

Summer Math Practice Options for Briarcliff Middle School Students

The following summer practice suggestions are designed to help students prepare for their upcoming math course. Practicing these skills over the summer will maximize students' potential for success throughout the school year. While the summer assignments are not required, they are recommended.

Khan Academy

Khan Academy's "[Get Ready](#)" courses help students master the most important skills students need for the next grade or course.

- Incoming Math 6: [Get Ready for Grade 6](#)
- Incoming Math 7 & Math 7A: [Get Ready for Grade 7](#)
- Incoming Math 8: [Get Ready for Grade 8](#)
- Incoming Algebra 1: [Get Ready for Algebra 1](#)

IXL (available through the end of July) - Log into IXL using your Mountain Lakes School District account so that you have access to unlimited practice problems. For each topic, aim to get a Smartscore of 80 or higher.

- Summer Boost
 - [IXL Summer Boost Math for Incoming Grade 6](#)
 - [IXL Summer Boost Math for Incoming Grade 7](#)
 - [IXL Summer Boost Math for Incoming Grade 8](#)
 - [IXL Summer Boost Math for Incoming Algebra 1](#)
- The [IXL Skill Plans](#) page also has additional practice options.
