

## Summer Reading Expectations Summer 2024

### Language Arts Grade 6

As an incoming sixth grader, this summer you can earn extra credit points in your Sixth Grade Language Arts class by reading and completing a slideshow. Read a fiction or nonfiction book in your reading level then complete a book talk slideshow about the book. This is an optional activity and a great way to start the new school year right.

While reading your book, write down key details to help complete the slideshow. A copy of the slideshow is provided on the Bergenfield District website under “Summer Assignments.” Be sure to upload a copy for your use and only complete one slideshow for either fiction or nonfiction. During the first week of school you will be asked to submit your work on your Language Arts Google Classroom.
