INDEPENDENT AUDITOR'S REPORT

To the Board of Education
O'Fallon Township High School District No. 203
O'Fallon, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of O'Fallon Township High School District No. 203, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the O'Fallon Township High School District No. 203's basic financial statements as listed in the table of contents.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion on Regulatory Basis of Accounting paragraph, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of O'Fallon Township High School District No. 203, as of June 30, 2023, and the revenues it received and expenditures it paid for the year then ended, in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the O'Fallon Township High School District No. 203, as of June 30, 2023, or changes in net position for the year then ended.

Basis for Qualified and Adverse Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the O'Fallon Township High School District No. 203 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion on Regulatory Basis of Accounting

The District's financial statements do not disclose all of the disclosures required by Governmental Accounting Standards Board Statement 75, *Accounting and Financial Reporting for Post-Employment Benefits Other than Pensions*. In our opinion, disclosure of this information is required by accounting principles generally accepted in the United States of America.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by O'Fallon Township High School District No. 203, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Illinois State Board of Education. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the O'Fallon Township High School District No. 203's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of O'Fallon Township High School District No. 203's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the O'Fallon Township High School District No. 203's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the O’Fallon Township High School District No. 203’s basic financial statements. The schedules listed in the table of contents as supplementary schedules and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The consolidated year-end financial report is presented for purposes of additional analysis as required by the Illinois Grant Accountability and Transparency Act (GATA) and is also not a required part of the basic financial statements. Such information, as well as the information on pages 1 through 6, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Schedules, the schedule of expenditures of federal awards, and the GATA consolidated year-end financial report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The 2022 comparative information shown in the Schedule of Expenditures of Federal Awards was subjected to auditing procedures applied by us, and our report dated February 10, 2023, expressed an unqualified opinion that such information was fairly stated in all material respects in relation to the 2022 financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 29, 2024, on our consideration of O’Fallon Township High School District No. 203’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of O’Fallon Township High School District No. 203’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering O’Fallon Township High School District No. 203’s internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

To the Board of Education
O'Fallon Township High School District No. 203
O'Fallon, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of O'Fallon Township High School District No. 203, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise O'Fallon Township High School District No. 203's basic financial statements, and have issued our report thereon dated April 29, 2024. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. Additionally, our opinion on the regulatory basis financial statements was qualified for the effects of the disclosures required by Governmental Accounting Standards Board Statement 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions* not being disclosed.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered O'Fallon Township High School District No. 203's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of O'Fallon Township High School District No. 203's internal control. Accordingly, we do not express an opinion on the effectiveness of O'Fallon Township High School District No. 203's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether O'Fallon Township High School District No. 203's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Education
O'Fallon Township High School District No. 203
O'Fallon, Illinois

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited O'Fallon Township High School District No. 203's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of O'Fallon Township High School District No. 203's major federal programs for the year ended June 30, 2023. O'Fallon Township High School District No. 203's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, O'Fallon Township High School District No. 203 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of O'Fallon Township High School District No. 203 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of O'Fallon Township High School District No. 203's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to O'Fallon Township High School District No. 203's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on O'Fallon Township High School District No. 203's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about O'Fallon Township High School District No. 203's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding O'Fallon Township High School District No. 203's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of O'Fallon Township High School District No. 203's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of O'Fallon Township High School District No. 203's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However,

material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

O'FALLON TOWNSHIP HIGH SCHOOL DISTRICT NO. 203
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

O'Fallon Township High School District No. 203 (District) accounting policies conform to the regulatory cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements that serve pupils for numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of the administration, ability to significantly influence operations, and accountability for fiscal matters) and special financing relationships.

After applying the manifesting of oversight and special financing relationships criteria, the joint agreements have been determined not to be a part of the reporting entity since the District does not control the assets, operations, or the administration of the joint agreements. Therefore, they are excluded from the accompanying financial statements. In addition, the District is not aware of any entity which would exercise such oversight as to result in the District being considered a component unit of the entity.

Basis of Presentation – Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, receipts, and disbursements. The District maintains individual funds as required by the State of Illinois. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds are used by the District:

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in other funds. Special Education and Lease Levy are included in this fund.

The Debt Services Fund accounts for the accumulation of resources for and payment of general long-term debt principal, interest, lease purchase payments, and related costs.

See Independent Auditor's Reports

The Operations and Maintenance Fund, the Transportation Fund and the Municipal Retirement/Social Security Fund account for cash received from specific sources (other than those accounted for in the Debt Services Fund, Fire Prevention and Safety Fund, or Fiduciary Funds) that is legally restricted to cash disbursements for specific purposes.

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Tort Fund accounts for financial resources held by the District to be used for risk management.

The Fire Prevention and Safety Fund and the Capital Projects Fund account for funds of the District to be used for capital acquisition and construction projects.

Governmental and Expendable Trust Funds – Measurement Focus

The financial statements of all governmental funds and expendable trust funds focus on the measurement of spending or “financial flow” and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported net assets (net current assets) are considered a measure of “available spendable resources.” Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

General Fixed Assets and General Long-Term Debt Account Groups

The accountability and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group, rather than in governmental funds. Long-term liabilities expected to be financed from other funds are accounted for in the General Long-Term Debt Account Group, not in the associated funds.

