Dear Wolverines,

Whether you are returning to Waterford Union continuing on your educational pathway or you are new to the school embarking on a fresh journey, I wish you a sincere welcome to the start of the 2024-25 school year. As you enter the doors of Waterford Union, you will quickly learn that the staff works hard to inspire all students to learn at high levels of achievement that are set by the community's standard of expectation. Each individual may have a different pathway to their achievement, yet your goal will be to arrive at your destination as a well-rounded and independent thinker.

To become a well-rounded individual, engage fully in our extracurricular offerings. Fine arts, activities, and athletics enrich your high school experience. Join a group either to enhance your individual talents and skills or to begin a new adventure by trying something for the first time. You will not be disappointed in the choice you make if you put forth an effort. Another advantage to getting involved in school organizations is the chance to associate with other people...live and in person. Meetings, rehearsals, and field trips allow you not only to engage with peers holding a common interest, but also to interact with adults and guest speakers providing insight from another perspective. When the last meeting or contest is over, you will have developed some real life-long friendships.

As stated previously, our staff is committed to all students learning at high levels of achievement, we pledge to provide you a safe learning environment, the tools to access learning at high levels of rigor, and interventions for cases when you need additional support. Additionally, learning is a collective commitment among the student, school staff, and family. In order to prepare you for college or career and life, you will need to practice the skills of initiative, perseverance, and responsibility as a student. In school, these traits are demonstrated by creating time in your schedule to seek out support from a teacher, working through challenging situations in a civil manner, or completing all of your assignments by established deadlines. Above all, school is about learning and growing as an individual so that you are always the best at what you do.

The Waterford educational community supports you in your academic endeavor to reach the next steps in your life. Work hard at all your academic and enrichment activities during the 2024-2025 school year at Waterford Union High School.

Educating students for life,

Daniel F. Foster
Serving Waterford as Principal

The Early College Credit & Start College Now programs open the door to greater learning opportunities for students who are considering a technical career, students wishing to begin college early or students who want to prepare to enter the work-force immediately after high school graduation. The student does not have to pay for the postsecondary course if the school board determines the course may receive high school credit and the course is not comparable to a course offered in the school district. If approved by the school board, the student will receive both high school and postsecondary credit for a successfully completed course. A maximum of 18 credits will be paid for by WUHS. Students who do not successfully complete the course with a passing grade (based on the college's grading scale) will be required to reimburse WUHS the cost of the course.

Early College Credit is available to 9-12 grade students interested in taking classes at a 4-year University. Start College Now is available to 11-12 grade students interested in taking classes at a Wisconsin Technical School. To qualify for the program, a student must:

Early College Credit: Be in good academic standing and have no record of disciplinary problems to attend a Wisconsin 4 Year University.

Start College Now: Completed 10th grade; be in good academics standing and have no record of disciplinary problems to attend a Wisconsin Technical School.

Notify the school board; by submitting a Letter of Intent to the Student Services Office of the student's intention of enrolling in a college no later than February 20 for a course to be taken in the fall semester; September 20 for a course to be taken in the spring semester.

Apply to the college in the school semester prior to the one in which the student plans to attend the postsecondary course.

Notify the school board if the student is admitted to the college.

Notify the school board if the student is registered to attend a postsecondary course.

A parent or guardian is responsible for satisfactory student attendance and the student's compliance with the compulsory school attendance law.

GRADING

Waterford Union High School utilizes a 4-point grading system. All classes, with the exception of advanced placement courses, carry the same weight when figuring out the grade point average. Students receive grade reports every quarter or nine weeks. The class rank is calculated once a semester, at the end of each semester. Students receive credit for classes at the end of each semester. Classes that meet daily receive .5 of a credit each semester.

Honor roll students are determined at the end of each semester. The minimum course load a student may carry to gain honor roll recognition is three credits each semester. There are two levels of the honor roll. (1) First honor roll is a student that has a grade point average of 3.5 – 4.0. (2) Second honor roll are students that have a grade point average between 3.00 – 3.49. Students with incompletes will not be considered for honor roll. Final class rank is based on all eight semesters.

