A Message to Our Community

Welcome to the Somers Central School District. We are a community that strives to ignite a passion in all students and to instill a lifelong love of learning. It matters deeply to us that all children feel that they belong in our schools and we invest in their education and well-being in hopes of providing a better future for all. We focus on educating the whole child by equipping each with 21st century knowledge and skills, emphasizing social, emotional, and physical wellness, and modeling a spirit of global citizenship.

This past year we engaged in a community-wide effort to evaluate our mission, vision, and collective commitments, to ensure that we have consensus on how we are moving forward in excellence in Somers schools. You can read more about the results of the process in the following pages.

I am grateful for the tireless efforts of teachers, parents, students, staff, and community members who work to prepare our children for success in a global society.

In partnership,
Ray

SUPERINTENDENT OF SCHOOLS
Dr. Raymond H. Blanch
2023-24
About the Report

The annual Somers Central School District Forward in Excellence Report is a comprehensive overview of the accomplishments related to the mission of the Somers Central School District. The district uses the Elements of Excellence, clearly defined below, as the framework to guide decision-making to ensure the development of the Whole Child.

At different times during the year, the data and information about an individual Element will be presented to the community at Board of Education meetings. Some Elements were presented this year before the creation of this overall report. Links to those presentations are in the table of contents.

ELEMENTS OF EXCELLENCE

Professional Learning Communities
SCSD will cultivate a community of professional learners focused on advancing student success.

Social, Emotional & Physical Wellness
SCSD will advance social, emotional, and physical wellness in all learners to successfully navigate current and future experiences.

21st Century Knowledge & Skills
SCSD will ensure the intellectual growth and development of critical skills so that all learners can thrive in an ever-changing world.

Global Citizenship
SCSD will nurture a sense of responsibility, belonging, and acceptance in all students and foster a respectful understanding of broader perspectives.

Fiscal Stewardship
SCSD is committed to responsible financial planning and allocation of resources to ensure a safe learning environment where all students achieve excellence.

Family and Community Engagement
SCSD will strengthen and nurture connections across the Somers community through engagement, constructive partnerships, and the inclusion of all voices.
FORWARD IN EXCELLENCE

About Somers CSD

Somers is a suburban community located in Westchester County about 45 miles north of New York City. It is home to some of the finest schools in New York State. Our two campuses are the hub of activity in the town of Somers and foster collaboration between the school district and the community.

Our district is committed to the development of the whole child, encompassing three fundamental areas:
- 21st Century Knowledge & Skills
- Social, Emotional, & Physical Wellness
- Global Citizenship

The programs and teaching methods are designed to meet the needs of each individual learner, focusing on the knowledge and skills necessary to solve problems, think critically and creatively, and work collaboratively and cooperatively with others.

*Excludes out of district enrollment
**Employee data for 2023-24 school year

4 Schools

2,600* Students

285 Teachers

183 (Full time) 71 (Part time) Support Staff

17 Administrators
SCSD Demographics

Somers Central School District is an increasingly diverse district. In the year 2022-2023, at least seven languages were spoken in district homes.

In the last 11 years, the number of students in the district identifying as non-white increased from 8% to 23%. By 2030, that number is projected to increase to 25%.

Building Enrollment

The number of students enrolled in Somers public schools has been decreasing since 2012, due to declining birth rates. At the elementary and middle schools, enrollment has reached the lowest projected level of 175-200 students per grade, where it is expected to remain. As those smaller classes progress through the high school, total enrollment at the high school will level out at approximately 800 students. As enrollment decreases, SCSD is reducing staffing through attrition.

Total Enrollment Over a 5-Year Period

Information based on latest data available from the New York Basic Education Data System
SCSD will strengthen and nurture connections across the Somers community through engagement, constructive partnerships and the inclusion of all voices.

ELEMENTS OF EXCELLENCE

Professional Learning Communities

SCSD will cultivate a community of professional learners focused on advancing student success.

