mission Statement

The mission of the School of Unlimited Learning Charter High School is to provide comprehensive learning experiences in a manner and in an environment that enables students to obtain skills, knowledge, and motivation to be self-directed, life-long learners as they mature toward self-sufficiency.

The Students We Serve

The School of Unlimited Learning (SOUL) presently serves, educates and works with students residing primarily within the Fresno metropolitan area. The students, ages 14 to 22, and ~~grades~~ 9 through 12, have not yet received a high school diploma and many are at ~~high~~ risk of dropping out of school. The majority of SOUL students reside in economically depressed areas within the Fresno metropolitan area. Most targeted youth have a history of low academic achievement due primarily to poor attendance in their previous schools. Many of these young men and women have arrived at SOUL bearing a history of low academic achievement. A review of their scholastic

career typically reveals a failure to benefit from available support services in the traditional school system, and a possible need for more comprehensive social services.

The School of Unlimited Learning has been an asset to the Fresno community in serving at-risk promise youth for nearly 20 years. SOUL's target population can be largely defined as students who are habitually truant, severely credit deficient, pregnant or parenting, or part of the juvenile justice system and at risk of dropping out of school. Since 2007, SOUL has been classified as a school under the Alternative Schools Accountability Model (ASAM), and the successor classification, Dashboard Alternative School Status (DASS) due to its student population.

As depicted below, upon enrolling more than 90% of SOUL students have been identified as chronic truants. Nearly 50% of SOUL's enrollment consists of 12th grade students, the majority of whom have been previously enrolled in three or more high schools. Over 75% of all SOUL students are 11th and 12th graders who are significantly behind in credits due to past patterns of truancy. SOUL students often lack access to basic health services and are lacking life skills that prepare them to be self-reliant in today's economy. Most SOUL students live in low-income neighborhoods with high incidents of gang and criminal activity. Many students come from homes plagued by substance abuse, domestic violence, and neglect.

SOUL plans to educate each student in accordance with the educational plan set forth in this charter petition. Each barrier or factor discussed above is addressed through instruction, individualized counseling, case management, and dropout prevention services within the school's program design.

What Does it Mean to Be an Educated Person in the 21st Century?

Twenty-first-century learning means that students master content while producing, synthesizing, and evaluating information from a wide variety of subjects and sources with respect for diverse cultures. Twenty first century students will need to continue to master the three R's required of 20th century learners, but will have also mastered the four Cs: critical thinking, creativity, communication, and collaboration. The 21st century learner demonstrates digital literacy as well as civic responsibility, and becomes a self-directed lifelong learner by preparing for post-secondary education that will lead to a sustainable career. Twenty-first-century learning connects relevant and engaging content to skill. Success in the 21st century requires knowing *how* to learn. Students today will likely have several careers in their lifetime. They must develop strong critical thinking and interpersonal communication skills in order to be successful in an increasingly fluid, interconnected, and complex world. Today's students have access to powerful learning tools that allow them to locate, acquire, and even create knowledge much more quickly than ever before. But simply being able to search for information on the internet is no substitute for true understanding. Today's students need to develop skills to find knowledge. Educated individuals in the 21st century are able to overcome life's challenges by applying learned knowledge to become productive, financially independent, and self-reliant members of the community.

The School of Unlimited Learning is committed to providing its students a quality educational experience with the academic resources and non-academic supportive services they will need to overcome barriers such as poverty, skill deficiency, teen pregnancy, truancy, depression, and homelessness, to name a few. To address these barriers, SOUL provides the necessary interventions, resources, and individualized learning environments which focus on improving literacy skills and college and career readiness. All SOUL students are provided a standards-driven curriculum, imparted through a direct interactive instructional model. SOUL students have access to technology through internet-accessible laptops that they may use at home or at SOUL's facilities located in all classrooms. SOUL students are provided career exploration opportunities to prepare them to become self-reliant lifelong learners and competitive in today's career market. As

reflected in its Expected Schoolwide Learning Results (ESLRS), which were developed in response to 21st century learner needs, Fresno EOC's School of Unlimited Learning believes that students who are taught to become critical thinkers, information processors and effective communicators will possess the vital knowledge and skills to meet and overcome life's challenge in the 21st century, assuring them a brighter future in preparing them for career opportunities and economic independence.

Expected Schoolwide Learning Results

In order to obtain skills, knowledge, and motivation to be self-directed, life-long learners as they mature toward self-sufficiency in the 21st century, the students at the School of Unlimited Learning will be:

Effective Communicators

- Demonstrate ability to read, write, speak and listen for a variety of reasons
- Possess social and cultural literacy skills to function productively in today's society

Academic Achievers

- Demonstrate mastery of basic skills, especially in Math and English Language Arts.
- Demonstrate proficiency in all core academic subjects.

Critical Thinkers and Problem Solvers

- Analyze, synthesize, and apply information.
- Apply problem-solving and decision-making skills to real life situations.

Information Processors

- Demonstrate the ability to effectively access resources and information in the community.
- Locate, access, organize, evaluate, and supply information for a complex and technological world.

Self-Directed Lifelong Learners

- Set, pursue, and accomplish realistic and challenging goals.
- Develop a post-secondary (college and/or career preparation) plan that clearly reflects the options and choices available to them upon graduation.

Responsible and Productive Citizens

- Demonstrate healthy, responsible behavior and work collaboratively and respectfully in an ethnically, culturally, linguistically and socio-economically diverse community.
- Recognize and respect the rules and processes that govern society.

Instructional Methodology- How Learning Best Occurs

Education is best delivered through verifiable research-based instructional practices. Student assessment data is used to modify curriculum and promote individualized or differentiated instruction. Measurable student outcomes are monitored, evaluated, and sustained for long term growth. SOUL has adopted a comprehensive approach to addressing each student's academic, social, and personal needs. Innovative instructional approaches, coupled with case management, counseling, and truancy prevention services, will promote greater academic and personal success among students. SOUL firmly believes that learning best occurs when students feel connected to the school and learning environment, and when parents are given the adequate resources to assist their child in becoming successful learners.

SOUL offers ~~a classroom-based program and~~ an Independent Study program. ~~Both components of SOUL's educational program are is~~ located at the Fresno EOC Sanctuary Youth Center at 2336 Calaveras Street. SOUL's instructional staff consists of 11 fully credentialed, full-time teachers, who serve an average of ~~75 classroom-based students, and 130-220~~ Independent Study students per semester. ~~Both the The classroom-based and~~ Independent Study programs ~~offers the same~~ rigorous academic, standards-based curriculum, as well as supportive services, such as case management, mental health counseling, and access to extra-curricular activities. A majority of the students who enroll ~~in either program~~ are credit deficient and at risk of dropping out of school.

Classroom-Based Program

~~The School of Unlimited Learning provides 180 days of instruction for classroom-based and Independent Study students. For the classroom-based students, classes are held Monday through Friday according to the School's board-approved calendar, bell schedule and instructional minutes. SOUL's calendar is the same as that of Fresno Unified School District. All classes in the classroom-based program are 60 minutes in length, with the exception of SOUL's afternoon block-schedule classes, which are 105 minutes two days per week. Mondays are minimum days, with teacher planning time and scheduled staff development in the afternoon. SOUL's daily schedule exceeds the number of minutes required by Education Code Section 47612.5(a)(1).~~

Independent Study Program

SOUL has operated its unique program as a charter school since 1998, before such time that California law recognized a distinction between classroom-based and nonclassroom-based charter schools. After the passage of SB 740 in 2001, and since May 2003, SOUL has been continuously awarded a nonclassroom-based funding determination by the California State Board of Education, and has at all times since operated as a nonclassroom-based charter school consistent with Education Code Section 47612.5(e)(2). As a nonclassroom-based charter school, SOUL affirms that it shall continue to comply with all laws and regulations applicable to nonclassroom-based charter school programs and the offering of independent study, including Education Code Sections 47612.5, 47634.2, 51745 et seq., 5 California Code of Regulations ("CCR") Sections 11960, 11963-11963.7, 5 CCR 11701-11704.

SOUL operates a program that is ~~The i~~Independent ~~s~~Study-based, as a program is an optional educational alternative to traditional public school options. Students cannot be required to enroll at SOUL participate. Students who choose to attend the Charter School do so because they seek an the iIndependent ~~s~~Study component program. SOUL students typically face scheduling conflicts with in a traditional school day. They voluntarily enroll in the Charter School for this alternative instructional program.

Independent Study sStudents are scheduled for a minimum of one hour of face-to-face, in person (synchronous) instruction per week, but are able to access and benefit from the additional services available at any time. In addition to providing a comprehensive high school curriculum, SOUL also offers its Independent Study students a wide array of support services, including personal and mental health counseling, case management, access to health services, family services, and childcare services.

Prior to entering SOUL's ~~s~~ ~~i~~Independent ~~s~~Study program, students must often articulate have a compelling reason or need for the Independent Study an alternative to a traditional school program, such as a physical disability, pregnancy, lack of childcare, family hardship, or an identified personal, social, or mental health issue which prevents them from attending school on a daily basis. Like the classroom-based program, SOUL's ~~i~~Independent ~~s~~Study program offers a standards-based curriculum. In recent years, a concerted effort has been made to bring about greater alignment in regards to the Independent Study curriculum and grade level standards. The recent curricular alignment between the classroom based and Independent Study programs has increased the rigor of Independent Study.

The Charter School will utilize its facilities to host student meetings, activities, and school programming, but each student's course of study shall be on an independent study basis and consistent with its educational model, the Charter School will not maintain a regularly scheduled classroom-based school day option for students.

Course Curriculum

During the 2017/2018 school year, SOUL submitted and received UC “a-g” approval through the University of California’s High School Articulation Department of its core science, math, English, and social science courses. Curriculum for SOUL’s core subjects is aligned with Common Core State Standards. Grade level standards are taught in all core academic classes each day. As a charter school, we are free to explore alternative types of curriculum, which may or may not be state mandated. Most SOUL students are skills deficient, and reading below grade level. Consequently, supplemental materials are utilized to facilitate student understanding of the subject matter, without compromising the grade level standard. In other words, a 10th grade student reading at the sixth-grade level can still learn 10th grade standards in English Language Arts, but the readability of the supplemental materials is more comprehensible to the student. In recent years, most traditional textbook-based curriculum has given way to a standards-driven curriculum. All core curriculum materials are selected in accordance with the content standards. SOUL’s goal is to provide high quality, engaging materials that assist students in becoming proficient in all core content areas. All core academic teachers are tasked with reviewing materials in light of student assessment data to determine if there is a need to modify curriculum to increase performance outcomes.

California’s 1997 academic content standards and the more recent Common Core State Standards (CCSS) for English Language Arts and Mathematics are equal in their level of rigor and call for high expectations of all students. However, the Common Core Standards provide for additional skills and knowledge necessary in a global economy and technology-rich workplace. Under the CCSS, students will learn to work collaboratively and use digital media to express and present evidence-based fiction and non-fiction literary analysis. The CCSS also focus on extending mathematical thinking to real-world challenges so that students develop a depth of understanding and an ability to solve everyday problems through the power of mathematics.

The School of Unlimited Learning is fully committed to the complete and successful implementation of the Common Core State Standards (CCSS). Since the 2014/2015 school year, SOUL has received Common Core Implementation training from the K-12 Center for College & Career Readiness. For the past four years, all staff development efforts have focused on best practices in preparing teachers for the implementation of the Common Core Standards and integration of English Language Arts literacy into all areas of the curriculum.

SOUL’s reflective lesson planning incorporates core, literacy, and ELD standards in each unit of study, incorporating differentiated instructional approaches for English Learners. SOUL efforts to align its curriculum and instruction delivery ensure that all SOUL students have access to the Common Core State Standards, literacy standards, and ELD standards. SOUL continues to receive professional development ELD training through Fresno Unified’s English Learner Services’ Office. SOUL, which is fully accredited by the Western Association of Schools and Colleges (WASC), is actively committed to a continuous academic improvement. WASC provides a structure for continuous school improvement as an ongoing process. This has helped SOUL to analyze, evaluate, and improve its instructional program. This increases academic rigor through the development and implementation of best practices in curriculum and instruction. SOUL’s

commitment to program improvement will continue to play a pivotal role in its implementation of the Common Core.

Scope and Sequence

~~Students are assigned individualized, prescriptive language arts and math curriculum through Edgenuity's MyPath. Each year pacing calendars are updated to ensure alignment of curriculum and instruction with grade level standards. Pacing calendars address specific standards on a weekly basis. The pacing calendar describes when each standard should be taught and shows the specific locations of each standard in the adopted texts.~~ Supplementary materials continue to be created to address any tested standards not adequately covered in the adopted textbooks. All tested standards are strategically designed to be taught and reviewed before test dates.

Each course offered at SOUL has a developed scope and sequence, as well as a developed course description. Teachers ~~use pacing charts to~~ teach curriculum in accordance with state standards. Students are expected to demonstrate performance objectives in accordance with the state standards. Students are administered formative exams, benchmark tests, and summative exams to determine if standards are being mastered and which skills need to be re-taught. Students who fall below mastery level are given additional instruction and assessment in specific areas. Tutoring is available ~~after school~~ four days per week to all students who fall behind and require additional assistance.

Direct Instruction and Common Core

~~In all classrooms, teachers~~ Teachers utilize differentiated and direct instruction to deliver common core lessons that are aligned to state standards. ~~Achieve 3000 is incorporated into every subject to increase reading skills. All teachers write lesson objectives and standards on the board.~~ Daily essential questions to lessons, checking for understanding, pair sharing, collaborative work, and the use of technology can be observed ~~in all classrooms with all students~~. Reflective unit plans, along with regular assessment of student learning and deliberate assessment planning based on the standards within the unit plans, are used school wide. ELD strategies such as contextualization and front-loading are used across curriculum.

Strategies are also utilized to engage students by using academic vocabulary, collaborating orally and encouraging interaction with others. Guest speakers and field trips are incorporated into the school day to provide hands-on experiences for specific careers. Staff meets to discuss student issues and to share best practices on a regular basis.

Teachers submit lesson plans that are based upon core, literacy, and ELD standards, as well as the school's ESLRs, direct instruction, checking for understanding, increasing DOK levels by clustering standards with literacy or math practice standards. Reflective lesson plans incorporate summative and formative assessments. They utilize direct instruction, scaffolding and constant CFU (checking for understanding). There are daily assignments with student input on lesson delivery, one-on-one teacher/student conversations, group and individual content projects and essays with rubrics. Teachers have daily tutorial hours ~~after school~~ for students in need of support

and can assign specific students to attend these sessions as needed. Strategies are employed where students offer and justify opinions with evidence and oral presentations. This keeps students engaged while they collaborate and interact with each other.

Deconstruction of standards facilitates the identification of specific cognitive tasks and content details, as well as facilitating the creation of lessons with specific purpose. Deconstructing the standards helps the teacher process the learning outcomes and organize lessons strategically.

With such a small student population teachers can easily recognize the needs of each student. ~~In small classes~~—teachers are able to work one-on-one with students ~~in class~~ individually or in small groups to ensure that the students are learning. Checking for understanding, random questioning, writing responses, guided questions and peer teaching are strategies used throughout lessons. Peer observations are done on a regular basis and unit plans are modified as needed. Students are placed in intervention classes to increase reading and math skills, when needed, for core classes.

Use of Student Data to Support Teachers

Teachers routinely use data to guide instructional decisions and meet students' learning needs. Data is used as an ongoing tool to formulate strategies to raise student achievement and implement instructional changes. Assessments and assignments are provided to students that reflect what students understand and how they are mastering standards.

Data from classwork and homework assignments, ~~—~~ Achieve 3000 (lexile levels), Accuaccess Prescription progress, and daily interaction with students are all utilized to adjust teaching for the most effective delivery of curriculum. Information from the student's Pathways dashboard (i.e., registration/enrollment, student's accommodations based on IEP's and EL status) along with teacher/staff observation and parent feedback are also used to adjust teaching.

Accuaccess scores and Lexile levels are used to determine student groups for many classes, and progress is monitored to move students between groups as needed.

Periodic assessments throughout the unit lessons and formative assessments are given on a regular basis. If students do not perform well on an assessment teachers will go back and reteach before moving on to the next standard.

School Pathways is used to monitor 504 Plans, IEP accommodations/modifications and to identify EL students so that assignments can be modified to fit student needs. As special groups show improvement or fall behind, teaching is adjusted for particular students as deemed necessary.

Literacy is continually monitored and recognized through Accuaccess tests, prescriptions, and lexile advancements. Lesson plans and curriculum are aligned with state standards for teaching common core. Discipline data and IEP data also helps with strategies to better teach students. Data provides teachers with information as to how students are progressing. As data is updated, teachers are able to modify teaching strategies, objectives and expectations. The data received

from PLATO and other assessments helps to drive the instruction. Data is often used to assign study groups and to help address the needs of SPED and EL students.

- Attendance data is used to assist teachers in identifying students who are in need of make-up work & after-school tutorial time.
- Behavioral and discipline data, as well as IEP's and 504 Plans are used to help develop learning plans and strategies for supporting students special needs and teacher effectiveness.
- Reading, writing, and Lexile data are used to determine complexity of documents/texts, strategic mixed-ability groupings of students, and scaffolding strategies to support struggling students/readers/writers.

During weekly meetings, the results from the data noted above are discussed by teachers. Teachers review whether the current implementation of teaching strategies and curriculum are achieving the expected results. Improvements and suggestions are brainstormed by all teachers.

Lesson plans are developed to ensure that each assignment is aligned with the state's common core standards in literacy, and ELA. This ensures that all students including SPED and EL students are meeting, the standards for their individual grade levels. ESLR's are used as a tool to motivate the students and to utilize positive reinforcement when they achieve their individual goals.

Lexile Levels as an Intervention Tool

Intervention is utilized based on scores from the Plato Accucess test and from Lexile Levels assessed through Achieve 3000. This data helps teachers determine if students need intervention, tutoring and/or modifications of work assignments and teaching strategies. Through the Achieve pretest, the lexile level is used to set goals for students to become career and college ready. Assessments for reading and math given at the beginning of the year to our students through Plato are used to assign prescriptions to intervene and raise students to the appropriate level of reading and math. Students work on these prescriptions throughout the semester.

Lexile levels measure the difficulty of texts and the reading capacity of students. By knowing Lexile levels the teacher can determine what strategies to incorporate into their lesson plans to help students build on vocabulary and comprehension along with writing skills. Lexile levels are also important when the teacher is providing background knowledge and the purpose for reading the text. The Lexile score can be used as a screening tool for student performance to gain an understanding of the gaps in student skill levels. Lexile levels can be used to place students in strategic groups for group work and projects. If students score low on their initial test they can be assigned to an Intervention class if further assessment indicates that the student is truly lacking grade level skills.

Targeted Strategies Across All Subject Areas

The following strategies have been implemented across the curriculum in both core and elective subjects to increase reading levels and promote greater student engagement:

- Reading for meaning (active reading): identifying major ideas, purpose, themes; raising questions; making inferences, reading to improve Lexile levels;
- Relevant education: drawing connections with what students are learning in school to their own experiences, other texts, and the world. Academic vocabulary instruction with tier 2 & 3 terms includes opportunity for meaning inquiry (synonyms, antonyms, examples, characteristics, etc.).
- Critical thinking: encouraging students to think of alternative answers, alternative strategies of problem-solving, and interrogating the validity of statements. Essential questions are asked in lessons to increase rigor in the classroom learning environment, make the content applicable to students' lives and increase academic achievement.
- Collaborative learning: project-based learning where students collaborate to complete a task.

Intervention Courses, Electives and Services to English Learners

SOUL's intervention program is regularly reviewed and evaluated to increase its effectiveness. CAASPP, CELD TELPAC, Accucess and other diagnostic tests are used to properly place students into intervention classes where they are provided remediation in addition to their grade-level classes. Intervention classes are used to bolster sub grade level skills in math and reading.

Additionally, all students must continue to receive at least one grade-level English Language Arts and math class if they are to do well on the CAASPP Smarter Balanced tests. The focus of regular classes is on grade-level content. Training is provided to teachers in differentiated instructional practices where the sub-skills are adjusted, but grade-level content is not. For example, utilizing low level reading materials while performing a grade-level analysis allows students to learn at grade-level pace.

