Introducing a new respite program designed to give adults age 55+ a break from their caregiving duties when school is not in session. Caregivers choose from a list of approved camps throughout the region, and the base fees are waived for children who live in their home. *(Age eligibility varies. Please call for info.)*

GRANDPass gives older caregivers:

- Needed relief from caregiving tasks and expenses.
- Peace of mind knowing that their children are being cared for in a safe and structured environment.

GRANDPass gives children:

- A chance to learn and grow.
- Access to the outdoors.
- New friendships.
- Meaningful activities and experiences.

Caregivers must be:

- Age 55 or older.
- Residents of Cass, Clay, Jackson, Platte or Ray counties in Missouri.
- The primary caregiver for children under the age of 18, who live in the same home.
- Grandparents or other related caregivers. Non-relatives who

are the legal guardians of their children
are eligible, too.

Note: Parents cannot reside with the eligible caregiver and children

LSR7 Resources for Internet Access:

<https://www.lsr7.org/departments/operational-services/technology/connect2learn>

There are several options available to families that need assistance getting internet access for their home. Though the District has options to provide hotspots to families without internet connectivity, these have limitations in speed and data plan capacity which make

these resources less ideal for online learning than service brought by wired line through an Internet Service Provider (ISP) to the home.

Below are resources for families to consider for getting reduced cost internet brought into their homes. If you need further assistance or have further questions, please reach out to your student's administrator.

Affordable Connectivity Program

The Affordable Connectivity Program is an FCC benefit program that helps ensure that households can afford the broadband they need for work, school, healthcare and more.

The benefit provides a discount of up to \$30 per month toward internet service for eligible households and up to \$75 per month for households on qualifying Tribal lands. Eligible households can also receive a one-time discount of up to \$100 to purchase a laptop, desktop computer, or tablet from participating providers if they contribute more than \$10 and less than \$50 toward the purchase price.

The Affordable Connectivity Program is limited to one monthly service discount and one device discount per household.

If you need to talk to someone about your eligibility or application status, **call the ACP Support Center at (877) 384-2575.**
