Section I: Introduction

Executive Summary

The Concord-Carlisle Regional School District completed the FY2018 budget development process with the vote of the school committee on December 21, 2016. The district administration starts the process annually working with internal stakeholders and the school committee to develop the budget, and carries the process through to creating a budget that is adopted by the school committee. The core budgeting principles remain unchanged from previous years and include the following:

- Students and their learning are at the center of decisions;
- Teaching and learning conditions matter for student success;
- Requested resources for programs, services, and activities reflect the districts' core values of academic
 excellence, respectful and empathic community, professional collaboration, educational equity, and
 continuous improvement;
- Balance between responsive and reasonable operating budgets and the impact on taxpayers is maintained.

The district administration presented to each of Concord and Carlisle's Finance Committees during the fall of 2016 as well as at the Concord December Town Coordination meeting. For the past ten years the district has been able to meet the guidelines set by the Concord Finance Committee without an override request to the Concord voters, and for eight years without an override request to the Carlisle voters. The FY2018 request does not require an override; it is above the Concord Finance Committee guidelines as the Concord-Carlisle School Committee's Adopted Budget includes funding to implement a later school day start time for the high school students which requires five additional buses and bus drivers.

The later start time initiative follows a growing trend nationwide to start the high school day later. Studies show that a later start time has been linked to increased academic performance, reduced student stress, and improved health. To achieve a later start time for students, the district needed to increase the bus fleet by five buses and five drivers, as the current three- tier transportation model is unable to support the change in the high school schedule.

Funding

State funding levels continue to remain stable but still do not match the increase in the budgetary demands associated with the district educational objectives. The additional transportation expenses included in the FY2018 request will be submitted on State reports for Regional Transportation reimbursement. The support of these objectives will continue to be provided by the local contribution. Special Education Circuit Breaker reimbursement funds have slightly decreased for the current year. The district has budgeted circuit breaker with level assumptions and will continue to monitor the direction of circuit breaker funding. External funds through state and federal grants are projected to remain flat.

Budget

The FY2018 operating budget request for CCHS of \$28,317,000 represents a 6.42% increase above the FY2017 appropriation. This brings the five year average increase to 3.69%, up from the previous average of 2.76%. The district maintained a strong Aaa bond rating, but has seen a decline in the Excess and Deficiency (E&D) fund balance to 4.3%. Future borrowing results are expected to remain favorable with the increased budget.

The FY2018 budget process involved the following cost drivers: \$352,777 required for CCTA contract obligations, \$603,638 for other salary obligations, \$136,421 to support new programs in Senior Internship, Global Literacy, and Coding Classes, \$100,442 for medical and other insurance, \$41,151 for retirement, \$145,000 for Other Post-Employment Benefits (future Retiree health insurance benefits, referred to as OPEB) funding, \$62,576 increase

in Special Education Transportation, \$149, 620 for building maintenance and capital outlay, \$9,179 for information technology, \$100,000 to support the school bus replacement schedule, and \$350,000 in additional bus driver salary and school bus leases to support the later high school start time. These increases totaling \$2,050,804 are offset by \$342,185 of the following reductions: instructional computer hardware (\$16,000), computer software support (\$10,519), copier purchases (\$5,000), equipment (\$2,500), transportation expenses (\$127,952), utilities (\$147,714), and reductions in state assessments combined with other net reductions (\$32,500).

The FY2018 operating budget is apportioned at 66% for employee costs and 34% for non-employee costs. Teachers at the top step are expected to increase from 52.2% in FY2017 to 53.6% in FY2018. The \$353K in CCTA contract obligations represents \$176K for step costs, and \$65K for lane changes; the scale increase for FY18 will be determined in the upcoming contract negotiations with the Concord-Carlisle Teachers Association, and a 1.00% scale increase would add a \$112K to teaching salary costs. FY2017 is a negotiation year for the district and the Concord-Carlisle Teachers Association, and meetings are expected to begin this spring. Non-employee costs are spread through the operating budget. The largest increase is in school transportation and reflects the planned purchase of 2 new school buses in support of the replacement schedule combined with the increase cost to lease/purchase and operate five new buses in support of the late start time initiative.

The district's annual operating budget includes \$850K for OPEB funding. OPEB is a significant portion of the annual operating budget, and the incremental contributions are growing at a high rate as a percentage of the operating budget increase. For the past 4 years including FY2018, the annual incremental OPEB increases have accounted for approximately 22% of the operating budget increases on average. In the future, the district will be challenged to meet our Annual Required Contribution (ARC) for OPEB with the current funding policy and still meet other contractual and legal obligations.

Enrollment

Enrollment at the high school decreased this year by 13 students to 1,275. The 5-year outlook based upon the historical actuals remains stable. The assessment ratio on October 1, 2016 for the FY2018 budget year is 73.51% Concord and 26.49% Carlisle which is calculated based on the most recent enrollment reports. There are no anticipated policies or DESE changes that would affect student enrollment.

District Goals

The major priorities for the Concord-Carlisle Regional School District this year include students mastering critical end of year grade level standards; learning experiences that are personalized, engaging, standards-based, and include skills/strategies for college, career, and citizenship; students feel safe, included, supported, and respected by peers and adults; improve supervision and evaluation process by calibrating the 5-step cycle, increasing rater-reliability, and aligning S&E with student data; provide students and staff with the resources, materials, and infrastructure to support high quality learning environments; and build support, consensus, and community engagement for the district mission, core values, challenges, and accomplishments, and critical decisions using multiple communication strategies. The later start time and program additions of the Senior Internship, Global Literacy, and Coding Classes will support the achievement of these annual goals.

The Concord-Carlisle Regional School District School Committee voted to adopt the FY2018 budget at the December 21, 2016 School Committee Meeting. This adopted budget and additional district data are presented in the following pages.

District Goals

Mission: Educate all students in becoming lifelong learners, creative thinkers, caring citizens, and responsible contributors in a global society.

Core Values: Academic Excellence, Respectful and Empathic Community, Educational Equity, Continuous Improvement, Professional Collaboration

| GOALS | ACTIONS | OUTCOMES |
|--|--|--|
| 1. CCHS students will master critical end of year grade level standards. | Implement common assessments to analyze student work for instructional adjustments and/or targeted intervention. Dept. chairs and teachers review underperforming student work on a quarterly basis to identify intervention strategies. Implement school- wide intervention plan to support student achievement. Review and revise Social Studies and Health curricula to reflect the State Frameworks. Integrate Next Generation Science Standards into science courses. | 95% CCHS students earn 2.5 GPA or higher. 95% CCHS students score 3-5 on AP exams. Median SAT score is 600. 100% Competency Determination for Class 2017. 95% CCHS students score Adv./Prof. MCAS ELA/Math/Science. CPI score is 75 or better for each student group in ELA and Math. CCRSD will improve DESE classification from Level 2 to Level 1 Accountability Level. |