SOUL continues to develop new elective courses for students as part of its in-both the Independent Study ~~and classroom-based~~ program. Elective courses, like all core courses, are taught by appropriately credentialed teachers, and include subjects like Personal and Family Living, Introduction to Careers, Street Law, Ideaworks, Child Development, Computer Literacy and Life Skills. In addition, Edmentum/Plato is the online software used at SOUL for credit recovery, and is offered ~~to both classroom-based students and Independent Study students~~ as elective credits. ~~Afternoon block classes are an additional option for Independent Study students who wish to enroll in a classroom-based elective course two days per week.~~ During the 2017/2018 school year, an increased number of Independent Study students participated in elective courses.

Other Methods of Instructional Delivery

Edmentum/Plato

Plato is an online, web-based program used by SOUL students for credit recovery courses. The online UC approved curriculum has enabled dozens of SOUL students to achieve success, learn at an individualized level and benefit from an instructional experience and pace that meets their unique needs. Students work on Plato at school and at home. Plato provides 21st century learning opportunities for students whose academic needs stretch beyond the constraints of the traditional classroom. Since so many of SOUL students are credit deficient, Plato provides an opportunity for students to earn additional credits by retaking a class they have previously failed while employing the accelerated use of technology. Plato's self-paced interactive curriculum, along with its internet-based features, has proven successful for non-traditional learners. The web-based curriculum is accessible from any internet connection. Plato includes courses in the core subjects of History and Geography, Math, Language Arts, and Science, as well as a variety of electives.

Technology in ~~the Classroom~~ education

As part of its program improvement plan, The School of Unlimited Learning has made a focused effort to integrate technology into the curriculum, especially in the core academic areas of reading and math. By using technology as a tool, SOUL students communicate effectively and globally, work collaboratively, use critical and analytical thinking skills, and use information wisely and responsibly. Staying informed and active in the technology community ensures that SOUL students and teachers receive the most up to date information and that technology is consistently used to enhance SOUL's curriculum. SOUL's ultimate goal is to prepare its students for a prosperous and productive future in a rapidly changing world.

Technology is available to students and teachers ~~in classrooms and in independent study. All classrooms are equipped with computers and internet access.~~ Computers with internet access are ~~also~~ available to ~~Independent Study~~ students who need to complete projects, conduct research, develop English and Math skills or complete online credit recovery lessons. Computers are also located in the school's Career Center for students to complete online career assessments. SOUL's online credit recovery program, as well as its web-based English and math intervention curriculum, is available to eligible students during and after traditional school hours. Computers are available to teachers and all students, including but not limited to special education and English Language Learners during school and after school hours. Each teacher is issued a laptop and a tablet.

During the school day, students use technology in a variety of ways. Each classroom at SOUL is equipped with mounted data projector. In SOUL's Reading Intervention classes, students reading below grade level utilize the Achieve 3000 web-based literacy program to develop English skills. Over the past five years, all teachers have increased the use of various content area specific software programs to enhance instruction. Students use the internet to gather research for Science and English projects. In Social Science classes, students have access to computers to better understand maps, geographic features and concepts. Students use the computers to enhance

reports and essays by using keyboarding and other technology skills. Recent technological advances include the installation of an interactive smart board in the Math room.

All teachers integrate technology into instruction. Most teachers currently use the Internet to research curriculum topics and enhance lesson plans. They use email to communicate with colleagues and students. Teachers submit lessons plans to school administration via email, Dropbox, and Google Docs. Electronic bulletins are used throughout the school to share information. Some teachers use presentation software to introduce units of study in content area subjects, and have their students submit assignments electronically through Schoology, email, or Google docs.

Serving Students with Disabilities

SOUL is compliant with all applicable state and federal laws in providing services to students with disabilities, including Section 504 of the Rehabilitation Act, the Americans with Disabilities Act (ADA), the Individuals with Disabilities in Education Improvement Act (IDEIA) and all other civil rights enforced by the U.S. Department of Education Office of Civil Rights. SOUL functions as a public school of the District for purposes of providing special education and related services pursuant to Education Code Section 47641(b). It complies with all state and federal laws related to the provision of special education instruction and services and all SELPA policies and procedures, and utilize appropriate SELPA forms. SOUL is solely responsible for its compliance with Section 504 and the ADA. The SOUL campus is accessible for all students with disabilities. Students with disabilities who enroll in SOUL shall be provided services as outlined in the MOU with the Fresno Unified School District.

Student Study Team

SOUL uses a systematic, problem-solving approach to assist students who are not making adequate progress. The school implements appropriate interventions for a student at the earliest indication of student need in order to ensure the student's success. If students are experiencing academic, social/emotional, behavioral, attendance, health and/or other needs, a Student Study Team (SST) meeting is held. The purpose of the Student Study Team is to: (1) inform parents of their child's progress and offer suggestions which may reinforce academic success; (2) lend ideas which support and/or modify the student's regular education program, and (3) decide whether or not assessment is needed to determine eligibility for Section 504 or for Special Education. Anyone who has a concern for a student can refer that student for an SST meeting. This meeting, which includes the identified student, his parent/guardian, teachers, a case manager, an administrator and any other pertinent personnel, acts as a forum for discussing identified concerns, as well as to consider all information relevant to the unique needs of the child. The team shares information about the student's strengths, their observations, and interventions/strategies that have been used in the past. The SST is a regular education function that addresses concerns and needs of identified students, and generates strategies for enhancing the success of the child. The SST tailors appropriate interventions to meet the unique needs of each student.

Section 504 of the Rehabilitation Act

SOUL recognizes its legal responsibility to ensure that no one with a disability is excluded from participating in, or denied benefits of, any program of the Charter School. Disability in this context refers to a physical or mental impairment which substantially limits one or more major life activities, including, but not limited to, learning. Any student who has such an identified disability is eligible for accommodations by the Charter School under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act.

The SOUL 504 team is a multidisciplinary team comprised of school staff members who are knowledgeable about the student being evaluated and who have an understanding of the evaluation data and placement options. The parent/guardian, as well as any other individuals pertinent to the well-being of the child, is encouraged to be involved in this process.

The 504 team reviews the student's existing academic, social and behavioral records, and makes a determination as to whether a 504 Plan is appropriate. If the student has already been evaluated under the IDEIA but found ineligible for special education instruction or related services, those evaluations may be used to help determine eligibility under Section 504. The 504 team assesses the nature of the student's disability and the impact upon the student's education.

If the 504 team deems the student qualified, the team is responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a Free and Appropriate Public Education (FAPE). A 504 plan describes the Section 504 disability and provides a combination of services and/or accommodations necessary to enable the student to receive the maximum benefit from their education at SOUL.

All 504 team participants, parents/guardians, teachers and any other participants in the student's education are given a copy of the student's 504 Plan. A copy of the 504 Plan is maintained in the student's file. Each student's 504 Plan is reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the Plan, and continued eligibility.

If during the evaluation or review, the 504 team obtains information indicating possible eligibility of the student for special education per the IDEIA, a referral for assessment under the IDEIA is made by the 504 team.

Services for Students under the "IDEIA"

The Charter School provides special education instruction and related services in accordance with the IDEIA, Education Code requirements, and applicable policies and practices of the District/SELPA. The Charter School remains a public school of the District for purposes of Special Education pursuant to Education Code Section 47641(b). No student shall be denied enrollment based on disability. SOUL shall comply with dispute resolution process of the FUSD SELPA.

As a public charter school of the District, solely for purposes of providing special education and related services under the IDEIA pursuant to Education Code Section 47641(b), in accordance with

Education Code Section 47646 and 20 U.S.C. 1413, SOUL ensures the appropriate referral, assessment, IEP development, modification and implementation procedures.

The School of Unlimited Learning acknowledges the importance of cooperating with Fresno Unified School District to ensure FAPE is offered to Charter School students. The Charter School agrees to promptly respond to all District inquiries, to comply with reasonable District directives, and to allow the District access to Charter School students, staff, facilities, equipment and records.

Pursuant to the guidelines stipulated in the Memorandum of Understanding between the School of Unlimited Learning and the Fresno Unified School District:

- Special Education Staff assigned by the Fresno Unified School District performs evaluations for students in need of tri-annual and initial assessments.
- SOUL's Guidance Counselor, or other appointed staff, serves as a coordinator between FUSD and SOUL personnel. The assigned coordinator stays abreast of federal and state laws and stays in close contact with the FUSD staff to ensure compliance.
- All IEPs are completed on Fresno Unified forms.
- The FUSD special education staff and assigned coordinator from SOUL ensure that SOUL teachers and administrators are given adequate notification of IEP meetings.
- The assigned FUSD special education staff informs the SOUL's Principal, parents, and students of any IEP meetings. The assigned coordinator assists as necessary to insure that parents are present at IEP meetings.
- The assigned coordinator or registrar informs the assigned FUSD special education staff or district immediately if a special education student is dropped from SOUL or if a new special education student is requesting enrollment into the SOUL program.
- The assigned FUSD special education staff informs the SOUL Principal and teachers of any special accommodations for special education students.
- All SOUL staff understands and complies with accommodations and/or modifications recorded within a student's IEP or 504 plan. Teachers ensure substitute teachers are provided with information necessary to ensure full implementation of IEPs or 504 plans.
- All special education records are kept in a secure and locked cabinet. All appropriate FUSD staff have access to these records as needed.
- SOUL understands its responsibility to provide special education instruction and related services to students enrolled in the school regardless of a student's district of residence.

- The FUSD school psychologist provides crisis counseling as needed.

Serving English Learners

Overview

The School of Unlimited Learning meets all applicable legal requirements for the English Learner (EL) as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent-English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School implements policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents. EL students are identified through the Home Language Survey and, beginning in 2017, the English Language Proficiency Assessments for California (ELPAC). The Guidance Counselor Coordinator serves as SOUL's EL Coordinator. EL students are redesignated upon meeting guidelines for redesignation.

Home Language Survey

The Charter School administers the home language survey upon student enrollment into the Charter School. Upon enrollment, every student, regardless of racial or ethnic background, is asked to complete a Home Language Survey (HLS) and a student enrollment form, which includes additional questions regarding home language. Upon request, home language surveys are translated and provided in the students' home language. The home language survey asks four questions that assist the school in determining the appropriate follow-up for the student. The Home Language Survey serves to identify students who come from homes where a language other than English is spoken, and does so in a manner that is equitable, comprehensive, and not based upon assumptions or stereotypes. The Home Language Survey is not used to assess or determine language proficiency. It is used as an indicator for additional assessment and data gathering.

~~CELDT~~/ELPAC Testing

If a student's Home Language Survey indicates that a language other than English is spoken in the home, student academic records are reviewed to see if the student has been designated an English Learner at their previous school or district. Student records are also reviewed to obtain the student's proficiency level. If student records are not available, the student is referred for assessment by Fresno Unified School District to determine initial proficiency levels and determine if language support services are necessary, and if so, the degree of services offered.

Students that have an established English Learner proficiency level and updated assessments are tested each year using ~~the California English Language Development Test (CELDT). The~~ English Language Proficiency Assessments for California (ELPAC) ~~will be the successor to the California English Language Development Test (CELDT), which has is been~~ the required state test for English language proficiency that must be given to students whose primary language is other than

English. Students also complete the Accucess Language Arts assessment each year. The results of these assessments, along with teacher recommendations, are used to determine whether the student meets the criterion for redesignation as fluent English proficient.

English Language Proficiency Assessment

All students who indicate that their home language is other than English will be tested with the ELPAC. The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment ("IA")

The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.

- Summative Assessment ("SA")

ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. In grades 9–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform. The ELPAC IA and SA will be administered via a computer-based platform.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window will be a four-month window after January 1 (February 1–May 31). The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window.

The Charter School will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from publisher. The ELPAC shall be used to fulfill the requirements under the Every Student Succeeds Act for annual English proficiency testing.

SOUL continuously makes a concentrated effort to maximize parent involvement and participation for parents of EL students. A Bilingual Advisory Committee was established in 2017 to further engage parents of English learners. The Bilingual Advisory group has active input along with all parents, staff, students, and the community stakeholders into SOUL's annual LCAP plan.

Educational Theory and Approach

The program for English Learners is designed to help students acquire fluency in English, to provide students with equal access to the academic core curriculum, and to help students maintain a positive self-concept. Students are taught the California Common Core State Standards, which incorporate California Literacy Standards and English Language Development Standards into daily instruction. The choice and combination of strategies used takes into consideration individual student needs, Federal, State, and local guidelines, academic best practices, and parent input. SOUL provides ~~an option of classroom based instruction or designated and integrated ELD to its EL students through its~~ Independent Study ~~programming to for English learners.~~. In addition to academic vocabulary reinforcement, teachers use adapted language to assist students in understanding content. Teachers also utilize gestures and visual aids to reinforce vocabulary acquisition.

Differentiated Instruction for English Learners

~~SOUL's classroom-based program uses an immersion model for English Learners.~~ All EL students have access to the core curriculum and grade level standards, and are also enrolled in an English intervention class. Teachers identify all EL students in their classes and include in their lesson plans differentiated instruction to accommodate their needs. The differentiated instruction is designed at a readability level that accommodates the EL student and, at the same time, ensures that the core content is at grade level. Small class sizes allow for individualized learning and additional student support.

The SOUL model of differentiated instruction requires teachers to be flexible in their approach to teaching, curriculum adjustment, and presentation of information to English Learners. ~~Classroom teaching is a blend of whole-class, group and individual instruction.~~ Achieve 3000 is incorporated into every subject to increase reading skills. ELD strategies such as contextualization and front-loading are used across curriculum. All teachers write lesson objectives and standards on the board. Daily essential questions to lessons, checking for understanding, pair sharing, collaborative work, and the use of technology can be observed in ~~all classrooms~~ the educational setting.

In classes with English Learners, teachers speak slowly, use frequent modeling, avoid using slang and idiomatic speech, use multi-sensory instruction and hands-on activities. They relate information, as much as is possible to their students' prior knowledge and they scaffold instruction. To enhance academic achievement, teachers create a language-rich classroom—learning environment with several different media (books, magazines, newspapers, audio-tapes, video tapes, and computer software), enabling students to access different learning styles and also help build connections. SOUL's annual professional development plan includes multiple English learner strategies and plans for successful implementation and incorporation into daily instruction.

Assessments are regularly utilized in all subject areas to monitor the English Learners' attainment of literacy skills. Assessments may be formal (curriculum-embedded) or informal, including interviews, surveys, and performance assessments. Pre and on-going assessments provide teachers a tool for monitoring the progress of all students, including English Learners. English Language Development materials are analyzed on a regular basis to ensure that each level of instruction represents a more advanced level of English acquisition.

In 2017, SOUL adopted Listenwise, a listening comprehension platform available to advance literacy and learning. ~~Used in several SOUL classrooms,~~ Listenwise improves English Learners' language skills with engaging listening practice, and assists students in building various depths of knowledge, from recall to strategic and extended thinking.

Since 2016, SOUL has utilized Flocabulary in core and elective classes. Flocabulary uses a hip-hop video platform to help students master standards-based academic skills and content while building core literacy skills through engagement, mastery and student creativity. Regular classroom evaluations of teachers are conducted to ensure that teachers are incorporating differentiated instructional strategies into their lessons to help English Learners succeed.

Professional Development

Teachers receive ongoing training in English Language Development differentiated instruction by educational consultants. English Language Development training incorporates strategies to ensure that all students understand grade level content. The focus of the training is the use of differentiated instruction for the varying ELD Levels.

Transition/Exiting

The goal of the English Language Development program at SOUL is English Language proficiency and demonstration of mastery in grade-level standards. Through ongoing evaluation of formative assessments such as ~~CELDT~~/ELPAC, Accucess and Achieve 3000, students are evaluated for transition through the stages of English proficiency towards redesignation. SOUL has adopted a standard for student transition and redesignation that includes academic performance, including CELDT/ELPAC, Accucess, Achieve 3000 and teacher evaluation.

A student is eligible for ~~redesignation-reclassification~~ based on the following criteria:

- Students must perform at a proficiency level of 800 or above on the on the Accucess Reading Test
- Students must ~~perform at a level of Early Advanced or Advanced on the overall score and at least Intermediate on the Listening, Speaking, Reading, and Writing subtests of the CELDT examination.~~have an overall performance level of 4
- Completion of the Teacher Observation of Oral Language Form indicating that the student is a Fluent English speaker.
- Parents are notified, and provided that they agree with the recommendation, their signature is obtained.
- Original redesignation forms are placed in student files and copies are sent to parents.

Each English Learner who meets the established multiple ~~redesignation-reclassification~~ criteria is classified as Redesignated Fluent English Proficient (RFEP). SOUL continues to track the academic progress of students who are redesignated from the language support program to ensure that they continue to perform satisfactorily in their grade-level coursework without the additional support of the English Learner program.

Monitoring

Each year, administrative staff observes and evaluates teachers throughout the year to ensure appropriate placement and teaching practices targeted to EL students and other special populations. Administrative and counseling staff audit student files annually to ensure EL program documentation compliance. The audit ensures that student files include: assessment results, home language surveys, redesignation forms, and any other information pertinent to adequate program placement and compliance.

Plan for Low and High Achieving Students

Students that are achieving below proficiency level are identified through Accucess, CAASPP, Achieve 3000 and teacher grade analysis. Students who are performing below grade level are assigned mandatory supplemental academic enrichment classes in order to raise academic achievement. Students also receive individualized tutoring as needed. Students who are identified as high achieving based on Accucess and Achieve 3000 assessments have the option to participate in special curricular offerings and concurrent enrollment in Fresno City College classes. Students who are considered high performing meet with the counseling staff to determine what plan is appropriate to promote continued academic challenges and educational success. Parents are informed of optional programs and classes to further enhance their child's education and abilities.

9th – 12th Courses and Content

Students in grades 9 through 12 are classified by graduation requirement year. Students who are below the expected number of credits per grade level are given opportunities for credit recovery, such as Plato, night school, and accelerated elective options. (Students enrolled in elective courses can opt to complete a project ~~outside of the classroom~~ to earn additional project-based credits for that particular course.) Technology is integrated in all core subject areas such as Language Arts, Mathematics, Social Studies, and Science.

Graduation Requirements

SOUL requires a total of 230 credits for a high school diploma. SOUL meets or exceeds the minimum course requirements of the California Education Code, section 51225.3.a.1, which states “At least the following numbers of courses in the subjects specified, each course having a duration of one year, unless otherwise specified:

- (A) 30 credits in English.
- (B) 20 credits in Mathematics, including Algebra.
- (C) 20 credits in science, including biological and physical sciences.
- (D) 30 credits in social studies, including United States history and geography; world history, culture, and geography; a one-semester course in American government and civics, and a one-semester course in economics.
- (E) 10 credits in visual or performing arts or foreign language.
- (F) 20 credits in physical education, unless the pupil has been exempted pursuant to the provisions of this code.

Along with the minimum state requirements, the School of Unlimited Learning requires its students to complete an additional 10 credits of English, an additional 10 credits of Mathematics, including Algebra and Geometry, an additional 10 credits of science, 5 credits of health or sociology, and 65 elective credits.

Our aim for every student at SOUL is grade level mastery of each subject area skill as determined by California the Common Core Standards. The core academic courses of the School of Unlimited Learning are aligned with the California Common Core State Standards.

SOUL teachers are credentialed by the State of California and regularly access professional development training in the pursuit of excellence in ~~the classroom~~teaching. They record weekly, monthly, quarterly, and semester student progress results, and share them with the principal, counseling staff, and parents upon request.

All standardized tests and assessments are administered (and if appropriate, evaluated and analyzed) and disseminated by the counseling staff under the direction of the school principal. A veteran counseling and teaching staff assure the reliability and validity of standardized assessments by utilizing strict security measures as outlined by the particular assessment tool. The state-mandated assessments are administered to students in the Spring.

