# HOW TO BE A SCHOOL BOARD MEMBER

Serving on a school board is more than just a volunteer role; it's a chance to make a lasting impact on the success of each student. More than 2,400 dedicated individuals serve as school board members for Minnesota's 331 public school districts. Every two years, board members are elected by voters for their local district to govern with integrity for a term of four years.

**Eligibility:** To run for your local school board, on the date of the election, you must be a U.S. citizen; at least 18 years of age; a resident of the school district 30 days prior to the election; a registered voter in the school district where you intend to run; and not be convicted of a felony.

## What DO School Board Members Do?

- The board governs the district's work at the highest level by establishing policies and overseeing the superintendent's performance.
- The board monitors the performance of the superintendent and student success. It also sets new goals for the superintendent aligned to the district's strategic plan.
- The board approves the district's budget.
- The board hires and evaluates the superintendent.

## What DON'T School Board Members Do?

- The board does not manage day-to-day operations.
- The board does not oversee district communications to parents and students.
- No single board member has any power outside of a legally called school board meeting. During such meetings, the school board votes in trust with the entire local community.

### GOOD GOVERNANCE PRACTICES TO FULFILL THESE CORE RESPONSIBILITIES INCLUDE:

- Setting the direction and vision of school district
- Creating, reviewing and amending school policy
- Connecting with the community
- Employing and evaluating the superintendent
- Controlling the expenditure and receipt of school funds
- Delegating authority
- Determining matters related to school employees and contractors
- Directing the acquisition and disposal of school property
- Monitoring district performance and goals
- Develop a Professional Development plan for individual and school board

# TIPS FOR A SUCCESSFUL CAMPAIGN

**Seek Information**—Attend school board meetings. Be familiar with procedures for conducting meetings. Know the current issues, including funding, student achievement, hiring practices, contract negotiations, technology, and building needs.

**Study Board Policies**—Most districts keep a manual of established policies. Those policies are also publicly available on the school district website. Your awareness of guidelines the board has developed will prevent you from making misleading statements publicly during your campaign.

**Know your Community's Concerns**—Study those issues that particularly gain community interest. Know what's already done and considered. Don't make promises unless you are sure of what is involved in keeping them. Board members elected on promises often find themselves in the awkward position of having to back down when they learn all of the facts.

**Keep Your Faith and Commitment**—Win or lose, your school district needs people like you who care about all children and who are willing to get involved in the democratic student success processes to improve public education.

MSBA offers a wealth of free resources on their website, including the 2024 Candidate's Guide to School Board Elections. This comprehensive guide provides an overview of legal qualifications and election procedures.

# WHAT MAKES AN EFFECTIVE SCHOOL BOARD MEMBER?

Effective school board members share a number of common characteristics. But it's important to realize you won't become fully effective the instant you're elected. These qualities are gained through experience on the board, training provided by MSBA, and personal, ongoing efforts to become informed, skillful and collaborative.

## **The Standards for School Board Leadership are:**

### **Code of Ethics**

The school board, as a whole, provides leadership to the community on behalf of the school district by conducting its business in a fair, respectful, legal, and responsible manner.

### **Vision**

The school board, with community input, envisions the educational future of the community and then formulates the goals, defines the outcomes, and sets the course for the school district.

### **Structure**

The school board, to achieve its vision, establishes organizational and physical structures for students and staff success.

### **Accountability**

The school board is accountable to the community for constantly monitoring the conditions affecting the school district as a whole.

### **Advocacy and Communication**

The school board advances its vision at the local, regional, state, and national levels.

# HOW TO BE A SCHOOL BOARD MEMBER

## **QUESTION :**

What group of Minnesota Centric public officials annually oversees expenditures of \$23.2 billion, sets policies affecting the futures of 850,000 students, and makes decisions that impact cultural and economic life in more than 330 school districts.