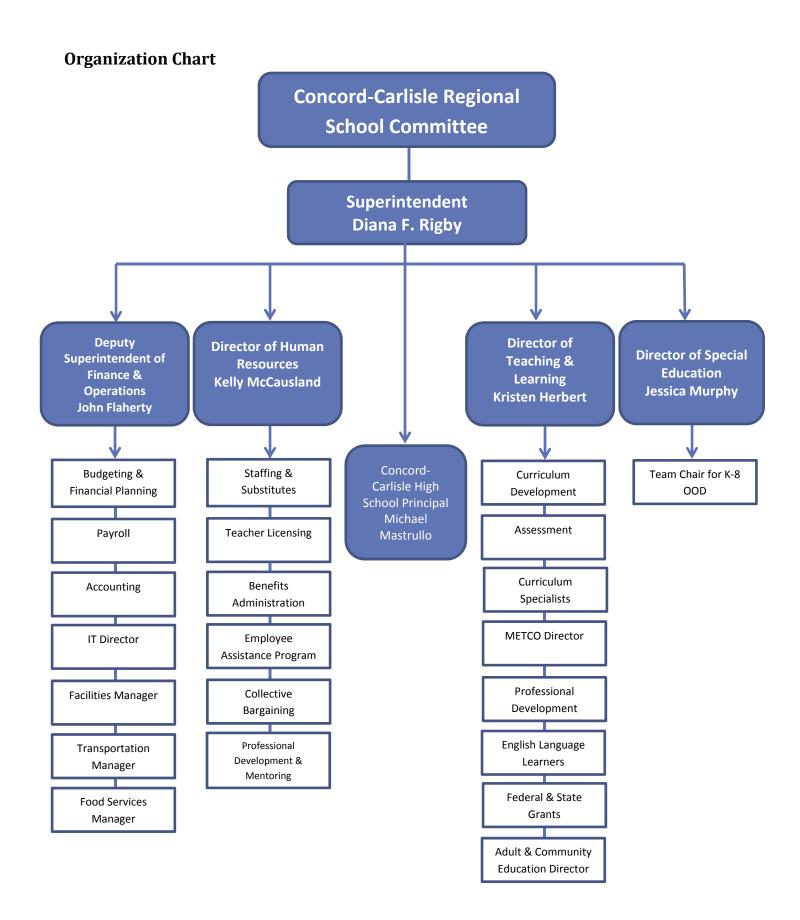

| GOALS | ACTIONS | OUTCOMES |
|---|---|---|
| 2. CCHS student learning experiences are personalized, engaging, standards-based, and include skills/strategies for college, career, and citizenship. | Implement professional learning for teachers to increase their effective use of digital tools. Provide coding classes in the Math Dept. 100% teachers implement Google Classroom to manage assignments, assess student work, and provide timely feedback. Collaboratively analyze student work to revise instructional practices or provide intervention. Create learning experiences with interdisciplinary units. Provide instructional coaching for increased student engagement and project-based learning. Increase opportunities for students to make effective presentations. Create more opportunities for students to participate in project-based interdisciplinary units in science, technology, engineering, math, and art through the STEAM committee. Provide more opportunities for students to participate in the Global Literacy Certificate and Senior Internship programs. | 100% CCHS students use Google Apps. All teachers will demonstrate how they made adjustments in instructional practices based on their collaborative analysis of student work. All teachers will post student grades on the Aspen parent portal for progress monitoring by the students and their parents. All departments will develop new interdisciplinary units. All departments will use specific and measureable criteria for successful student presentation skills. The curriculum review cycle is formalized with a multi-year timeline and vertical articulation with Concord and Carlisle K8. More seniors participate in the Senior Internship program. Students in the GLC program will attend the Global Student Leadership Conference in Peru. |

| GOALS | ACTIONS | OUTCOMES |
|---|---|---|
| 3. CCHS students feel safe, included, supported, and respected by peers and adults. | Identify students who are not connected and implement strategic response to include these students in a community. Increase student participation in decision- making that impacts school culture. Implement activities and strategies that address race, equity, and inclusive school culture. Participate in Challenge Success program to respond to student survey data 2016 and implement recommendations to reduce student stress. Time and Learning Committee review daily schedule for improvements. | 95% or greater CCHS students report on a student survey that they have a connection to a least one adult at CCHS. Student Advisory will provide opportunities for student feedback on school climate concerns. Student participation on school-wide committees will increase. Student-led diversity-based events and school-wide activities will address race and equity issues. Student work loads and schedules will be revised to reduce stress. |

| GOALS | ACTIONS | OUTCOMES |
|---|---|---|
| 4. Improve the Supervision and Evaluation process by calibrating the 5-step cycle, increasing raterreliability, and aligning S&E with student data. | Provide district course in S&E through Concord Fellows. CCHS Admin. and CCHS Dept. Chairs participate in professional learning to calibrate the cycle, improve inter-rater reliability, and align S&E with student data. | Provide targeted constructive feedback for all educators as evidenced by a staff feedback. Use multiple data sources to evaluate teacher and department performance as evidenced by evaluators professional practice goal attainment |

| GOALS | ACTIONS | OUTCOMES |
|--|---|---|
| 5. Provide students and staff with the resources, materials, and infrastructure to support high quality learning environments. | Work with school administration, school Committee, and both Concord and Carlisle Finance Committees to develop FY18 CCRSD budget that supports district goals and is within the levy limit. Discuss FY18 budget development at each Regional SC meeting to increase public understanding of the budget process. Discuss preliminary FY18 budget with SC, CCHS faculty, and Concord and Carlisle Finance Committee. Develop FY18 budget book and present SC adopted FY18 budget at Public Hearings and Town Meetings. Digitize administrative functions in the Business, HR, and CCHS offices. Reduce, reuse, and recycle districtwide. | FY18 CCRSD budget is approved at both Concord and Carlisle Town Meetings. Reduce use of paper, water, gas, electricity by 10%. |

| GOALS | ACTIONS | OUTCOMES |
|---|--|---|
| 6. Build support, consensus, and community engagement for the district mission, core values, challenges, and accomplishments, and critical decisions using multiple communication strategies. | Improve CCHS website to increase access to CCHS information. Continue "Your Voice Matters" to solicit community feedback. Conduct Principal and SC coffees during the school year to both share information and receive feedback. Increase communication with Grade 8 families in both Concord and Carlisle for the transition to CCHS. Continue communication to community through school meetings, parent meetings, PTG, district, CCHS websites, monthly updates, school newsletters, local media, social media, and the annual performance report. | Parents report on the parent survey improved home-school communication. Parents of incoming Freshmen report 85% satisfaction with CCHS communication regarding transition to CCHS. Increase community awareness of CCHS goals, accomplishments, and challenges as measured by informal and formal feedback. |

Art- 5.75 FTE Teachers

Art offerings include introductory and advanced courses in Two-Dimensional Art (painting, drawing and design as well as AP Studio Art), Ceramics, Photography and Sculpture. Advanced courses may be taken for credit for more than one semester or year.

Applied Art course offerings include courses utilizing the latest computer and video technology in addition to an architecture class involving traditional drawing and design materials. Digital Art courses are offered in computer programming and web design, digital imaging, digital photography and digital video courses. All courses stress content and the use of the computer as a creative tool. Students may choose from a variety of electives or focus on one area of interest; advanced level classes require successful completion of the introductory class.

Computer Instruction- 1.0 FTE

For FY18 the computer hardware account in program area is decreased to \$304,000 in anticipation of Apple leases through the Apple Lease Program and to fund the additional needs of the district. In FY18 the district is budgeting for the third year lease payment for the 250 MacBook Airs purchased in FY16 (\$83,872), the second year lease payment for the 60 MacBook Airs purchased in FY17 (\$20,243), and a new three year lease to begin in July of 2017. CCHS has a digital imaging lab, language lab, Green Screen for Weather Services, Digital Recording Studio, Radio Station, CCTV, and Media Wall. The Technology Specialist is available to guide, support, and coach teachers in integrating these digital tools and software in to their daily curriculum.

English- 15.06 FTE Teachers and 0.5 FTE Department Chair

Successful completion of a four-year English program is a requirement of Concord-Carlisle High School. The freshman, sophomore, and junior courses must be scheduled during grades nine, ten, and eleven. Elective courses are available for seniors.

For the freshman, sophomore, and junior years, each student is recommended for a level, Honors or College Preparatory. During the junior year, English is separated into two semesters; Semester I is the literature-based Junior English, with a College Preparatory and an Honors section, and in Semester II juniors choose between two writing-based courses, Writing Workshop (College Preparatory) or Rhetoric (Honors.) Any senior who has successfully completed the freshman, sophomore, and junior English requirements may select courses from the senior electives.

English Language Learner- 0.4 FTE Teacher

The English Language Development (ELD) Program at Concord-Carlisle Regional High School serves the needs of English Language Learner (ELL) students. It is designed to provide for the linguistic and academic needs of students from a variety of language and cultural backgrounds. The program's goals are: the effective acquisition of English language skills for academic and social functions; a more comprehensive understanding of American culture and customs through classroom exercises, role playing, and both in-house and off-site field trips; and, the earliest possible full mainstreaming of ELL students into the core curriculum.

World Languages- 15 FTE Teachers and 0.5 FTE Department Chair

Four foreign languages are available to students, each one offering a sequence of study that can be followed through to senior year: Spanish, French, Latin and Chinese. Each language has two levels available (College Prep and Honors.) Spanish and French offer AP level classes as well. Travel programs and exchanges are arranged to French and Spanish speaking countries when there is sufficient interest.

