

# KILLINGLY HIGH SCHOOL

## Library Newsletter

Library website

Spring 2024

Hello and happy spring! Last month, we celebrated National Library Week with buttonmaking using the library's own button machine and Bookface where students and staff had photos taken with a book to complete the picture on the cover.

CultureGrams is a fantastic, up-to-date geography resource covering over 200 countries, all US states, and each of the 13 Canadian provinces and territories. It has video clips, slide shows, interviews, charts, and even recipes! To check it out, use the login: killinglyhs and the password: welcome.

By second semester, KHS Library had greatly enhanced its collections. We organized the fiction books by 10 genres to make them easier to find. We also expanded graphic novels and manga and started a children's literature collection to support the Child Development 2 class.

### FICTION GENRES

	CLASSICS
	DYSTOPIAN
	FANTASY

Our online catalog is Destiny. You can find all our library materials here.

Coming up:

### Summer Reading!

Students may check out one book from the library for their reading over summer break. Happy reading!