## **ANSWER :**

Minnesota's 331 School Boards

- 
- Are you willing to take the time to study current education issues with the same effort and interest you exert in your own business or personal affairs?
  - Are you willing to pursue the skills, the knowledge and the training necessary to become a fully engaged and effective board member?
  - Are you able to work as a governance team member, putting personal agendas aside and working cooperatively for the best interest of all students in your school district?
  - Are you ready to champion an effective public school system to serve our youth despite diminishing resources and increasing demands of the global economy?
  - Are you prepared to speak up and serve as an advocate for public education in your community?
  - As a duly elected public official, are you willing to uphold state and local laws when you exercise the authority of your office at legally called school board meetings? And, when voting on the issues, are you always willing to put learning first and give priority to what's best for all students?

If you answered YES to these questions, then you are ready to seek the trust of your community through active school board service.

# WHAT DO SCHOOL BOARDS DO?

A school board, working with its community, has five major leadership responsibilities:

1. To envision the district's education future and set goals to guide the district toward that vision.
2. To ensure district resources (financial, personnel, facilities, etc.) and policies are aligned in a manner that supports goal attainment and actualization of the district's vision.
3. To hire, work closely with and evaluate a superintendent who will effectively implement the board's policies and manage the district to accomplish its goals.
4. To monitor and assess the district's performance, and to keep the public informed and engaged.
5. To advocate for students and public schools within the community and at state and national levels.
6. All school board decisions should logically follow goals and objectives for education in the district according to their strategic plan.
7. While a board member must be an informed decision-maker, they must also remember that decisions can be made only by the board acting as a whole in a public meeting.
8. Typically, a school board member is expected to make decisions on a wide range of issues including:
  - Approving plans for facilities and technology.
  - Setting priorities for school district expenditures.
  - Overseeing the district's educational programs.
  - Monitoring and ensuring the efficacy of school improvement efforts.
  - Approving contracts, including collective bargaining agreements and administrator contracts.

9. Establishing a good working relationship with the superintendent is an important responsibility of a school board member. The superintendent is accountable to the school board for managing the district according to board policies.
10. Carefully observing the fine line between policymaking and administration is one of the keys to successful board-superintendent relationships. Board members must refrain from getting involved in day-to-day operations of the schools.
11. Community relations is another key element of board members' work. School boards help build community understanding of and support for public education. The board is the vital link between the school system and the public.
12. Finally, school board members serve an important advocacy role in the improvement of public education in our state. In this proactive role, individual board members lobby their state legislators and U.S. congressional representatives for passage of laws and adoption of funding programs to improve our public schools.

# HOW TO BECOME A CANDIDATE

Local school board elections are held at the even-year November election. In 2024, the election will be held on November 5.

## **ELIGIBILITY**

To be eligible, a person must be a registered voter. This means that the candidate must be a registered voter in the school district where they are a candidate.

A candidate must be at least 18 years of age; a citizen of the United States; and a resident of the school district on or before the 30th day prior to the date of the election.

Under the Minnesota Constitution, a person is ineligible for election or appointment to any state or local elective office if the person was convicted of a felony.

## **FILING FEES**

School Board candidates have the option of paying a nonrefundable filing fee of \$2 to the school district filing official instead of filing a nominating petition. If paid by the appropriate due date, the fee has the same effect as filing a nominating petition.

## **FILING DEADLINE**

Nominating petitions or filing fees for local school board candidates must be filed no later than 4 p.m. on the 15th Tuesday preceding the date of the election. For the November 5, 2024 election, the filing deadline is July 23, 2024. **See Appendix 1 for filing form.**

# FILING FOR OFFICE CHECKLIST

Candidates are solely responsible for meeting the legal requirements of the filing process as provided in Minnesota Election Law. Minnesota Election Law is the final authority in all matters, not this checklist.