Guidance- 7 FTE Guidance Counselors, 2 FTE School Adjustment Counselors, and 0.5 FTE Department Chair

The Concord-Carlisle Guidance and Counseling Department provides a comprehensive school counseling program and services to all students and families. This developmental program is aimed at providing students with the knowledge and skills to achieve academic and personal success, manage the challenges of adolescence, make informed decisions, make use of the resources available to them, and set personal goals. Counselors also serve as an important resource to families: helping them to navigate the high school and serving as a source of information on issues related to adolescent development, parenting strategies, mental health, school and community resources, and college planning.

Each student is assigned to a school counselor and every effort is made to keep students with the same counselor throughout their high school experience. Counselors collaborate closely with teachers, administrators, special educators and other staff, as needed, on behalf of their students. Finally, counselors serve as a resource for administration and staff on a wide range of topics including crisis intervention, substance use/abuse, mental health, and trends in college admissions.

Health & Fitness- 5.5 FTE Teachers, 0.5 FTE Department Chair

The Health and Fitness Program is designed to build the skills, knowledge and confidence needed to maintain an active, healthy lifestyle. Health education and physical education are combined to make up the Health and Fitness Program. All classes are coeducational, and students are placed in groupings of freshman, sophomores, and Juniors/Seniors. At the freshman and junior levels Health Education is a separate course in addition to an activity-based Fitness Education course. The sophomore level program has Health Education topics integrated within the Health Fitness course. Seniors complete a Senior Wellness Project.

Library & Media Services- 1 FTE Library/Media Specialist, 3 additional library staff

The CCHS Learning Commons provides classes on research, media production, copyright licensing, and book selection through collaborative planning with teachers. The Learning Commons provides a technology rich environment that supports students in achieving their academic goals. Resources include digital cameras, audio books and iPod Touch players, textbooks, circulating laptops, and a 12 bay media production lab. The Learning Commons collection includes print holdings as well as extensive academic databases and over 500 ebooks

Interdepartmental Instruction- 0.25 FTE Senior Project Advisor, 0.5 FTE Advisory Coordinator, 1 FTE School Adjustment Counselor

The Senior Project provides opportunities for CCHS seniors to engage in an independent learning project. The Senior Project Advisor coordinates and guides the efforts of approximately 25-40 seniors. The All School Advisory Program connects adults and students outside the classroom and helps ensure every student has an advocate when needed. The Advisory Coordinator coordinates the 2x monthly meetings to improve student achievement and behavior while enriching the lives of students and teachers through personalizing the learning experiences. The Planning Room Supervisor works with students with in-house suspension and provides appropriate consequences, academic support, and counseling. The Virtual High School Program (VHS) is an online learning platform that provides students with opportunities to enroll in courses that CCHS does not offer. VHS requires membership fee and a site coordinator to facilitate the online experience for our students as well as a CCHS teacher to teach one VHS course. Contracted services supports the Senior Internship Program with Babson and Global Literacy Program.

Mathematics-18.25 FTE Teachers, 0.5 FTE Department Chair

The Mathematics Department offers courses designed to help students develop skills in a number of areas in mathematics. The program attempts to achieve a balance of instruction in algebra, data representation, functions, geometry, and measurement, number systems, and problem solving. The course sequences and levels (AP, Honors, CP1, CP2, and CP3) with differences in rigor, pacing and methodologies, focus on the areas of Algebra, Geometry, Algebra II, Pre-calculus, Calculus, Statistics, and Discrete Math.

Music- 1 FTE Band/Orchestra Director, 1 FTE Choral Director

The Music Department offers courses designed to contribute to the musical and aesthetic education of students with a wide variety of abilities and interests. The program provides opportunities to increase proficiency with a musical instrument or the musical voice through solo and group performance, or to experience music as a form of expression. In addition to courses, which may be scheduled during the school day, additional opportunities are provided through the annual Musical and private lesson program.

Professional Development

Funds from this Program Area are used to support professional development opportunities for teachers that include Encouraging Multicultural Initiatives (EMI), Teachers as Scholars, EDCO, and other workshops and conferences that teachers choose to support their professional growth goals and work toward meeting district and school goals. Additionally, this Program area supports the district's mentoring program for new teachers and memberships for professional development providers such as EDCO. Stipends for summer curriculum development work are paid for from this Program area as well as tuition reimbursement for university coursework.

Science- 17.5 FTE Teachers, 0.5 FTE Department Chair

The Science Department offers courses in Earth Science, Biology, Chemistry, and Physics. Earth science offers two levels (College Prep and Honors) and three elective courses in the field of earth science (Meteorology, Geology, and Environmental Science). In the field of biology, the department offers two levels of introductory biology (College Prep and Honors) as well as AP Biology, and three electives in the field of biology (Anatomy and Physiology, Botany, and Biotechnology). In the field of chemistry the department offers three levels of introductory chemistry (College Prep, Enriched, and Honors) as well as AP Chemistry, and two electives in the field of chemistry (Organic Chem. and Forensic Science). In the field of physics the department offers three levels of introductory physics (College Prep, Enriched, and Honors) as well as AP Physics C.

The department is offering a series of Engineering courses designed to teach students the major concepts they would encounter in a post-secondary engineering course of study. The introductory course, Engineering Problem Solving & Technical Communication, is designed to include concepts in Engineering Design, Construction Technologies, Communication Technologies, and Energy and Power Technologies (Fluid, Thermal and Electrical Systems). In addition to the introductory course, courses are available in the fields of 3-D Graphics (CAD), Mechanical Engineering, and Electrical Engineering. All engineering courses are taught at the Enriched Level.

Special Education- 0.4 FTE Director, 0.5 FTE Out Of District Coordinator, 3 FTE School Psychologists, 1 FTE Transition Specialist, 10 FTE Teachers, 32 FTE Tutors, 0.5 FTE Department Chair, 1 FTE Secretary

There are four major components of the CCRSD Special Education budgets (Program Areas 1200,) special education salaries for district services, out of district (OOD) tuitions, contracted services, and special education transportation. Currently, 20% of CCHS students are enrolled in special education, which is higher than the State average of 17%. Out of District (OOD) enrollment has decreased from 52 students in FY16 to 46 students in FY17, which decreased OOD costs by \$250,000. For FY18, the projected placements will decline to 37 students with projected OOD costs to decline approx. \$200,000. Out of District (OOD) tuitions range from \$36,961 to 234,874. CCRSD influences the cost of OOD by defining the most appropriate service levels and placements in the Individual Education Plan (IEP), however the actual service rates for OOD tuitions are set by the State's Operational Services Division. CCRSD and CPS are members of the Concord Area Special Education (CASE) Collaborative to provide special education placements and services that are more cost effective than private OOD placements. CCRSD provides a continuum of special education services including the Pathways program which serves more than 18 developmentally disabled students ages 18-22. The majority of special education students in OOD placements require therapeutic environments and/or intensive specialized instruction which are not available at CCRSD. Future special education budget projections for CCRSD are estimated on current information of K8 special education students in Concord and Carlisle.

TechEd- Applied Technology

CCHS is a 1:1 Macbook laptop environment. Technology is deeply integrated into every subject area at CCHS. Teachers throughout the building use Google Apps for Education, and a wide variety of other software platforms to enhance student learning and foster higher order thinking skills. Professional development is offered to teachers and a full-time technology specialist and two full-time IT staff also support teachers in their use of technology and to support them to integrate technology in their classroom.

Theatre Arts- 0.25 Theater Director

The theatre arts program currently offers one credit-bearing course, the Winter Musical. This course enables student who are looking for the experience of an acting, public speaking or technical theatre education to be represented on their transcript. The applied acting skill curriculum develops physical and vocal preparedness, text analysis, contextual analysis, character voice and physicality in presentation, presence and improvisation. The applied technical skill curriculum develops technical ability in design, construction of sets and props, lighting, sound and wardrobe, the highest level of students manage their specialty department and help train new crew. Both our actors and our crew have been recognized in state-wide competitions by the Massachusetts Educational Theatre Guild.