A 1.667 GPA is required for student activity eligibility. This 1.667 GPA is based on the previous quarter's grades. The grading system for regular courses is:

A	=	4.00	93 and above	D+	=	1.33	67 – 69.99
A-	=	3.67	90 – 92.99	D	=	1.00	63 – 66.99
B+	=	3.33	87 – 89.99	D-	=	.67	60 – 62.99
B	=	3.00	83 – 86.99	F	=	0.00	Below 60
B-	=	2.67	80 – 82.99	E	=	0.00	Credit is given
C+	=	2.33	77 – 79.99				
C	=	2.00	73 – 76.99				
C-	=	1.67	70 – 72.99

POWERSCHOOL

Grades can be accessed online @ <http://waterforduhs-ps.waterforduhs.k12.wi.us/public/> or by clicking on the PowerSchool link on the school's webpage at <https://www.wuhs.us/>. If you are having trouble accessing your student or parent PowerSchool account, please contact Student Services.

STUDENT SERVICES

Waterford Union High School Student Services Department, exists to ensure students graduate from Waterford high School, college and career ready. Students will be assigned a school counselor; you are able to make an appointment to see them whenever you feel a need. You may see your counselor for such areas as academic concerns, post-secondary planning or personal concerns. Students will have the same counselor for all four years of attendance at Waterford Union High School.

School counselors at Waterford Union High School are available to work with students on a variety of issues concerning school and/or a student's personal life. Students are able to stop into the Student Services office to request an appointment with their counselor when needed. Students can also be referred to their counselor by teachers, parents, or friends. WUHS counselors are available to work through issues with students to ensure they are able to be successful in school. WUHS counselors will make community referrals to parents for students who may require more support than is available during the school day.

Addiction and abuse of alcohol/drugs will prevent the attainment of goals and student success. Waterford Union High School will attempt to help any person who seeks assistance in this area. Students who feel they have a problem with alcohol or other drugs are encouraged to seek the assistance of a school counselor. All inquiries are kept confidential.

WUHS School counselors follow a comprehensive school counseling model that includes Academic Career Planning activities at each grade level to help students explore abilities, aptitudes, interests and beliefs to equate these to career choices and post-secondary options. Students will be exposed during the school year to a variety of information on careers in multiple formats. Career panels, video presentations, and career speakers are just a few of the options students will have to learn more about a variety of career and career pathway options.

During freshman year, you will explore the curriculum and its importance in preparing you for technical college, four-year college, apprenticeships or the military. In class you will begin composing an individual learning plan of study with your goal for after high school in mind. This individual learning plan will be completed in an individual conference with your school counselor.

In spring of your sophomore year you will look at your interests and values as they pertain to the world of work. Using career pathways, you will explore career options and the education and training needed to pursue your interests.

In junior year, school counselors offer individual conferences to all juniors and their parents. These conferences provide a comprehensive review of your high school academic record. Concrete steps regarding post-secondary planning are provided for each student based on their individual goals. In addition, a field trip to the Wisconsin Education Fair will be available.

In senior year, students will be called to Student Services in early fall for an individual conference with a counselor to finalize future plans. The Student Services webpage offers an updated scholarship page with descriptions and links to scholarship opportunities available for all students.

Preparatory aptitude tests will also be offered during freshman, sophomore and junior year. During your freshman year you will take a Practice ACT test in the fall and PreACT Secure in the spring to gauge your readiness for career and college. During your sophomore year you will take the Practice ACT in the fall, and FORWARD and PreACT Secure exams in the spring. In October of your junior year, you will be given the PreACT and an opportunity to take the PSAT test. The preliminary SAT gives students a glimpse of what they could expect from the SAT test and may qualify students for National Merit Scholarships based on their overall score. Then in the spring of your junior year all students will take the ACT. The ACT is a national test which indicates readiness for college level course work and career readiness for apprenticeships or job training.

Information on these topics and many more can be found on the student services website – a link can be found at the top of the WUHS main page.

Even though students will be called into Student Services conference, you should not hesitate to make an appointment if you have a concern involving academics, careers, or personal matters. To make an appointment email your school counselor or simply stop in Student Services before school, after school, or between classes to get a pass from a counselor, social worker, or the student services secretary. No problem is too big or too small.

STUDENT ASSISTANCE PROGRAM

The Student Assistance Program (SAP) is available for students attending Waterford Union High School who are experiencing difficulty in their lives that cannot be addressed through the curriculum. SAP is one way that our school addresses these challenges. Our goal is to help students deal with issues related to chemical dependency and its effects, grief and loss, stress and relationship issues in a positive and constructive manner.

Participation in the Student Assistance Program is strictly confidential and voluntary. Parents will not be notified if their student enrolls in a support group. Any parent who does not want their child to be involved should contact Student Services and ask to speak with the Student Assistance Program coordinator. The Student Assistance Program does not supersede district discipline policies or legal responsibilities.