## AFFIDAVIT OF CANDIDACY

1. Determine correct filing period.
2. Determine correct filing officer. Confirm office hours during filing period.
3. Completed, signed, and notarized filing paperwork and filing fees can be mailed or delivered by another person to the filing officer. Must be received in the appropriate filing office during the filing period.
4. Determine correct name of office sought and determine if there are different seats numbers/letters for a similar office title.
5. The name that you list on the top of the affidavit is the name that will be placed on the ballot; exactly – as is. Make sure it is clearly written and verify with filing officer any details such as hyphenations, Mc names, irregular spacing, etc.
  - a. Names are placed on the ballot in upper and lower case, so, be very specific as to what letters are to be capitalized.
  - b. If needed, provide name pronunciation instructions to filing officer for programming of audio features of assistive voting devices.
6. Affidavit is complete, signed, and notarized.
  - a. Before the filing event (no more than 60 days before the first day of the filing period).
  - b. Or at the filing event. Filing officers may serve as notarial official for affidavits of candidacy.
7. What is a “complete” affidavit?
  - a. Name – exactly what will appear on the ballot (upper- and lower-case letters).
  - b. Review M.S. 204B.06, subd. 1(3), para. 2 regarding “true name and commonly/generally known in the community.”
  - c. Office & District # - be specific. Clarify the exact name of the seat up for election and make it clear the seat number/letter if similar offices are on the ballot. If there are special elections for vacancies, clearly state which seat you choose.

- d. A phone number is required for all affidavits except for some federal, judicial, county sheriff or county attorney offices.
- e. A non-government issued email address is required for all affidavits (or check the box to affirm that you do not have a non-government issued email address).
- f. Residential address – this is required for many offices. There are a few exceptions. A candidate may be eligible to request to classify their residence as private data. In these instances, an additional form must be completed.
- g. Campaign Address & Contact – Required and optional items depending upon the office sought. Avoid the use of government phone numbers, addresses or e-mail addresses.
- h. Read through the Affirmation and decide if everything is true and accurate for you and the office you seek before signing.
- i. Sign affidavit in front of a notary public or other officer empowered to take and certify acknowledgements. Filing officers usually have this authority.

# AFTER THE CAMPAIGN

## **CAMPAIGN FINANCE CERTIFICATE OF FILING FORM**

The Campaign Finance Certificate of Filing form is in your Campaign Finance Manual you receive when you file for office. It is a simple one-page sheet that asks if you spent or received more than \$750 for your campaign. This sheet must be turned into the school election officer within 7 days after the election. **See Appendix 2 for Certificate of Filing form.**

## **OATH OF OFFICE**

Each person elected to the school board must take the prescribed Oath of Office. The oath may be given at any time after the Certification of Election. Because a school board member-elect must file an Acceptance of Office with the secretary of the board within 30 days after receiving a Certificate of Election, many school districts administer the official oath at the board's administrative office when the Acceptance of Office is filed. A second "ceremonial oath" can then be reenacted at the organizational meeting.

The Oath of Office for a newly elected or re-elected member of a local school board must be administered by a notary public, judge, clerk of a court or member of the state Legislature. In the case of an intermediate board member-elect, the oath may be administered by any of these officers or a member of the intermediate school board. The oath is filed with the secretary of the school board. **See Appendix 3 for legal Oath and Acceptance form.**

## **TERM OF OFFICE**

School Board members for a local school district are elected for 4-year terms. A school board member's term of office begins the first Monday in January following the election. Thus, incumbent members serve until that first Monday in January and the current board may conduct business during the "lame-duck" period.

# ABOUT YOUR CAMPAIGN

Informed candidates contribute to a district's overall health. Free discussion and debate bring issues into sharper focus and help resolve existing problems.

Uninformed or misinformed candidates can cause problems both for themselves and for the district they wish to serve. When campaigning, follow these suggestions:

**Seek Information**—Attend school board meetings. Be familiar with procedures for conducting meetings. Know the current issues, including funding, student achievement, hiring practices, contract negotiations and technology.

**Study Board Policies**—Most districts keep a manual of established policies. Your awareness of guidelines the board has developed will prevent you from making misleading statements publicly during your campaign.

**Know Your Community's Concerns**—Study those issues that particularly arouse community interest. Know what's already been done and considered. Don't make promises unless you are sure of what is involved in keeping them. Board members elected on promises often find themselves in the awkward position of having to back down when they learn all of the facts.

**Keep Your Faith and Commitment**—Win or lose, your school district needs people like you who care about children and who are willing to get involved in the democratic decision-making processes to improve public education.