Athletics- 1 FTE Director, 1 FTE Secretary

A program of interscholastic athletics is offered to all students in good standing at Concord-Carlisle High School. When possible, teams are entered in competition with other schools at the Freshmen, Junior Varsity (JV) and Varsity levels at CCHS. Through participation, the individual develops a healthier body, a sound mind and a better understanding of individual differences. Participation teaches a student that discipline, self-sacrifice and cooperation are necessary ingredients of teamwork if worthwhile goals are to be accomplished. CCHS's fall, winter and spring teams have been very successful in post-season play in recent years. Teams and individual athletes have won several State Championships as well as Dual County League titles.

Co-Curricular- 1 FTE Radio Station Manager, 0.5 FTE Staff

CCHS currently offers over fifty-one clubs and class activities for students to participate in school. We believe that these activities are critical for the development of the whole child, for students to learn valuable skills in the realms of leadership, collaboration and team work. There are more traditional offers such as Yearbook, the Newspaper and Student Senate, as well as several very unique groups like the Science Fiction Club and the Percussion Club. Our Robotics Club has competed in the FIRST Robotics Competition on the regional and national level. Another great activity that involves over 100 students is WIQH, CCHS's very own radio station.

Copy Service- 2 FTE for Copy Center and Mail Courier Service

The Copy Center located at the Ripley Administrative Building is a high efficiency reproduction center. Documents are reproduced for school staff on a same-day timeline. The department consists of two high speed multi-function copiers. In addition to reproduction services, the Copy Service Operator provides bulk ordering of district office supplies. The district Mail Courier Service, also known as the Pony, is an inter-campus delivery service.

Health Services- 2 FTE School Nurses

CCHS has 2 FTE Nurses. Health Services are designed to support and enable student's readiness to learn and academic achievement. The school nurse optimizes health and learning potential through access to care through the school day for students with acute and chronic illness or injury, developmental or mental/behavioral health needs including medication administration. Preventative care and health maintenance is provided through the development and communication of wellness initiatives, emergency action plans, life threatening allergy program, health care plans for students with chronic illness, field trip support, AED program maintenance, head injury education, care and follow up, compliance of physicals, immunizations, and state mandated growth, vision, hearing and postural screenings.

The IT department is responsible for the infrastructure that comprises the district network. Network modernization steadily moves forward as we continue to meet the learning demands of the 21st century classroom. IT oversees and upholds hardware, software, network security, plans and performs replacement cycles for outmoded technology, and continues to increase network efficiency.

CONCORD PUBLIC SCHOOLS CONCORD-CARLISLE REGIONAL SCHOOL DISTRICT

120 MERIAM ROAD CONCORD, MA 01742 PHONE: 978.318.1500 FAX: 978.318.1537 <u>www.concordpublicschools.net</u>

To: Karle Packard, Chair, Guidelines Subcommittee, Concord Finance Committee

From: Diana Rigby, Superintendent of Schools

John Flaherty, Deputy Superintendent for Finance and Operations

Date: October 6, 2016

Re: Annual Budget Data Request - Concord-Carlisle Regional School District

Our presentation this evening provides a focused response to questions and requests for information in the August 1, 2016 Annual Budget Data Request memorandum from the Concord Guidelines Subcommittee Chairperson, Karle Packard. Budget discussions for FY18 are underway with the school principals, central office administrators, and school committees. Our core budgeting principles continue to include the following:

- Students and their learning are at the center of decisions;
- Teaching and learning conditions matter for student success;
- Requested resources for programs, services, and activities reflect the districts' core values of academic
 excellence, respectful and empathic community, professional collaboration, educational equity, and
 continuous improvement;
- Maintain balance between responsive and reasonable operating budgets and impact on taxpayers.

The school committees will give direction to the administration as we move forward in the budgeting process.

1) Current and Projected Budget: Please provide a report comparing the FY16 actual vs. FY16 budgeted and FY17 budgeted vs. FY16 actual, by program and account levels, including subtotals for regular education, special education, total OOD tuition costs, administration, operations, fixed costs and debt service. Please highlight material variances between FY16 actual and budgeted and review any implications for the FY18 budget. Please provide data on carryover circuit breaker balances and any other financial resources available to the schools in FY17 and FY18 not included in operating budgets. This may include stabilization funds and external sources of funds (state and federal grants, donations, fees such as athletic fees and booster funding).

Please provide a draft of your FY18 program levels request and describe those areas expecting to see the most significant changes when compared to the FY17 budget.

Attachment #1 provides a report of FY16 actual vs. FY16 and FY17 budgeted by program and account levels, including subtotals for regular education, special education, administration, operations and fixed costs. The chart below gives a historical overview of Circuit Breaker Carryover (CBCO) and FY15 Out-of-District costs (OOD). Current year reimbursement is estimated at \$804,056 as of September 13, 2016 and FY16 Circuit Breaker Carryover to FY17 is \$0.

The following table is a summary level of each major program area historically and also for FY18, followed by a table of non-operating budget funds. Booster clubs are not managed by the schools.

| | FY2016 | FY2016 | FY2016 | FY17 SC ADOPTED | FY18 PRELIMINARY | FY18 - FY17 | FY18 / FY17 |
|-------------------|---------------|---------------|--------------|-----------------|------------------|-------------|-------------|

2) Collective Bargaining: Please provide an update of current collective bargaining agreements and any active negotiations. What increases do you anticipate in FY18 based on current agreements including increases from salary steps, lanes and scales? What other increases do you anticipate from changes in benefits, working conditions and contractual terms?

FY18 contractual increases for the Concord-Carlisle Teachers Association have not been determined. Current contract terms that define 4% step increases for eligible teachers and 2.5% lane change increases remain in place in the event of a protracted negotiations cycle.

The chart below contains the Step cost calculation, \$176,003 and the provision for lane change, \$65,000. The 1% scale change is used to illustrate the potential impact of the negotiated scale increase; a 1% increase is equivalent to a .4% increase in the operating budget.

| MAJOR ESCALATION/COST DRIVERS | | FY18 Preliminary Budget |
|---|--------------|-------------------------------|
| | Program Area | INCREASED COSTS |
| STEPS | 1010 -2410 | \$ 176,003 |
| LANES | 1011 -2410 | \$ 65,000 |
| SCALE % - To Be Negotiated - Each 1% equals | 1012 -2410 | \$ 111,774 |
| TEACHER SALARY ESCALATION | 1.3% | \$ 352,777 |

The table below contains information on the remainder of the collective bargaining units.

3) Facilities: What savings were realized from the efficiencies offered by the new CCHS facilities?

Are those likely to diminish, remain stable or increase in near-term budgets (FY18) and in longer-term budgets (FY19-FY22)? Why?

The natural gas budget line item for the new High School will be reduced by 50% from the FY17 level to \$65,000 from \$130,000. This same line item in FY16 was budgeted at \$180,000 and FY16 expenses were \$37,006 during an exceptionally mild winter. The electricity savings are substantial, but not as dramatic as the natural gas numbers. From a FY16 budget level of \$340,000, we reduced the FY18 electricity budget to \$278,500. FY16 electricity actuals for the High School building were \$268,502. Water consumption has also been reduced and budget reductions of \$12,000 have been made from the FY16 level to FY18. We will continue to optimize system performances in the building and may achieve some additional savings. While energy consumption is going down the costs for electricity and water may be increasing in the next few years; natural gas commodity pricing appears stable, but there is cost pressure on the delivery costs from the Gulf and also locally.

Another dimension to the High School Facilities overall costs is the needed increases in the building maintenance accounts; during the last several years of the old building's operation the maintenance and capital outlay accounts were substantially reduced as only absolute needs were met. The new building will require proper maintenance of the investments in the building made by Concord and Carlisle. Rebuilding the maintenance accounts is reflected in the FY18 budget and there is a cost increase of \$47,500 in the Capital Outlay area, and a \$113,250 increase in the Maintenance non-salary accounts.

4) Enrollment: Please provide an overview of current CCRSD enrollment by grade and your projections of anticipated growth over the next five years. Please provide a breakdown of actual FY15, FY16, FY17 and projected FY18 student enrollment in district and out-of district and the related number of students with special education requirements. What is the number of METCO and staff students for those periods? What percentage of the total enrollment are Concord students as of September 2016?

NESDEC projects a steady decline in student enrollment in grades 9-12 between 2015-2016 and 2025-2026 from a reduction in resident enrollment and stable non-resident enrollment. Do your planning assumptions reflect this projection? If not, what budget items would differ if you used these assumptions?

