

K-5 Math Instruction in FISD

Math Beliefs: In FISD, we believe:

- Create curious and flexible thinkers that persevere
- Be vertically and horizontally aligned with universal math language
- Be relatable, realistic, and rooted in real world problem solving
- Foster confident mathematical communicators both verbally and written
- Include time for data driven small group instruction based on individual student needs
- Be planned from state and locally developed scope, sequences, and data

Time to Teach: Expected Daily Time for Math Instruction

- 124.5 minutes/2 hours 4.5 minutes for Math and Science (45 minutes of science daily)

Expected Components: Math Block should include:

- Number Talk/Number Sense Routine*
- Mini Lesson
- Small Group Instruction
- Unit Based Discovery Lessons (You, We, I Strategy)
- Standards Based Stations and/or Activities

***Daily**
