!Last Day of School !

The last day of school will be Friday, June 21st. Be sure to update your personal calendars!

HIGHLIGHTS OF THE WEEK

Art Show

The Art Department transformed the Athletic hallways into an art gallery as students artwork from PK-12th grade was on display. A big thank you goes out to the teachers for inspiring and leading our very talented Dasville students! I was so impressed and hope you had an opportunity to see the amazing work in person.

!4PKHighlight

Mrs. Barber's class hatched ducklings. The kids were fortunate enough to see 2 of them hatch right in front of their eyes. It was such a cool experience! They kept the ducklings in the classroom for a week and saw how they grew so fast. Before sending the ducklings to their forever home, they put them in a kiddie pool for a day. They splashed around and had a great time in the pool. The excitement on each child's face as they checked on them every morning when they came to school was priceless.

They were also busy learning about community helpers to help be prepared for the career parade on June 7th. They discussed what a community is and what community helpers are. Through

listening to stories, they learned about different jobs and the tools needed to perform that job. They even got a chance to build our own community on butcher paper. The kids loved it!

Golisano Children's Hospital Miracle Child 2024

Our very own Maddilyn Wilber, 4PK, was recently selected to be the Golisano Children's Hospital Miracle Child. You can read the full article about Madilyn's families journey by clicking the button below.

MAY 2024

ART ROOM UPDATE

We have spent some time celebrating our student artists during the month of May! From Monday May 20th through Thursday May 23rd, students were able to visit the District Art Show at the high school, where every DPS student in 4pk through Grade 2 had art on display! The show was also open to the community on Tuesday, May 21st from 6-8pm. It was great to see so many DPS families at the show!

STEAM Lab Update

May 2021

What we are learning

We've wrapped up the science stuff and now we're diving headfirst into hands-on fun! Putting what we learned into action! Think STEAM bins, where we're getting crafty with recycled treasures to craft our own wooden "bot" or dream up fantastical creations. We're stacking bricks and tinkering with building blocks to tackle tricky missions. Plus, we're leveling up by designing our very own video games on CodeSpark and mastering our keyboard ninja skills on TypeTastic. Let the creative chaos begin!

Ask Your child...

What did they enjoy most about their experience in the STEAM Lab this year?

Inquire about their CodeSpark game and the obstacles they encountered during its development.

Caution! Prepare for a Family STEAM Bag heading your way next month!

Apps To Try @ Home

- CodeSpark
- TypeTastic
- LEGO Bits & Bricks

Mrs. Bell's Music Makers spent the month of May singing, chanting, moving, and composing.

Pre-K and Kindergarten students spent music class learning about the sounds that exist outside the music room. We listened to a story called *The Listening Walk* and then took our own listening walk. Scan the QR code to hear the story, then see what new sounds you can hear when you take your own

1st Grade First grade music makers began our final music unit, *Peter and the Wolf* while 2nd graders began learning songs for our end of the year performances.

Consent and Release:

As a parent/guardian of

_____ I hereby authorize and consent to the participation of my child in the Dansville ¼ Mile Kids Run. I certify that I understand and agree that the Dansville Teachers Association and/or Noyes Health Auxiliary will not be responsible for any injuries that occur to the entrant prior to, during the course of, or subsequent to the Dansville ¼ Mile Kids Run.

In signing below, I agree to be bound by the above stated terms and waive and release on behalf of myself or my heirs, any and all future claims against the Dansville Teachers Association, Noyes Health Auxiliary, or any and all other persons, firms, or organizations involved in the sponsorship or running of the Dansville ¼ Mile Kids Run for any and all claims for personal injuries resulting from or arising out of participation in this Dansville ¼ Mile Kids Run.

Before the Event What and When to Eat

What and when you eat before competition can influence how you perform. It is also a highly individualized decision based on previous experience, physical comfort and emotional or mental considerations. In general, you should maintain a high complex carbohydrate, low-fat diet throughout the training period. Then, chose a pre-competition meal that works well for you. Include complete carbohydrates and fluids, and limit fat. Eat 2 to 4 hours prior to the event and eat familiar, carbohydrate-rich foods to avoid intestinal distress. Drink ample amounts of water, milk or juice with the meal. Substitute frequent carbohydrate-rich snacks and fluids for full meals if it makes you more comfortable. (Avoid caloric drinks up to 45 minutes before the event but do drink plenty of water).
