I. RIGHT OF BID AWARD, REJECTION, OR AWARD TO OTHER THAN LOW BIDDER

The Board reserves the full, unquestioned right to award this bid, or any part thereof, to the bidder or bidders who, in the best judgment of the Board, best meet the interests of the Board. It further reserves the right to waive all bid conditions, to reject any and all bids received, and to award this bid or any part thereof to anyone other than the low bidder, should it appear to serve the best interests of the board. Furthermore, the Board reserves the right to enact the City of Torrington's Charter, Chapter 6, Articles 1.6-1, 1.6-2, and 1.6-3 which state as follows:

Chapter 6 - BIDS AND CONTRACTS

ARTICLE I. - CITY-BASED BIDDER PREFERENCE

§ 6-1. - Definitions.

For the purposes of this article, the following words shall have the following meanings:

BID: bids based upon expenditures of \$10,000.00 or more, as well as quotes for expenditures of less than \$10,000.00.

CITY-BASED BIDDER: A business with a legal principal place of business located within the City of Torrington. A business shall not be considered a city-based business unless evidence satisfactory to the purchasing agent has been submitted with the bid to establish that said business has a bona fide principal place of business within the City of Torrington. Such evidence may include evidence of ownership of or a long-term lease of real estate within the city from which the principal place of business is legally operated.

§ 6-2. - Offer of an option to match the lowest bid

The purchasing agent shall be authorized to offer to City-based bidders that exceed the lowest bid by up to six percent the opportunity to match the lowest bid. A city-based bidder within the six-percent differential who agrees to accept the amount of the lowest bid will be awarded the bid unless more than one city-based bidder submits a bid not more than six percent higher than the low bid. When multiple city-based bidders agree to accept the award of the bid at the amount of the low bid, then the city-based bidders will be invited to submit a new bid, not to exceed the low bid. The bid will be awarded to the lowest responsive, responsible bidder.

§ 6-3. - Contents of bid documents.

Bid documents that apply the city-based bidder preference must state that the six percent city-based bidder preference will be applied.

requirements, shall be declared a qualified, conditional, or non-responsive proposal and shall be rejected without further consideration. Any proposal response that does not fully respond to and comply with all detailed specifications or requests for information, including the execution of proposal forms, may be declared "non-responsive" and recommended for rejection. The Board of Education shall not be responsible for any errors or omissions of the bidder.

UNBALANCED BIDS AND/OR EXCESSIVE LINE-ITEM PRICES: The Board reserves the right to reject any bids in which unit prices, in the sole opinion of the Board, are unbalanced. In addition, where the Board has decided to make an award, it further reserves the right to not utilize a particular line item that, in the sole opinion of the Board, is excessively priced and reserves the right to obtain that item from another source.

CONTRACT: A response to a Request for Bid is an offer to contract with the Board of Education based upon the terms, conditions, and specifications contained in the Board's RFB. Bids do not become contracts unless and until they are executed by the Board, eliminating a formal signing of a separate contract. For that reason, all the terms and conditions of the contract are contained in the RFB, unless any of the terms and conditions are modified by an RFB Amendment, a Contract Amendment, or by mutually agreed terms and conditions in the contract documents.

In the event that an individual term, condition, and/or language/wording is determined at any time, including after award, by the Business Services Administrator to be "not applicable at all" to this contract, then the term, condition, and/or language/wording may be disregarded, even though an addendum is not issued. However, if the Business Services Administrator determines that the term, condition, and/or language/wording "is applicable in part", then the term, condition, and/or language/wording will apply to the degree applicable, even though an addendum is not issued.

Bidders providing a service and/or construction will be considered to be in default if/when they have failed to meet the completion date set forth in this document or its subsequent contract and/ or purchase orders and/ or they have ceased work on the project for a period of fifteen (15) working days, cumulative or consecutive.

TRADE NAME REFERENCES: Any and all references to trade names, types, styles, model numbers, stock numbers, or catalogs are intended to be descriptive only and not restrictive. The intention is to indicate to bidders the type and quality of the articles and/or materials that will be satisfactory. When reviewing the information, it is the responsibility of the prospective bidder to inform the Board of Education of any discrepancy that is found (i.e. number listed does not fit item description) Bids received on other makes or models with reference to other catalogs will be considered. The bidder is to clearly state in his bid exactly what he intends to furnish and to furnish with his bid a cut, illustration, or other descriptive matter that will clearly indicate and give a specification as to the product he/she proposes to furnish. In the event this return action is required, it is understood that the bidder may be subject to removal from the city's approved bidder's list. In addition, bidders are advised that should budgetary constraints dictate, part of and/or all the items in this bid may be rejected. This decision shall be considered final and not subject to recourse by the bidder.

In determining the lowest or highest responsible bidder, the Board reserves the right to consider, in addition to price, the compatibility, quality, cost of maintenance and availability of parts, experience and/or past performance of the bidder, sufficiency of the financial resources of the bidder as relates to the offerings, as well as the ability of the bidder to provide future maintenance and service.

Documents previously submitted to the Board of Education will not be considered satisfying submission requirements for this bid. No bidder can claim any contract rights by virtue of bidding alone. The terms and conditions of these "Supplemental Instructions to Bidders" are made a part of this bid.

SPECIFICATIONS

The Torrington Board of Education (TBOE) is seeking quotes to provide a replacement fire alarm system at the Torrington Middle School. The current system was installed in 1993, when the building was constructed, making it 30 years old and at the end of its usable life. TBOE is seeking a nonproprietary replacement that brings the building up to current codes and ADA compliance. Shop drawings will be required for the local fire marshal's approval. This should be a fully addressable system that includes the replacement of field devices and public notification systems in the building. This will be a turnkey, completely installed system. Provided the service is available, wireless communications back to central monitoring are preferred. Below is a list of the current system device type, location, and zone address.

Additional Requirements: The contractor is required to provide copies of background checks for employees working on site.