SCSD strategically engages adult learners in being active contributors to a professional learning community (PLC) by continuously engaging the following questions:

“**What do we want our students to know, be able to do, and understand?**”

“**How do we know what our students know, are able to do, and can understand?**”

“**What do we do when students don’t know, aren’t able to do, or can’t understand?**”

“**What do we do when they already know, are able to do, and understand?**”
Stakeholder Engagement

The Learning Office provides professional learning for faculty and staff, including teaching assistants and aides, clerical workers, monitors, bus drivers, and food service workers. We also ensure that families, community members, and students are engaged in learning throughout the year.
When, What, and How We Learn

FOCUS AREAS

All faculty and staff participated in professional learning during the 2022-23 school year. Opportunities include professional learning days, faculty meetings, teacher-facilitated workshops, and conferences.

New in 2022-23, increased opportunities for support staff.

Faculty & Staff

Average Years of Experience per Teachers by Years of Experience

Average Professional Learning Hours per Teacher for 2022-23

- 64
What Drives Our Professional Learning

The Learning Office works closely with faculty and staff to design the district’s professional learning experiences. Our professional learning priorities:

Increase teacher voice, choice and agency through:

- Surveys - Professional Learning Interest Survey and Professional Learning Reflection Tool
- Focus Groups – Building-based with faculty and staff
- Teacher-designed and facilitated learning opportunities
- Student Learning Data – formal and informal
- Student Focus Groups

Provide learning opportunities that are:

- Aligned to New York State curriculum standards
- Aligned to SCSD mission, vision, collective commitments
- Aligned to expressed need
- Focused on increasing student engagement
- Supportive of SMART goals
- Easily applied
Targeted Professional Learning

Objectives
In addition to the ongoing professional learning that is available to all faculty and staff, we also provide targeted learning opportunities to effectively support student growth.

Participation
Teachers, teaching aides, teaching assistants, and administrators come from across the district to work together to learn about specific topics related to curriculum, standards, technology, assessments, and other areas.

Examples
• International Baccalaureate and Middle Years Programme workshops
• Best practices in literacy instruction and assessment K-8
• IXL training
• In-service courses (evidenced-based grading, executive functioning, technology integration)
Summer Work
While students are on summer break, our teachers invest time in professional learning to improve their educational practices and materials.

SUMMER LEADERSHIP SUMMIT
Every year before the start of school, leaders from kindergarten through high school gather to ensure K-12 alignment in professional learning and goals.

Objectives
1. Determine strengths, opportunities, and aspirations related to SCSD professional learning communities.
2. Reflect upon individual and team leadership styles and strengths.
3. Draft team goals in alignment with district and building goals, and district and building success plans.
4. Engage in interdisciplinary and cross-grade and/or building-level communication and collaboration.

Participation
Administrators and teacher leaders including: grade-level leaders, curriculum area leaders, team leaders, and teachers on special assignment.

Summit Feedback
Participants rated the success in meeting the summit’s learning objectives on a scale of 1-4.
Objective 1 - 3.6 ★★★★
Objective 2 - 3.7 ★★★★
Objective 3 - 3.6 ★★★★
Objective 4 - 3.6 ★★★★

SUMMER CURRICULUM WORK
Click to view our public Curriculum Maps

Objectives
Teams and individuals work on adapting, creating, or aligning curriculum, instruction, and assessment to appropriately reflect student experiences in the classroom.

Participation
• 112 proposals approved, representing all four schools and 42% of SCSD faculty.
• 1,704 hours of work completed.
• Work conducted across all subject and support areas.

Examples
New course materials developed in math, science, social studies, ELA, advisory, literacy, world language at SIS, content literacy instruction during WIN, MYP, IB, embedded honors, special education, Tusker 101, technology, DBT-Steps A, evidence-based grading, executive functioning, and arts.
**TUSKER U: FACULTY FOCUS**

Professional learning sessions created and facilitated by faculty and staff for their colleagues that are aligned with the SCSD mission, visions, and collective commitments.

### Objectives

1. Practical, responsive to expressed needs, and focused on increasing student engagement
2. Provides time and structure for faculty and staff to learn from and with each other
3. Encourages interdisciplinary and cross-grade and/or building level collaboration

### Participation

- 242 teacher and teaching assistant participants
- 17 sessions offered
- All grade levels represented

### Feedback

To what extent did we meet these objectives?

<table>

</tbody>
</table>

**TUSKER U: FAMILY FOCUS**

### Objective

To be responsive and proactive in engaging families and community members in learning that is related to a variety of student experiences.