Are there any anticipated policy changes that would impact student enrollments, including current out-of-district placements and students older than 18 years?

The official October 1, 2016 FY18 assessment ratio is 73.51% Concord, and 26.49% Carlisle. The FY17 Concord assessment ratio was 73.61%. The official ratio for FY18 was calculated on October 1, 2016 actual enrollment demographics.

NESDEC 2015 Projected High School Enrollments

CCRSD Enrollment Projection based on November 2015 information

| School Year |
|----------------------|
| Projected Enrollment |

| 2016-17 | 2017-18 | 2018-19 | 2019-20 | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 | 2025-26 |
|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| 1,270 | 1,273 | 1,260 | 1,254 | 1,262 | 1,244 | 1,249 | 1,200 | 1,208 | 1,214 |

Our planning assumptions reflect relatively stable enrollment in the next five years. NESDEC projected 1,270 students for the current year and our actual is 1,275.

5) Special Education: Special education costs were projected to decline in FY17. Do you continue to see a reduction in this year's expense levels? Will this moderation continue into FY18? Please provide an overview of the components of the special education budget and a summary of any planned changes for serving SPED students in FY17 and FY18. How has the mix of special Ed students changed - how many OOD students do we have? What, if any, changes do you anticipate in in-district and out-of-district placements? Are there any anticipated changes in state circuit breaker reimbursement for special education services?

We are expecting a decline in FY17 but not in FY18 due to the increased number (18) of special education students between 18-22 years of age. There are four major components of the CCRSD Special Education budget (Program Area 1200): Special Education Salaries for district services; Out-of-District (OOD) tuitions, Contracted Services, and Special Education Transportation (Program Area 4670). Currently, 20% of CCHS students are enrolled in special education which is higher than the State average of 17%. OOD enrollment has decreased from 49 students in FY14 to 46 students in FY17.

The chart below illustrates a decline in Circuit Breaker Carryover (CBCO) from a high of \$721,590 in FY2012 to \$167,296 in FY2016. FY2014 Circuit Breaker Receipts allowed that \$496,506 to carry forward as CBCO for use in FY2015. FY2015 CBCO dropped to \$167,296 in FY2016. FY2016 provided no CBCO capacity for use in FY2017.

We do not anticipate any changes in the design of the State's Special Education reimbursement programs.

6) Educational Programming: What are the top 3-5 priorities over the next five years in terms of program development and improved learning? Please identify the incremental resources required as well as the desired outcomes and the methods in which you will measure those outcomes. What, if any, staffing, scheduling, administrative and materials resources are needed to effectively implement these changes or additions? Please also identify if there are any programs that are expected to be eliminated, reduced or combined that would serve to provide funding for these new or expanded programs. Do you plan to offer additional Advanced Placement courses or offer International Baccalaureate qualification in the near future? What is the status of the CCRSD Educational strategy initiative?

What success have you had in full mainstreaming of ELL students into the core curriculum? Do we expect a further increase in ELL students?

To what extent are travel programs and exchanges supported by the school budget, fund raising, parent support, outside funding sources? What percentage of students participate in the Virtual High School opportunities?

Please note any areas where student access to educational programming is limited at the current time and highlight the sources of those limitations. What can be done to eliminate those constraints? What educational improvements and incremental costs do we anticipate to address educational gaps in performance?

The draft district goals for 2016-17 are attached (attachment #2). The major priorities include increasing the achievement for all students and narrowing the achievement gaps for identified student groups, providing personalized, engaging, standards-based learning experiences which include skills/strategies for college, career, and citizenship, providing a safe, inclusive, supportive, and respectful school environment; improving the supervision and evaluation process for teachers, providing students and staff with the resources, materials, and infrastructure to support high quality learning environments, and building support, consensus, and

community engagement for the district mission and core values. Annual student achievement data and student work are analyzed to measure goal attainment.

To attain these goals the following actions will need to be implemented:

- * Provide release time for teachers, professional learning opportunities, instructional coaching;
- * Increase programming (FTEs) for math (Coding), Interdisciplinary courses, and AP courses;
- * Review and Revise Science, Social Studies, and Health curriculum;
- * Expand Rivers and Revolutions interdisciplinary program;
- * Review and revise daily schedule;
- * Participate in Stanford University's Challenge Success program for student well-being;
- * Implement a school-wide intervention plan for underperforming students;
- * Expand Global Literacy Certificate program;
- * Expand Senior Internship program.

Currently, we are requesting increased funding for professional development, .5FTE Math (Coding), Global Literacy Certificate program, and the Senior Internship program. More funding for increased FTEs will be needed in the future to fully implement the actions above.

Student Study Travel is supported primarily by parents with limited fundraising, and teacher stipends are supported in the operating budget. Each semester approx. 25 students participate in Virtual High School.

High Needs students require individualized, targeted intervention to close the achievement gap and we are providing the specialized services with an increased number of special education tutors.

7) Technology: Please share the CCRSD technology strategy and implementation plan for the next 3-5 years. What investments are envisioned in FYI8 over FY17, if any, and what will be the benefits of those expenses? Is there infrastructure investment needed to support technology needs (e.g. more wireless connectivity, more bandwidth etc.)? How will those investments be distributed between administrative-related technology and instructional technology? What would be the cost of changing to a commercial broadband provider?

An important part of both upholding and growing educational technology is staying on top of our existing replacement practices. We have successfully continued a 5-year replacement cycle for hardware at the HS. The district will need to maintain the newly set up 1:1 laptop program in the same manner. As new wireless standards develop, it is important that we keep our wireless infrastructure to a reasonable standard throughout the district. Continued investment in our VM (virtual machine) hardware will allow for off-site (away from Ripley) systems redundancy. This allows for disaster recovery (DR) of core systems and Internet connectivity. Should the core at Ripley go offline, school and administration personnel could continue to work. We recently added a commercial broadband provider and achieved cost savings. Adding more bandwidth in the future will likely become a need to manage the requirements of the 21st century classroom. The trend in instructional technology spending will continue to rise. The potential increase of online curriculum affect costs for IT with impacts to infrastructure and increased bandwidth needs.

8) Transportation: Please describe the current FY17 and planned FY18 strategy for supporting in-house transportation. Please update facility plans, status of the bus fleet and needed bus purchases as well as variability in fuel prices and any plans for the purchase of more fuel efficient vehicles or revisions in the composition of the bus fleet? How will transportation expenses differ in FY18 from FY16 and FY17? Please quantify the cost reduction assuming being in the WR Grace site for the entire FY18 year. Will fuel costs be affected if the new depot

does not have a fueling facility? Will bus replacement requirements be fully reflected in your operating budget request for FY18? Do you plan to request any additional capital funding for transportation needs via a separate warrant article at Town Meeting?

Our strategy for FY17 and FY18 is to use the maintenance facility under construction sited on the acquired WR Grace property to support our in-district operated fleet. The facilities' three dedicated bus bays and fourth bay designated to support both transportation and other school department vehicles and equipment will be housed in a 7200 square foot building, parking for thirty six buses and support vehicles will also be built. For FY17 and FY 18 we plan to continue with the bus replacement schedule with planned purchases of two CPS buses and one Regional bus per year. The table on the following page indicates 13 of our 36 buses have been replaced in FY16 and FY17. Note that we are trying to avoid having an overly large concentration of one or two model years in the fleet in order to avoid a volatile replacement cycle. The FY18 preliminary transportation budget includes \$200,000 for CPS and \$200,000 for the Region; this level of funding assumes outright purchase of two Regional buses: depending on fleet performance we may need to incorporate lease purchase as this will allow us to increase the number of buses that we replace in a single year and spread the payments over three to five years. Going into FY18 we are behind the attached 2014 replacement schedule by three buses in CPS and five buses at CCRSD.

We are not currently predicting any purchases of non-diesel buses in the near future. We are expecting to learn valuable information from a grant funded electric bus pilot project in the next three years, and we are currently expecting that diesel fuel prices will remain relatively stable for FY18. FY18 transportation expenses are expected to decline as the need for annual leases are eliminated and shorter distances from our operating location will lower both labor and fuel costs; these declines will be offset by labor escalation costs.

