

Dear Parents,

I'm Patricia Millones, the Lower School Spanish Teacher. Our Lower School Spanish program for PreK through 4th grade focuses on communicative activities that introduce vocabulary in context. These activities encourage students to practice their Spanish skills through interaction with their peers and are complemented by unit projects.

Next school year, your children will be in the final levels of our Lower School Spanish program (3rd and 4th grades). We will be focusing on introducing new and more advanced vocabulary and structures. To help them prepare, it would be highly beneficial if they could practice basic Spanish vocabulary and concepts listed below before we start in September.

Thank you for your cooperation. I can't wait to see your children in September and continue this Spanish adventure together.

Sincerely,

Patricia Millones
Lower School Spanish Teacher