Accuaccess and Achieve 3000 document student improvement in reading and math. The pre-test is given within two weeks of a student enrolling into SOUL. The post-test is administered after ninety consecutive days of a student's enrollment each school year. The data is analyzed and results are reported to all stakeholders on an annual basis. The principal and the counseling staff analyze and evaluate data and, with teacher and student input, make recommendations for improvement in curriculum and instruction.

Categorical Funding

Consolidated Application

SOUL is a direct-funded charter school and eligible to receive Title 1A and Title IIA categorical funding. To receive eligible categorical funding, SOUL is required each year to submit the Consolidated Application, which is used by the California Department of Education to distribute categorical funds from various state and federal programs (e.g., Title I, Part A, Title IIA) to county offices, school districts, and charter schools throughout California. Every local educational agency (LEA) certifies the Spring Release data collections to document participation in categorical programs and provides assurances that the LEA will comply with the legal requirements of each program. The Winter Release of the application, certified in January of the following year, contains the LEA's entitlements for each funded program. Out of each state and federal program entitlement, LEAs allocate funds for indirect costs of administration for programs operated by the LEA.

Single School District Plan

In 2010, SOUL's LEA plan and Single Plan for Student Achievement plan were consolidated into the Single School District (SSD) Plan, which incorporates the required elements of both the LEA Plan and the SPSA. Each year, the plan is reviewed and, when necessary, revised to reflect changes in school goals. In the context of this Plan, improvements in instruction, professional development, course offerings, and counseling and prevention programs are means of achieving specific academic goals. All categorical funds are used according to federal guidelines to better serve under-achieving students of the School of Unlimited Learning. SOUL's charter is designated as a schoolwide program for Title I.

Local Control Accountability Plan and WASC Action Plan

In the development of SOUL's Local Control Accountability Plan, stakeholders from all groups reviewed SOUL's current charter goals, the updated WASC action plan, Title I Schoolwide goals, and goals of SOUL's LEA Plan. The group reviewed the performance of SOUL students over the past five years to validate the need for continued improvement in the identified areas. In addition to input from community members, SOUL surveyed staff, parents, and students to determine the greatest needs and concerns from each group. SOUL's leadership team reviewed input from all stakeholders. They synthesized input to include four major goal areas in the LCAP over the next

three years. The goals are fully aligned with the school's WASC Action Plan, which had a significant impact in the development of the school's LCAP:

1. Improve student academic performance by increasing reading and math levels of all SOUL Students.
2. Increase SOUL's graduation rate by offering expanded options for earning credits through flexible scheduling and more individualized instruction.
3. Create greater student connectedness to school and motivation for academic success. Increase efforts to identify, monitor, and support students who are at high risk of dropping out of school ~~in both the classroom-based and independent study programs~~, and make referrals to appropriate intervention resources.
4. Increase teacher/parent communication, ~~as an especially in SOUL's~~ independent study program, where parents are less likely to become involved in school activities designed for parents.

Each of SOUL's Local Control Accountability Plan goals clearly delineates specific Expected Annual Measurable Outcomes, which mirror the benchmarks for each of the goals set forth in the WASC Action Plan.

Performance data is compiled at the end of each year to measure the degree to which SOUL has met its WASC Action Plan and LCAP goals. Each year, these data are reported in both the LCAP Annual Update and WASC Action Plan Update.

Performance data are analyzed by staff and reviewed by all school stakeholders to identify program strengths and critical needs on an annual basis. Follow-up discussions with stakeholders provide additional resources to assist SOUL in better responding to critical learner needs. Revisions to the LCAP, based on the findings of the data, are made in conjunction with annual revisions and adjustments to the WASC Action Plan.

School Connectedness & Special Support Services

Most students who enroll at SOUL arrive having lacked a connection to the traditional high school setting, leaving them unmotivated and at risk of dropping out. To address this, SOUL has developed a more diagnostic approach to providing intervention and support services to its students. In addition to the aforementioned intervention strategies dealing with a student's academic needs, special resources are made available to address the student's personal, social, mental, emotional, and in some cases, physical needs.

Many of SOUL's students have needs that reach far beyond a diagnosed deficiency in reading or Math. Their educational shortcomings can usually be traced to a history of chronic truancy, often caused by insurmountable problems in the child's life that he/she has not been able to cope with or successfully overcome.

Learning best occurs when a student's social and emotional dynamics are conducive to learning. Unfortunately, many students come to school unprepared to learn because of undue emotional stress in their lives. With the help of the case managers at SOUL, along with a plethora of prescriptive supportive services, these students receive the attention and assistance they need to overcome the barriers that have led to truancy, lack of motivation and a history of academic failure.

Each student receives case management services primarily aimed at cultivating a stronger personal and social acumen. Their ability to deal with what is often a dysfunctional family and/or environment is vital to their personal and academic development. Case managers work closely with the students to access resources provided by Fresno EOC and other community agencies to address personal, family, social, and emotional needs. In addition to case management services, SOUL offers mental health counseling through Kaiser Permanente's Psychology department, as well as additional supportive services through Fresno State's Social Work program. Case managers are available to every student at SOUL, ~~whether enrolled in the classroom-based program or in Independent Study~~. A family meeting is held upon enrollment, followed by several individual meetings so that a trusting relationship can be developed. Due to the typical SOUL student's history of poor academic performance, truancy, and misbehavior, meeting with a SOUL case manager is often times the first positive interaction parents have had with the educational system in years. Case managers are well versed in student needs assessment, and appropriate service and resource referrals. Many of these referral based services are offered on, or near SOUL's campus such as:

- Mental health counseling provided by Kaiser Permanente's Psychology Department Interns.
- Personal coaching and support provided by Fresno State's Social Work Department interns.
- Temporary shelter and counseling for runaway and out-of-control youth by the EOC Sanctuary Youth Shelter.
- Child care and child development classes offered by Fresno EOC's Head Start/Early Head Start Program at SOUL's Early Head Start child development center
- Health service needs provided by Fresno EOC's health clinic.
- Housing and homelessness issues addressed by Fresno EOC's Housing Project services

For the past two years, SOUL has contracted with a local counseling center to provide Success for Life Training to SOUL students. Students and staff meet weekly in a group setting and in addition, individual coaching sessions are available upon request. Through the year, students and staff learn the power of creating a life vision and explore the dynamics of the steps necessary to translate vision into action. Students and staff build partnerships with one another while students practice goal-setting by imagining their lives in the short term and begin to build the foundation for their future. The support of partnerships is invaluable for success. Learning how to work as a team helps with developing social skills and communication skills, and has proven to have a positive impact ~~in the classroom~~ on students.

SOUL's greatest resource is not merely an academic program that mirrors other traditional and non-traditional high schools. Rather, SOUL provides a wide variety of avenues designed to connect students to school, whether it be through delivery of special resources and support services, or through participation in extracurricular activities. SOUL's alternative educational setting is a vehicle of opportunity, providing its students a way out of their previous cycle of truancy and disconnectedness. SOUL delivers relevant prescriptive resources and services designed to increase school attendance, connectedness, and involvement in extracurricular activities. Services include home visits to identified truants, individualized counseling, parent engagement opportunities, and scheduled participation in extracurricular and community activities.

SOUL provides a host of opportunities designed to connect students with the concept of school, such as youth mentoring, career development, leadership, community service clubs, musical education, and sports. All of these programs work hand in hand to create a level of mutual respect among students and staff, and an atmosphere of engagement between the students and their education. The personal relationships established in a small school setting allow for a greater understanding, acceptance, and tolerance among staff and students.

SOUL has developed an annual parent involvement plan, which encourages parents to attend scheduled meetings and activities throughout the year. Over the past five years, increased parent participation and communication with staff has correlated with increased student attendance, academic improvement, and positive student behavior and motivation. Truancy prevention efforts, pro-parent activities, academic support, and case management referrals have proven to lead to increased student attendance, an increased number of credits earned per semester, and more positive student behavior. SOUL's Truancy Prevention Officer works closely with the Principal to organize parent meetings focused on best practice parental strategies that can be used in addressing a child's lack of engagement in regards to education. Graduation roadmaps are developed for all 12th grade students. Graduation roadmaps include parent meetings, case management support, academic, personal, and career counseling, and a variety of community service referrals to insure a prescriptive course of action for each individual is prepared.

SOUL prides itself on developing school connectedness in each of its students. Every student is encouraged to participate in extracurricular activities. Participating in activities outside of ~~the~~ classroom/coursework helps students develop a relationship with the staff and educational environment, while encouraging a passion for regular attendance and pride in their accomplishments. For those students wishing to participate in sports, SOUL's athletic program welcomes them, regardless of athletic ability or previous grade point average. Some students choose to pursue the arts through learning a musical instrument, singing, painting or ceramics. Students are given several opportunities throughout the year to showcase their talents. Some students opt to participate in Leadership, where they find meaningful volunteer opportunities in their own communities, with the support and teamwork of their SOUL peers and staff. Many students enroll in the career block classes where they can explore their strengths and interests, find meaning in their education, and grow through networks in the community. Some glean value from the Youth Mentoring program where they are trained, then placed in a child care setting where they mentor pre-school age children, while receiving valuable guidance or "mentorship" themselves.

As with traditional, comprehensive high schools, SOUL offers ample opportunities for student involvement. However, SOUL distinguishes itself through its individual encouragement and relationship building with its students who have at other times felt isolated in the mainstream, and lacked the confidence to become invested in school. SOUL has earned a reputation for its ability to promote connectedness and growth in student confidence which make new students want to enroll and enrolled students want to continue coming every day. It is the support and assistance from SOUL staff that helps students ease their life stressors and free their minds to learn. It is then, and only then, that the ~~classroom~~-teachers can successfully impart the knowledge and expertise of their course content with a level of enthusiasm and high expectations for student success. At that point we recognize an increase in motivation to do well, the confidence to put forth greater effort to build skills which have been lacking, and the spirit to strive for academic, personal, and social growth.

Extracurricular Programs and Services

As previously mentioned, SOUL offers tutoring and remediation as part of its ~~after-school~~ program. Extracurricular activities are open ~~to Independent Study students as well as classroom-based~~ all students.

Charter School Athletic League

The Charter School Activities League (CSAL) was started by SOUL in 2000 as another means to improve students' commitment to education and provide positive alternatives in the form of recreational/social activities. This athletic component provides healthy, structured competition between charter schools, continuation schools, and other organized youth groups in the greater Fresno area. This program provides opportunities for students to compete with their peers and enjoy a fun, wholesome recreational environment. SOUL students are encouraged to participate in the CSAL sports program, which includes football, basketball, volleyball and mushball. At present, twelve alternative schools participate in the CSAL. Parents are invited to show their support for the school and their children by attending CSAL sporting events and are encouraged to take an active role in promoting school spirit and friendly competition. Each year, over 40 SOUL students participate in sports.

Attendance Expectations and Requirements

Students cannot ~~learn if they are not actively participating in their own learning~~ ~~earn if they do not attend school~~. Every SOUL student is expected to ~~arrive-engage in their~~ ~~classes every day~~ ~~with the required frequency articulated in their independent study master agreement~~ ~~or to and attend~~ their scheduled ~~class~~-appointments, on time and prepared to work with appropriate materials and assignments. Parent conferences are scheduled for students demonstrating excessive truancy. Attendance contracts are used to help students set goals and plan strategies for improvement.

~~The maximum number of full day absences that a student can have in the classroom based program in any given semester is 17. When a student reaches nine absences of any kind he/she is placed on an attendance contract. If the student breaks the attendance contract due to an invalid absence, the student may be considered for withdrawal from school. A student's absence may be termed valid due to personal illness, attendance at the funeral service of member of the immediate family, or a partial or full day absence due to a medical, dental, or court appointment. Valid absences are counted in the total number of allowable absences each semester.~~

~~There are times throughout the year that a student may be absent for more than one day due to illness, travel, or unexpected family crises. SOUL's classroom-based program offers a short term Independent Study option for students needing to be absent for a period of two to ten school days. Pursuant to California Education Code 51747, during their short term absence from school, students are assigned independent work, which is supervised by their parent/guardian and due upon their designated date of return. Students who successfully complete the assigned work are not marked absent during the days missed. Students who fail to submit completed assignments by the due date designated on their Independent Study contract are marked absent for all days missed. Students interested in the Short Term Independent Study program must meet with their case manager and complete all necessary paperwork before they can participate.~~

~~A call must be placed to appropriate staff within 24 hours of a student's absence to validate that day's absence. In the case of consecutive absences due to illness, a phone call must be placed every day that the student is out in order to validate those day's absences.~~

~~By the end of the first hour of school each day, a case manager collects attendance from all (classroom-based) first period classes to identify students who are absent. Phone calls are placed to a parent/guardian for each student to inform them of the student's absence and/or to determine the reason for the absence. As part of SOUL's outreach efforts, any absent student on the "Top 25" list (students who have established themselves as one of SOUL's 25 worst truancy cases) or student in violation of an attendance contract is the recipient of a home visit. Home visits are conducted to make direct contact with the parent/guardian and determine the basis for the student's absence. If deemed necessary, the student and family are referred to additional social services.~~

When an Independent Study student is absent, the teacher calls the student's home during the time of the missed appointment to determine the reason for the absence. Teachers give the students an opportunity to reschedule their appointment within the same week. It is considered an absence if an Independent Study student does not meet with his/her teacher at least once per week. Every effort is made to encourage students to keep their appointment and complete all assigned work. However, after three absences, or after three appointments with no work completed, an Independent Study student may be removed from the program due to lack of progress and/or poor attendance.

Notice to Parents of Student Transferability

Upon enrolling their child in SOUL and each year thereafter, parents are notified during a scheduled orientation of SOUL's transferability and its status for "a-g" course list approval. While SOUL is in

the process of obtaining the “a-g” course list approval, students have the option of taking UC-approved core courses through the concurrent enrollment program at a local adult school or on PLATO. Information in regards to course transferability to other schools and eligibility of courses in meeting college entrance requirements is also made available to parents at scheduled parent meetings and upon parental request. Each school year, the parent/guardian of each student receives a parent/student handbook that outlines each of the courses offered at SOUL.

If a student expresses a desire to return to their district high school, every effort is made to collaborate with that school’s counseling staff to ensure a seamless transition back into the student’s home school. The same effort applies should a student desire to transfer to another charter school or adult school. Upon request, a withdrawal form and transcript are provided to the parent and an official copy is sent to their school of choice. Every effort is made on behalf of SOUL staff to counsel the student and family regarding the transfer to ensure it is an appropriate choice for their academic success.

SOUL encourages all students to pursue the academic setting most beneficial to them. Historically, a very small percentage of SOUL students return to a traditional high school. Twelfth grade students who transfer out of SOUL typically attend another charter school, an adult school program, or simply drop out of school. In some cases, 9th, 10th and 11th grade students who choose to return to a traditional school will re-enroll at SOUL at a later time. Students often discover that upon return to a “traditional” high school, many of the same barriers and pitfalls are still present, further contributing to the students’ cycle of failure.

Charter School Goals, Measurable Outcomes, and Methods of Measurement

For purposes of this material revision, insofar as the law has changed in relation to the Eight State Priorities and law related to the Charter School’s goals, measurable outcomes, and methods of measurement, pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School’s operative annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the Charter School’s LCAP. Each of these goals addresses the unique needs of all students attending the Charter School, including our numerically significant student subgroups. The current LCAP is on file with the District.

Element B: Measurable Pupil Outcomes

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Education Code Section 47605(~~cb~~)(5)(B)."

The School of Unlimited Learning has met some of its charter goals within the current charter petition period. The following charts represent the four academic goals and two schoolwide goals stated in the current charter petition. The academic goals of the School of Unlimited Learning for the five-year period ending June 2018 are as follows:

Charter Goal	Progress Year to Date
SOUL will increase the annual pass rate of students taking the California High School Exit Exam two percentage points per year for a five year period ending June 2018.	From the 2013/2014 school year until CAHSEE was discontinued, SOUL met or made progress toward its goals, averaging 3-year growth rate by 20% in math and 18% in English language arts.
SOUL will increase the number of students performing at or above grade level in both reading and math each year for a five-year period ending June 2018.	Although SOUL met its established goals, for three consecutive years there was a downward trend in both reading and math in the percentage of students meeting or exceeded grade level.
SOUL will increase the percentage of students scoring at the proficient and advanced levels on the California Standardized Tests (CSTs) in English, Math, Social Science and Science by four percentage points each year for the five-year period ending June 2018.	Goal was discontinued due to elimination of California Standardized Testing during the first year of the charter. The goal was readdressed using test scores from the California Assessment of Student Performance and Progress (CAASPP).
Using the 2015 CAASPP test results as a baseline, SOUL will increase the percentage of students meeting or exceeding the standard by three percentage points in both ELA and Math	SOUL has exceeded its projected growth in ELA, but has fallen short in Math for the past two years. SOUL has performed lower than traditional high schools, but has outperformed similar alternative schools in most areas. All subgroups demonstrate a need for greater prescriptive efforts to address ELA and Math proficiency levels.
Each year for a five-year period ending June 2018, SOUL's graduation rate will meet or exceed SOUL's California cohort graduation rate goal set by the California Department of Education.	SOUL met or exceeded its state graduation rate all four years based on the alternative "five-year cohort method" which is used by the State for schools that do not meet the State target but have at least one additional graduate in the 5 year cohort. SOUL's internal graduation rate averaged 90% or above for four of the past five years.

Table 2: Progress toward academic charter goals: 2013-2018

The table below highlights SOUL's schoolwide goals for the five-year period ending June 2018:

Charter Goal	Progress Year to Date
SOUL students will demonstrate increased connectedness and motivation for academic success.	SOUL's schoolwide attendance rates have increased steadily over the past five years, while suspension rates have declined.
SOUL students will value and demonstrate knowledge for post-secondary education and career choices.	During the past five years, SOUL has increased its career technical education offerings and developed partnerships with the community to expose students to a wider array of career education opportunities.

Table 3: Progress toward schoolwide charter goals: 2013-2018

For the past five years, SOUL has met or made progress toward meeting most of its charter goals. For the upcoming charter renewal cycle, the School of Unlimited Learning stakeholder groups have worked with the school's leadership team to address performance goals and outcomes that are closely aligned with SOUL's WASC Schoolwide Action Plan and Local Control and Accountability Plan. An action plan for meeting the goals in the new charter has been developed for the goals which were not met in the current charter.

During the past five years, the State of California has undergone a myriad of significant changes. In 2014, the California Standardized Testing (CST) system was suspended in preparation for the Common-Core aligned CAASPP testing. Likewise, in 2016, the California High School Exit Exam was suspended. These two high-stakes testing systems constituted two schoolwide charter goals, which were modified due to State changes. Established in 2013, the Local Control Funding Formula restructured school funding in California and created the Local Control and Accountability Plan (LCAP), which requires each school district to engage parents, educators, employees and the community to establish these plans. The LCAP describes the school district's overall vision for students, annual goals and specific actions the district will take to achieve the vision and goals, and demonstrate how the district's budget will help achieve the goals, and assess each year how well the strategies in the plan were able to improve outcomes.

SOUL's academic performance results and subsequent program improvement efforts have resulted in changes to measurable pupil outcomes and learning goals. For the next five years, SOUL has defined two academic goals and two schoolwide goals, which are fully aligned with SOUL's Local Control Accountability Plan and WASC Action Plan. The school's research-based instructional practices and complementing curricular alignment with Common Core State Standards focus on professional development activities and the improvement of Common Core standards-based instruction. SOUL's new charter goals address the gaps and deficiencies in student academic performance as evidenced by the compilation and analysis of student data over the last five-year period.

New 2018-2023 Charter Goals

For purposes of this material revision, insofar as the law has changed in relation to the Eight State Priorities and law related to the Charter School's goals, measurable outcomes, and methods of measurement, pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School's operative annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the Charter School's LCAP. Each of these goals addresses the unique needs of all students attending the Charter School, including our numerically significant student subgroups. The current LCAP is on file with the District.

This section will present the new charter goals in light of the past five years of student data as of the Charter School's most recent renewal. The academic goals of the School of Unlimited Learning for the five-year period ending June 2023 shall include the following:

Academic Goal 1: Improve student academic performance and college and career readiness by increasing reading and math levels of all SOUL Students.