9) Other Post Employment Benefits: Please discuss CCRSD's strategy for funding retirees' other post-employment benefits (OPEB), essentially health care costs for retirees. What is CCRSD's funding strategy for FY18-FY23 to meet its annual required contribution? What market factors could influence that schedule?

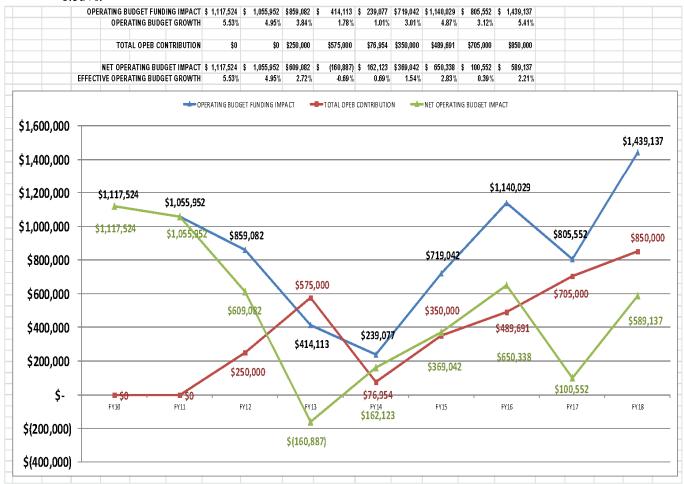

The following table below contains planned information as well as actual contributions that have been made. We are due for an actuarial valuation in January of 2017 and now that a Regional OPEB Trust Fund has been established there could be a reduction in some of the current table values.

| REVISED PLAN OPEB Planning Strategy | | <u>FY12</u> | | <u>FY13</u> | <u>FY14</u> | | <u>FY15</u> | <u>FY16</u> | <u>FY17</u> | <u>FY18</u> | FY19 | <u>FY20</u> | <u>FY21</u> | <u>FY22</u> | <u>FY23</u> |
|--|------|-------------|------|---------------|-------------|-----|--------------|--------------|-----------------|--------------|--------------|--------------|-------------|-------------|-------------|

We currently anticipate the need for annual incremental increases of \$100,000 through FY2023 as we approach the ARC calculated at \$1.43M in January of 2012. Market factors that could affect the schedule would include medical insurance cost escalation and changes in employee's salaries.

The Region began contributions to OPEB in FY12 and is now in its fifth year of OPEB contributions. In previous years, conversations with the Finance Committees of both Towns have focused on the yearly incremental changes and their impact on the annual operating budget. This year we need to assess the impact of the total OPEB contribution on Operating Budget increases.

The following charts illustrate OPEB's impact, and further analysis of the yearly changes indicate that since OPEB contributions began, the five year average effective operating budget increase from FY12 to FY16 was 1.42%, and .95% from FY13 to FY17. The 5.41% operating budget increase requested for FY18 raises the five year effective operating budget increase to 1.53%.

| | FY10 | FY11 | FY12 | FY13 | FY14 | FY15 | FY16 | FY17 | FY18 |
|-----------------------------------|-------------|-------------|-----------|-------------|-----------|-----------|-----------|-----------|-----------|
| Net Operating Budget Change | \$1,117,524 | \$1,055,952 | \$609,082 | \$(160,887) | \$162,123 | \$369,042 | \$650,338 | \$100,552 | \$589,137 |
| Effective Operating Budget Change | 5.53% | 4.95% | 2.72% | -0.69% | 0.69% | 1.54% | 2.83% | 0.39% | 2.21% |
| | | | | | | | | | |
| FY12 to FY16 Average Increase | 1.42% | | 2.72% | -0.69% | 0.69% | 1.54% | 2.83% | | |
| FY13 to FY17 Average Increase | 0.95% | | | -0.69% | 0.69% | 1.54% | 2.83% | 0.39% | |
| FY14 to FY18 Average Increase | 1.53% | | | | 0.69% | 1.54% | 2.83% | 0.39% | 2.21% |

10) <u>Administration and Efficiency:</u> Please describe any efficiency programs underway or planned at the administrative and school levels and goals or savings to be realized from those activities.

We have completed our transition to Gmail. This transition allows us to eliminate our \$30K per year contract

with First Class. We are also in the process of reducing paper consumption by maximizing the use of electronic publications of newsletters. Our recent adoption of an electronic based time reporting system for hourly employees will also reduce paper consumption, but more importantly it will also increase the efficiency of reporting Affordable Care Act data to the Federal government. Existing forms and records are being digitized and paper based forms are being replaced by electronic forms throughout the system. This will lower the cost of adding filing cabinets throughout the system over time.

11) <u>Education Reform and Mandates:</u> What major new or expanded educational reform mandates have been or will be required to be implemented in the near future? What are the staffing and administrative impacts that will have financial consequences over the next five years?

CCRSD has been implementing the new educator evaluation system for the past five years and it requires teacher release time for collaboration, data collection, and review. New Math, Science, STEAM (Science, Technology, Engineering, Art, Math), and Health programs require teacher leadership (stipends for committee work) and increased professional learning opportunities for teachers (professional development).

Increased state mandates for district data collection and reporting will require increased IT staffing. Massachusetts Department of Elementary and Secondary Education (DESE) requires all public schools to report comprehensive student and staff data: SIMS: The Student Information Management System is a student-level data collection system that reports on 52 data elements three times during the year. Data includes items such as demographic, Special education, ELL, Title 1, postgraduate plans, and more; SCS: Student Course Schedule is part of the SIMS expansion and cross-references with EPIMS and SIMS for a more detailed view of courses taken by students in MA public school districts; SSDR: School Safety Discipline Report tracks both violent and nonviolent, criminal and noncriminal, drug and nondrug related offenses occur on school property; EPIMS: Education Personnel Information Management System reports twice during the school year on educator (staff) data. The data collected is linked with the licensure data, which the Department currently maintains in ELAR, the Educator Licensure and Recruitment database. SIF: Schools Interoperability Framework is an initiative from DESE to carry out new technologies to improve data collection. The School Interoperability Framework is being tied into existing SIS systems to streamline the flow of information between school districts and DESE. The US Department of Education also requires all public schools to report similar comprehensive student and staff data with the Civil Rights Data Collection.

12) <u>Capital Expenditures:</u> What is your capital expenditure plan over the next five years? Which of these will be funded within the CCRSD operating budget and which do you anticipate to fund outside of the annual budget through debt authorization or by other means?

What are your current plans for remediation of the CCHS parking lot? Do you intend to present a warrant article at the 2017 Annual Town Meeting requesting funds for remediation?

What are anticipated future costs for the athletic fields, specifically as they relate to an "amenities" building with toilet rooms?

The only currently recognized capital needs for the CCHS complex are the landfill remediation, paving of the ring road, and some exterior lighting needs near and around the lower parking lot. We have not established planning numbers for the paving and lighting projects to date. The request for funding for these projects may possibly be combined with the selected landfill remediation project.

The landfill remediation project will require funds outside of the operating budget and it is anticipated there will be a warrant article for the upcoming Town Meetings in Concord and Carlisle. On September 28th the Regional School Committee awarded a contract to Weston & Sampson for a Feasibility Study to evaluate alternative methodologies to the remediation plan presented to the Towns last spring.

In regard to the toilets, we have submitted a request for a waiver from the State's plumbing board from the requirement. Our next steps will be determined by the State response to our request for waiver.

13) Benchmarking: How does the average cost per student at CCHS compare to peer school systems for the latest year available? Please briefly explain how these systems are selected. What are the drivers of the differences in terms of various aspects of the budget in cost per student between CCHS and peer systems? How are those cost differences justified? What academic and non-academic performance metrics do you use and how do they compare with peer systems?

In the Metrowest, there is not a "truly peer system" for costs comparison, however we typically use Lincoln-Sudbury because it is a single school, single district for 9-12 and the per capita income of Lincoln and Sudbury are similar to Concord and Carlisle. The following chart contains the most current, 2015, Expenditure Per Pupil Detail from DESE which indicates that CCHS spent \$21,519 per pupil and LS spent \$18,572 per pupil. The cost drivers are in the following areas: Administration 45% higher; Instructional Leadership (teachers) 36% higher; Other Teaching Services 48% higher; Professional Development 24% higher; Instructional Materials/Equip/Tech 26% higher; and Pupil Services 43% higher. CCHS high student performance on MCAS, AP exams, and SAT is similar to LS students. The success of CCHS students' acceptance rates to their first and second choices of college is indicative of a high performance district.

