Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at www.buckeyeusd.org/csms.

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same gender
2. A clear message that students do not have to endure sexual harassment
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained
4. Information about the person(s) to whom a report of sexual harassment should be made

Complaint Process

Any student who feels that he/she is being or has been subjected to sexual harassment shall immediately contact his/her teacher or any other employee. A school employee to whom a complaint is made shall, within 24 hours of receiving the complaint, report it to the Principal or designee. Any school employee who observes any incident of sexual harassment involving a student shall report this observation to the Principal or designee, whether or not the victim files a complaint. In any case of sexual harassment involving the Principal or any other district employee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall report to a site administrator, Superintendent or designee. The Principal or designee to whom a complaint of sexual harassment is reported shall immediately investigate the complaint in accordance with administrative regulation. Where the Principal or designee finds that sexual harassment occurred, he/she shall take prompt, appropriate action to end the harassment and address its effects on the victim. The Principal or designee shall also advise the victim of any other remedies that may be available. The Principal or designee shall file a report with the Superintendent or designee and refer the matter to law enforcement authorities, where required.

Disciplinary Measures

Any student who engages in sexual harassment directed towards anyone at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4 through 8, disciplinary action may include suspension and/or expulsion, provided that in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Recordkeeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address and prevent repetitive harassing behavior in its schools. All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

The Board also acknowledges that gang activity is dangerous and threatening. Therefore, to ensure the health and safety of the students and staff in the District, the wearing or carrying of any clothing or symbol that denotes membership in such gangs or other groups which a detrimental effect on the academic atmosphere of the schools is not condoned. Action will be taken to keep District schools and students free from the threats or harmful influences of gangs or other groups which advocate drug or illegal, intimidating behavior.

The Board of Education thus authorizes the adoption of regulations prohibiting students from wearing inappropriate apparel as defined in the Rules and Regulations. In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5) In addition, the following guidelines shall apply to all regular school activities:

1. The district and school dress codes shall be enforced equitably on the school campus and at any school-sponsored activity by all staff members.
2. Shoes must be worn at all times.
3. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles, etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, depict weapons or images of violence, bear drug, alcohol or tobacco company advertising, or any likeness of, or reference to, the aforementioned subjects.
4. Clothing shall not advocate racial, ethnic or religious prejudice.
5. Clothes shall be sufficient to conceal undergarments at all times, covering the body from torso to mid-thigh. See-through or fishnet fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than deemed appropriate by school administration.
6. Students maintain their freedom of speech/expression even if the school does not like the message; however, administration can limit expression if it results in a substantial disruption of the school environment or an invasion of the rights of others.

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes. No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

The Principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

William Brooks Elementary School Dress Code

"The Governing Board expects that students will present themselves in an orderly manner which will not disrupt the educational program at school. Their appearance should be neat, clean and acceptable to the general society and in keeping with the activity at school. The Governing Board considers this to be a judgment area of the site administrator or the school (BP 5132)." The dress code also applies to activities after school (i.e. dances, sports) and off campus (i.e. field trips, away sports).

The Governing Board believes that appropriate dress and grooming contributes to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate, including clothing that provides appropriate sun protection. Students' dress and grooming must not present a health or safety hazard to themselves or others or a distraction that would interfere with the education process. Personal appearance standards for students are defined in the dress code. A student who violates the dress code may be subject to disciplinary action.
(Board Policy 5132)

The development of attitudes and behavior patterns in dress and grooming should be a part of each student's total educational experience. School clothing is, in some degree, a reflection of one's attitude about self and school. We try to maintain a professional, friendly atmosphere in which teachers can teach and students can learn. Students are expected to attend school in clean, neat clothing. Dress, hairstyle, or makeup that is distracting in nature or interferes with the study habits of students in the class or school shall not be acceptable. The following guidelines are intended to define appropriate student attire and personal grooming.

Shoes must be worn at all times. Backless shoes, "heelies", or shoes with wedges or heels higher than 1" are not permitted.

Hair shall be clean and neatly groomed and may not distract the learning environment.

Shorts and other appropriate undergarments shall be worn under dresses and blouses for the sake of modesty and while participating in PE or playing on equipment.

Sunglasses may be worn out to recess unless they are deemed a distraction or a problem of any kind. They must be put away when in the classroom.

Other articles of apparel which may be considered objectionable or dangerous may be prohibited by the site administration.

Inappropriate shirts include halter tops, crop tops, spaghetti straps, mesh or see-through sheer tops. Shirts must not expose the midriff or cleavage. Tank top straps must be at least one inch wide.