### Participation

All SCSD stakeholders: families, guardians, community members.

### Examples

- English as a New Language Night
- Community Conversations - Recommitting to the district mission, vision, and collective commitments
- Annual Wellness Summit (2022 topic: Covitality Wellness Screener)
Objectives
To engage students in summer learning activities that maintain the home-school connection and provide meaningful opportunities for developmentally appropriate learning and collaboration with teachers.

Participation
• 73 registered students

Examples
Course offering schedule
Feedback
“We learned to cooperate with each other.” - SCSD student
“We are so happy that he was open to trying these sessions with you and give you so much credit for him wanting to come back and do more.” - SCSD parent
“My daughter is really enjoying the classes - she loves attending them.” - SCSD parent
SCSD will advance social, emotional, and physical wellness in all learners to successfully navigate current and future experiences.

There are many innovative and proactive approaches in our schools that support our students’ social, emotional, and physical wellness. Programs and skills are developmentally appropriate and flexible, and designed to engage students according to their unique needs.
Wellness Team Mission

The mental health team teaches and models for all students the life-long skills of self-regulation, self-management, and effective social engagement.

School Counselors provide direct services to all students at Tier 1, students who need support at Tier 2, and help to identify and support students who need Tier 3 assistance.

School Social Workers facilitate classroom lessons and work with greater emphasis on Tier 2 individual and group counseling. They also provide unique connections between our families and community agencies and support services.

Student Assistance Counselors (SAS) are employed in partnership with the Student Assistance Services Corporation for our middle and high schools. SAS counselors offer a unique level of confidentiality with a focus on drug and alcohol counseling. They also provide Tier 1 classroom lessons to students and Tier 2 individual support.

School Psychologists facilitate classroom lessons and provide Tier 2 assistance through individual counseling, assessment, and Individualized Education Plan (IEP) planning. They also provide school-based Tier 3 support, as well as transition support for students in out-of-district Tier 3 programs.

The Whole Child Success Team is a proactive, collaborative approach to support the social, emotional, physical, and academic growth of our students. This data-driven process supports students who are struggling by examining all aspects of the child’s life - from academics to social to family situations.
Tier 1 lessons are part of the core instruction for all students. They are developmentally appropriate and build upon each other each year. The common focus is teaching practical strategies to manage emotions and to be present for learning.

Responsive Classroom (K-5)
Teaches students to be engaged as a learner and to be a positive member of the classroom community.

Second Step (2-5)
Develops emotion regulation skills and strategies.

Zones of Regulation (K-3)
Develops emotion identification and regulation skills.

School to school transition support (K, 3, 6, 9, 12)
Develops emotion identification and regulation skills.
Zones of Regulation (K-3)
Develops emotion identification and regulation skills.

Second Step (2-5)
Develops emotion regulation skills and strategies.

DBT Steps-A (6, 8, 10)
Teaches students the concept of dialectics and the core skills of mindfulness, emotion regulation, distress tolerance, and interpersonal effectiveness.

JCK and Self-Care Programs (9)
Explores the importance of talking about mental health and practical self-care strategies.

College & Career Planning (10-12)
Small Groups – Elementary
At our two elementary schools, various small groups meet to build personal connections, practice routines and play, share personal experiences, and process transitions.

Small Groups – Secondary
At the middle school, small groups are largely focused on peer relationships and further development of interpersonal skills and self-awareness. Groups at SMS help students form positive social connections and mitigate feelings of isolation.

At the high school level, Tier 2 support focuses on individual check-ins and building-level counseling services. There are also targeted efforts in partnership with the SHS Student Life Coordinator to help students engage in the school community through clubs and extra-curricular activities to create a greater sense of belonging. Small groups were launched in 2022 through the Wellness Wednesday series.
CoVitality Social and Emotional Survey 2022-23

The Co-Vitality Survey is administered each fall and spring to students in grades five through 12, with fourth grade also participating next year. The survey helps identify students who need extra support beyond the social-emotional wellness Tier 1 lessons.

**What happens when the survey indicates that a child is struggling?** Those students are contacted by a wellness team member, followed by a phone call to the family. Working with the student and the family, the wellness team designs and implements a support plan when appropriate.
Faculty/Staff/Community Learning

Youth Mental Health First Aid
This training helps middle and high school faculty and staff understand and identify common mental health challenges in youth. The course teaches how to help young people in both crisis and non-crisis situations.