Academic Goal 2: Create greater student access to post-secondary opportunities by increasing school graduation rate.

Schoolwide Goal 1: Increase student connectedness and motivation for academic success during and beyond high school through increased student attendance and greater exposure to career education opportunities.

Schoolwide Goal 2: Increase student success through active parent participation, involvement, and engagement.

New Charter Academic Goal 1: Improve student academic performance and college and career readiness by increasing reading and math levels of all SOUL students.

Nearly 80% of all students who enroll in SOUL are severely skill deficient in math and/or reading. Since SOUL's inception nearly 20 years ago, the average entry reading level for incoming SOUL students remained consistent at a 6.5 grade level, whereas math levels have consistently averaged a 5.5 grade level. The averages of students coming from traditional high schools have remained virtually unchanged for the past five years. Close monitoring of student reading and math levels will continue to provide SOUL ongoing data regarding student achievement, and will assist in determining intervention needs.

Analysis of Student Data

Surrounding and Similar Schools Performance Data

The California Assessment of Student Performance and Progress data measures performance of 11th grade students taking the CAASPP ELA and Math exams. All available performance data from the California Department of Education website were used to compare three years of SOUL CAASPP results with those of surrounding and similar schools. To determine which schools were used for comparisons, SOUL calculated the numbers of students who enrolled in SOUL from each of the surrounding schools. The two traditional high schools with the highest population enrolling at SOUL over the past 5 years were Roosevelt and Fresno High. The performance of these traditional, comprehensive high schools (labeled “FUSD”) was compared to SOUL’s data. Comparisons of schools similar to SOUL’s demographics included two Fresno Unified alternative schools, Cambridge and J.E. Young, and a Fresno area charter school, Carter G. Woodson (labeled “Similar”). All scores reflect 11th grade student results, since CAASPP tests only 11th grade high school students.

As depicted in the tables above, in 2016, SOUL made a significant increase in ELA over the previous year, but dropped slightly in 2017. In overall math scores, SOUL dropped in 2016 over the previous year, but made slight gains in 2017.

Chart 1: 3-year comparison of overall ELA mean scale scores. (Source: CDE)

Chart 2: 3-yr comparison of overall math mean scale scores. (Source: CDE)

CAASPP results are presented in two ways. According to the CDE website, achievement level descriptors (not met, nearly met, met, and exceeded) are intended to aid interpretation of the four categories; however, they are less precise than scaled scores for describing student growth or changes in achievement gaps among groups of students since they do not reveal changes of student scores within the four levels. For the purposes of comparing SOUL's overall performance on CAASPP, only the top two Achievement Levels reported, failing to provide a detailed comparison of the overall performance of students. When comparing the average mean scale scores of SOUL to the average mean scale scores of the similar schools, SOUL has outperformed the similar schools for the past three years.

Comparisons by Subgroups

Due to SOUL's small enrollment, only three subgroups yielded reportable data: ethnicity, socioeconomically disadvantaged, and gender. Two SOUL subgroups- English learners and students with disabilities- were too small to yield reports.

Comparison by Ethnicity

Within the subgroup Ethnicity, only "Hispanic" was large enough to yield reportable results for SOUL. The tables below provide three-year comparative data of 11-grade students for the subgroup "Hispanic". The percentages of students who met or exceeded the standards were varied among

all of the similar schools, but SOUL scored the same or higher than 50% of the similar schools in the number of Hispanic students who met or exceeded standards all three years.

Comparison by Socio-Economically Disadvantaged

SOUL's socio-economically disadvantaged 11th grade students increased significantly from 2015 to 2016, but dropped in 2017. In Math, SOUL increased in 2017 after two years of zero percent of 11th grade students who met or exceeded the standard. In comparing similar schools, SOUL had a higher percentage of students who met or exceeded the standards in ELA two of the three years, outperforming JE Young and Cambridge all three years. The percentage of students who met or exceeded the standards in Math was low for all similar schools; however SOUL experienced an increase in Math achievement levels in 2017.

CAASPP English Language Arts

Consistent with SOUL's overall performance and that of other subgroups, in 2017 SOUL experienced a decrease in ELA among 11th grade males after a significant increase the previous year. Conversely, SOUL's 11th grade females increased steadily over the three-year period, outperforming the similar schools in 2016 and 2017.

CAASPP Math proficiency results revealed that after two years of zero percent of SOUL's 11-grade male students meeting or exceeding the standard, SOUL was the only school among similar schools to increase its percentages in 2017. Conversely, SOUL's 11th grade female students experienced two consecutive years of zero percent meeting or exceeding the standard in math after dropping significantly from 2015 proficiency levels.

Internal Data: Accucess Reading and Math Tests by Edmentum's Plato Systems

To measure student ongoing progress in reading and math, SOUL uses Edmentum's Accucess assessments. Students are given a pre-test, a mid-year test, and posttest each year to determine growth in reading and math. A student who scores 1000 or above is considered to be at grade level. Accucess creates an individualized prescription based on students' pre-test scores.

Chart 3: Four-year schoolwide percentage gains in reading. (Source: TABE and Accucess)

Chart 4: Four-year schoolwide percentage gains in math. (Source: TABE and Accucess)

During the 2013/2014 school year, SOUL students were given the Test of Adult Basic Education (TABE) 9 and 10 pre-test and post-test in math and reading. Due to SOUL's open entry admissions policy, pre-test and post-test dates were varied. Using TABE results from 2013, a baseline of 52% grade-level proficiency in reading and 22% grade-level proficiency in math, SOUL set as a goal in 2014 an annual increase of two percentage points in reading and four percentage points in math, with the overall goal of 62% in reading and 42% in math by 2018. It should be

noted that the goals were originally written using a baseline from only TABE results, which had revealed lower levels of achievement. The integration of multiple indicators resulted in higher student achievement outcomes. Since the original reading and math targets remained unchanged, it may appear that the goals were underestimated.

Prior to 2014, SOUL used TABE exclusively to measure growth in reading and math proficiency. Because TABE was a “no-stakes” test and many of SOUL’s high achieving students were not scoring well on post-tests, additional indicators were adopted. Using multiple measures is a more comprehensive indicator of student growth. In Fall 2014, TABE was replaced by Edmentum’s Accucess pre and post-tests and online reading and math prescriptions. CAASPP results replaced CAHSEE reading and math when CAHSEE was discontinued. Students who met or exceeded the standards on CAASPP were considered at grade level; however CAASPP measures only 11th grade student performance. Achieve 3000 was adopted to measure lexile level growth of all students. Using multiple measures, if students meet grade level in any of the indicators, they are counted among the students who met grade level.

As depicted in the table below, SOUL exceeded its established goals for all four years in both reading and math. However, despite this accomplishment, the data reveal a downward trend for the past three years. A possible explanation for SOUL’s downward trend was the elimination of CAHSEE. As a high-stakes test, CAHSEE encouraged more students to study harder to meet grade level standards by passing in order to graduate. When CAHSEE was discontinued, many students had little or no incentive to perform well on Accucess pre and post-tests or CAASPP.

Gains by Type of Program

During the 2014/2015 school year, with the adoption of Edmentum’s online Accucess testing, and the subsequent individualized prescriptions to assist students in reaching grade level, SOUL began to include in its reporting the students who tested at or reached grade level by the end of the year. The charts below depict gains in reading and math by program. “Seated” refers to the classroom based program, while “IS” refers to the Independent Study Program. In reading, the seated and Independent Study programs met or exceeded their goals in three of the four years of the current charter period. With respect to math, the seated program met its goals all four years, while the Independent Study program met or exceeded its goals three of the four years. However, the same downward trend over the past three years is evident in both the seated and Independent Study programs. Students in the Independent Study Program performed significantly lower than those in the seated program.

Gains by Grade Level

In the absence of State STAR testing, an analysis by grade level was conducted using Accucess data from 2015 to 2017. Since CAASPP measures only 11th grade student performance, Accucess results reveal student levels of performance in reading and math for all grades. Although CAASPP revealed a downward trend all three years, the 11th grade Accucess data demonstrates an actual upward trend in both math and reading.

With respect to reading, in 2015, only 9th grade students made a grade-level grain of one year or more. However, for the following two years, each grade level met or exceeded a one-year or more

gain. In math, all grades fell below the goal of a one-grade level gain in 2015. However, grades 9 through 11 made gains each year, while grade 12 dropped in 2017 after having made gains the previous year. Notwithstanding the declines in 2017, grades 10 through 12 met or exceeded a one-year gain two of the three years. Ninth graders exceeded the goal in reading, and made significant gains in math in 2017, after falling short of the goal the previous two years. The most significant gains in math were made in grades 9 and 10 during 2017. It must be noted that 11th and 12th grade students constitute over 70% of SOUL's student enrollment. Consequently, the significant gains in 9th and 10th grade reading have a limited impact on the overall percentage of student gains.

California High School Exit Exam

SOUL administered the CAHSEE through the 2014/2015 school year, at which time it was suspended by the California Department of Education. The California High School Exit Exam served as an indicator of SOUL students' math and reading proficiency levels, as well as of SOUL's graduation rate. SOUL collected and reported CAHSEE data by overall program and by grade level.

Overall CAHSEE Pass Rates

Consistent with SOUL charter goals, SOUL set as a minimum goal a 2% annual increase in ELA and pass rates each year for the three-year period ending in 2015. SOUL exceeded its goals in ELA two of the three years. Conversely, SOUL's CAHSEE Math scores fell short in the first two years, but exceeded its goal in 2014/2015.

Chart 7: SOUL CAHSEE ELA and math pass rates: 2013-2015.
(Source: CAHSEE Summary Reports, CDE)

As indicated in the table below, SOUL's overall pass rate in English Language Arts from 2013-2015 was 39%, exceeding the overall three-year pass rate goal average of 33%. Likewise, SOUL's average pass rate in math was 30%, which exceeded the three-year pass rate goal average of 25%.

CAHSEE Pass Rates by Grade

When examining the CAHSEE ELA and pass rates by grade, SOUL's 10th grade students performed significantly better than the 11th and 12th grade students overall. Since 2013, SOUL's 10th grade students averaged a 49% annual pass rate in ELA (or 14% over the base year), whereas the 11th and 12th grade students averaged a 28% pass rate (7% average decrease over the base year). With respect to SOUL's 10th grade students significantly outperformed their 11th and 12th grade counterparts with an average five-year pass rate of 44% (25% average increase above the base year) as compared to a 23% average five-year pass rate (4% average increase over the base year) for 11th and 12th grade students.

Chart 8: SOUL CAHSEE ELA and math pass rates by grade level: 2013-2015.
(Source: CAHSEE Summary Reports, Fresno Unified)

A comparison of the three-year average CAHSEE ELA rates by grade level revealed that 10th grade students outperformed 11th and 12th graders by 21% points. Likewise, the 10th grade students who took the CAHSEE Math test outperformed their 11th and 12th grade counterparts by 21 percentage points.

Implications

Intervention resources for skills deficient students, including English learners, have increased over the past three years. Students with deficiencies in reading and math were assigned individualized reading and/or math prescriptions to bring them to grade level. For Independent Study students, a tutorial schedule was devised for all skills deficient students, with scheduled time to work on their prescriptions before or after their appointments, or at any time before, during, or after school. The inclusion of Achieve 3000's reading improvement program into all core classes has provided additional support to students through a differentiated instructional approach. Achieve 3000 is aligned with State of California Core standards, and also incorporates literacy and ELD standards. Achieve 3000 has proven to be a valuable supplemental tool in developing literacy skills and increasing lexile levels. All teachers maintain a tutorial one day per week after school hours to assist Independent Study students performing below grade level in reading and math. ~~Classroom-based students are also encouraged to stay after school during their tutorial to work on their prescriptions.~~

Areas for Improvement/Growth

A comprehensive review of SOUL's Charter Goals over the past five years reveals progress has been made in some areas with respect to increased student achievement, while some deficiencies exist in other areas. Notwithstanding increases in intervention resources, scores for reading and math reveal a slight downward trend for three consecutive years. A primary cause for the decline in reading and math scores is that most Independent Study students have not taken advantage of their tutorial options and have not made their math and reading prescriptions a priority. Moreover, monitoring of student progress and growth in reading and math proficiency has been inconsistent.

Overall, comparing SOUL's CAASPP results to those of traditional, comprehensive high schools and similar schools, SOUL has outperformed similar schools in most areas, while lagging behind traditional schools. Increased efforts must be made to ensure that a greater percentage of students meet or exceed the standards in both English language arts (ELA) and Math.

SOUL has identified curricular gaps in its program, specifically in regards to preparing students for the CAASPP. More than half of SOUL's 11th grade students enroll well into their 11th grade year and have not previously passed Algebra I. Few 11th graders have the opportunity to take Algebra II prior to their taking the CAASPP test. A large percentage of the questions on the CAASPP include Algebra II standards. Curricular changes are needed to address this challenge.

Action Plan

A strategic, prescriptive approach is needed to address deficiencies. To reverse the downward trend in ELA and math proficiency, in Spring 2018, SOUL formalized a process to monitor mandatory prescriptions for all students in both instructional programs. Student progress and growth in reading and math proficiency is consistently monitored by teachers on a weekly basis. ~~All classroom-based students attend a 60 minute study hall once a week. Independent Study students attend an additional hour per week to work on their reading and math prescriptions.~~

~~Teachers are available to assist all students individually or in small groups. Moreover, Skills-~~deficient students ~~in both the classroom-based and Independent Study programs~~ will be required to take an additional ELA and/or math skills course to address their deficiencies. English learners ~~enrolled in Independent Study~~ will be assigned an English intervention class every week in addition to their Independent Study coursework.

In response to SOUL's achievement gap in CAASPP ELA and Math, SOUL will utilize the Northwest Education Association's Measures of Academic Progress (MAP) Interim Assessments, which are designed to measure a student's academic achievement and to calculate academic growth throughout the year. Beginning in the 2018-2019 school year, the Interim Assessments will be administered in the fall, winter, and spring of each year. Interim Assessments will serve as quarterly benchmarks, since they are aligned to California Common Core English language arts and math standards. Teachers will use MAP assessment results to guide instruction, which will provide a comprehensive picture of student learning: how much they've grown, what they're ready to learn, and the specific skill gaps they need to master.

Interim Assessments will measure progress toward meeting grade-level standards, allowing SOUL teachers to meticulously monitor each student's strengths and deficiencies by connecting assessment data to instruction. Interim Assessments are aligned to both the Edmentum and Achieve 3000 curricula used by SOUL. Whether a student enrolls at the beginning of the school year or mid-year, SOUL teachers will use assessment results to identify strengths and gaps, and tailor instruction to meet the needs of each student. Because MAP tracks individual student growth over time, it can help predict each student's level of proficiency and college readiness. MAP Interim Assessment data will be reviewed twice per year, and be included in mid and year-end student proficiency status reports. Interim Assessments data will measure by grade level student progress toward meeting grade-level standards. A baseline will be established during the 2018-2019 school year to determine reasonable and attainable grade level goals.

To address the curricular gap in math, SOUL will develop an integrated curriculum which incorporates Algebra I, Algebra II, and Geometry standards. All 11th grade students who have not passed algebra I at the beginning of their 11th grade year will be placed into an Integrated Math course to ensure that they will have been introduced to Algebra II standards prior to taking the CAASPP test. Moreover, this course will provide college-bound students with better preparation for post-secondary education by reinforcing previously learned standards in Algebra I and Geometry. Algebra II will be offered to all students who have completed Algebra I and Geometry prior by the end of their 10th grade year.

New Charter Academic Goal 2: Create greater student access to post-secondary opportunities by increasing SOUL's graduation rate.

CDE Graduation Rate

Nearly 95% of students who enroll at SOUL are credit deficient. More than two-thirds of all SOUL students are 11th and 12th graders, and 30% are ages 18 or over. Students are provided ample credit recovery opportunities, intervention resources, as well as academic and social/emotional

support while enrolled at SOUL and working towards graduation. For all seniors, credit recovery is critical to obtaining a high school diploma. In a comparative analysis of credits earned, student achievement was examined from the semester prior to a student enrolling at SOUL to their first semester enrolled at SOUL. It was found that once enrolled at SOUL students earn an average of 31 credits in their first semester versus an average of 13.7 credits in the last semester at their previous school.

The table below depicts SOUL's official State graduation rate, both the 4 year cohort and 5 year cohort for the past five years. Annual Yearly Progress data from the California Department of Education reveals that SOUL has met or exceeded its statewide graduation rate during the past five years. The table below reflects the available graduation rates through the 2015/2016 school year.

Grad Rate	2013	2014	2015	2016	2017
5Y Cohort	33%	44%	44%	41%	Not Available
4Y Cohort	33%	25%	20%	34%	Not Available

Table 19: SOUL's State graduation rates: 2013-2016 (Source: CDE)

Notwithstanding SOUL student increases in credits earned, students who graduate during their fifth or sixth year are not factored into the four-year cohort graduation rate, skewing the actual graduation percentages downward. Thus, the State cohort graduation rate is detrimental to alternative schools who serve fifth, sixth and seventh year seniors, since it does not accurately reflect the actual percentage of graduates. For this reason, the California Department of Education developed the five-year Year Cohort calculation for alternative schools, such as SOUL, which counts the additional graduates who are not in the 4 year cohort but complete credit requirements in their 5th year. Based on the 5 year cohort rate, SOUL met or exceeded the target graduation rate set by the State four years in a row, meeting the AYP Graduation Rate goal.

Internal Graduation Rate

In spite of the State's attempt to more accurately reflect graduation rates through the 5 year cohort calculation, it still fails to take into account the students who graduate in their 6th or 7th year of high school. Students can remain enrolled at SOUL until their 22nd birthday. Due to the fact that 30% SOUL's student population is 18 years old and older, and enroll credit deficient, there is a high number of 12th graders each year who will not be able to graduate within the school year. To more appropriately measure SOUL's graduation rate, an internal calculation was developed. Twelfth grade students who need 70 credits or fewer to complete graduation requirements are deemed "on track" to graduate. If a [twelfth-grade](#) student needs more than 70 credits to complete their 230 credit requirement, they are not counted in this calculation. The list of "on-track" twelfth graders is kept up to date as new students enroll. It is also adjusted at the beginning of the second semester based on the credits earned by the students during the first semester. At the beginning of second semester, it is expected that students will need 40 or fewer credits to still be considered "on track" to graduate. Any student initially on track to graduate upon enrolling at SOUL who becomes credit deficient during the second semester will be counted as a "non-grad" and will count against the internal graduation rate. Most students who are unable to complete their credit requirement by graduation choose to re-enroll during the summer or the following semester for graduation as a 5th or 6th year senior. In addition, those who were not considered "on-track" to graduate during the

given school year can re-enroll the following year. For example, during the 2016/2017 school year, of the 92 twelfth graders enrolled, only 53 were identified as “on-track” to graduate due to the number of credits needed to reach the 230 credit requirement. Of those 53 identified students, one dropped out. Of the remaining 52 students, 50 students successfully completed their credits for graduation. The remaining two students did not earn sufficient credits to graduate, and reenrolled for the 2017/2018 school year. Thus, SOUL’s internal graduation rate was 94%. The table below depicts an 8% increase in the internal graduation rate over the past 5 years.

Year	2013	2014	2015	2016	2017
12 th Grade Enrollment	102	107	100	107	92
“On-Track” to Graduate	44	40	34	52	53
Earned Diploma	38	36	32	49	50
Internal Grad Rate	86%	90%	93%	94%	94%

Table 20: SOUL’s Internal Graduation Rates: 2013-2016 (Source: SOUL Internal Records)

Additional data on the twelfth grade students who need more than 70 credits to graduate during the school year has not been recorded. Approximately 30% do continue their enrollment with SOUL, 25% transfer to an Adult School, and the others withdraw from SOUL for a variety of reasons.

SOUL’s internal graduation rate is used in shaping SOUL’s program in two ways. First, the internal rate provides SOUL an accurate measure the number of students on track to graduate at the beginning of their final year of high school. Second, it is important to monitor these students, who would otherwise have not completed high school and are not counted in any other graduation rate.