Pants should be worn at the waist without "sagging;" no undergarments should be visible.

Clothing with inappropriate lettering, printing, message patches, and artwork is prohibited. This includes references to drugs, alcohol, satanic themes, sex, and violence.

Chains of any kind (such as wallet chains), and clothing or jewelry with protrusions that could be considered dangerous or unsafe are not allowed.

Gang-related attire is strictly prohibited and subject to the interpretation of the administration.

Hats with brims may be worn but must be removed when inside any building. Hats must be worn with the brim in the front. Hats must be stored while in class.

Flannel/satin pajama type pants/shorts are not allowed.

Students wearing inappropriate attire or footwear may be sent to the office and will be asked to call their parent or guardian. Students will be given the opportunity to change into appropriate clothing, if available at the school site, or request the parent to bring a change of clothing or footwear. Students will return to class upon meeting dress code standards. If you have any questions regarding dress and grooming, please call the school office.

The appropriateness of clothing in question as per this dress code will be left to the discretion of the William Brooks administration and staff. Students out of dress code may be asked to change into different clothes (school issued or extra clothes on hand) and may receive disciplinary consequences. Habitual offenders will be expected to call home for a change of clothing. Students will wait in the office until parents bring the change of clothing.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)

The Governing Board recognizes the importance of providing a safe school environment in order to help ensure student safety and the prevention of student injury. The Superintendent or designee shall implement appropriate practices to minimize the risk of harm to students, including practices relative to school facilities and equipment, outdoor environment, educational programs and school-sponsored activities.

Staff shall be responsible for the proper supervision of students during school hours, while at school-sponsored activities and while students are using district transportation to and from school.

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

William Brooks Elementary School Student Conduct Code

Under California Law, students will be held strictly accountable for disorderly conduct on school property and on the way to and from school. Students are expected to follow the directions of school personnel while on school property, on the way to and from school, and at any school function. Students are expected to conduct themselves in a manner that will bring credit to themselves, their parents, and the school at all times.

Conduct Code Procedures

The William Brooks student/parent handbook can be found at www.buckeyeusd.org/wbes.

(J) Hate Crime Reporting Procedures and Policies

In order to create a safe learning environment for all students, the Governing Board desires to protect the right of every student to be free from hate-motivated behavior and will promote harmonious relationships among students so as to enable them to gain a true understanding of the civil rights and social responsibilities of people in society. The district prohibits discriminatory behavior or statements that degrade an individual on the basis of his/her actual or perceived race, ethnicity, culture, heritage, gender, sex, sexual orientation, physical/mental attributes, or religious beliefs or practices.

Procedures for Preventing Acts of Bullying and Cyber-bullying

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyber-bully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The Superintendent or designee shall develop strategies for addressing bullying in district schools with the involvement of students, parents/guardians, and staff. As appropriate, the Superintendent or designee may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3. If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the Principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Definitions

Bullying is an unwanted, aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and involves repetition or potential repetition of a deliberate act.

Cyber-bullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyber-bullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures
2. Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm
3. Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public
4. Cyber-bullying, such as sending demeaning or hateful text messages or emails, sending rumors by email or by posting on social networking sites, or posting embarrassing photos, videos, website, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

(cf. 5131 - Conduct)

(cf. 5137 - Positive School Climate)

2. Providing to students, through student handbooks and other age-appropriate means, information about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias

5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

The Superintendent or designee shall make the California Department of Education's online training module on the dynamics of bullying and cyber-bullying, which includes the identification of bullying and cyber-bullying and the implementation of strategies to address bullying, available annually to all certificated staff and to other employees who have regular interaction with students. (Education Code 32283.5)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims
3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed
5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyber-bullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, Principal, Vice Principal, or any other available school employee.

When a report of bullying is submitted, the Principal or designee shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Within one business day of receiving such a report, a staff member shall notify the Principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the Principal or designee, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyber-bullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyber-bullying and to notify a teacher, the Principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, Principal, or Principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.

Safety Plan Review, Evaluation and Amendment Procedures

The William Brooks Elementary School comprehensive safety plan will be reviewed, evaluated and amended (if necessary) in November of each year.

Pursuant to Education Code Section 35294.6(a), the Buckeye Union School District adopts this comprehensive school safety plan at a regular meeting of the Board of Trustees. An opportunity for public comment will be provided during this meeting, prior to the plan's adoption.

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

The first response to an emergency is to determine the type of emergency that has occurred. Procedures for several different types of emergencies are listed in the following section.