14) Other items: Please comment on any additional items that may impact the CCRSD budget in FY18 and beyond.

Decisions regarding changing the start time of the high school will likely impact funding needed for in-district operation of the school bus fleet.

District Goals 2016-17- CCRSD

Mission: Educate all students in becoming independent lifelong learners, creative thinkers, caring citizens, and responsible contributors in a global society.

Core Values: Academic Excellence, Empathic and Respectful Community, Educational Equity, Continuous Improvement, Professional Collaboration

| GOALS | ACTIONS | OUTCOMES |
|--|--|--|
| 1. CCHS students will master critical end of year grade level standards. | Implement common assessments to analyze student work for instructional adjustments and/or targeted intervention. Dept. chairs and teachers review underperforming student work on a quarterly basis to identify intervention strategies. Implement school- wide intervention plan to support student achievement. Review and revise Social Studies and Health curricula to reflect the State Frameworks. Integrate Next Generation Science Standards into science courses. | 95% CCHS students earn 2.5 GPA or higher. 95% CCHS students score 3-5 on AP exams. Median SAT score is 600. 100% Competency Determination for Class 2017. 95% CCHS students score Adv./Prof. MCAS ELA/Math/Science. CPI score is 75 or better for each student group in ELA and Math. CCRSD will improve DESE classification from Level 2 to Level 1 Accountability Level. |

| GOALS | ACTIONS | OUTCOMES |
|---|---|---|
| 2. CCHS student learning experiences are personalized, engaging, standards-based, and include skills/strategies for college, career, and citizenship. | Implement professional learning for teachers to increase their effective use of digital tools. Provide coding classes in the Math Dept. 100% teachers implement Google Classroom to manage assignments, assess student work, and provide timely feedback. Collaboratively analyze student work to revise instructional practices or provide intervention. Create learning experiences with interdisciplinary units. Provide instructional coaching for increased student engagement and project-based learning. Increase opportunities for students to make effective presentations. Create more opportunities for students to participate in project-based interdisciplinary units in science, technology, engineering, math, and art through the STEAM committee. Provide more opportunities for students to participate in the Global Literacy Certificate and Senior Internship programs. | 100% CCHS students use Google Apps. All teachers will demonstrate how they made adjustments in instructional practices based on their collaborative analysis of student work. All teachers will post student grades on the Aspen parent portal for progress monitoring by the students and their parents. All departments will develop new interdisciplinary units. All departments will use specific and measureable criteria for successful student presentation skills. The curriculum review cycle is formalized with a multi-year timeline and vertical articulation with Concord and Carlisle K8. More seniors participate in the Senior Internship program. Students in the GLC program will attend the Global Student Leadership Conference in Peru. |

Attachment #2 District Goals 2016-17- CCRSD

| GOALS | ACTIONS | OUTCOMES |
|---|---|---|
| 3. CCHS students feel safe, included, supported, and respected by peers and adults. | Identify students who are not connected and implement strategic response to include these students in a community. Increase student participation in decision- making that impacts school culture. Implement activities and strategies that address race, equity, and inclusive school culture. Participate in Challenge Success program to respond to student survey data 2016 and implement recommendations to reduce student stress. Time and Learning Committee review daily schedule for improvements. | 95% or greater CCHS students report on a student survey that they have a connection to a least one adult at CCHS. Student Advisory will provide opportunities for student feedback on school climate concerns. Student participation on school-wide committees will increase. Student-led diversity-based events and school-wide activities will address race and equity issues. Student work loads and schedules will be revised to reduce stress. |

| GOALS | ACTIONS | OUTCOMES |
|---|---|---|
| 4. Improve the Supervision and Evaluation process by calibrating the 5-step cycle, increasing raterreliability, and aligning S&E with student data. | Provide district course in S&E through Concord Fellows. CCHS Admin. and CCHS Dept. Chairs participate in professional learning to calibrate the cycle, improve inter-rater reliability, and align S&E with student data. | Provide targeted constructive feedback for all educators as evidenced by a staff feedback. Use multiple data sources to evaluate teacher and department performance as evidenced by evaluators professional practice goal attainment |

Attachment #2 District Goals 2016-17- CCRSD

| GOALS | ACTIONS | OUTCOMES |
|--|---|---|
| 5. Provide students and staff with the resources, materials, and infrastructure to support high quality learning environments. | Work with school administration, school Committee, and both Concord and Carlisle Finance Committees to develop FY18 CCRSD budget that supports district goals and is within the levy limit. Discuss FY18 budget development at each Regional SC meeting to increase public understanding of the budget process. Discuss preliminary FY18 budget with SC, CCHS faculty, and Concord and Carlisle Finance Committee. Develop FY18 budget book and present SC adopted FY18 budget at Public Hearings and Town Meetings. Digitize administrative functions in the Business, HR, and CCHS offices. Reduce, reuse, and recycle districtwide. | FY18 CCRSD budget is approved at both Concord and Carlisle Town Meetings. Reduce use of paper, water, gas, electricity by 10%. |

Attachment #2 District Goals 2016-17- CCRSD

| GOALS | ACTIONS | OUTCOMES |
|---|--|---|
| 6. Build support, consensus, and community engagement for the district mission, core values, challenges, and accomplishments, and critical decisions using multiple communication strategies. | Improve CCHS website to increase access to CCHS information. Continue "Your Voice Matters" to solicit community feedback. Conduct Principal and SC coffees during the school year to both share information and receive feedback. Increase communication with Grade 8 families in both Concord and Carlisle for the transition to CCHS. Continue communication to community through school meetings, parent meetings, PTG, district, CCHS websites, monthly updates, school newsletters, local media, social media, and the annual performance report. | Parents report on the parent survey improved home-school communication. Parents of incoming Freshmen report 85% satisfaction with CCHS communication regarding transition to CCHS. Increase community awareness of CCHS goals, accomplishments, and challenges as measured by informal and formal feedback. |

CCRSD Operating FY2018 Budget Development Process

October 13, 2016

CCRSD FY18 Budget Development

- One of the first actions in budget development is calculation of contractual teacher salary changes.
- A snapshot of current year teacher scale and step placement is used to develop planning numbers.

 The teacher step placement is advanced by one step to show FY18 cost growth due to step movement, multiplied by FY17 pay scale and the difference is the FY18 step cost growth, a \$176,003, or 1.54% increase in Teacher Staff Baseline cost.

• The process then measures the FY18 cost growth due to increases in the pay scale

• The step advanced teacher matrix is then multiplied by the FY18 planning scale and the difference is the FY18 scale growth, a \$117K, or 1.0% example increase in Teacher Staff Baseline cost.

1. EMPLOYEE COSTS

For FY18 projected salary costs account for approximately 66%, \$18.4M of operating budget

- FY18, FY19 and FY20 Teacher scale percentage increases are unknown
- Teachers are estimated at 2/3, \$13.4M of the \$18.4M
- Other Employees 1/3 of the \$18.4
- Contingency accounts for three CBU plus other salary escalation

Known Costs

- While FY18 teacher scale is unknown, we do know that a 1% increase equals \$117K plus step cost of \$176K plus \$60K for lane changes requires \$358K, or 1.3% above FY17 Operating Budget
- OPEB increase = \$145K or .5% increase in operating budget
- Medical Insurance & Retirement Assessment = \$142K, or .5%
- Contingency Accounts = \$111K, or .4%