REGISTRATION PROCEDURES

1. Students and parents are responsible for reading the content of the Parent/Student Handbook and Planner.
2. Plan your program carefully. Course selection should coincide with academic ability and future plans
3. Course sign up is a commitment. Do not sign up for a course with the idea of trying it out.
4. Freshmen, sophomores, juniors and seniors must carry at least seven (7) classes per semester. Senior students have workplace, vocational, and outside educational options available that may reduce their course-load in the building. Consult with your school counselor to explore your options.
5. There are no provisions for early release for work or part-time jobs unless enrolled in a school supervised work program. State law states the students must be in school for the duration of the school day.
6. Program changes are not permitted after the first two weeks of a semester without a failing grade.
7. Program changes are not made because of teacher like/dislike, study hall preference, or to accommodate lunch period preferences.
8. Course changes will only be allowed if space is available in the class desired.
9. There is no guarantee students will get the classes desired; however, all efforts will be made to meet the student's request.

COURSE DROP GUIDELINES

Considerable time and effort is spent in the registration process. The master schedule is developed from information received from the student course sign up. A high school does not function effectively with students "jumping around" in the curriculum. Classes are not changed because of teacher likes and dislikes. They are not changed to get in a class with a friend or because of a desire to have a lunch hour with a friend.

1. All course changes must be completed by the summer deadline.
2. Students dropping after the first two weeks will receive a semester failure, yet a student must maintain the minimum number of academic classes per semester.
3. All students must carry a minimum of seven academic classes per semester.
4. Students are not permitted to drop classes at any time if the average sectional enrollment is 18 or below.
5. Dropping from an honors or Advanced Placement class to a general class may not be permitted.
6. All requests need to be made with your school counselor first.

TEACHER CHANGE GUIDELINES

1. Student has had the teacher previously and failed the course: approved if possible.
2. Student has had the teacher and would prefer a teacher change AND the numbers move the student from a larger section to a smaller section: approved if possible.
3. Student has had the teacher and passed and the numbers move him from a smaller to a larger section: denied
4. Student has not had the teacher and the numbers move the student from the larger section to the smaller one: denied/approved on a case by case basis.
5. Student has not had the teacher: denied
6. Student has not had the teacher and the numbers move the student from a smaller section to a larger one: denied

ATTENDANCE

Regular school attendance is an essential requirement for academic success in high school. Students cannot succeed and be successful in high school with poor school attendance. Time is the most important resource a school has and students cannot learn if they are not in school. School attendance is taken each hour of the school day and becomes part of the permanent record and is included on transcripts. All students, including eighteen and nineteen year olds, are expected to comply with school attendance policies.

The School Board considers the following factors to be reasonable excuses for time missed at school:

1. Illness
2. Recovery from accident
3. Required court attendance
4. Professional appointments
5. Death in immediate family
6. Observation or celebration of a bonafide religious holiday
7. Suspensions from school
8. Such other good causes as may be acceptable to the District Administrator – Board Policy 5200

NUMBER OF ABSENCES PER YEAR

Wisconsin State Statute §118.15 and School Board policy allows parents/guardians to excuse 10 absences per school year. Documented medical appointments, required court appearances, and family funerals do not count against a student's 10-day parent-excused limit. If a student exceeds 10 parent-excused days, a meeting with the Associate Principal will be scheduled and all further absences would require documentation supporting the reason of absence to avoid truancy consequences.

PROCEDURE FOR PARENTS TO REPORT STUDENT ABSENCES

In the case of a student absence, parents are required to call the WUHS Attendance Office at 844-408-1679 and give the name of the student, the reason for the absence, and if possible, an indication of the length of the absence. This procedure must be repeated each day of the absence. If calling to report a student absence during non-school hours, parents may utilize the 24-hour attendance recording service by calling 844-408-1679. If a parent would like to speak to the attendance office directly they can call 262-534-3150. If a phone call is not received to report the absence within 24 hours, it is interpreted that the student is not excused from school and should be considered truant.

EXCUSING STUDENTS DURING THE SCHOOL DAY

Parents/Guardians are asked to try to schedule appointments outside of the regular school day. If an appointment is unavoidable and a student needs to leave the building during the school day, a parent/guardian must be contacted and their permission must be granted in order to release the student. Students leaving during the school day should bring a written note from their parent/guardian to the Attendance Office at the beginning of the day which gives the time and reason for the early release. After receiving permission, students must check-out in the Attendance Office prior to leaving. Failure to check-out or leaving the building without permission will result in a Saturday detention.