SOUL remains committed to providing alternative educational resources to all credit-deficient 12th graders to allow these potential dropouts a viable opportunity to obtain a high school diploma and prepare them for post-secondary options. In order to accurately measure this goal, the alternative internal graduation rate formula for SOUL has been retained in the new charter petition. Further monitoring of the 12th grade students not on track to graduate will also be considered in an effort to understand the services needed to retain the enrollment of all students to earn a diploma.

New Charter Schoolwide Goal 1: Increase student connectedness and motivation for academic success during and beyond high school through increased student attendance and greater exposure to career education opportunities.

Notwithstanding recent gains in student participation in co-curricular and extra-curricular activities such as sports and leadership groups, SOUL continues to struggle with lower than ADA to enrollment average. Similarly, students who enroll at SOUL have a higher than average history of suspensions from their previous schools. A majority of SOUL students are considered at risk of dropping out of school due to past history of truancy, behavior issues, and poor academic achievement.

Student Attendance and Suspension Rates

To demonstrate increased student connectedness and motivation, SOUL set as an annual schoolwide goal an increased attendance rate in both the classroom-based and Independent Study programs. During the 2011/2012 school year, the average daily attendance rate was 85% for the classroom-based program and 80% for the Independent Study program. Each year for a five-year period ending June 2018, SOUL set as a goal a 90% schoolwide attendance rate. As depicted in the graph below, since the 2012/2013 school year, SOUL's classroom based attendance to enrollment has experienced a four percent increase, up from 79% in 2013 to 83% in 2017. With respect to Independent Study attendance, the percentage of students attending versus total enrollment has experienced a significant 14% increase over the past five years. Overall, schoolwide attendance as compared to enrollment averages have increased by 11% over the past five years, from 80% in 2013 to 91% in 2017.

Graph 1. Soul Attendance Rate by Program 2013-2017 (Source: SOUL ADA)

Graph 2: SOUL Suspension Rate Percentages: 2013-2017 (Source: CDE)

Consistent with data from SOUL's 2010/2011 School Accountability Report Card, 33% of all SOUL classroom-based students had been suspended one or more times during the school year. SOUL set out to reduce suspensions by five percentage points each year for a five-year period. As depicted in Graph 2 below, SOUL's suspension rate has decreased steadily for the past three years. The implementation of a Restorative Justice Discipline model initiated in 2014 has resulted in decreased suspensions and an increase in alternatives to suspensions, such as mandatory parent/student counseling and parent meetings. As depicted in the graph above, SOUL has drastically reduced its percentage of suspended students from 33% in the Baseline Year to 6% during the 2016/2017 school year. The School of Unlimited Learning works to provide positive corrective measures through its In-school Suspension Community Service Program. Prior to the implementation of more serious disciplinary actions, students are given the opportunity to perform community service as a disciplinary course of action that results in positive community interaction.

It is important to keep in mind that many of the students who enroll at SOUL have had a prior history of defiance and disruption at their previous schools. Some have been expelled from

traditional schools and/or previously incarcerated for offenses such as fighting, theft, possession of illegal substances and weapons, and gang activity.

For the past two years, SOUL has contracted with a local counseling center to provide Success for Life Training to SOUL students. Students and staff meet weekly in a group setting, and in addition, individual coaching sessions are available upon request. Through the year, students and staff learn the power of creating a life vision and explore the dynamics of the action steps necessary to translate vision into action. Students and staff build partnerships with one another while students practice goal-setting by imagining their lives in the short term and begin to build the foundation for their future. The support of partnerships is invaluable for success. Learning how to work as a team helps with developing social skills and communication skills, and has proven to have a positive impact ~~in the classroom~~ on students. The implementation of the Success for Life Program has strongly correlated with a decrease in suspensions.

Expulsions

A student can be expelled for a serious offense or for a series of infractions that are detrimental to the order of the school. Students of the School of Unlimited Learning may be expelled from the charter school for persistent non-compliance with the terms of this charter or the rules, procedures, and policies outlined in the SOUL parent/student handbook.

Most students who violate SOUL's Zero Tolerance Policy may choose to withdraw and transfer to another school in lieu of going through the expulsion process. Thus, SOUL has expelled only two students in the past twenty years. In the case of a serious or violent violation, the expulsion process is non-negotiable.

Career Education Opportunities

If students are to succeed beyond high school, they must see the value in continuing their education, as well as possess the knowledge of career choices for the future. Over the past three years, SOUL has made strides with respect to preparing students to become viable participants in a developing workforce. SOUL students ages 16 and over are offered the opportunity to participate in courses that allow them to explore potential careers. In 2014, SOUL developed a partnership with Bitwise Corporation to incorporate a Coding/Computer Literacy course and formed a partnership with Central California Legal Services which provides students exposure to careers in the legal profession through the Street Law and Mock Trial programs. During the 2015-2016 school year, SOUL expanded its career courses to more actively engage students by providing them access to career training. New courses consisted of website development and video production. SOUL's Youth Mentoring Program, which is part of the Child Care Career Pathway, provides internship hours, a stipend, and scholarship opportunities to students completing the program.

During the 2016/2017 school year, SOUL entered into a partnership with Ideaworks, a neighborhood non-profit trade organization, to provide an innovative, hands-on experience for students in the areas of woodworking, blacksmithing, welding, glass-blowing, ceramics and 3D printing. With a focus on safety, skills, and process, Ideaworks has set a strong foundation in these

trades. It has allowed students to explore and refine their abilities in these potential career areas while earning elective credits toward their high school diploma.

In addition to the numerous extra-curricular opportunities provided at SOUL, there are a variety of co-curricular options that offer students the opportunity to explore skills and interests that could potentially lead to future employment and career choices. Currently, SOUL offers the following programs during afternoon block classes:

- Youth Mentoring—through a partnership with Fresno EOC's Early Head Start/Head Start Program, students are trained and placed in childcare centers as teacher aides for infants and toddlers.
- Street Law—through a partnership with Central California Legal Services, students are exposed to a variety of careers in the criminal justice system.
- Video Production— through a partnership with CMAC, students create and broadcast monthly videos highlighting school-related events.
- Music—Students are given the opportunity to learn and explore their creativity on guitar, keyboards, drums, and singing as well as stage, sound and lighting.
- Computer Literacy and Graphic Design—Through a partnership with Quiqlabs, students learn basic computer literacy and are exposed to beginning coding skills and basic graphic design.

Since 2014, SOUL has begun aligning its program with the efforts of other Fresno EOC programs in a collaborative fashion aimed at workforce preparation opportunities for SOUL students. During the 2015/2016 school year, over 15 percent of SOUL students participated in the All Youth, One System program through Fresno EOC's Employment and Training program. Fresno EOC offers paid internships to college-bound SOUL graduates through its Graduate Work Study Program. During the summer of 2017, the paid summer internship program was extended to ten SOUL undergraduates, allowing them to gain invaluable paid work experience to better prepare them for their senior year and beyond. Fresno EOC's Strategic Initiative for Education recognizes that through collaboration, SOUL can advance quality education and training to empower students and their families. Likewise, Fresno EOC's Strategic Initiative for Job Readiness calls for collaboration to create an alternative education environment that prepares individuals with job skills for careers aligned with market demands. SOUL's expanding Career Academy has increased job readiness skills to high school youth by actively engaging them in career preparation and training.

New Charter Schoolwide Goal 2: Increase student success through active parent participation, involvement, and engagement.

SOUL's revised charter goal calls for increased parent participation, especially among parents of Independent Study students. Typically, parents of at-risk high-school age students do not actively participate in their child's school activities. In alignment with the school's Local Control Accountability Plan, SOUL has developed an annual parent involvement plan which encourages parents to attend scheduled meetings and activities throughout the year. Parent attendance data collected from parent meetings, counselor meetings, and schoolwide events in which parents are

requested to attend reveal a high percentage of parents who do not attend school functions, despite frequent parent contact by teachers and staff, as well as occasional home visits.

Parent meetings are scheduled as reflected in SOUL's annual parent involvement plan. A greater percentage of parents participate in scheduled meetings with counselors and case managers throughout the year. Since 2012, 100% of all parents have attended at least one meeting during the school year, since it is mandatory for parents and students to attend an initial orientation upon enrollment. The 2015/2016 parent survey results revealed that parents want increased communication between home and school. This does not mean attending meetings five or six times a year; rather, they want ongoing communication from all school staff, including teachers, on their child's progress.

Home to school communication in both programs is a priority. With the adoption of School Pathways as our Student Information System, parents now have the opportunity to access their child's grades and attendance online. There has been a significant increase in parent contact and dialog between school and parents through the mandatory orientation prior to enrollment. SOUL continues to have more parent attendance at Parent Meetings that are held on a quarterly basis, rather than relying on a group of parents to organize and sustain a PTSA committee. SOUL takes pride in having 100% face to face contact with every parent, as well as hosting school events with up to 60% of parents in attendance. SOUL parents also serve on SOUL's Governing Council and there is a continuous effort to recruit interested parents and alumni parents to serve as representatives on the council.

~~While parent contact has increased for the students in the classroom-based program,~~ SOUL continues to seek ways to increase involvement and participation in regards to the parents of Independent Study students. Despite increased enrollment of Independent Study students, parent participation continues to be marginal at best. A further examination has revealed that Independent Study students are often engaged in additional activities, such as work, raising a child, or caring for an elderly family member. The flexibility of independent studies accomodates their schedule, however the parents do not regard their children as "full-time" students and therefore do not consider their role as a parent to be crucial to their child's academic success. Instead, they perform minimal duties such as reviewing their child's homework and signing off on the required paperwork so that their child successfully completes the program. SOUL makes every effort to include parents of Independent Study students. Despite our efforts, we have not made any significant impact in getting the parents of Independent Study parents to attend school meetings.

Notwithstanding the lack of participation among parents of Independent Study Students at scheduled parent meetings, there has been a significant increase of parent contacts and dialog between school and Independent Study parents. School support services are readily available to Independent Study students and their parents. Crucial services such as tutoring, career counseling, mental health counseling, and referrals to Fresno EOC and outside agencies for a variety of services are available and encouraged. Beginning in 2017, SOUL's Success for Life Coach began meeting with parents as part of SOUL's parent outreach services. This resource will be expanded in the coming years.

SOUL will continue to explore and implement strategies to increase communication with parents of Independent Study students, either in small groups or in larger parent meetings. The addition of mandatory parent/student counseling sessions throughout the year has not only increased parent involvement, but has also resulted in more positive student behavior. In addition to the efforts by the Truancy Prevention/Parent Liaison, SOUL case managers worked closely with the Guidance Dean to hold meetings with parents whose students were at risk of being removed from the program.

During the 2016/2017 school year, 100% of all parents/guardians of SOUL students attended at least one meeting throughout the year. For the 2017/2018 school all subsequent years, 100% of parents/guardians of all SOUL students will have attended one or more parent meetings.

Parents are surveyed in the fall and at the beginning of the second semester. The mid-year survey is due to the increased number of new students that SOUL receives at the beginning of the 2nd semester. The parent surveys focus on parent expectations and provide parent input as to how to increase parent engagement. The surveys provide valuable data to the school in terms of the resources parents need to help their child successfully graduate from high school.

Summary

As stated in the analysis and evaluation of each of the four goals, SOUL will collect, analyze, utilize and report student and school performance data as outlined in each of the goal sections above. SOUL will share performance data with all its stakeholders-parents, students, teachers, members of the Governing Council, and the community.

Element C: Methods to Assess Pupil Progress Toward Outcomes

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605(~~cb~~)(5)(C)."

The School of Unlimited Learning affirms that its exit outcomes will align to its mission, curriculum, and assessments.

For purposes of this material revision, insofar as the law has changed related to the Charter School's methods of measurement and assessment requirements, pursuant to Education Code Section 47605(c)(5)(C), a reasonably comprehensive description of the Charter School's operative methods of measurement can be found in the Charter School's LCAP and School Accountability Report Card ("SARC"). The current LCAP is on file with the District and the current SARC is on file with the CDE.

Measurable Pupil Outcomes and Learning Goals

This new petition provides a detailed description of SOUL's revised goals, which include annual data analysis, review, and submission of an annual comprehensive report to Fresno EOC Board of Commissioners. Furthermore, each goal bears its own set of performance enhancing tools. These mechanisms allow for consistent monitoring of student academic progress, as well as an effective data-driven approach to decision making regarding curriculum, instruction, and assessment of student performance.

New Charter Academic Goal 1: Improve student academic performance and college and career readiness by increasing reading and math levels of all SOUL students.

LCAP priorities addressed in Academic Goal 1: 2 (Implementation of State Standards); 4 (Pupil Achievement); 7 (Course Access); and 8 (Pupil Outcomes).

Expected Schoolwide Learning Results addressed Academic Goal 1: Academic Achievers, Critical Thinkers and Problem Solvers, Effective Communicators.

Consistent with priorities 2, 4, 7, and 8 of SOUL's LCAP and Goal 1 of SOUL's WASC Action Plan, SOUL will continue to assess student achievement goals to ensure that curriculum and instruction are aligned to student needs, and that all programs are fully supported, staffed, monitored, and evaluated. The school will refine its Common Core curriculum and instructional delivery through an annual professional development plan. All SOUL teachers will continue to receive professional development in Common Core training on an annual basis to ensure that their lessons fully incorporate core, literacy, and ELD standards. All students, including EL students and students with special needs, will have full access to core, literacy, and ELD standards.

Method of Measurement

SOUL will increase the percentage of students meeting or exceeding grade level to 75% in reading and 64% in math by the five-year period ending June 2023 for all subgroups. The 2016/2017 Accuaccess results in reading and math will serve as a baseline for growth for the next five-year period of the charter.

Metrics/ Indicators	2018-19	2019-2020	2020-2021	2021-2022	2022-2023
Accuaccess Reading	63% for all subgroups	66% for all subgroups	69% for all subgroups	72% for all subgroups	75% for all subgroups
Accuaccess Math	52% for all subgroups	55% for all subgroups	58% for all subgroups	61% for all subgroups	64% for all subgroups

Table 1: Projected growth in reading and math percentages 2019-2023

SOUL's CAASPP 2017 ELA and Math results will be used as a baseline to determine growth in ELA and Math for the next five-year period. As depicted in the table below, in an effort to close the proficiency gap, the percentage of students meeting or exceeding the standard at SOUL will increase to 27% in ELA and 17% in Math each year for the five-year period ending 2023. This goal applies schoolwide and to all measurable subgroups.

Metrics/ Indicators	2018-19	2019-2020	2020-2021	2021-2022	2022-2023
CAASPP Language Arts	19% will meet or exceed ELA standard	21% will meet or exceed ELA standard	23% will meet or exceed ELA standard	25% will meet or exceed ELA standard	27% will meet or exceed ELA standard
CAASPP Math	5% will meet or exceed Math standard	8% will meet or exceed Math standard	11% will meet or exceed Math standard	14% will meet or exceed Math standard	17% will meet or exceed Math standard

Table 2: Projected growth in CAASPP ELA and Math Achievement Levels for 2019-2023

Data Analysis and Evaluation

Student performance data will be collected, analyzed and reported each year to SOUL's stakeholder groups, including SOUL staff, the SOUL Governing Council, students, parents, and the Fresno EOC Board of Commissioners. The annual report will measure and depict actual performance rates compared to goals. Intervention strategies will be implemented to increase student achievement if goals are not met.

New Charter Academic Goal 2: Create greater student access to post-secondary opportunities by increasing SOUL's graduation rate.

LCAP priorities addressed in Academic Goal 2: 2 (Implementation of State Standards); 7 (Course Access); and 8 (Pupil Outcomes).

Expected Schoolwide Learning Results addressed in Academic Goal 2: Self-Directed Lifelong Learners, Responsible and Productive Citizens, Information Processors.

SOUL's Academic Goal 2 of increasing the school's graduation rate is in alignment with 2, 7, and 8 of SOUL's Local Control Accountability Plan (LCAP, and address) and Goal 2 of SOUL's WASC Action Plan.

Method of Measurement

Each year for a five-year period ending June 2023, SOUL's graduation rate will meet or exceed SOUL's California cohort graduation rate goal set by the California Department of Education. SOUL's Internal Graduation Rate will meet or exceed 95% each year for the five year period ending June 2023.

Metrics/Indicators	Baseline	2018-19	2019-20	2020-21	2021-22	2022-23

Table 3: Projected CDE Cohort and Internal Graduation rate goals for 2019-2023

Data Analysis and Evaluation

SOUL will continue to use an internal graduation rate calculation which more appropriately reflects SOUL's graduation rate. Seniors who are "on track" to graduate will be identified by SOUL's guidance counselor at the beginning of each school year. This list will be kept up to date as new students enroll. Students are considered on track for graduation if they need 70 or fewer credits to complete the 230-credit graduation requirement by the end of the school year. This list is kept up to date as new twelfth graders enroll and is adjusted at the beginning of second semester depending on the credits earned by the students during the first semester. At the beginning of the second semester, it is expected that students will need 40 or fewer credits to still be considered on track to graduate. Any student initially on track to graduate upon enrolling at SOUL and who becomes credit deficient in the second semester will be counted as a "non-completer". Data will be collected and reported each year. Findings will be reviewed with SOUL staff, the SOUL Governing Council and the Fresno EOC Board of Commissioners in an annual progress report.

New Charter Schoolwide Goal 1: Increase student connectedness and motivation for academic success during and beyond high school through increased student attendance and greater exposure to career education opportunities.

LCAP priorities addressed in Schoolwide Goal 1: 4 (Pupil Achievement); 5 (Pupil Engagement); 6 (School Climate); and 8 (Pupil Outcomes).

Expected Schoolwide Learning Results Addressed: Self-Directed Lifelong Learners, Responsible and Productive Citizens, and Information Processors.

SOUL's Schoolwide Goal 1, which addresses student connection and motivation through greater attendance and increased access to career education, is in alignment with priorities 4, 5, 6, and 8 of SOUL's Local Control Accountability Plan, and Goal 3 of SOUL's WASC Action Plan.

Method of Measurement

SOUL's 2016/2017 annual ADA to enrollment was 91%, representing an increase of two percent over the previous year. Using the 2016/2017 annual enrollment and ADA data as a baseline, combined student average daily attendance compared to enrollment in both the classroom-based and independent study program will meet or exceed the annual target goal of 92% ADA to total enrollment. The suspension rate reported in the School Climate Report of SOUL's School Accountability Report Card for the 2016/2017 school year was 6%. Using the 6% suspension rate as a baseline, SOUL will set a suspension-rate goal of 6% or less each year for the five-year period ending June 2023. The expulsion rate reported in the School Climate Report of SOUL's School Accountability Report Card for the 2016/2017 school year was zero. The annual target expulsion rate will be less than 2%.

Metrics/Indicators	Baseline	2018-19	2019-20	2020-21	2021-22	2022-23
ADA to Enrollment	90%	92% for all subgroups	92% for all subgroups	92% for all subgroups	92% for all subgroups	92% for all subgroups
Suspension Rate	6%	<6%	<6%	<6%	<6%	<6%
Expulsion Rate	<2%	<2%	<2%	<2%	<2%	<2%

Table 4: Projected Attendance, Suspension and Expulsion Rates, 2019-2023

SOUL will maintain its annual goal that 100% of all SOUL graduating seniors ~~from both classroom and independent study programs~~ will have completed a career assessment. Over the past three years, SOUL has made strides with respect to preparing students to become viable participants in a developing workforce. SOUL will continue to offer 11th and 12th grade students the opportunity to participate in courses that allow them to explore potential careers.

Metrics/ Indicators	Baseline	2018-19	2019-20	2020-21	2021-22	2022-23
11 th and 12 th Grade Student Enrollment in Career Education Courses	45%	50%	50%	50%	50%	50%
Seniors who Complete a Career Assessment	100%	100%	100%	100%	100%	100%

Table 5: Goals for Student Enrollment in CTE Courses and Career Assessment Completion 2019-2023.

Data Analysis and Evaluation

As reflected in the school's Local Control Accountability Plan and WASC Action Plan goals for 2017/2018, SOUL will collect, analyze, and evaluate student discipline and attendance data on an annual basis and make recommendations for program changes to improve attendance and decrease suspensions. Each year, SOUL will collect and report the percentage of students enrolled in CTE courses, as well as the percentage of graduating seniors who complete a career assessment.