Executive Functioning Training
Professional learning for faculty in kindergarten through 12th grades to learn how to best support students’ executive functioning, including organization, time management, and initiation of tasks.

60 faculty/staff members trained in the middle and high schools (ongoing)

42 faculty members trained (ongoing)

Social Emotional Wellness Advisory Council (SEWAC)
Students, Parents, Teachers, Administrators, Board of Education Members, Community Members
SEWAC is a resource and a springboard to aid the district in better fulfilling the district’s mission of supporting the social, emotional, and physical wellness of all learners.

Tier 3 is highly individualized support for students who have not found success in Tier 1 or Tier 2 interventions. These supports may include specialized, school-based programs (True North and Transitional Support Program) and out-of-district special education placements.
Extra-curricular Engagement

If students are socially and emotionally connected and engaged in school, attendance, grades, and graduation rates increase.

“I am satisfied with my athletic experience at Somers High School.”

“The investment club allows me to learn about financial freedom.”

Primrose Book Club

SIS Activity Club

SMS Club Fair

In 2023-24, SHS and SMS students will participate in a survey to capture student experiences and impact from club and extra-curricular involvement.
The Somers Central School District offers a curriculum that provides students with a voice in their learning and the best opportunities to demonstrate growth and achievement. The programs and teaching methods are designed to meet the needs of varied learners, focusing on the knowledge and skills necessary to solve problems, think critically and creatively, and work collaboratively and cooperatively with others.

ELEMENTS OF EXCELLENCE

21st Century Knowledge & Skills

SCSD will ensure the intellectual growth and development of critical skills so that all learners can thrive in an ever-changing world.
ELEMENTARY EDUCATION

Primrose Elementary School Grade 2 Achievement Data

At Primrose Elementary School, “A Place of Great Beginnings,” students in pre-kindergarten through second grade focus on developing fundamental skills in reading, writing, and math. These building blocks are complemented by exposure to the arts and physical education, as well as social-emotional awareness.

The pyramid on the left shows the 2022-23 multi-tiered supports for students in the exit year of Primrose Elementary School, second grade. The pie chart on the right demonstrates how effectively those supports are meeting the needs of students.

Internal Benchmark Assessment - Reading

**Performance Levels**

Internal Benchmark Assessment - Math

**Performance Levels**

- **Meeting Benchmark:** At/Above 41st percentile
- **Approaching Benchmark:** 25th-40th percentile
- **Below Benchmark:** At/Below 24th percentile

**Tiers of Support**

- **Tier 1:** Core Classroom Support 75%
- **Tier 2:** Targeted Small Group Support 15%
- **Tier 3:** Intensive Individualized Support 10%
**Elementary Education**

**Somers Intermediate School** builds on the foundational skills learned at Primrose in all subject areas, including dedicated units in science and social studies. The most notable shift is from “learning to read” to “reading to learn.” In math, students move beyond basic number sense and operations into multi-step problem solving tasks. The academic experience is combined with the continued development of children’s social, emotional, and physical wellness, as well as exposure to visual and performing arts.

As we continue to see the effects of learning interruption caused by the pandemic, the district is embarking on a literacy refresh for kindergarten through eighth grade to address the needs of students.

Many colleges and universities are no longer requiring SAT or ACT scores for admission.
With increased enrollment in AP and IB college-level courses, student performance continues to remain strong.

The overall, five year increase in enrollment in AP/IB can be attributed to embedded honors courses, professional learning, open course selection, and the academic and writing support centers.
Class of 2023 Student Enrollment in AP & IB Courses

- 1 AP or IB Course: 71%
- 2 or more AP and/or IB Courses: 51%
- 3 or more AP and/or IB Courses: 36%
AP SCHOLAR AWARDS: CLASS OF 2023

ELEMENTS OF EXCELLENCE

Global Citizenship

SCSD will ensure a sense of responsibility, belonging, and acceptance in all students and foster a respectful understanding of broader perspectives.