STUDENTS ARRIVING LATE TO SCHOOL

Students who arrive at school more than 10 minutes late are considered absent for the class period. At the beginning of the day, any student who arrives at school at 7:35 am or later must check in at the Attendance Office and obtain parent/guardian permission to excuse the absence. After 7:35 am, all doors will be locked except Door 1, which is located off West Main Street on the northwest side of the building.

PRE-EXCUSED ABSENCE FORMS

Pre-excused absences are included in the students total 10-day absences to be excused by a parent/guardian. Pre-excused absences typically include discretionary absences known in advance such as family vacations/travel, weddings, and hunting. It is the responsibility of parents to determine which experiences shall supersede attendance at school, understanding that every time a student misses a class he/she is placed in a less advantageous position to meet the objectives of the lesson. When a pre-excused excuse is sought, students can pick up the required form in the Attendance Office. In order for students to qualify for this type of absence, a pre-excused absence form must be filled out and submitted to the Attendance Office at least 48 hours in advance of the absence. A parent/guardian signature is required on the form, as well as the dates and reason for absence, along with signatures from the student's teachers and the Associate Principal. The form allows for teachers to communicate with students the coursework that is to be completed before, during and after the absence. Students are responsible for completing any coursework assigned to them during this absence.

CO-CURRICULAR PARTICIPATION POST HIGH SCHOOL EXPLORATION

Students are required to be in school all day in order to participate in co-curricular athletics/activities after school unless granted pre-approval by the Athletic/Activities Director. Full guidelines can be found in the Co-Curricular Code.

POST HIGH SCHOOL EXPLORATION

Junior and senior students are permitted two (2) post-high school exploration visits per school year, provided appropriate documentation of the visit is submitted to the Attendance Office. Students may use this option for college visits, meetings with military recruiters, or job-shadowing opportunities. The required form is available in the Attendance Office or on the WUHS website by clicking [here](#). The absences will be considered a College Visit (CV) for attendance purposes and will not count against a student's attendance limit for exam exemptions. Students must submit the completed form to the Attendance Office within two days of returning to school.

FIELD TRIPS AND OTHER SCHOOL-SPONSORED ACTIVITIES

Field Trips and School-Sponsored activities are considered extensions of the classroom and therefore students are not considered absent from school when their attendance is marked as School-Sponsored (SS) or when they are on a Field Trip (FT). These activities may include release time for when a school-sponsored club or athletic team needs to leave school for a competition or other activity that requires them to miss part/all of the day. School-Sponsored release time and field trips are cleared in advance by the Athletic-Activities Office or other school administration. If an activity or field trip were to return before the end of the school day, students would be required to return to their regularly scheduled classes for the remainder of the day.

While on the field trip, students are held to the same rules and expectations as outlined in the student handbook.

Students may be denied for a Field Trip if they do not satisfactorily comply with the pre-trip requirements. Any teacher or administrator may deny a student permission to attend a field trip for one or more of the following reasons:

1. Excessive absences
2. Missing work / overall academic performance
3. Behavioral concerns

MAKE-UP TIME FOR WORK MISSED

1. As a minimum standard for every day a student is excused absent, he/she will be allowed to have a day to make up missed work.
2. Students who miss class due to a field trip are responsible for the schoolwork of that given day.
3. Parents may request homework for students who are absent from school for two or more consecutive days. When requesting homework, parents should call the attendance office prior to 9:30 A.M. to request that assignments be gathered for their student. Students who are absent due to illness for an extended period of time (more than five consecutive days) will need a doctor's excuse. Students are also encouraged to check their teacher's webpage to access assignments and materials during an absence.

TRUANCY

Waterford Union High School considers a student to be truant who is absent without valid cause for a school day or any portion thereof, as defined in Section 118 of the Wisconsin School Code. Students who are truant for a school day or any portion thereof are subject to the following:

First Offense: No credit for class(es), conference with student, parent notification. One (1) hour after-school detention will be assigned. If a student fails to serve after-school detention, the student will be assigned Saturday detention (2.5 hours) in place of one hour after-school detention.

If a student fails to serve Saturday detention, the student will be placed in In-School-Suspension (ISS) the following school day. After serving a full day of ISS, the Saturday detention will be considered served.