The two account groups are not “funds”. They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

Basis of Accounting

Basis of accounting refers to when receipts and disbursements are recognized in the accounts and how they are reported on the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, receipts are recognized and recorded in the accounts when cash is received. In the same manner, disbursements are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Similarly, liabilities of a fund result from previous cash transactions.

Cash basis financial statements omit recognition of receivables and payables as well as other accrued and deferred items that do not arise from a previous cash transaction.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as needed.

Budget and Budgetary Accounting

The budget for all funds is prepared on the cash basis of accounting, which is the same basis used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17.1 of the Illinois Revised Statutes. The original budget was passed on September 22, 2022.

For each fund, total fund disbursements may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed disbursements and the means of financing them.
- A public hearing is conducted to obtain taxpayer comments.
- Prior to October 1, the budget is legally adopted through passage of a resolution.
- Formal budgetary integration is employed as a management control device during the year.
- The Board of Education may make transfers between the various items in any fund not exceeding the aggregate 10% of the total for such fund as set forth in the budget.
- The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

Cash and Investments

Cash includes amounts in demand deposit accounts.

Investments are stated at cost. Gains or losses on the sale of investments are recognized upon realization. The District has adopted a formal written investment and cash management policy. The institutions in which investments are made must be approved by the Board of Education.

General Fixed Assets and Depreciation

General fixed assets have been acquired for general governmental purposes. At the time of purchase, assets are recorded as disbursements in the individual funds and capitalized at historical cost in the General Fixed Assets Account Group. Donated general fixed assets are stated at estimated fair market value as of the date of acquisition. The District generally capitalizes assets that cost five thousand dollars or more and have useful lives of more than one year as purchase and construction outlays occur. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method over the estimated useful lives of the assets which are generally from 5-50 years. When capital assets are disposed, the cost is removed from the respective accounts. Depreciation accounting is not considered applicable per the Illinois State Board of Education Audit Guide, except to determine per capita tuition charge.

Vacation and Sick Pay

Vacation and sick pay is considered to be an expenditure in the year paid. Vacation time is earned based upon negotiated agreements. Employees are required to take their vacation each year; accordingly, no liability exists.

Sick leave is accrued each year for District employees based upon the negotiated agreements and may be accumulated for use in future years. Unused sick leave of certified personnel may be applied to TRS at retirement or resignation. Unused sick leave of noncertified personnel may be applied to IMRF upon retirement or resignation.

Interfund Transactions

Quasi-external transactions are accounted for as receipts or disbursements. Transactions that constitute reimbursements to a fund for disbursements initially made from it that are properly applicable to another fund are recorded as disbursements in the reimbursing fund and as reductions of disbursements in the fund that is reimbursed.

All other interfund transactions are reported as transfers.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues received and expenses disbursed during the reporting period. Actual results could differ from those estimates.

Implementation of New Accounting Principle

In March, 2020, the Government Accounting Standards Board (GASB) issued Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for governments. The District adopted the requirements of this standard effective July 1, 2022. The beginning fund balance was not restated for the adoption of GASB 96.

See Independent Auditor's Reports

NOTE 2: FUND BALANCE REPORTING

According to Government Accounting Standards, fund balances are to be classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the District, all such items are expensed at the time of purchase, so there is nothing to report for this classification.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity, things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance. Special Education disbursements for the year were \$222,814 from local tax receipts.

2. Leasing Levy

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund and Operations and Maintenance Fund. Revenues received exceeded expenditures disbursed for this purpose, resulting in restricted fund balances of \$92,922 in the Educational Fund and \$575,602 in the Operations and Maintenance Fund.

3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational Fund. At year end, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational Fund. At year end, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balances.

See Independent Auditor’s Reports

5. Social Security

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$248,891. This balance is included in the financial statements as reserved in the Municipal Retirement/Social Security Fund.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority, the Board of Education (Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The Board commits fund balance by passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

By Board action, the District has \$1,585,835 as committed funds for construction projects as of year end.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the Board itself or (b) the finance committee or by the Superintendent when the Board has delegated the authority to assign amounts to be used for specific purposes. No amounts have been assigned at year end.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the Educational Fund for amounts that have not been restricted, committed, or assigned to specific purposes. In other funds; the unassigned fund balance classification is used to report deficit balances. Unassigned fund balance amounts are shown in the financial statements as unreserved fund balances.

F. Regulatory – Fund Balance Definitions

Reserved fund balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved fund balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

G. Reconciliation of Fund Balance Reporting

The two following tables represent fund balance reporting according to generally accepted accounting principles, and fund balance reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

The District's cash policy is to invest in money market accounts, certificates of deposit, U.S. Government obligations, and other investments as permitted by Illinois State Statutes.

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the District deposits may not be returned to it.

Interest Rate Risk – As a means of limiting its exposure to fair value losses arising from rising interest rates, the District structures the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. The District invests operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools.