SCSD leverages student-centered learning activities designed to give children a hands-on approach to learning about their commitment to the larger community.
Responsibility, Belonging, Acceptance

As part of the district’s recently completed strategic plan, SCSD 2030 Plan for Excellence*, we identified specific aspirations to demonstrate how we will achieve each Element of Excellence. Here are just a few examples of how we implement those aspirations to foster Global Citizenship in all four Somers schools.

*SCSD 2030 Plan for Excellence

International Baccalaureate in Somers

The International Baccalaureate Programme is an internationally recognized educational framework for kindergarten through 12th grade that follows New York State Education Standards. It is not what we teach and learn, but rather how we teach and learn.

One of the founding principles of an IB education is preparing to become global citizens by exploring diverse cultures and perspectives to assist in navigating an increasingly interconnected world. SCSD is in the process of implementing and exploring all four IB Continuum frameworks.

MYP Autobiographical Maps

This MYP geography unit, aligned with the NYS Social Studies Framework, teaches sixth grade students about maps and related tools. Using their own favorite places, sports teams, activities, foods, and hobbies, students designed features and landmarks, such as canyons, rivers, and mountains, to represent their unique, personal attributes.

Tusker 101

Tusker 101 is a new class for all freshmen, designed to set students up for success at Somers High School. The class focuses on the ten IB learner profile attributes. Exploring these attributes, which include communication skills, risk-taking, and reflection, students learn how to better apply these skills to both their academic studies and their lives outside of school.
Student Engagement

Student engagement in SCSD is assessed in three dimensions – Affective, Behavioral, and Cognitive. These “ABC’s of engagement” are used to monitor the experience of all learners.

THE FRAMEWORK

SCSD is committed to increasing the multi-faceted engagement of all learners, which has a direct correlation with life success.

---

In May 2023, students at Somers Middle School took a Student Engagement Survey. Below is a sampling of statements with which students agreed or strongly agreed.

AFFECTIVE ENGAGEMENT

is a student’s emotional investment in their experience in school, including their sense of belonging and relationships with teachers and peers.

- 91%: “I feel like I belong in my school.”
- 90%: “I feel safe in my school.”
- 91%: “I like most of my teachers at school.”
- 88%: “Most of my teachers care about how I’m doing.”
**Behavioral Engagement**

is the degree to which a student participates in the school environment, including positive behavior and attendance in school.

- **100%**
  - “I treat my classmates with respect.”

- **100%**
  - “I treat my teachers with respect.”

- **100%**
  - “I follow school rules.”

*SSometimes/Often/Almost Always/Always

**Cognitive Engagement**

is the level of effort a student puts forth to understand complex concepts and apply difficult skills by going beyond requirements.

- **95%**
  - “I am getting a good education at my school.”

- **97%**
  - “How important do you think it is to attend school every day?”

*Fairly/Quite/Very Important

- **98%**
  - “I try my best at school.”

**Sometimes/Often/Almost Always/Always

**Class of 2023**

- **71%**
  - took at least 1 AP or IB class at SHS

- **90%**
  - went to two- or four-year college

- **10%**
  - pursued career education, workforce, gap year, military

**Class of 2022**

- **94%**
  - of students who enrolled in college right after high school returned for a second consecutive year
SCSD will ensure its commitment to responsible financial planning and allocation of resources to ensure a safe learning environment where all students achieve excellence.

The fiscal support provided by the Somers community to our schools and students each year is a commitment carried out over multiple generations. It is a promise made by the residents that the children of Somers will receive an outstanding educational experience that focuses on their success as individuals and global citizens. It is a promise that we, the community of Somers, care deeply about our children. The district is dedicated to maintaining and improving upon the 90-year tradition of excellence for generations to come.

Expenditure Breakdown

We are a district built on people and relationships. Our most valuable assets are the teachers and employees who care for and support the children of Somers, so it is fitting that nearly three-quarters of the annual budget is allocated for salaries and benefits.
Budgeting During Declining Enrollment

It is valid to wonder why the budget is going up when enrollment is going down. Here is the driving factor.

More than 70% of the SCSD budget is allocated for salaries and benefits. Over the past eight years, the district has worked with union representatives to maintain a 2% average annual increase in salaries. During that same time, the state-controlled contribution rates to employee retirement systems and the cost of health benefits have jumped an average of 4% each year.