Step Two: Identify the Level of Emergency

The second step in responding to an emergency is to determine the level of emergency. To assist schools in classifying emergency situations there is a three tiered rating below:

- **Level 1 Emergency:** A minor emergency that is handled by school personnel without the assistance from outside agencies, e.g., a temporary power outage, a minor injury during PE.
- **Level 2 Emergency:** A moderate emergency that requires assistance from outside agencies, such as a fire or an injury which requires an ambulance.
- **Level 3 Emergency:** A major emergency event that requires assistance from outside agencies such as a major earthquake, a civil disturbance or a large-scale act of terrorism. For Level 3 emergencies, it is important to remember that the response time of outside agencies may be seriously delayed.

Step Three: Determine the Immediate Response Action

Once the type and extent of an emergency have been identified, school personnel can determine if an immediate response action is required. The most common immediate response actions initiated during school emergencies are:

- **Duck and Cover:** Students and staff protect themselves by crouching under a table, desk, or chair until the danger passes.
- **Shelter in Place:** Students and staff are kept indoors in order to isolate them from the outdoor environment.
- **Lock Down:** Students and staff are kept in a designated locked area with blinds closed and lights off and sitting quietly until danger has passed, such as an intruder being on campus.
- **Evacuate Building:** Students and staff are escorted outside to an assembly area if it has been determined that it is too dangerous to remain indoors.
- **Evacuate Campus:** Students and staff are escorted to an off-site assembly area if it has been determined that it is too dangerous to remain on campus.
- **All Clear:** Notification is given that normal school operations should resume.

Step Four: Communicate the Appropriate Response Action

Once the type of immediate response action is determined, the incident commander must immediately inform the site's staff which response action to take. The most important method of communication depends on the response action selected. When announcing what response to take, avoid codes, jargon, or any other potentially confusing vocabulary. Be calm, direct, and clear in your announcements.

- **Duck and Cover:** Immediately use the site's school-wide communication system to instruct students and staff to protect themselves by moving into a "duck and cover" position by crouching under a table, desk, or chair until the danger passes. Time is the most urgent matter with this response action as the emergency may take place before the announcement can be made. However, do not assume that all members of the site are already in a "duck and cover" position. Make the announcement even if the immediate crisis has passed.
- **Shelter in Place:** Immediately use the site's school-wide communication system to instruct students and staff that they are to stay indoors until further notice, even if the heating and air conditioning system is disabled.
- **Lock Down:** Immediately use the site's school-wide communication system to instruct staff to lock all exterior doors, to close any open windows along with blinds, and to keep students as far away as possible from any windows until further notice.
- **Evacuate Building:** Immediately use the site's fire alarm bell system to notify students and staff that they are to proceed to the sites outside assembly area.
- **Evacuate Campus:** Immediately use the site's fire alarm bell system to notify students and staff that they are to proceed to the sites outside assembly area. From there, notify staff and students using a bullhorn that it has been determined that it is too dangerous to remain on campus. Provide instructions on how staff and students will be relocated.

Types of Emergencies & Specific Procedures

Aircraft Crash

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Emergency response will depend on the size of the aircraft, nature of the crash, and proximity to the school. If it is safe to remain inside the building, all students should be kept in the school under supervision. The crash may also result in an explosion, chemical spill or utility interruption. The procedures below are recommendations:

Aircraft crashes into the school

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify police and fire department (call 9-1-1).
- Determine immediate response procedures, which may include EVACUATION, OFF-SITE EVACUATION or DIRECTED TRANSPORTATION.
- Notify District Superintendent, who will contact the Office of Emergency Services. Arrange for first aid treatment and removal of injured occupants from building.
- Secure area to prevent unauthorized access until the Fire Department arrives. Ensure that students and staff remain at a safe distance from the crash.
- Account for all building occupants and determine extent of injuries.
- Do not re-enter building until the authorities provide clearance to do so.

STAFF ACTIONS:

- Notify Principal.
- Move students away from immediate vicinity of the crash.
- EVACUATE students from the building using primary and/or alternate fire routes to a safe assembly area away from the crash scene.
- Take Go Box.
- Check school site to assure that all students have evacuated. Take attendance at the assembly area.
- Report missing students to the Principal/designee and emergency response personnel. Maintain control of the students a safe distance from the crash site.
- Care for the injured, if any.
- Escort students back to the school site when emergency response officials have determined it is safe to return to the building.

Aircraft crashes near school

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify police and fire department (call 9-1-1).
- Initiate SHELTER IN PLACE, if warranted.
- Ensure that students and staff remain at a safe distance from the crash.
- Notify District Superintendent, who will contact the El Dorado County Office of Emergency Services.
- Fire department officials will secure area to prevent unauthorized access. Do not enter affected areas until the appropriate authorities provide clearance to do so.