New Charter Schoolwide Goal 2: Increase student success through active parent participation, involvement, and engagement.

LCAP priorities addressed in Schoolwide Goal 2: 3 (Parental Involvement); 4 (Pupil Achievement); 5 (Pupil Engagement); 6 (School Climate); and 8 (Pupil Outcomes).

Expected Schoolwide Learning Results addressed: Responsible and Productive Citizens, Self-Directed Life-long learners, Critical thinkers and Problem Solvers, Effective Communicators.

SOUL's revised charter goal calls for increased parent participation, especially among parents of independent study students. SOUL's Schoolwide Goal 2, is in alignment with priorities 3, 4, 5, 6, and 8 of SOUL's Local Control Accountability Plan, and Goal 4 of SOUL's WASC Action Plan.

Typically, parents of at-risk-promise high-school age students do not actively participate in their child's school activities. In alignment with the school's Local Control Accountability Plan, SOUL has developed an annual parent involvement plan which encourages parents to attend scheduled meetings and activities throughout the year. Parent attendance data collected from parent meetings, counselor meetings, and schoolwide events in which parents are requested to attend reveal a high percentage of parents who do not attend school functions, despite frequent parent contact by teachers and staff, as well as occasional home visits.

Parent meetings are scheduled as reflected in SOUL's annual parent involvement plan. A greater percentage of parents participate in scheduled individual meetings with counselors and case managers throughout the year than schoolwide parent meetings and activities. Since 2012, 100% of all parents have attended at least one meeting during the school year, as it is mandatory for parents and students to attend an initial orientation upon enrollment. The 2017/2018 parent survey results revealed that parents want increased communication between home and school. This does not mean attending meetings five or six times a year; rather, they want ongoing communication from all school staff, especially teachers, on their child's progress.

Method of Measurement

During the 2016/2017 school year, 100% of all parents/guardians of SOUL students attended at least one meeting throughout the year. For the 2017/2018 school year all subsequent years of this charter petition, 100% of parents/guardians of all SOUL students will attend one or more parent meetings. Parents are surveyed in the fall and at the beginning of the second semester.

The mid-year survey is due to the increased number of new students that SOUL receives at the beginning of the 2nd semester. The parent surveys focus on parent expectations and provide parent input as to how to increase parent engagement. The surveys provide valuable data to the school in terms of the resources parents need to help their child successfully graduate from high school.

Metrics /Indicators	Baseline	2018-19	2019-20	2020-21	2021-22	2022-23
Parent Meeting Attendance	100% for all subgroups	100% for all subgroups	100% for all subgroups	100% for all subgroups	100% for all subgroups	100% for all subgroups

Table 6: Goals for Parent Attendance and Parent Satisfaction: 2019-2023

Data Analysis and Evaluation

Data of parent participation will be collected through case manager logs of parent orientations, sign-in sheets from parent meetings, and logs of meetings by all school personnel, including school counselors, case managers, teachers, the principal and guidance dean, and the Success for Life coach. Parent survey data will be collected, analyzed, and reported on a semi-annual basis. The overall parent satisfaction rate, as determined by the survey, will be set at 80% or above each year for the five-year charter period.

Summary

As stated in the analysis and evaluation of each of the four goals, SOUL will collect, analyze, utilize and report student and school performance data as outlined in each of the new charter academic and schoolwide goals. SOUL will share performance data with all its stakeholders-parents, students, teachers, members of the Governing Council, and the community through mid-year and year-end status reports.

Element D: School Governance

"The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement." California Education Code Section 47605(~~bc~~)(5)(D).

Fresno EOC, founded in 1965, is a 501(c).3 non-profit organization, and is one of the nation's largest Community Action agencies. Fresno EOC's Board of Commissioners provides ultimate oversight of the School of Unlimited Learning.

The Fresno County EOC Board of Commissioners meets on the fourth Wednesday of each month except for July and August. All meetings are conducted in accordance with and pursuant to the Ralph M. Brown Act, Education Code Section 47604.1(c), and other applicable open meeting laws.

The Charter School has adopted a Conflict of Interest Code that complies with the Political Reform Act, Government Code Section 1090, et seq., as set forth in Education Code Section 47604.1, and Corporations Code conflict of interest rules, and which shall be updated with any charter school-specific conflict of interest laws or regulations. As required, the Conflict of Interest Code has been submitted to the County Board of Supervisors for approval.

Commencing July 1, 2023, and each year thereafter, upon receipt of a petition for student representation that meets the requirements of Education Code Section 47604.2(b)(2), the Board shall order the inclusion within its membership, in addition to the number of members otherwise prescribed, of at least one student member. A student member of the Board shall have preferential voting rights as defined in Education Code Section 47604.2(b)(4).

School Site Governing Council

The Governing Council, which also serves as the SOUL's School Site Council is an advisory council which regularly reviews all school operational, programmatic, and fiscal matters, and Council recommendations to the Fresno EOC Board of Commissioners for final approval. The SOUL Governing Council serves as an advisory council, and consists of 15 to 21 members. The Governing Council is comprised of representatives from the following interest groups and organizations

- Parents, students, and staff participating in the School of Unlimited Learning.
- Advisory board members or administrators from Fresno EOC programs focused on children and youth.
- At least one member of the Fresno EOC Board of Commissioners.
- Educators or administrators from Fresno Unified School District, Fresno County Office of Education, Fresno City College, and other school districts in Fresno County with a substantial interest in student achievement.
- Educators, administrators, researchers from public and private universities, with a significant interest in student achievement, school-to-career articulation, or education reform.
- Business and industry employers who are committed to developing a qualified workforce.
- Public officials, volunteers, mentors, or other members of the community with an exemplary interest in student success.

~~Any conflict of interest identified by a council member is resolved through ascertaining the degree of conflict and formulating a resolution acceptable to the Governing Council.~~

The Governing Council is responsible for reviewing the fiscal and programmatic policies and operations of the School of Unlimited Learning and for providing reports and recommendations to the Fresno EOC Board of Commissioners, which retains legal responsibility for the fiscal and programmatic operations of the School of Unlimited Learning.

The Governing Council meets on the second Tuesday of each month from September through May.

School Structure and Organization

The School of Unlimited Learning operates its school year program using the traditional track school calendar of Fresno Unified School District, with the option for students to attend additional summer school days. ~~Separate attendance is recorded and reported for SOUL's classroom-based and Independent Study programs.~~

Parental Involvement:

Parent involvement is essential to student success. Effectively engaging parents in the education of their children has the potential of reforming public education. Parents/guardians are encouraged to participate in the education of their child through a variety of avenues.

In accordance with Federal Title 1 requirements, the School of Unlimited Learning has developed a written Parent Involvement Policy, which describes how SOUL involves parents to improve student academic achievement and school performance. The Parent Involvement Policy includes a variety of ways that parents can become actively involved in their child's educational experience at SOUL. The Parent Involvement Policy is designed to help build the school's and parents' capacity for increased parent involvement. In the spring of each year, SOUL conducts an annual review of the content and effectiveness of the parent involvement policy and uses the findings of the evaluation to design more effective opportunities for parental involvement to increase student academic success.

Parent involvement is crucial to the development of school improvement. Throughout the year, there are several opportunities for parent participation. Regularly scheduled parent meetings, schoolwide assemblies, and Student Study Teams are many of the ways that parents can participate regularly with the school. SOUL makes a concentrated effort to maximize parent involvement, especially parents of EL students.

Parent Involvement Goals

- Parents play a crucial role in the joint development of a plan for continuous school improvement.
- Positive working relationship exists between educators and parents.
- Close communication exists between school and home.
- Strong parent involvement is evident through attendance and participation at school-sponsored events.
- Parents are viewed as a vital component to the academic success of their students.

Rights of Parents

- To expect that their child spends time at school in a safe, wholesome, stimulating atmosphere engaged in productive activity under the care and direction of a dedicated staff.
- To be assured that school personnel at no time preempts parental prerogative.
- To be informed of district policy, school rules, and regulations.
- To review their child's records with a certificated staff member.
- At the beginning of each academic year, schools receiving Title 1 funds must inform parents of their right to request information regarding the professional qualifications of their child's teacher. Also, any school that has been identified for Program Improvement or Corrective Action must promptly notify parents regarding an explanation of the identification as well as other requirements specified in the Act.

Responsibilities of Parents

- To visit the school periodically to participate in conferences with teachers, counselors, or administrators regarding the academic, attendance and behavioral status of their child.
- To support their child by ensuring that he/she receives adequate sleep, nutrition, and appropriate clothing before coming to school.
- To apply and maintain consistent and adequate restraints in regards to their child's overall behavior and to approve of reasonable behavioral guidelines as applied by school personnel.
- To cooperate with the school in bringing about improvements designed to enhance the educational program offered students.
- To provide the school with current information regarding legal address, phone, medical data, and other facts, which may help the school to serve their child.

Parent Involvement Opportunities

SOUL Governing Council

Parent involvement is essential to the success of the School of Unlimited Learning. Parent and student representatives are asked to participate in the School Site Governing Council.

SOUL Parent Advisory Meetings

Parent meetings are held regularly throughout the year. The meeting time and date is determined by the parents completing a questionnaire when enrolling their child or at Back to School Night in September. The meetings focus on information pertinent to parents, such as school improvement efforts, mandated testing, school policies and procedures, etc.

Communication

Parents are kept abreast of school activities, events, and the educational progress of their child. The student's case manager, teachers, school administration, and counseling staff initiate contact with parents through phone, mail, email, and/or personal visits. Communication between

the school and home is regular and meaningful thus providing a foundation of trust and collaboration. As parents and educators successfully correspond, problems are more readily resolved and students make greater academic progress.

Learning

Parents have active participation in selecting placement options with their child. Regular attendance, providing basic clothing and supplies, assisting with homework, and taking a personal interest in the academic advancement of their child are strongly encouraged. Emphasis is given to the family in becoming the primary accountability structure for the success of their student.

Volunteering

Parents can help the school through assisting in Charter School ~~the classroom, in other~~ learning environments, in co-curricular and extra-curricular activities, volunteering to assist with clerical tasks, sharing special skills or knowledge, or mentoring other youth.

Advocacy

Public Random Drawing

Applications will be accepted during publicly advertised open enrollment periods(s) each year for enrollment in the following or current school year. Following the open enrollment period(s) each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, the Charter School will hold a public random drawing (or "lottery") to determine admission for the impacted grade level, with the exception of existing students, who are guaranteed admission in the following school year. Admission preferences in the case of a public random drawing shall be given to the following students in the following order:

1. Siblings of students admitted to or attending the Charter School
2. Children of Charter School teachers, staff, and board members
3. Residents of the District
4. All other applicants

The Charter School agrees to adhere to the requirements related to admission preferences as set forth in Education Code Section 47605(e)(2)(B)(i)-(iv).

The Board of Directors will take all necessary efforts to ensure lottery procedures are fairly executed. Lottery spaces are pulled in order of grade level by the designated lottery official (appointed by the Chief Executive Officer). Separate lotteries shall be conducted for each grade in which there are fewer vacancies than pupils interested in attending. All lotteries shall take place on the same day in a single location. Lotteries will be conducted in ascending order beginning with the lowest applicable grade level. There is no weighted priority assigned to the preference categories; rather, within each grade level, students will be drawn from pools beginning with all applicants who qualify for the first preference category, and shall continue with that preference category until all vacancies within that grade level have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above.

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a wait list according to their draw in the lottery. This wait list will allow students the option of enrollment in the case of an opening during the current school year. In no circumstance will a wait list carry over to the following school year.

Public random drawing rules, deadlines, dates and times will be communicated in the application form and on the Charter School's website. Public notice for the date and time of the public random drawing will also be posted once the application deadline has passed. The Charter School will also inform all applicants and interested parties of the rules to be followed during the public random drawing process via mail or email at least two weeks prior to the lottery date.

The Charter School will conduct the lottery in the spring for enrollment in fall of that year, and at periodic intervals during the then-current school year as necessary. In the event that an opening arises or exists during the school year and the Charter School has exhausted its wait list from the preceding lottery, or there was no prior lottery and wait list, the Charter School will conduct a random public drawing according to the procedures above at specified open enrollment intervals during the school year.

Student Suspension and Expulsion

Pursuant to California Education Code, Sections 48900 through 48927, students of the School of Unlimited Learning may be expelled from the charter school for persistent non-compliance with the terms of this charter and the rules, procedures, and policies outlined in the SOUL parent/student handbook. SOUL maintains a comprehensive set of student discipline policies. These policies are distributed as part of the school's parent/student handbook and clearly describe the school's expectations regarding attendance, mutual respect, substance abuse, violence, safety, work habits, and acceptable behavior.

Suspension, the temporary removal of the student from the student body, is a serious disciplinary sanction. A student is suspended for repeated major behavioral violations or for serious misconduct after having been placed on a student contract. A suspended student is removed from all extra-curricular and co-curricular activities for a designated period of time.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardians right to request a hearing to challenge the involuntary removal. If a student's parent, guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, , the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 9 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned. In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth below.

Withdrawal-Removal from Program

In lieu of expulsion and under applicable circumstances, SOUL reserves the right to involuntarily remove a student from the program subject to the requirements of Education Code Section 47605(c)(5)(J). Upon recommendation by the Guidance Dean, the Principal pursues a student's expulsion and/or permanent-involuntary removal from the school. A student may be expelled for continual or serious misconduct (violation of Zero Tolerance Policy), or for a serious offense or for a series of infractions detrimental to the order of the school.

SOUL's procedures for handling student discipline, suspension, and expulsion from the program follow the procedures identified in California Education Code, Section 48900. Prior to enrollment, each student and his/her parent/guardian are required to verify that they have reviewed and understand the school policies. Students that have either violated the school's discipline policies, who have caused a serious disruption to the educational process, and/or who present a safety threat may be suspended for up to 5 school days. The school notifies and confers with the student's parent/guardian as soon as possible regarding the suspension. If the violation of the discipline policy constitutes a serious offense, and/or if the student presents an ongoing threat to the safety of the school in general, school administration may take action to expel the student from the school. In such cases, the school sends a written notice of the facts, allegations, and student/parent rights to the parent/guardian and a committee designated by administration holds a hearing regarding the offense. The committee may recommend that the student be expelled or offered reinstatement, as appropriate. These processes are amended as required by law to protect the rights of students with disabilities or exceptional needs.

This policy will apply to students in grades 9-12. Hereafter, all students who possess and/or commit the actions listed under the Zero Tolerance Policy are immediately suspended and recommended for expulsion, unless the particular circumstances of the case show that expulsion is inappropriate. No exceptions are made in the case of possession of a loaded or unloaded firearm.

Enforcement of Discipline

A pupil may not be suspended or expelled from the program, for any of the acts enumerated unless that act is related to SOUL School academia, activities and/or attendance under the jurisdiction of the Fresno Economic Opportunities Commission. A pupil may be suspended or expelled for acts which are enumerated in the Education Code and are related to school academics, activities, or attendance that occur anytime, including but not limited to, any of the following: while on school grounds, while going to or coming from school, during the lunch period (whether on or off the campus), during, or while going to or coming from a school sponsored activity.

The principal or designee takes appropriate action to eliminate possession, use, or sale of alcohol and other drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and wellbeing of students. Student possession, sales, and/or use of drugs or alcohol, and the results thereof, are subject to disciplinary procedure that results in suspension and/or expulsion.

Upon recommendation by the Guidance Dean, the Principal will pursue the student's expulsion and/or permanent removal from the school. A student may be expelled for continual or serious misconduct (violation of Zero Tolerance Policy outlined in the SOUL parent/student handbook and consistent with California Education Code, § 48900). A student can be expelled for a serious offense, or for a series of infractions detrimental to the order of the school.

All acts of violence committed and instances of possession of weapons are recorded per pupil, on their record. In every case, students who violate applicable Education and Penal Codes referenced by this policy are referred to the appropriate law enforcement authorities. Parents/guardians acknowledge receipt of the Zero Tolerance Letter of Notification by their signature.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the

student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Charter School Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the Charter School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act ("FERPA")) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;

- 6. The right to inspect and obtain copies of all documents to be used at the hearing;
- 7. The opportunity to confront and question all witnesses who testify at the hearing;
- 4.—The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Services During Suspension

Students suspended for more than ten (10) school days in a school year continue to receive services so as to enable the student to:

- Continue to participate in the general education curriculum, although in another setting.
- To make progress toward the goals set out in the child's IEP, and receive a functional behavioral assessment or functional analysis.
- Receive behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. These services may be provided on an interim basis in an alternative, educational setting.

Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, SOUL staff, the parent, and relevant members of the IEP Team reviews all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:

- a) If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability.
- b) If the conduct in question was the direct result of the local educational agency's failure to implement the IEP.

If the Charter School, the parent, and relevant members of the IEP Team determine that either of the above is applicable for the child, the conduct is determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team does the following:

- a) Conducts a functional behavioral assessment or a functional analysis assessment, and implements a behavioral intervention plan for said child, provided that the Charter School had not conducted such an assessment prior to the behavior that resulted in a change of placement;
- b) Reviews the child's behavioral intervention plan if the child already has such a plan (or develop one if necessary) and discuss what, if any, modifications would be necessary to address the behavior.
- c) Returns the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

Disciplinary Records

The Charter School maintains records of all student suspensions at the Charter School.

Expelled Pupils

Pupils who are expelled for misconduct or violation of the California Education Code are responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. SOUL staff work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placement.

Admission/Readmission Previously Expelled Student

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school is up to the sole discretion of the SOUL administrative staff as to whether the pupil poses a threat to others or is disruptive to the school environment.

SOUL's discipline policies and procedures are reviewed annually and, when necessary, modified to reflect changes in California Education Code, EOC Board Policy and charter law. SOUL recognizes the need for increased flexibility in dealing with safety issues, as well as due process protections for students identified with special needs. Special education records are used, in addition to discipline records, in making final decisions in regards to disciplinary action. The rights of students with disabilities will be upheld according to the federal and state rules and regulations that govern services to students with disabilities.

Element K: Staff Retirement System

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." Education Code Section 47605(~~cb~~)(5)(K).

All certificated and classified SOUL school staff are employees of Fresno EOC and are eligible for Fresno EOC benefits on the same basis as other Fresno EOC employees. Specifically, the Human Resources Department of Fresno EOC is responsible for the oversight of all coverage and payments, including Federal Social Security and an employer-supported pension plan.

FRESNO EOC POLICY 3050 PENSION PLAN

PURPOSE: To provide eligible employees with pension benefits in addition to basic social security benefits.

POLICY: It is the policy of Fresno EOC to provide a defined contribution pension plan funded by contributions made by Fresno EOC and voluntary contributions from employees. All benefits provided in the pension plan are described in the plan document which is available for examination in the Human Resources Office. This document is available for examination by any plan participant or beneficiary.

REFERENCE: Pension Plan of Fresno EOC as amended; Internal Revenue Code § 415; Employee Retirement Income Security Act of 1974; 1991 Omnibus Bill.

PROCEDURES:

I. CONTRIBUTIONS

On December 30, 1980, the Fresno Economic Opportunities Commission adopted a defined contribution plan. The benefits provided by the Plan are funded by contributions made by Fresno EOC plus the income derived from the investment of such contributions. Fresno EOC contributes an amount equal to five percent (5%) of each employee's compensation during the Plan year. Employees may, but are not required to, make voluntary contributions to the Plan in an amount not to exceed ten percent (10%) of their compensation during the Plan year. All amounts contributed may not exceed the limitations set forth in Section 415 of the Internal Revenue Code.

Accrued benefits derived from contributions made by Fresno EOC are immediately vested and non-forfeitable at all times. Employee accounts will be increased by investment earnings and decreased by any investment losses.

II. ELIGIBILITY

Employees become eligible to participate in the Pension Plan after they have completed two (2) years of service without an intervening break in service and have attained twenty-one (21) years of age. For purposes of determining eligibility for participation in the Plan, a “year of service” shall mean a consecutive twelve (12) month period commencing on the date on which the employee is employed and during which the employee completes not less than one thousand (1,000) hours of service.

