

Spanish 5 AP Summer Assignment JDHS 2024-2025

Welcome to Spanish 5 AP!

In order to make the transition a bit easier for you, I have compiled a list of listening and reading activities you can do to keep your knowledge of Spanish fresh in your mind. These assignments are for enrichment and a formative grade; doing them will greatly help you next year because we will begin the year running. A composition book may serve as your journal.

YABLA: You must complete all the games assigned to your SUMMER ASSIGNMENT class and be ready to discuss the content of videos and use vocabulary and grammar from them. You must **summarize each video** (no more than one paragraph of 6/7 sentences using relevant vocabulary).

Collage: MI FUTURO

Create a collage of at least 10 pictures/ items that represent at least 10 different things that you expect, want, dream of, etc. for your future. Your collage may be based on truth or you can be creative.

You will use your collage to tell the class about your plans and dreams for the future. You may not use notecards or any other written information to help you, just the pictures. Use the FUTURE and SUBJUNCTIVE and make sure verbs are conjugated properly. Use varied vocabulary and make sure the grammar is correct. This collage will be presented to the rest of the class during the first week of school for a grade (20 points).

Have a wonderful Summer!