Credit Risk – The District's investment policy is to invest in money market accounts, certificates of deposit, U.S. Government obligations, and other investments as permitted by Illinois State Statutes.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have any investments that have custodial credit risk.

Concentration of Investment Credit Risk – Concentration of credit risk is required to be disclosed by the District for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds investments in external investments in external investment pools and investments in other pooled investments). The District does not have any investments.

NOTE 4: PROPERTY TAXES/LEGAL DEBT MARGIN

Property taxes are collected and remitted to the District by the St. Clair County government. The 2022 tax levy was approved on December 15, 2022. Property taxes attach as an enforceable lien on property as of January 1 and are due one-half by July 30, 2023 and one-half by September 30, 2023. Major tax payments are received August through January and are recognized as revenue in the year received. Taxes recorded in these financial statements are from the 2021 and prior levies.

NOTE 6: RETIREMENT FUND COMMITMENTS

Illinois Teachers' Retirement System

TRS Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2022>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different than Tier 1.

Essentially all Tier 1 retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of the 3% of the original benefit or 0.50% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

See Independent Auditor's Reports

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022, was 9.0% of the creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2023, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the pension expense associated with the employer, and the employer recognized revenue received and expenditures disbursed of \$7,347,837 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2023, were \$89,705 and are disclosed as deferred because they were paid after the June 30, 2022 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2023, the employer pension contribution was 10.49% of salaries paid from federal and special trust funds. For the year ended June 30, 2023, salaries totaling \$616,130 were paid from federal and special trust funds that required employer contributions of \$64,632. These contributions are disclosed as deferred because they were paid after the June 30, 2022 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2023, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6%, and \$0 for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Disbursements, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the employer has a liability for its proportionate share of the net pension liability (first amount shown in the following table) that reflected a reduction for state pension support provided to the employer. The state's support and total are for disclosure purposes only. The amount disclosed by the employer as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the employer were as follows:

Employer's Proportionate Share of the Net Pension Liability	\$ 1,078,375
State's Proportionate Share of the Net Pension Liability Associated with the Employer	<u>93,541,867</u>
Total	<u><u>\$ 94,620,242</u></u>

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2022, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2022, the employer's proportion was .0012862243%, which was a decrease of .0002950293% from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the employer recognized pension disbursements of \$257,961 and receipts of \$7,487,034 for support provided by the state. At June 30, 2023, the employer actuarially determined deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 2,168	\$ 5,946
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	986	
Changes of Assumptions	4,972	2,059
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	394,166	769,630
Employer Contributions Subsequent to the Measurement Date	<u>257,961</u>	<u></u>
Total	<u><u>\$ 660,253</u></u>	<u><u>\$ 777,635</u></u>

See Independent Auditor's Reports

The \$257,961 disclosed as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2024. Other amounts disclosed as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in these reporting years:

Year ended <u>June 30:</u>	Net Deferred (Inflows) Outflows <u>of Resources</u>
2024	\$ (270,825)
2025	(45,271)
2026	(634)
2027	(38,890)
2028	<u>(19,722)</u>
Total	\$ <u><u>(375,342)</u></u>

Actuarial Assumptions

The total pension liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	Varies by amount of service credit
Investment Rate of Return	7.00%, net of pension plan investment expense, including inflation

In the June 30, 2022 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2020. In the June 30, 2021 actuarial valuation, mortality rates were based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Discount Rate

At June 30, 2022, the discount rate used to measure the total pension liability was 7.00%, which was the same as the June 30, 2021 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2022, was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

Illinois Municipal Retirement Fund

IMRF Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and their beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15

See Independent Auditor's Reports

years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2022, the following employees were covered by the benefit terms:

Retirees and Beneficiaries Currently Receiving Benefits	80
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	131
Active Plan Members	<u>121</u>
Total	<u><u>332</u></u>

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2022 was 8.97%. For the fiscal year ended June 30, 2023, the District contributed \$337,329 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Asset/Liability

The District's net pension (asset)/liability was measured as of December 31, 2022. The total pension liability used to calculate the net pension (asset)/liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2022:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Fair Value of Assets.
- The Inflation Rate was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2020 valuation according to an experience study from years 2017 to 2019.

See Independent Auditor's Reports

- For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020 were used.
- For Disabled Retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used.
- For Active Members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2022:

<u>Asset Class</u>	<u>Portfolio Target Percentage</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	35.5 %	6.50 %
International Equity	18.0	7.60

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2022. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

See Independent Auditor's Reports

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.05%, and the resulting single discount rate is 7.25%.

DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2023

DEFICIT ANNUAL FINANCIAL REPORT (AFR) SUMMARY INFORMATION
Provisions per Illinois School Code, Section 17-1 (105 ILCS 5/17-1)

Instructions: *If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2024 annual budget to be amended to include a Deficit Reduction Plan and narrative.*

The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.

- *If the FY2024 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.*
- *If the Annual Financial Report requires a deficit reduction plan even though the FY2024 budget does not, a completed deficit reduction plan is still required.*