In the last three years alone, SCSD kept salary increases to an average of 2.9%, while state controlled retirement contributions and the cost of health benefits went up an average of 7.6% each year. To absorb those dictated costs while remaining within the allowable tax cap, the district has made cuts and is not filling some positions that are open due to retirement.

We are shrinking our staffing but expanding the scope of support to meet our students’ increased needs in special education, English as a new language (ENL), academic intervention services, and wellness.

The end result is a responsible budget while maintaining small class sizes and existing academic, wellness, and extra-curricular programs.

Athletic Facilities Upgrade

The athletic facilities project has been underway for three years, with funds saved, allocated, and approved by voters. The state has approved the projects, bids have been accepted, and construction will begin this spring. The tennis courts are expected to be ready in time for the SHS boys’ fall 2024 season. The softball and baseball fields will be ready for the spring 2025 seasons.

By saving the $7 million cost of the project in advance and not paying for it with a bond, the district is saving taxpayers $2 million in interest payments.
The softball field at Primrose will be replaced with synthetic turf and facilities will be upgraded to include new bleachers, new dugouts, bullpens, batting tunnel, and a new scoreboard.

The baseball field will be replaced with synthetic turf and facilities will be upgraded to include new bleachers, bullpens, batting tunnel, renovated dugouts, and a new scoreboard.

Six tennis courts will be built behind the high school in place of a grass field, including perimeter fencing, secure access, wind screens, bleachers, and flood lights. Lines for pickleball will be added to some of the courts. Public use will be permitted in accordance with district procedures for use of any school building or property.

Also included in this project are new pads and cages/nets for track and field, as well as small interior SHS/PES projects (allows district to receive state building aid).
**Capital Reserve Account**

Currently, the district has $1.2 million remaining in the capital reserve account, a fund that can reach $3 million as approved by voters in May 2022. In May 2025, the district plans to ask voters to approve use of those funds for upgrades that were not addressed in phase one of the project.

**Universal Pre-Kindergarten**

The SCSD Universal Pre-Kindergarten (UPK) program is expanding for the third year in a row. We will add a fifth classroom to the popular, state-funded program, leveraging declining enrollment at Primrose and maximizing available space at the school. There will be 105 Somers students in the UPK classes in the fall of 2024, representing two-thirds of the future kindergarten class.

![Image of children in a classroom](image)

**Savings per Child**

- **$13,000**
- Saves families over $13,000 per child in preschool tuition.

**Funded**

- 100% funded with New York State funds.

**Maximizes available space in Somers schools**

**Revenue Opportunities**

The district is using declining enrollment to bring in extra revenue. Extra space in all four buildings is leased to education programs run by PNW BOCES, generating approximately $150,000 in revenue each year.

**$150,000 REVENUE**
Focused on Results

The expenditure per student in SCSD is commensurate with the amount spent per student in area districts. SCSD has met the goal of staying within plus or minus one standard deviation of the average spent on each student among all PNW BOCES districts. The standard deviation for PNW BOCES districts is $4,553.

Maximum Tax Levy Limit History

The district has stayed within the allowable tax cap since the cap's inception in 2012, and will continue to do so for the 2024-25 school year. In three out of the last five years, the district designed a budget that came in under the allowable tax cap, saving Somers taxpayers $2.6 million.
Responsible Planning

Thoughtful planning for safe, sound, and effective learning spaces is paramount to the overall success of the district. As part of our master capital plan, we are in the design phase of updating our structures and spaces. Through interactive workshops, we are gathering input from students, teachers, parents and community members to create areas that foster the development of 21st century knowledge and skills, social, emotional, and physical wellness, and global citizenship. The goal is to create active learning environments for kids which will increase student belongingness and engagement.

In May 2025, the district will ask the community to vote on a new, $60-65 million capital bond to pay for these updated structures and spaces. The payments on the new bond would start at the same time that previous bonds will be paid off, resulting in no additional costs to taxpayers.
ELEMENTS OF EXCELLENCE

Family and Community Engagement

SCSD will strengthen and nurture connections across the Somers community through engagement, constructive partnerships and the inclusion of all voices.

The Somers Central School District leverages community partnerships and residents’ expertise, social media channels, and community feedback to enrich the educational experiences of Somers students.