Second Offense: No credit for class(es), conference with student, parent notification. Saturday detention (2.5 hours) will be assigned. If a student fails to serve Saturday detention, the student will be placed in In-School-Suspension (ISS) the following school day. After serving a full day of ISS, the Saturday detention will be considered served.

Third and Subsequent Offenses: Referral to the Village of Waterford Police Department for municipal truancy citation per village ordinance and Wisconsin Compulsory School Attendance Law (118.15).

BULLYING AND HARASSMENT

Everyone has a right to work and learn in a positive and safe school environment. This right is supported by the Board of Education and by both local and state ordinances (Harassment Ordinance 9.085 (3) & Wisconsin Statutes Ss120.131(1)(c). Therefore, the school will not tolerate any behavior that interferes with a student's or staff member's well-being or that creates an intimidating, hostile or offensive school environment. Examples of such behaviors include, but are not limited to:

- Physical aggression such as hitting, kicking, spitting, pushing, taking and/or damaging personal belongings
- Making threats of physical aggression
- Making comments that are degrading, involve slurs, or involve negative stereotypes
- Making comments that involve taunting, malicious teasing, or name calling
- Unwelcome sexual comments or contact
- Cyber bullying, including the use of the internet or cell phones to post slurs, rumors, disparaging remarks or threats about a student or staff member. This includes postings that take place outside of school if the posting affects a student's or staff member's emotional or physical well-being at school.

Students who witness or are victims of harassment or bullying by anyone at school are advised to discuss the situation with the school's associate principal or guidance counselor. They can also report the situation using the "Safe School Form" found on the school's website. Staff members who are victims should bring the matter to the administration.

Whenever a report is made about bullying or harassment, the matter will be investigated. In this process, students will not be required to attend a face-to-face meeting with the individual(s) involved in the bullying or harassment. At the completion of the investigation, a decision will be made regarding the need for a consequence. The consequences could include any one or a combination of the following: parent notification, parent conference, recording the incident in the student's file, suspension, referral to law enforcement and possible recommendation for expulsion.

DRESS CODE

Dress and grooming are important because the way people dress tends to reflect the way they think about themselves. WUHS holds to the ideal that, while here, students should be in an environment of respect and high social expectations. As such, some behaviors or modes of attire acceptable in other situations are not appropriate for the school environment. Specific guidelines governing student attire during the school year are as follows:

- Writing or pictures on clothing/jewelry that includes, but is not limited to the promotion/ advertisement of drugs, alcohol, tobacco, obscenities, double meanings, sexual innuendos, weapons, violence, culturally insensitive materials or hate symbols, including the Confederate flag, will not be permitted on school premises.
- Wearing of hats, hoods, or bandanas is prohibited during the school day. Hats must be removed upon entering the building, remain off and in lockers until 3:00 or dismissal bell.
- Jackets and coats (attire that is considered outerwear) may not be worn during the school day.
- Chains and spike collars may not be worn during the school day.
- No exposed undergarments or see-through/mesh/sheer material.
- Pajamas and blankets are considered as inappropriate attire for the school environment.
- Pants waistline must be secured above the hipline of the individual.
- Shorts must be an appropriate length with a minimum 3" inseam
- Skirts must be longer than the fingertips when arms are extended at sides in a standing position.
- Tears or rips must be below fingertips when arms are extended at sides while standing.
- Students wearing tops that are too revealing or shorts/skirts that are too short (micros) will be expected to change into school-appropriate attire. Any skin showing on the shoulders, back, or midriff area is deemed unacceptable.
- Sleeveless tops are permitted but the strap must be at least the material width of 2" (width of student ID card). Spaghetti straps, halter tops, tube tops, bare midriffs, loose fitting tank tops or clothing that is too revealing are not acceptable.
- Backpacks and large purses must fit under student desks.
- Shoes may not have a fabric or cloth sole. By law, shoes must be worn in the building at all times.
- Appropriate attire is expected at all school events.

The dress regulations highlighted are general guidelines. The school administration reserves the right to make a final decision on appropriate dress and include other restrictions or prohibit other items of clothing specifically mentioned above to provide a safe, positive learning environment. On judgments of appropriateness, WUHS will err on the side of modesty.

Infractions of the WUHS dress code will lead to the following consequences:

1. Log entry will be made, students will be given the option of changing, reversing, or calling home for alternative clothing. Student may be sent to the office.
2. If a second infraction occurs on the same day, the student will be sent to the office. A second log entry will be made, item will be removed/changed when appropriate, parent will be notified, and item will be returned to parent/guardian. Student will be issued a Saturday detention for Insubordination.
3. If a second dress code infraction occurs on another date, an after school detention may be issued.
4. Third offense for repeated clothing violations, results in a Saturday detention and parent meeting.
5. Additional violations will result in additional disciplinary action to include suspension.