III. ENROLLMENT IN THE PLAN

Employees who are eligible will be notified of their eligibility and will automatically be enrolled in the Plan. At this time employees may sign up to have voluntary contributions made to the Plan. Employees are required to complete a Beneficiary Designation form.

IV. DISTRIBUTION OF FUNDS

An employee may request distribution of funds within thirty (30) days (or ninety (90) days after the end of the plan year to receive income earned for the previous year) when either of the following events occur: (1) retirement, (2) termination of employment, or (3) permanent and total disability.

Terminating employees may elect to stay in the plan if their benefits are in excess of \$3,500, or they may elect to have a rollover made into a qualified plan which will accept a rollover.

V. RETIREMENT BENEFITS

Retired participants age sixty-five (65) or older may elect to receive a monthly, quarterly, or annual installment. Distribution of benefits must commence no later than April 1 of the calendar year following the calendar year in which a participant attains age seventy and one-half (70½).

VI. AMENDMENTS/TERMINATION OF THE PLAN

Fresno EOC reserves the right to amend the Pension Plan. No Plan amendment can reduce a participant's interest in the vested account balance, nor divert any portion of Plan assets to any purpose other than the payment of retirement benefits or defraying reasonable trust expenses. The Board of Commissioners of Fresno Economic Opportunities Commission has the authority to terminate the Plan by appropriate resolution and amendment. In the event of a Plan termination, a participant's interest in the Plan remains one hundred percent (100%) vested and non-forfeitable, and the participant's interest will be distributed as if the participant had terminated employment prior to retirement.

Element L: Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district ~~that~~who choose not to attend charter schools.” Education Code Section 47605(~~cb~~)(5)(L).

Requiring students to attend a charter school is prohibited by State law; therefore, enrollment in the School of Unlimited Learning is voluntary.

The public school attendance alternatives for pupils not choosing to participate in the charter school are:

- The nearest district public school.
- Other public schools within the district through intra-district transfer.
- Other public schools outside the district through inter-district transfer.

Students have no right to admission in a particular school of a local education agency as a consequence of enrollment in the School of Unlimited Learning, except to the extent that such a right is extended by the local education agency.

Element M: Rights of Employees

~~“A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” California Education Code Section 47605(~~cb~~)(5)(M).~~

The Fresno Economic Opportunities Commission is solely responsible for the hiring of all charter school staff, the setting of qualifications consistent with this charter, and the establishment and administration of employee compensation scales and benefits. Any Fresno Unified employee who leaves employment to work at the charter school will not have return rights to Fresno Unified School District.

Element N: Dispute Resolution

“The procedures to be followed by the charter school and the ~~entity granting the charter~~ chartering authority to resolve disputes relating to the provisions of the charter.” California Education Code Section 47605(~~bc~~)(5)(N)

If a conflict or dispute arises out of or relating to this charter and if the dispute cannot be settled through direct discussions, the parties agree to first endeavor to settle the dispute in an amicable manner by mediation. In the event that agreement cannot be reached through mediation, the matter is settled by arbitration administered by the American Arbitration Association and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof. The mediation filing fee and expenses of the American Arbitration Association and the mediator be borne equally or as otherwise agreed by the parties.

Fresno EOC/SOUL and the District are encouraged to attempt to resolve any disputes amicably and reasonably without resorting to formal procedures. All Charter School disputes other than disputes between the District and Fresno EOC/SOUL are handled in accordance with the Charter School's own internal policies.

In the event of a dispute between Fresno EOC/SOUL and the District, Fresno EOC/SOUL staff, employees and Board members of the Fresno EOC and the District agree to first frame the issue in written format (“dispute statement”) and to refer the issue to the District Superintendent and Chief Executive Officer of Fresno EOC or an appointed designee. In the event that the District Board of Trustees believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, Fresno EOC/SOUL requests that this is noted in the written dispute statement, although it recognizes it cannot legally bind the District to do so. However, participation in the dispute resolution procedures outlined in this section are not interpreted to impede or act as a pre-requisite to the District's ability to proceed with revocation in accordance with Education Code Section 47607. It is expressly acknowledged that the District's rights pursuant to Education Code Section 47607 supersede this dispute resolution process.

Fresno EOC and Fresno Unified School District designees shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than 5 business days from receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties will identify two Board members from their respective boards who shall jointly meet with the Superintendent and the Executive Director of Fresno EOC and attempt to resolve the dispute within 15 business days from receipt of the dispute statement.

If this joint meeting fails to resolve the dispute, Fresno EOC and Fresno Unified School District designees shall meet to jointly identify a neutral third party mediator to engage the Parties in a mediation session designed to facilitate resolution of the dispute. The format of the mediation session shall be developed jointly by Fresno EOC and Fresno Unified School District designees. Mediation shall be held within sixty business days of receipt of the dispute statement. The costs of the mediator shall be split equally between the District and Fresno EOC/SOUL. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section may be revised upon mutual written agreement of the District and the Fresno EOC/SOUL.

Element O: School Closure Procedures

~~"A description of T~~he procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. If the charter school leases or rents its facility from a related party or subsidiary, as identified in its audited financial statements according to generally accepted accounting principles in the United States, or owns its facility, the charter school shall include a statement describing its plans for the use of the facility in its final audit." California ~~Education~~ Code Section 47605(~~cb~~)(5)(PO)

The following are closing procedures that abide by California Education Code section 47605(~~cb~~)(5)(PO), should the School of Unlimited Learning close for any reason. The decision to close the School of Unlimited Learning either by the Fresno Economic Opportunities Commission's (hereafter referred to as Fresno EOC) Board of Commissioners or by the Fresno Unified School District Board will be documented in a closure action. The closure action shall be deemed to have been automatically made when any of the following occurs: the charter is revoked or not renewed by the FUSD Board of Education; Fresno EOC Board of Commissioners votes to close the School of Unlimited Learning; or the charter lapses. In the event of a closure, the following steps are to be implemented:

1. The School of Unlimited Learning and the Fresno EOC Board of Commissioners shall cooperate and assist the District in all matters pertaining to the closure of the School of Unlimited Learning, including, without limitation, working with the District in creating and implementing a Charter School Closure Agreement, attending meetings with the District, Fresno County Office of Education, and/or the State Department of Education, preparing a schedule of closing tasks with dates, obtaining and providing additional information and documentation, and interpreting and explaining any ambiguous records or information.
2. Closure of the School of Unlimited Learning will be documented by official action of the Fresno EOC Board of Commissioners or the Fresno Unified School District Board. The action will identify the reason for closure. The official action will also identify an entity and person or persons responsible for closure-related activities.
3. Fresno EOC/School of Unlimited Learning Board of Commissioners will promptly issue written notification by registered mail to parents/guardians and students of the Charter School, the District, the Fresno County Office of Education, and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

4. Fresno EOC/School of Unlimited Learning will ensure that the written notification to the parents/guardians and students of the Charter School of the closure provides information to assist parents/guardians and students in locating suitable alternative programs. The written notification will also include information on assistance in transferring each student to another appropriate school, and a process for the transfer of all student records.
5. Fresno EOC/School of Unlimited Learning will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.
6. Fresno EOC/School of Unlimited Learning shall provide written notification to FUSD of the list of returning students and their home schools, to be made promptly upon the closure action.
7. Fresno EOC/School of Unlimited Learning shall allow the District access, inspection and copying of all school records, including school financial and attendance records, upon written request by FUSD.
8. As applicable, Fresno EOC/School of Unlimited Learning will provide parents/guardians, students and the District with copies of all appropriate student records, including grade reports, discipline records, immunization records, completed coursework, and credits that meet graduation requirements, and will otherwise assist students in transferring to their next school. The process for transferring student records to the receiving schools shall be in accordance with FUSD procedures for students moving from one school to another. Fresno EOC/School of Unlimited Learning shall transfer student records to the receiving schools, within seven calendar days from the determination of an action to close or when parents notify the School of Unlimited Learning of the receiving school. Records of students who have not notified the School of Unlimited Learning in writing of a receiving school will be sent to the student's school of residence. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.C. § 1232g. Fresno EOC/School of Unlimited Learning will ask the District to store and maintain original records of Charter School students. All records of the School of Unlimited Learning shall be transferred to the District upon the School of Unlimited Learning's closure. If the District will not or cannot store the records, Fresno EOC/School of Unlimited Learning shall work with the County Office of Education to determine a suitable alternate location for storage.
9. All state assessment results and special education records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

10. As soon as reasonably practical, Fresno EOC/School of Unlimited Learning will prepare final financial records. Fresno EOC/School of Unlimited Learning will also have an independent audit completed within six months after the School of Unlimited Learning's closure. Fresno EOC/School of Unlimited Learning will pay for the final audit. This final audit can also function as the annual audit. The audit will be prepared by a qualified Certified Public Accountant selected by Fresno EOC. The audit will be conducted using Accounting Principles generally accepted in the United States of America. The audit will be provided to the District promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to Fresno EOC/School of Unlimited Learning. To the extent the Charter School leases or rents its facility from a related party or subsidiary, as identified in its audited financial statements according to generally accepted accounting principles in the United States, or owns its facility, the Charter School shall include a statement describing its plans for the use of the facility in its final audit.
11. Fresno EOC/School of Unlimited Learning will complete and file any annual reports required pursuant to Education Code section 47604.33.
12. On closure of the charter school, Fresno EOC/School of Unlimited Learning shall dispose of any and all net assets of the School of Unlimited Learning remaining after all liabilities of the charter school have been paid or otherwise addressed in accordance with the provisions of this section. The disposition of the School of Unlimited Learning's assets shall include, but not be limited to, the following dispositions:
 - All assets of the School, including but not limited to leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending the School, remain the sole property of the Fresno Economic Opportunities Commission and shall be distributed in accordance with the Articles of Incorporation or Bylaws upon the dissolution of the non-profit public benefit corporation.
 - Any liability or debt incurred by the School of Unlimited Learning will be the responsibility of the Fresno Economic Opportunities Commission and not the District. The School of Unlimited Learning understands and acknowledges that the Fresno EOC/School of Unlimited Learning will cover the outstanding debts or liabilities of the Charter School. Fresno EOC/School of Unlimited Learning understands and acknowledges that only unrestricted funds will be used to pay creditors.

- Any assets originally acquired from the District or District property will be promptly returned upon the School of Unlimited Learning's closure to the District.
 - The return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports.
 - The return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.
13. On closure, Fresno EOC/School of Unlimited Learning shall remain solely responsible for all liabilities arising from the operation of the Charter School. The District shall not assume, in any way, responsibility or liability for any debts, obligations, or liabilities of the School of Unlimited Learning, including, without limitation, liability for any and all claims, damages, losses, causes of action and demands, including reasonable attorneys' fees and costs, liability for claims of any employees for unpaid wages or other damages, liability for "start-up" loans received by the School of Unlimited Learning, "bridge" loans received by the School of Unlimited Learning, liability for personal injury or property damage, or liability to any vendors, lessors, creditors, or parents.
 14. As the School is operated by a non-profit public benefit corporation, should the corporation dissolve with the closure of the School, the Board will follow the procedures in the non-profit public benefit corporations Bylaws and as set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.
 15. For six calendar months from the closure action or until budget allows, whichever comes first, sufficient staff as deemed appropriate by Fresno EOC Board of Commissioners will retain employment to take care of all necessary tasks and procedures required for a smooth closing of the school and student transfers.

This Element O shall survive the revocation, expiration, termination, or cancellation of this charter or any other act or event that would end the School of Unlimited Learning's right to operate as a charter school or cause the Charter School to cease operation. Fresno EOC/School of Unlimited Learning and District agree that, due to the nature of the property and activities that are the subject of this petition, the District and public shall suffer irreparable harm should charter school breach any obligation under this Element O. The District, therefore, shall have the right to seek equitable relief to enforce any right arising under this Element O or any provision of this Element O or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a

temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

Serving on a public charter school board is a position of great trust and responsibility. As a board member of a public school, you are not only ultimately responsible for the education of all students enrolled in the school, but also entrusted with the obligation to see that the public monies which are given to the charter school are legally and wisely spent.

By providing the requested information, prospective board members will assist the Board of Education in determining if the application demonstrates that the school will be run in a financially, organizationally and educationally sound manner.

Will you be at least eighteen years old by January 1 of the year in which you plan to serve as a board member for the charter school? ☒ Yes ☐ No

Please submit typed responses to the inquiries below:

1. Indicate how you became aware of the charter school and the opportunity to serve as a member of its board, including who invited you to sit on the board.

I became aware of the Advisory Committee through the School Administrator as result of collaborative efforts to expand job readiness/career preparation services and resources for students on the SOUL campus. As a result of these successful efforts, the Administrator submitted my name to the selection committee.

2. Explain why you wish to serve on the board.

I believe that I can assist SOUL and its students with successfully navigating their personal realization of secondary/post-secondary and career focused goals. Additionally, I believe that I can assist the school, Advisory Committee and school staff with school accountability while identifying additional resources necessary to vocational and post-secondary instructional integration into overall school course work.

3. Please indicate if you have previously served on a board of a school district or a not-for-profit corporation (including the board of a non-public school) and describe any relevant experience.

I currently am a member of the School of Unlimited learning (SOUL) Advisory Committee and have served on this committee for the past 3 years. Additionally, I have routinely served as staff supporting the efforts and mission of additional non-profit boards and committees (Fresno Regional Workforce Development Board and Youth Council).

4. Describe your understanding of the appropriate role of a public charter school board member.

The role of a public charter school board member includes ensuring the fiscal solvency of the school, evaluating the effectiveness of instruction provided to students, ensuring that all state educational codes and policies are adhered to and reviewing and approving school strategic plans associated with quality and content of instructional structure and services.

5. Indicate specifically the knowledge and experience that you would bring to the board.

I have involved in the provision of educational and employment related programs and services for the past 38 years. My experience includes being the Project Director and Director of Employment and Training Services at Fresno EOC for the past 16 years. During that time I have designed programs and elements to facilitate educational and career focused growth of students served, have carried out oversight responsibilities including budget development and management, facilitated staff development and managed overall program performance and accountability.

6. Please provide a forecast of where you see the school in one year and then again in five years.

I envision in one years' time the school will implement a broader approach of designing a school curriculum with competitive career paths that will attract a greater range of students from diverse socio-economic backgrounds and geographic areas. Linking curriculum with a particular career pathway focused on local demand areas will provide greater opportunities for our high school youth and, in the end, achieve the greatest results.

Within the next five years I envision that SOUL's mission will shift from a credit recovery school for at-risk students to a career academy that prepares high school students for post-secondary training and employment in high demand jobs. During this expansion SOUL will provide a non-traditional educational setting where students can learn relevant job skills and apply what they have learned in school to the workplace.

7. How would you handle a situation in which you believe one or more members of the school's board are involved in self-dealing (working for their own benefit or the benefit of their friends and family)?

I would share my belief and reasons for this belief with the Board Chair and School Administrator and request an investigation to determine the validity of my belief.

Educational Philosophy

15. Please describe your understanding of the school's mission and/or philosophy.

SOUL's mission and philosophy includes being the catalyst to align education with market demand skills and intra agency resources that will prepare high school students for success in today's evolving workforce.

16. Please indicate your level of familiarity with the educational program that the school utilizes.

The School of Unlimited Learning serves at-risk students ages 14 through 22, and grades 9 through 12, who have not yet received a high school diploma, many of whom are at high risk of dropping out of school. The majority of SOUL students reside in economically depressed areas within the Fresno metropolitan area. In addition, many of these young men and women arrive at SOUL bearing a history of school transiency, limited connectedness to school, and a lack of educational and career goals. A review of their scholastic career typically indicates a failure to benefit from available support services in a traditional school system, and the need for more comprehensive social services. SOUL offers the presence and support of case managers and truancy prevention personnel in the classroom-based program, in combination with the individualized learning opportunities offered in the independent study program, which help the students and their families address their social and emotional needs, thus bringing the students to a point where they are better prepared and focused to learn.

17. Please describe what you believe to be the key characteristics of a successful school. What specific steps do you think the board of the school will need to take to ensure that this school is successful?

I believe that the key characteristics of a successful school include a competent and innovative staff, strong leadership, solid school structure including policies and procedures and all necessary resources to address student deficiencies and barriers. I believe the steps necessary to ensuring that the school is successful should include ongoing review of student academic achievement reports, periodic review of student demographics identification of additional resources to support student achievement and direct involvement in the hiring of administrative staff.

Serving on a public charter school board is a position of great trust and responsibility. As a board member of a public school, you are not only ultimately responsible for the education of all students enrolled in the school, but also entrusted with the obligation to see that the public monies which are given to the charter school are legally and wisely spent.

By providing the requested information, prospective board members will assist the Board of Education in determining if the application demonstrates that the school will be run in a financially, organizationally and educationally sound manner.

Will you be at least eighteen years old by January 1 of the year in which you plan to serve as a board member for the charter school? . Yes

Please submit typed responses to the inquiries below:

1. Indicate how you became aware of the charter school and the opportunity to serve as a member of its board, including who invited you to sit on the board. A co-worker at Kaiser Permanente told me about it. We established a relationship with the school principle and case manager to allow psychology interns from Kaiser to do volunteer work at SOUL. I was invited to join the board shortly there after. This was about 20 years ago and the internship program with Kaiser and SOUL continues.
2. Explain why you wish to serve on the board. I value the opportunity to participate in supporting the staff's service to the students and parents of SOUL school. These students are often not able to do well in large school systems and benefit from the individualized approach at SOUL. They are often the first to graduate from high school in their family, which is very exciting to witness.
3. Please indicate if you have previously served on a board of a school district or a not-for-profit corporation (including the board of a non-public school) and describe any relevant experience. No, the SOUL Board is the only board I have served on.
4. Describe your understanding of the appropriate role of a public charter school board member. Review the budget, staffing, programing, marketing of the program, and offer feedback to the School and EOC administration on the strengths and weaknesses of the program, so the educational needs of the students can best be served. According to our Bylaws, the governing council reviews all fiscal and programmatic policies and operations of the school. We provide reports and recommendations to the Full EOC Board of Commissioners, which retains the legal responsibility for the programmatic and fiscal operations of the School of Unlimited Learning (SOUL). The council also serves as a liaison between the school and other agencies within the community. The council also recruits new members to serve on the council.

5. Indicate specifically the knowledge and experience that you would bring to the board. I am a licensed psychologist and understand how emotional stress can interfere with learning. I support the schools innovative ways of coaching students on ways of coping with stress in order to better learn the information and skills that will lead to obtaining their high school diploma.
6. Please provide a forecast of where you see the school in one year and then again in five years. Continue to maintain WASC accreditation, improve graduation rates, improve attendance and enrollment. Continue to help disadvantaged youth and their families prepare for life after high school by learning how to learn in this age of increased technology. Continue to excite students about being life long learners, responsible adults, and good citizens. Continue to improve students ability to pass standardized tests, such as the California High School Exit Exam.
7. How would you handle a situation in which you believe one or more members of the school's board are involved in self-dealing (working for their own benefit or the benefit of their friends and family)?

Contact their supervisors. This would include supervisors with the SOUL school as well as supervisors from the EOC and the Fresno Unified liaison.

Conflict of Interest

10. If you, your spouse or other immediate family members know anyone that plans to do business with the school, please so indicate and describe the relationship and the nature of the potential business. None

15. Please describe your understanding of the school's mission and/or philosophy. To help students learn how to learn, especially in this increasingly complex, technological society. Also, to help students value the process of learning so they will enjoy and value learning throughout life. SOUL also promotes the value of education for being a prosocial, productive citizen who helps others and develops the skills for moving toward a career after the completion of high school. SOUL teaches effective communication skills and promotes critical thinking ability as well.
16. Please indicate your level of familiarity with the educational program that the school utilizes. The school offers access to the PLATO on line program to help complete credits necessary for graduation and to strengthen reading, math, and writing skills. An independent study program is also offered. Teachers receive training on utilizing a variety of methods to increase student motivation for learning and responsibility for learning. The Explicit Direct Instruction Model is one example of such training for staff development. Common Core training has also been utilized. Training on helping students whose primary language may not have been English in earlier years is also offered. Students receive training on how to take test and how to prepare for standardized tests is also offered.
17. Please describe what you believe to be the key characteristics of a successful school. What specific steps do you think the board of the school will need to take to ensure that this school is successful? Attendance, parent involvement, skilled and motivated teachers, counselors, and leaders are all essential. Students also need to be in a safe environment where they feel valued and understood as individuals. Learning experiences should meet state and federal guidelines but also be fun and relevant to student interests. A positive peer culture that supports and values learning is also essential.