STAFF ACTIONS:

- Notify Principal.
- Move students away from immediate vicinity of the crash.
- Remain inside with students unless subsequent explosions or fire endanger the building.

Animal Disturbance

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

El Dorado County Animal Control/Services

Phone: (530) 621-5795 and from El Dorado Hills - Phone: (916) 358-3555 ext. 5795

Address: 6435 Capitol Ave., Diamond Springs, CA 95619

If there is a rabid or uncontrollable animal on campus, implement this procedure when any wild animal threatens the safety of the students and staff.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Isolate the students from the animal.
- Close doors and use tables as a means to isolating the animal.
- If the animal is outside, keep students inside and institute a LOCKDOWN.
- If the animal is inside, initiate an EVACUATION outside to a protected area away from the animal.
- Contact the Animal Control for assistance in removing the animal.
- If the animal injures anyone, seek medical assistance from the school nurse or call 9-1-1.
- Notify parent/guardian and recommended health advisor.

STAFF/TEACHER ACTIONS:

- If the animal is outside, keep students inside.
- Lock doors and keep students away from the windows.
- If the animal is inside, EVACUATE students to a sheltered area away from the animal.
- Notify the Principal if there are any injuries.

Armed Assault on Campus

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Threats occur when a belligerent or armed person on the school site bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:
 - Is the individual moving towards violent action?
 - Is there evidence to suggest movement from thought to action?
 - High violence potential qualifies for arrest or hospitalization.
- Safety is endangered when there is:
 - Sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or
 - Sufficient evidence of the unintentional infliction of emotional distress upon others.
- Initiate LOCKDOWN if appropriate.
- Notify police (dial 9-1-1), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.
- Isolate the threatening person from other students and staff, if it is safe to do so.
- Initiate appropriate response actions, which may be LOCKDOWN or EVACUATION. Cancel all outside activities.
- Notify District supervisors or designee.

- Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner.
- If an immediate threat is not clearly evident, attempt to diffuse the situation.
- If an individual is armed with any type of weapon, **USE EXTREME CAUTION.**
- Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.
- Facilitate a meeting with student(s) and family to review expectations.
- Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

- If any students are outside, move them inside the building or away from the site of the threat/assault.
- If unable to do so, have students lie down and cover their heads. Keep students calm.
- Inside the classroom, institute **LOCKDOWN.**
- Close all curtains and blinds.
- Remain with students until **ALL CLEAR** is given.

Biological or Chemical Release

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin, etc.) is difficult because it usually appears after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response and/or procedures.

Outside the Building

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Initiate **SHELTER IN PLACE.** Shut off HVAC units and call 9-1-1. Provide location and nature of the emergency and school actions taken.
- Move to central location where windows and doors can be sealed with duct tape.
- Notify District supervisors of the situation.
- Remain inside the building until the Department of Health or Fire Department determines it is safe to leave.
- Arrange for psychological counseling for students and staff.

STAFF ACTIONS:

- Notify Principal.
- Move students away from immediate vicinity of danger (if outside, implement **REVERSE EVACUATION**).
- Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- Send affected individuals to a designated area for medical attention.
- Follow standard student assembly, accounting and reporting procedures.

Inside the Building

- Prepare a list of those who are in the affected area to provide to emergency response personnel.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- Wash affected areas with soap and water.
- Immediately remove and contain contaminated clothing
- Do not use bleach on potentially exposed skins.
- Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

Bus Disaster

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

The BUSD transportation department maintains a record for each bus serving the district. These records contain rosters, including an emergency telephone number for each student assigned to ride the bus. On school field trips, the Teacher-in-Charge of a special activity trip should prepare trip bus folders; one copy of the student emergency contact information should be placed in the trip folder and a second copy should accompany the teacher on the trip. Bus drivers may need to make spontaneous, independent decisions, based on the nature of the emergency, age of children, location of bus and other unique circumstances.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify law enforcement.
- Notify parents/guardians of all students on the bus as soon as accurate information is available.

- Notify California Highway Patrol.

Disorderly Conduct

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

A civil disturbance is an unauthorized assemblage on the school grounds with the potential to: disrupt school activities; cause injury to staff and students; and/or damage property.

Precautionary measures must be taken to keep school personnel and students from undue exposure to danger. Efforts should be made to remain calm, to avoid provoking aggression, and to keep students in their classrooms.

- If explosion occurred in the surrounding area, initiate SHELTER IN PLACE. Keep students at a safe distance from site of the explosion.