PROGRESSIVE DISCIPLINE PLAN

In the event that a student's conduct warrants serious consideration, the following discipline steps will be followed. In the case of a major offense which endangers the health or safety of the students or staff, the administration may move ahead to any one of the following steps of the discipline plan, up to and including expulsion.

Step One The student is suspended for up to five (5) days. A verbal and written warning will be given to the student and a conference with the parents and Associate Principal will be held. A letter will also be sent to the parent/guardian and notification will be given to the guidance personnel. The student and/or the parent/guardian have the right to appeal the suspension.

Step Two (*Principal's Hearing*) The procedure, as identified in Step 1, shall be followed. The suspension shall be for a maximum of five (5) days. The student may be placed on probation and be given written conditions for his/her continued enrollment in school. The parent/guardian and guidance personnel shall also be notified. A conference with the Principal, Associate Principal, the parent/guardian, and the student will be required before the student may return to school.

Step Three (*Superintendent's Expulsion Abeyance Hearing*) The procedure as identified in Steps 1 and 2 above shall be followed. The suspension shall be for a maximum of five (5) days. A conference with the Superintendent, Principal, Associate Principal, the parent/guardian, and the student will be required before the student may return to school. Guidance personnel will also be notified.

Step Four (*Expulsion Hearing*) If the student's behavior does not improve or should additional violations be evident which reflect a continued pattern of negative behavior, consideration of a recommendation for the expulsion of the student shall be determined by the Superintendent. The suspension shall be for the maximum of fifteen (15) days. If the student is an EEN student, the suspension shall be for a maximum of ten (10) days. A complete written summation of all documentation relevant to the case shall be supplied to the Superintendent.

If accord is reached to recommend expulsion, a formal hearing shall be convened with the Board of Education to determine disposition of the case. All legal requirements for expulsion shall be followed as provided by statute. The length of the expulsion shall be determined by the Board of Education "WI Stats. 120:13(5)(c)(1)and(2) 'The school board may expel a pupil from school whenever it finds the pupil guilty of repeated refusal or neglect to obey the rules, or finds that a pupil knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives, or finds that the pupil engaged in conduct while at school or while under the supervision of a school authority which endangered the property, health or safety of others, or finds that a pupil while not at school or while not under the supervision of a school authority engaged in conduct which endangered the property, health or safety of others at school or under the supervision of a school authority or endangered the property, health or safety of any employee or school board member of the school district in which the pupil is enrolled, and is satisfied that the interest of the school demands the pupil's expulsion. In this subdivision, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property. In addition to the grounds for expulsion under subd. 1., the school board may expel from school a pupil who is at least 16 years old if the school board finds that the pupil repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct does not constitute grounds for expulsion under subd. 1., and is satisfied that the interest of the school demands the pupil's expulsion.'"

DISRUPTIVE BEHAVIOR LEADING TO CLASSROOM DISMISSAL OR REMOVAL FROM THE CLASS

Students in the Waterford Union High School District shall be expected to conduct themselves in a manner that is not contrary to the best interests of the other students and the school. Students will not be permitted to disrupt the educational rights and privileges of other students.

Teachers have the responsibility of establishing classroom rules that will create an atmosphere conducive to teaching and learning. Teachers will prepare and distribute a written Code of Conduct for their classroom.

ELECTRONIC DEVICES

Students seeking to utilize personal devices at school must adhere to acceptable use agreement as outlined on the school website.

There are specific guidelines for appropriate use of electronic devices. Inappropriate use of electronic devices including, but not limited to headphones, iPads, iPods, phones, tablets or peripherals will result in:

1st incident- confiscated, warning and parent notification

2nd incident-confiscated, 1-hour detention, parent notification.

3rd incident-confiscated, 2.5-hour detention, parent notification, parent pick up at the end of the day.

4th incident- confiscated, administrative meeting for repeated refusal to follow school guidelines

5th incident- confiscated, ISS for repeated refusal to follow school guidelines, parent signature required & pick up at the end of the day.

OFF-CAMPUS CONDUCT

“Under WI Ss 120.13(1)(c), 1 related to conduct which occurs under the supervision of school authority, and conduct which occurs off school premises, but nonetheless endangers others at school. Students who use school “connections” with other students to enter agreements on school grounds for the purchase of drugs, even though the actual exchanges subsequently occurred off school grounds are subject to school discipline.”