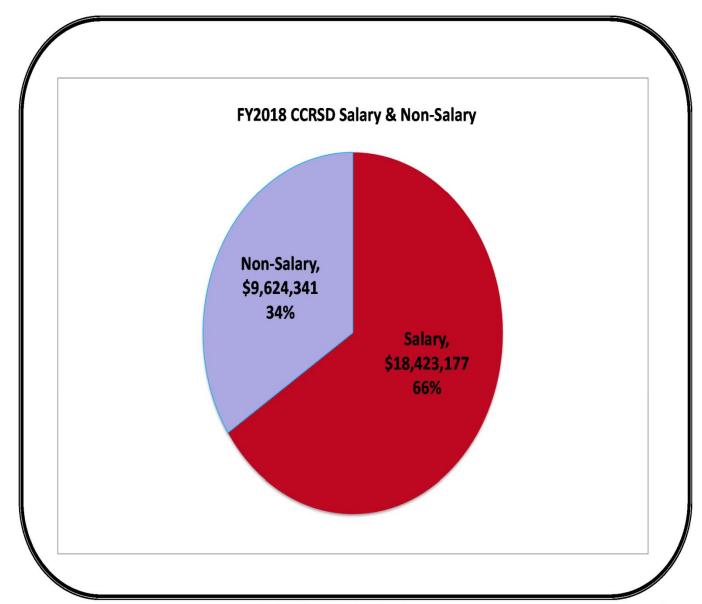

FY18 Step Cost Growth is calculated at \$176,003
 FY18 Scale Cost Growth <u>example</u> is calculated at 1.0% \$117,119
 FY 18 Lane Change Cost Growth is estimated at \$60,000

A. Total Teacher Baseline Cost Growth 1.3% of total operating budget or, \$353,122

B. Other Employees

All other employees account for approximately 1/3 of salary budgets
Assuming an average non-CB 3% COLA equates to a .7% to .9% impact in yearly operating budget cost increase for FY18

Salary Growth Alone Requires a projected 2 – 2.5% Increase in the Region's Operating Budget Using the 1% Example for Teacher Scale Change

An area of focus in this year's regional budget process will be the impact of OPEB on operating budget increases

In FY12 OPEB contributions started and there has been focus on the incremental yearly change

With 5 years of actual contributions we can now examine the impact of the total OPEB contribution

November 22, 2016 Finance Committee Response Letter

CONCORD PUBLIC SCHOOLS

CONCORD-CARLISLE REGIONAL SCHOOL DISTRICT

120 MERIAM ROAD CONCORD, MA 01742 PHONE: 978.318.1500 FAX: 978.318.1537 www.concordpublicschools.net

To: Karle Packard, Chair, Guidelines Subcommittee, Concord Finance Committee

From: Diana Rigby, Superintendent of Schools

John Flaherty, Deputy Superintendent for Finance and Operations

Date: November 4, 2016

Re: Annual Budget Data Request – Concord-Carlisle Regional School District

Our presentation this evening provides a response to questions in the October 31, 2016 second Annual Guidelines Request memorandum from the Concord Guidelines Subcommittee Chairperson, Karle Packard. Budget discussions for FY18 are continuing with the school principal, central office administration, and the Regional School Committee. Our core budgeting principles continue to include the following:

- Students and their learning are at the center of decisions;
- Teaching and learning conditions matter for student success;
- Requested resources for programs, services, and activities reflect the districts' core values of academic
 excellence, respectful and empathic community, professional collaboration, educational equity, and
 continuous improvement;
- Maintain balance between responsive and reasonable operating budgets and impact on taxpayers.

The Regional School Committee will give direction to the administration as we move forward in the budgeting process.

1. Please identify how you will accommodate this guidelines recommendation relative to the program you presented to the Finance Committee at our meeting on Thursday, October 13th.

We will not recommend that the Concord Finance Committee Guideline for the Concord-Carlisle Regional School District be adopted by the Regional School Committee. If necessary, to accommodate the \$720,000 guideline increase, we would decrease the planned OPEB contribution of \$850,000, by \$408,455 to \$441,545.

2. Please restate your analysis of the impact of your OPEB funding schedule on prior years and future years operating budgets on an absolute and percentage basis to present a consistent relationship between either total dollar amounts or year-to-year changes in dollar amounts in the presentation.

How do your OPEB funding demands on resources compare to other increases in costs on a ranked basis?

What is your most recent date for the actuarial assessment of your OPEB liability? Under that assessment and your current funding schedule, when will you meet your ARC?

The table on the following page indicates that OPEB incremental contributions are growing at a high rate as a percentage of the Operating Budget increases. Since FY2015, and including our FY18 requested, the incremental OPEB increases, on average have used nearly 22% of the operating budget increases. The latest actuarial report was June 30, 2014. The report states, "Based on a 25-year

funding schedule at a 5.00% discount rate, the Fiscal Year 2014 contribution would be \$1,491,902. This figure is referred to as the Annual Required Contribution (ARC)". In FY14, the entire FINCOM Operating Budget guideline growth was \$239,077 and the OPEB contribution was \$76,954.

We will not be able to meet our ARC with the current funding policy of OPEB within the operating budget guidelines provided by the Concord Finance Committee and meet contractual and legal obligations.

| Fiscal Year | FY10 | FY11 | FY12 | FY13 | FY14 | FY15 | FY16 | FY17 | FY18 |
|---|--------------|---------------|---------------|------------------|-------------|-----------------|------------|------------------|------------|

| Total OPEB Contribution | \$0 | \$0 | \$250,000 | \$575,000 | \$76,954 | \$350,000 | \$489,691 | \$705,000 | \$850,000 |
| OPEB Increment as % of Operating Budget | 0.00% | 0.00% | 1.08% | 1.37% | 0.32% | 1.42% | 1.90% | 2.65% | 3.03% |
| OPEB Increment of Operating Budget | | | | | | | | | |
| Operating Budget Growth | \$ 1,117,524 | \$ 1,055,952 | \$ 859,082 | \$ 414,113 \$ | 239,077 | \$ 719,042 \$ | 1,197,323 | 805,552 \$ | 1,438,817 |
| OPEB Incremental Increase | \$0 | \$0 | \$250,000 | \$325,000 | (\$498,046) | \$273,046 | \$139,691 | \$215,309 | \$145,000 |
| OPEB Incremental Growth as % of Budget Increase | 0.0% | 0.0% | 29.1% | 78.5% | | 38.0% | 11.7% | 26.7% | 10.1% |

- 3. How does your budget request meet the Finance Committee's goal of financial sustainability? We believe that our 11 year history of no override requests and matching Finance Committee Guidelines, often below LLG, meet the Finance Committee's sustainability goals. Our full 5.4% request is below LLG, and keeps us on our ten growth rate of approximately 3.75%. We believe this is a sustainable average growth rate for the Concord-Carlisle Regional School District.
- 4. Do you have ongoing administrative and or operational cost management programs? If so, what savings have they resulted in and how have you redirected those funds?

The table below contains the reductions from the FY17 budget levels that offset \$1,731,983 of expenditure growth in the FY18 budget.

| MAJOR ESCALATION/REDUCTIONS | | Prel | Y18 iminary udget |
|--|-----------------|------|------------------------------------|
| | Program Area | | REASED OSTS |
| STATE ASSESSMENTS (\$22.5K), OTHER NET REDUCTIONS TRANSPORTATION UTILITIES (Heating, Electricity, Water) | 5830 & ∀arious | | (32,500) (127,952) (132,714) |
| OPERATIONS & FIXED COSTS REDUCTION TOTAL REDUCTIONS | -1.1% -1.10% | \$ | (293,166) (293,166) |

5. Regarding changes to the enrollment ratio between Concord and Carlisle, please provide copies of the NESDEC projections for Concord, Concord-Carlisle, and Carlisle. Do you believe the trends are realistic based on more recent Concord enrollment trends?

The table below illustrates NESDEC's projection of assessment ratios for SY 15-16 through SY 203 - 2024. It is based on October 1, 2015 projections. We will receive a projection based on October 1, 2016 within the next few months from NESDEC. For the past two years the shift in assessment ratios has been favoring Concord's assessment proportion; this is contrary to the table below.

| | PROJECTED % OF CONCORD AND CARLISLE RESIDENTS IN CCHS | | | | | | | | | | | |
|----------------|---|------------------------|----------------------|--------------|-----------------------|---------------|--|--|--|--|--|--|

CCRSD Operating FY2018 Budget Development Process

November 22, 2016

An area of focus in this year's regional budget process has been the impact of OPEB on operating budget increases

In FY12 OPEB contributions started and there has been focus on the incremental yearly change

Following 5 years of actual contributions we had a meaningful discussion with the Finance Committees on OPEB's budgetary impact

| DESCRIPTION | FY12 SC | FY13 SC | FY14 SC | FY15 SC | FY16 | FY17 | FY18 |