SPECIAL NEEDS CONSIDERATIONS:

- If you have a special needs student who has difficulty getting onto the ground, or cannot get back up again without the help of assistance, then follow these recommendations:
- If your student or a staff member uses a cane: DROP, COVER, and HOLD ON or have them sit on a chair and cover their head and neck with both hands. Their cane should be near them so it can be used when the shaking stops.
- If your student or a staff member uses a walker or wheelchair: They should LOCK their wheels (if applicable). If using a walker, carefully get as low as possible. They should bend over and COVER their head/neck with their arms, a book, or a pillow. Then HOLD ON until shaking stops.
- People who are Deaf or Hard of Hearing:
- Prior to an earthquake, identify and test multiple ways to receive warnings and evacuation information.
- People who are Blind or have Low Vision:
- Earthquakes can cause items to fall and furniture to shift. Regular sound clues may not be available afterwards. Move with caution.

Explosion or Risk Of Explosion

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

PRINCIPAL/SITE ADMINISTRATOR:

- Determine whether site evacuation should be implemented. If so, sound fire alarm.
- This will automatically implement action to EVACUATE the building. EVACUATION may be warranted in some buildings but others may be used for SHELTER IN PLACE.

- Render first aid as necessary.
- Do not return to the building until the emergency response personnel determines it is safe to do so.
- If explosion occurred in the surrounding area, initiate SHELTER IN PLACE. Keep students at a safe distance from site of the explosion.

SPECIAL NEEDS CONSIDERATIONS:

- If you have a special needs student who has difficulty getting onto the ground, or cannot get back up again without the help of assistance, then follow these recommendations:
- If your student or a staff member uses a cane: DROP, COVER, and HOLD ON or have them sit on a chair and cover their head and neck with both hands. Their cane should be near them so it can be used when the shaking stops.
- If your student or a staff member uses a walker or wheelchair: They should LOCK their wheels (if applicable). If using a walker, carefully get as low as possible. They should bend over and COVER their head/neck with their arms, a book, or a pillow. Then HOLD ON until shaking stops.

People who are Deaf or Hard of Hearing: Prior to an earthquake, identify and test multiple ways to receive warnings and evacuation information.

People who are Blind or have Low Vision: Earthquakes can cause items to fall and furniture to shift. Regular sound clues may not be available afterwards. Move with caution.

Fire in Surrounding Area

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

A fire in an adjoining area, such as a wild land fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Determine if EVACUATION of school site is necessary.

- Contact local fire department (call 9-1-1) to determine the correct action for your school site.
- If necessary, begin evacuation of school site to previously identified safe site using school evacuation plan.

- During practice drills each and every staff member needs to participate until all clear.

Flooding

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Issue STAND BY instruction.

Loss or Failure Of Utilities

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

PRINCIPAL/SITE ADMINISTRATOR:

- Notify appropriate utility company. Provide the following information:
- Affected areas of the school site.
- Type of problem or outage.
- Expected duration of the outage. If known determine length of time service will be interrupted.
- Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- Contract district supervisors as needed.
- If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- Use messengers with oral or written word as an alternate means of faculty notification.
- Implement plan to provide services without utilities or with alternate utilities.

Motor Vehicle Crash

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

A motor vehicle crash may result in a fuel or chemical spill on school property. If the crash results in a utility interruption, refer to the section on Loss or Failure of Utilities.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify police and fire department (call 9-1-1).
- Determine immediate response procedures, which may include **EVACUATION, OFF-SITE EVACUATION** or **DIRECTED**

TRANSPORTATION.

- Notify district supervisors as necessary.
- Arrange for first aid treatment and removal of injured occupants from building.

- Care for the injured, if any.
- Escort students back to the school site when emergency response officials have determined it is safe to return to the building.

Psychological Trauma

(The Buckeye Union School District understands each emergency situation comes with a unique set of circumstances. The following bulleted items are general recommendations. The safety of students and staff will be the top priority when emergency situations occur.)

Crisis management at a school site specifies actions during and subsequent to any emergency that may have a psychological impact on students and staff, such as an act of violence; the death of a student or staff member; an earthquake or other natural disaster; a serious environmental problem; or ethnic and racial tensions. Emergencies like those described above usually produce one or more of the following conditions:

- Temporary disruption of regular school functions and routines.
- Significant interference with the ability of students and staff to focus on learning.
- Physical and/or psychological injury to students and staff.
- Concentrated attention from the community and news media.

As a result of such emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been insured, attention must turn to meeting the emotional and psychological needs of students and staff.

Procedure