Community Involvement

There are countless ways the greater community supports the Somers Central School District’s mission to educate the whole child. Groups and individuals share enriching experiences with students, broadening horizons for all.

In April, the district co-hosted an event with the town of Somers called Somers Soars When Everyone Belongs. Research shows that a sense of belonging improves academic outcomes, increases attendance, and improves students’ mental health. Dozens of community members gathered in small groups to brainstorm core factors that create a sense of belonging, and what actions we can take as individuals and the Somers community to ensure that everyone feels they belong here.

Dozens of local volunteers and organizations supported eighth grade students in developing their MYP community service projects.

Project Linus engages our younger students in making blankets for children who are seriously ill, traumatized, or otherwise in need.

Local veterans and their families share stories and experiences with high school students, who show their appreciation by serving brunch.
Family Engagement

Engaging families in our schools is important for promoting student success and creating a positive school culture. When family members participate in school events, deep family-school-student connections are forged and those partnerships support children’s wellness and academic development.

Creating Community Across All Ages

Engagement between students of all ages has been a focus in Somers schools this year, with the intent to build a sense of belonging within our school community and beyond. Older students have been visiting younger children to teach, play, listen, and coach.

The Superintendent’s Student Advisory Committee is conducting research on belonging in Somers schools. These high school students are holding focus groups with teachers and running activities with students to determine how students experience belonging in Somers schools, and how to improve or enhance that experience.

Younger students look forward to working on their reading skills and spending time with high school students during reading lab. They play literacy-based games and read books.

New in the district this year - a dedicated Family Liaison who helps new families acclimate to the district and town, specifically families who speak English as a second language and students with special needs.

At Somers Intermediate School, high school science students volunteered their time and experience with the younger kids, helping them prepare their science projects for Science Night.

Sharing a love of languages is connecting Somers High School French and Italian language students with fifth graders at the intermediate school. The high school students develop lessons and activities for the younger Tuskers.

Parent volunteers serve ice cream at a PTA party to celebrate the fourth grade’s efforts in the Birthday Party Candle Fundraiser.

Primrose families are invited into classrooms to participate in a variety of activities during winter holidays.
Community Engagement

Community engagement in Somers schools means more than a name on a mailing list - it means a seat at the table. The district proactively engages families and other community members in a variety of councils, committees, and task forces that are charged with setting school policy. These volunteers bring invaluable expertise, passion, and talent that are an integral part of the decision-making process in the district. School leaders value and rely on this partnership, which is built on trust, respect, and results.

**SEEAT** members participate in the district’s pursuit of ensuring a positive educational experience and environment for all.

**TEAM Tuskers** is a one-to-one mentoring program, matching adults in the community with a student to provide support and friendship.

**SEWAC** members provide input and direction to the district on how best to support Somers students’ social and emotional wellness.

**Community Pulse Coalition** members engage regularly with the superintendent to share information and feedback about the district and town and work together to provide solutions.
**Safety and Security Committee** members develop, review, and revise the district wide school safety plan which encompasses activities and protocols from early prevention through crisis response.

**Athletic Facilities Committee** members representing different sports and town stakeholders provide feedback on athletic facility needs and improvements for capital projects.

**Citizens Finance Committee** members work with the district on budget development, multi-year planning, and legislative issues.

The **Transportation Committee** shares ideas and best practices in school transportation, gathers feedback and input from the community and provides an open channel of communication.
The Family Partnership Survey

The Family Partnership Survey received 398 responses from Somers families during April and May 2024. The percentages below are respondents who agreed or strongly agreed with the following statements:

- **86%**
  - Overall, my child feels safe at school.

- **86%**
  - I can talk to a school administrator when I need to.

- **86%**
  - The school keeps all families informed about important events.

- **92%**
  - The school communicates with families in multiple ways (e.g., email, phone, website).

- **82%**
  - I feel welcome at PTA and parent group meetings.

The full results will be available this fall.
Media Engagement

Sharing the great accomplishments and initiatives in the district in a variety of ways provides a window into our schools and classrooms.

The district shares feature articles, infographics, Board of Education updates, and pictures with The Somers Record newspaper on a weekly basis, reaching 12,000 readers in print and online editions.