OFFENSES THAT REQUIRE INVESTIGATION

On occasion, it will be necessary to carefully investigate situations that occur in a high school atmosphere. Students will be questioned about such incidents whether directly or indirectly involved. It is expected that when an administrator questions a student, he/she will cooperate in a manner advantageous to the school climate and culture. Failure to cooperate could lead to disciplinary action by the school.

SEARCH AND SEIZURE

School authorities have the responsibility of safeguarding the safety and well-being of the students in their care. The Board recognizes that the privacy of students or his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion that the search will turn up evidence that the student has violated or is violating either a particular law or a particular rule of the school. Any search under this paragraph must be reasonable in scope and reasonable in the manner in which it is conducted. The extent of the search will be governed by the seriousness of the suspected infraction, the student’s age and gender, the student’s disciplinary history, and any other relevant circumstances or information.

LAW ENFORCEMENT REFERRALS

1. Fighting will result in a referral to law enforcement and the student(s) will also be suspended. If the behavior is severe, an associate principal, principal, superintendent or expulsion hearing could be held.
2. Smoking or possession of tobacco or vaping materials on school property is forbidden and violators will be referred to law enforcement.
3. The use of chemical spray, bomb threats, and fireworks requires referral to law enforcement and the student will be suspended. If the behavior is severe, an associate principal, principal, superintendent or expulsion hearing could be held.
4. The use of vulgar language and swearing at faculty members, or threatening a staff member will result in referral to law enforcement. The student will also be suspended. If the behavior is severe, an associate principal, principal, superintendent or expulsion hearing could be held.

5. The possession, distribution, solicitation or use of alcohol, drugs, and controlled substances requires referral to law enforcement and the student will also be suspended. An associate principal, principal, superintendent or expulsion hearing could be held.
6. Theft of materials, which belong to the school, staff members, or to another student, will result in suspension.
7. Tampering with fire alarms requires referral to law enforcement. The student will also be suspended.
8. Any student who possesses a firearm in a school zone will be immediately suspended. A referral to law enforcement will result and an expulsion hearing will be recommended.
9. Any student at WHS who is caught stealing or vandalizing property will be referred to the administration, may be dropped from the class with a failing grade, and may be referred to the Racine County Sheriff's Department for law enforcement action.
10. Any Student possessing a weapon, facsimile weapon, or object used to cause harm to another may result in suspension, recommendation for expulsion and/or law enforcement referral.

OUT OF SCHOOL SUSPENSIONS

A student who is issued an Out-of-School Suspension will be permitted to make up all missed work within a reasonable period of time. Assignments, where required, are to be made up and submitted to the teacher. Before a student is sent home suspended out of school, parent contact will be made by school authorities.

Until the suspended student is reinstated, he/she is not to be on school grounds or attend school-sponsored events. If discovered on school grounds, the student will be considered trespassing and referred to law enforcement.

TARDINESS

Other than its students, the most precious resource a school has is time. Waterford Union High School has 60-minute class periods and students are expected to be to class on time. Timeliness is a trait that is carried into life and students who are tardy to class will continue that trait in the future with severe consequences. Waterford Union High School will take a strong stance on students arriving to class on time. Students must be in their classrooms when the bell rings or they will be considered tardy.

Missing the bus, oversleeping, having a car that will not start are not excusable tardies according to School Board policy. Continued tardiness is poor planning and generally indicates a negative attitude toward school. Repeated tardiness will require disciplinary action that could lead to suspension.

Parents are permitted to excuse a student late to school during the 1st hour up to two times over the course of the school year for a reason that is out of their control. A third tardy is not excusable and will be subject to school discipline.

STUDENTS WHO ARE TARDY FOR CLASS

Tardiness to class interrupts the learning process that takes place in a classroom; therefore, tardiness is considered disruptive behavior.

1. If less than 10 minutes late to class, the teacher will follow tardy steps listed below. If more than 10 minutes late to class, student will be considered absent.

Tardy # 1	Individual verbal warning
Tardy # 2	15-minute detention
Tardy # 3	30-Minute detention and phone call home
Tardy # 4	Office referral- Associate Principal contacts parent, 30-minute detention with teacher
Tardy # 5	Student not admitted to class-sent to office until he/she meets with Associate Principal, Saturday detention
Tardy # 6	Student not admitted to class, sent to office until he/she meets with Associate Principal, in school suspension
Tardy # 7	Student not admitted to class, sent to office until he/she meets with Associate Principal out of school suspension
Tardy # 8	Principal hearing that could result in a "WF" from the class This process begins new at semester.