Will you be at least eighteen years old by January 1 of the year in which you plan to serve as a board member for the charter school? ☒ Yes ☐ No

Please submit typed responses to the inquiries below:

1. Indicate how you became aware of the charter school and the opportunity to serve as a member of its board, including who invited you to sit on the board.
In about 2002, the principal of SOUL, whom I knew through his wife, my vice principal at an elementary school, asked me if I would serve. I said yes.
2. Explain why you wish to serve on the board.
I believe that many students, for whatever reason, don't function well in a regular public school setting. I feel it is imperative that they be offered an alternative education to meet their particular needs.
3. Please indicate if you have previously served on a board of a school district or a not-for-profit corporation (including the board of a non-public school) and describe any relevant experience.
I have served on the board of CenterStage, Clovis community theater. I served for approximately 15 years. I feel that I have the knowledge of some of the rules and processes of a non-profit. I served as president and secretary of the organization and worked very closely with the treasurer.
4. Describe your understanding of the appropriate role of a public charter school board member.
I understand that a public charter school is to have a theme that is unique for its students. In this case it is geared for those who struggle with regular school. Some have themes of arts or science or technology or other.
5. Indicate specifically the knowledge and experience that you would bring to the board.
I worked 35 years in Clovis Unified as a teacher, GIS, district office assistant, learning director and elementary school principal. 18 years in the latter position.
6. Please provide a forecast of where you see the school in one year and then again in five years.

I expect SOUL to continue its successful run and graduate its high percentage of students. I expect to see more technology and arts included in the curriculum. As for 5 years from now, I hope to see the school increase its population to accommodate more students in this outstanding program. I realize that size of the facility is an issue, so perhaps a different venue.

7. How would you handle a situation in which you believe one or more members of the school's board are involved in self-dealing (working for their own benefit or the benefit of their friends and family)?
I wouldn't hesitate to alert the principal. I would expect the principal to investigate and take appropriate action.

At this point, no knowledge of this.

I see no future conflict.

Educational Philosophy

15. Please describe your understanding of the school's mission and/or philosophy.

16. Please indicate your level of familiarity with the educational program that the school utilizes.
I was on the WASC committee that thoroughly identified the program of the school in 2017. Level of familiarity is high.

17. Please describe what you believe to be the key characteristics of a successful school. What specific steps do you think the board of the school will need to take to ensure that this school is successful?
The key characteristic of a successful school is to meet the needs of the students. This includes having personal connections with students so that the issues that they have had in regular school can be dealt with. Connections/communications with parents are essential. The curriculum must have enough accommodations that the student will understand and grasp the content. Most of all, the curriculum must be relevant to the students.

Serving on a public charter school board is a position of great trust and responsibility. As a board member of a public school, you are not only ultimately responsible for the education of all students enrolled in the school, but also entrusted with the obligation to see that the public monies which are given to the charter school are legally and wisely spent.

By providing the requested information, prospective board members will assist the Board of Education in determining if the application demonstrates that the school will be run in a financially, organizationally and educationally sound manner.

Will you be at least eighteen years old by January 1 of the year in which you plan to serve as a board member for the charter school? ☒ Yes ☐ No

Please submit typed responses to the inquiries below:

1. Indicate how you became aware of the charter school and the opportunity to serve as a member of its board, including who invited you to sit on the board.
In 1998, as a Deputy Probation Officer IV with the Fresno County Probation Department, I was asked to represent the Department on what was originally the Project Pride council. I have continued to serve on the Governing Council.
2. Explain why you wish to serve on the board.
The last 15 years prior to my retirement as a probation officer, I worked in the Juvenile Justice System. I have always felt an affinity for the youth of this community, and especially for the students at SOUL School.
3. Please indicate if you have previously served on a board of a school district or a not-for-profit corporation (including the board of a non-public school) and describe any relevant experience.
When my daughter was in kindergarten and first grade, I sat on the Forkner Elementary School Site Council.
4. Describe your understanding of the appropriate role of a public charter school board member.
I and my fellow board members aid Dr. Wilson and school staff in the implementation of a school improvement plan, which improves "instruction, services, and the school environment."

5. Indicate specifically the knowledge and experience that you would bring to the board.
I was employed by the Fresno County Probation Department for 35 years until my retirement in 2013. As a DPO, I worked in all three divisions in the Department that, in turn, allowed me to interact with a plethora of people and organizations. I served on multiple community-based committees, as well as in-house committees, with the purpose of improving services.
6. Please provide a forecast of where you see the school in one year and then again in five years.
When I was first introduced to SOUL, the primary focus was to help at-risk students stay in school, graduating, and becoming self-sufficient and contributing adults. Although that continues to be our goal, we now are also encouraging higher education. Our goals are constantly evolving, as are the needs of our students. I hope that in five years SOUL school will be housed in a building with a larger footprint.
7. How would you handle a situation in which you believe one or more members of the school's board are involved in self-dealing (working for their own benefit or the benefit of their friends and family)?
I would immediately bring it to the attention of Dr. Wilson.

16. Please indicate your level of familiarity with the educational program that the school utilizes.
As a state charter school, SOUL's curriculum for the core subjects is aligned with state standards. Several years ago SOUL became an accredited high school. We have a seated program and an independent study program.

17. Please describe what you believe to be the key characteristics of a successful school. What specific steps do you think the board of the school will need to take to ensure that this school is successful?

Serving on a public charter school board is a position of great trust and responsibility. As a board member of a public school, you are not only ultimately responsible for the education of all students enrolled in the school, but also entrusted with the obligation to see that the public monies which are given to the charter school are legally and wisely spent.

By providing the requested information, prospective board members will assist the Board of Education in determining if the application demonstrates that the school will be run in a financially, organizationally and educationally sound manner.

Will you be at least eighteen years old by January 1 of the year in which you plan to serve as a board member for the charter school? ☒ Yes ☐ No

Please submit typed responses to the inquiries below:

1. Indicate how you became aware of the charter school and the opportunity to serve as a member of its board, including who invited you to sit on the board.

I am retired from Fresno State, Department of Social Work Education, where I served as faculty liaison to Interns from both the undergraduate and graduate programs placed at SOUL. After several years of being field liaison, I was asked by Ms. Rena Fahlila, SOUL's School Social Worker and Field Instructor to submit interest in joining this board. Because I was already extremely impressed by the support and leadership demonstrated in this school setting I welcomed the opportunity to serve on this board.

2. Explain why you wish to serve on the board.

As a faculty of the Social Work Department and professional social worker with PPSC Credentials, coupled with a genuine interest in youth in the educational system, I wanted to "give back" and provide and requested feedback in the capacity as board member. I was impressed with the positive attitude of Rena, the leadership, and faculty as they worked with their students. In short, they care about their students and I was interested in being part of this supportive atmosphere.

3. Please indicate if you have previously served on a board of a school district or a not-for-profit corporation (including the board of a non-public school) and describe any relevant experience.

This was my first experience in serving on a school board, however, I had served on, and continue to serve on a select group of non-public school/non-profit boards:

Fresno County Mental Health Board - Previous board member for several years.

Encourage Tomorrow - Previous board member

Transitions Foster Family Agency - Was a founding member and continue to serve (7 years)

Centro la Familia Agency - Have served 5 years and continue to serve.

4. Describe your understanding of the appropriate role of a public charter school board member.
We provide over-sight and professional guidance on all aspect of the SOUL School including curriculum, extra-curricular activities, evaluation and review processes, interface with parents and students, and feedback into the budget and funding processes. We also participate in re-accreditation processes. We support school leadership, faculty, students and their families.

5. Indicate specifically the knowledge and experience that you would bring to the board.
As social work faculty, I bring knowledge in school educational settings, cultural competency, community interface, best practice models in working with at-risk students and their families, and a belief in the resiliency of students and their families. Finally, I bring a sincere passion for students in education and a belief in their ability to succeed.

6. Please provide a forecast of where you see the school in one year and then again in five years.
SOUL School continues to thrive in support of their students, high graduation rates, high percentage of students accessing higher education (community colleges) and a wide array of sports and community service projects for the students. In one year I see this continuing to flourish while in five years I see them in a larger facility with more students. I have always seen SOUL as a best practice model where students succeed!

7. How would you handle a situation in which you believe one or more members of the school's board are involved in self-dealing (working for their own benefit or the benefit of their friends and family)?
In my practice, and having taught the Social Work course on Ethics, I would discuss this concern involving conflict of interest with the Board Chair and Principal, as I would view this behavior as unprofessional and unethical. The Board Chair and Principal would further explore this incident to gather all pertaining facts and to render a recommendation.

Conflict of Interest

8. If you, your spouse or other immediate family members knew any of the other board members prior to being invited to sit on the board, please so indicate and describe the relationship.
After joining the board, I learned that the Board Chair, at the time, was the husband of a colleague and faculty member. Neither my husband nor I knew of any other board members prior to being invited to serve on the board.

9. If you, your spouse or other immediate family members know any people already known to be prospective school employees, please so indicate and describe the relationship.
Neither my husband nor I knew of any prospective school employees at SOUL.

10. If you, your spouse or other immediate family members know anyone that plans to do business with the school, please so indicate and describe the relationship and the nature of the potential business.
Neither my husband, nor myself knew of anyone that plans to do business with SOUL.

11. If the school proposes to partner with an educational service provider (a management company), please indicate if you, your spouse or other immediate family members know any employees, owners, or agents of that provider. If your answer is yes, please indicate the individuals you know and the nature of the relationship.
Neither my husband, nor myself was aware of any educational service provider proposing to partner with SOUL.

12. If the school proposes to enter into a contract with an educational service provider, please indicate whether you, your spouse or other immediate family member have a direct or indirect ownership, employment, contractual or management interest in the educational service provider.

Neither my husband, nor myself have any direct or indirect ownership, employment, contractual or management interest as an educational service provider.

13. Please indicate if you, your spouse or other relative (by marriage or blood) anticipate conducting any business with the educational service provider, the school, or both. If so, please describe the potential relationship.

Neither myself, husband nor other relative anticipate conducting any business with SOUL.

14. Please indicate if you foresee any potential ethical or legal conflicts of interests should you serve on the school's board. If so, describe such potential conflicts.

I do not foresee any potential ethical or legal conflict of interest as I serve on SOUL's School Board.

Educational Philosophy

15. Please describe your understanding of the school's mission and/or philosophy.

My understanding of SOUL's mission is to provide a supportive educational environment where students can be successful and thrive. Their philosophy is to provide positive support of the students in all aspects of the curriculum which includes close attention to post graduate connections in higher education as well as immediate employment opportunities. Their philosophy includes a positive interface with the community they live in and cultural activities which build self-esteem and pride are an import aspect of this school setting as well as partnership with parents

16. Please indicate your level of familiarity with the educational program that the school utilizes.

As a board member we receive monthly updates on all aspects of the educational program and having participated on the recent re-accreditation process I have become very familiar with the overall program and curriculum utilized at SOUL.

17. Please describe what you believe to be the key characteristics of a successful school. What specific steps do you think the board of the school will need to take to ensure that this school is successful?

I believe the key characteristics of a successful school lie in the success of the students. There needs to be a core belief in the student's ability to succeed stemming from leadership, faculty, students, involvement of parents, and connection to the community. Soul's connectedness to EOC provides additional support and constant involvement in its success. Leadership, social work support and faculty caring and competence provide the structure and excellence in assuring student success! Specific steps to assure the continuation of this school include the continuing leadership and management staff, including social work support and continued support of teaching staff to keep abreast effective teaching models. Finally, continued belief in student empowerment process will assure success.

8. SOUL – Material Revision

Rena Failla and Sandy Lomelino reported that SOUL has operated as both a classroom-based and independent study based program during our 24 year tenure as a school. The sole purpose for the Material Revision is to continue with the independent study based program and no longer offer a classroom-based program. Failla and Lomelino shared that over several years our classroom-based program enrollment has continued to decrease while the independent study program enrollment has increased. COVID helped verify that the independent study program continues to be the best learning style for our students. Their academic and emotional needs are met and that was confirmed through increased test scores, and increased student's attendance at school. Currently 94% of our students are enrolled in SOUL's independent study program and thriving. Independent Study has provided our students with more flexibility, more focused, one-on-one time with teachers, less classroom distractions and is supported by our community stakeholders. The independent study curriculum utilizes books not packets, 26 core and elective courses at SOUL are A-G approved, and the curriculum is equivalent to the classroom-based curriculum. SOUL's Governing Council Parent Representative Lucy Luttrell and our Student Representative, Halle Overton shared their stories about how SOUL's independent study program has provided more opportunities for academic success. Council members discussed the information presented. Fresno Unified School District's (FUSD) Charter Director, Felicia Olais shared with the Council the process by which the Material Revision must be presented to FUSD.

The agenda item shall also specify whether instruction to the negotiator will concern price, terms of payment, or both. (Government Code 54954.5)

When the Board approves a final agreement concluding real estate negotiations pursuant to Government Code 54956.8, it shall report that approval and the substance of the agreement in open session at the public meeting during which the closed session is held. If final approval rests with the other party to the negotiations, the Superintendent or designee shall disclose the fact of that approval and the substance of the agreement upon inquiry by any person, as soon as the other party or its agent has informed the district of its approval. (Government Code 54957.1)

Anticipated Litigation/Initiation of Pending Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding anticipated a pending litigation or whether to initiate litigation when a discussion of either the matter in open session would prejudice the district's position with respect to such in the litigation. For this purpose, "litigation" means any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

Litigation is considered to be "anticipated" when, "pending" in any of the following circumstances (Government Code 54956.9):

1. — Litigation to which the district is a "party" has been initiated formally. (Government code 54956.9(a))
2. — A point has been reached where, in the Board's opinion based on the advice of its legal counsel regarding the "existing facts and circumstances", there is a "significant exposure to litigation" against the district or against a district officer or employee based on prior or prospective activities or alleged activities during and potentially during the course and scope of that office or employment. the Board is meeting solely to determine whether, based on existing facts or circumstances, a closed session is authorized (Government Code 54956.9(b)(2), (3))

Existing facts and circumstances for these purposes are limited to the following: (Government Code 54956.9)

- a. 1. Facts and circumstances that might result in litigation against the district but which the district believes are not yet known to potential plaintiff(s) and which do not need to be disclosed.
- b. 2. Facts and circumstances including, but not limited to, an accident, disaster, incident or transactional occurrence which might result in litigation against the district, which are already known to potential plaintiff(s), and which must be publicly disclosed before the closed session or specified on the agenda.
- c. 3. The receipt of a claim pursuant to the Government Claims Act or a written threat of litigation from a potential plaintiff. The claim or written communication must be available for public inspection.

(cf. 3320 - Claims and Actions Against the district)

- d. 4. A threat of litigation made by a person in an open meeting on a specific matter within the responsibility of the Board.

e- 5. A threat of litigation made by a person outside of an open meeting on a specific matter within the responsibility of the Board, provided that the district official or employee receiving knowledge of the threat made a record of the statement before the meeting

Each agenda item related to anticipated litigation shall only contain one such matter. For an anticipated litigation item that is anticipated based on Items #2, #3, or #5 above, the agenda item shall also include the facts or circumstances that might result in litigation, the claim or written threat of litigation, or the record of the threat. However, the agenda item shall not identify the ~~and the record is available for public inspection. Such record does not need to identify an~~ alleged victim of unlawful or tortious sexual conduct or anyone making ~~the a~~ threat on ~~the alleged victim's their~~ behalf, or identify a ~~a~~ public employee who is the alleged perpetrator of any unlawful or tortious conduct ~~upon which a threat of litigation is based~~, unless the identity of the ~~is~~ person has been publicly disclosed.

~~3. Based on existing facts and circumstances, the Board has decided to initiate or is deciding whether to initiate litigation. (Government Code 54956.9 (d)(4))~~

~~Before holding a closed session pursuant to the pending litigation exception, the Board shall state on the agenda or publicly announce the subdivision of Government code 54956.9 under which the closed session is being held. If authority is based on Government Code 54956.9(d)(1), the Board shall either state the title or specifically identify the litigation to be discussed or state that doing so would jeopardize the district's ability to effectuate service of process upon unserved parties or to conclude existing settlement negotiations to its advantage. (Government code 54956.9)~~

Existing Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding existing litigation when discussion of the matter in open session would prejudice the district's position with respect to such litigation. Litigation is considered to be "existing" when the district has been named a party to the litigation or a district officer or employee has been named a party to the litigation based on prior or prospective activities or alleged activities during the course and scope of that office or employment including litigation in which involves whether an activity is outside the course and scope of the office or employment. For this purpose, "litigation" means any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator. (Government Code 54956.9)

~~Agenda items related to pending litigation shall be described as a conference with legal counsel regarding "Existing Litigation" or "Anticipated Litigation." (Government Code 54954.5)~~

~~"Existing litigation" items shall identify the name of the case specified by either the claimant's name, names of parties, or case or claim number, unless the Board states that to identify the case would jeopardize service of process or existing settlement negotiations. (Government Code 54954.5).~~

~~"Anticipated litigation" items shall state that there is significant exposure to litigation pursuant to Government Code 54956.9 (d)(2) or (3) and shall specify the potential number of cases. When the district expects to initiate a suit, items related to anticipated litigation shall state that the discussion relates to the initiation of litigation pursuant to Government Code 54956.9(d)(4) and shall specify the potential number of cases. The agenda or an oral statement before the closed session may be required to provide additional information regarding existing facts and circumstances described in item #2 b e above. (Government Code 54954.5)~~

~~Following the closed session, the Board shall publicly report, as applicable: (Government Code 54957.1)~~

1. — Approval to legal counsel to defend, appeal or not appeal, or otherwise appear in litigation. This report shall identify the adverse parties, if known, and the substance of the litigation.
 2. — Approval to legal counsel to initiate or intervene in a lawsuit. This report shall state that directions to initiate or intervene in the action have been given and that the action, defendants, and other details will be disclosed to inquiring parties after the lawsuit is commenced unless doing so would jeopardize the district's ability to serve process on unserved parties or its ability to conclude existing settlement negotiations to its advantage.
 3. — Acceptance of a signed offer from the other party or parties which finalizes the settlement of pending litigation. This report shall state the substance of the agreement.
- If approval is given to legal counsel to settle pending litigation but final approval rests with the other party or with the court, the district shall report the fact of approval and the substance of the agreement thereon to persons who inquire once the settlement is final. (Government Code 54957.1)

Tort, Public, or Workers' Compensation JPA/Self Insurance Liability Claims

The Board may meet in closed session to discuss a claim for the payment of tort liability losses, public liability losses, or workers' compensation liability incurred by a joint powers agency authority (JPA) formed for the purpose of insurance pooling or self-insurance authority of which the district is a member. (Government code 54956.95)

(cf. 3530 - Risk Management/Insurance)*

During the Board's closed session, a Board member serving on the JPA board may disclose confidential information acquired during a closed session of the JPA to fellow Board members. (Government Code 54956.96)

Review of Audit Report from California State Auditor's Office

Upon receipt of a confidential final draft audit report from the California State Auditor's Office and before the report has been made public, the Board may meet in closed session to discuss its response to that report. After public release of the report from the California State Auditor's Office, any Board meeting to discuss the report shall be conducted in open session, unless exempted from that requirement by some other provision of law. (Government Code 54956.75)

Review of Assessment Instruments

The Board may meet in closed session to review the contents of any student assessment instrument approved or adopted for the statewide testing system. Before any such meeting, the Board shall agree by resolution to accept any terms or conditions established by the State Board of Education for this review. (Education code 60617)

(cf. 6162.5 - Student Assessment)