DETENTIONS

Detentions are held after school in the main office from 3:00 P.M. to 4:00 P.M. They will also be held on Saturday mornings from 8:00 A.M. to 10:30 A.M. Students are expected to bring study materials to detention and will study for the entire period.

FAILURE TO SERVE DETENTIONS

STUDENTS WHO FAIL TO SERVE AN AFTER SCHOOL DETENTION

1. *Can be issued a Saturday detention.*
2. *Parent will be notified of Saturday detention.*

STUDENTS WHO FAIL TO SERVE A SATURDAY DETENTION

1. *Missing a Saturday detention will result in an In-School Suspension.*
2. *Parent will be notified of In-School Suspension.*

DETENTION GUIDELINES

1. Students must report on time.
2. Study materials must be brought to detention.
3. There is no talking, visiting, or note passing or use of electronic devices during detention without permission.
4. Students who have outstanding detentions will not be eligible for field trips, games, contests, plays, etc.
5. There should be few reasons for students to be assigned detention. Students are expected to be to class on time, show respect for each other and for authority, and exhibit proper citizenship in high school.
6. Students who are dismissed from detention because of behavior will receive no credit for serving the first time. The second time an additional detention will be added. The third time will result in suspension.

TEACHER ISSUED DETENTIONS

Teacher issued detentions carry the same weight as a detention issued by the office of the Principal. Students who refuse to serve will have one detention added. Teachers will contact the parent when a student misses a detention with them.

IN-SCHOOL SUSPENSION

In-school suspension is for students who have repeated violations with school rules, *failure to serve a Saturday detention* and for students with severe school violations. The Dean of Students is in charge of the program. Even though students are removed from the social aspects of their school day, they are still entitled access to and expected to complete their academic work.

Students who are assigned to in-school suspension will be there for the full day, in most cases. A teacher will supervise them each period.

Students may be put in the in school suspension room for various reasons.

1. Students who fail to serve Saturday detentions.
2. Students who habitually choose to be tardy.
3. Students sent out of class for behavior problems.
4. Students who are suspended out of school and whose parents cannot be reached at home or work. (Remainder of that school day or until parents transport student out of school for home suspension).
5. Students who are insubordinate to staff and others (language, refusal to follow a direct request, etc.).

Students assigned to in-school suspension are expected to bring study materials and are expected to study the entire day.

Students are limited to three (3) in-school suspensions per semester. Once a student accumulates three (3) in-school suspensions, a parent conference will occur. If a student receives a fourth (4) in-school placement, the student will be suspended out-of-school for one day. If a student fails to serve additional Saturday detentions or in-school suspensions, parent conferences and out-of-school suspensions will be imposed.

IN SCHOOL SUSPENSION GUIDELINES

1. Students will bring all books and study materials to the room.
2. No eating except at lunchtime. Students will be escorted to the lunchroom and back.
3. Students will spend the entire day in the room. If a student walks out, an out of school suspension may result. Parents will be notified if the student leaves the room.
4. Unrelated materials (games, listening devices) are not allowed.
5. Conversing with other students or causing a distraction that affects others may result in an additional ISS or removal.
6. Students may ask for academic help from any of the various supervisors.
7. No use of cell phones will be permitted.
8. No sleeping.
9. Students assigned to the room must adhere to all of the above rules. Penalties for failure to comply will range from added time in the room to suspension from school. Serious repeated violations will result in a recommendation of expulsion.

Waterford Union High School
Accountability Matrix Grades 9–12

The following matrix provides guidelines for accountability actions, when such action is warranted in order to maintain a safe and healthy learning environment for all. The potential consequences are not always progressive, as a severe action or misconduct may result in a higher level consequence, even if it is the student's first time engaging in the conduct. All accountability actions are meant to be reparative and to protect the welfare of the school community. For any questions regarding a peer matter, please contact your child's administrator of record.

***Most disciplinary offenses fall into the categories in this chart. Appropriate action in all cases is at the discretion of the administrators, and in accordance with state and federal law.*

Confiscated items are kept until the end of the school year. Students may claim these items on the last day of school. Earlier release must be to a parent, but only with approval from an administrator.

GENERAL INFORMATION

SCHOOL LOCKERS

Policy 5771 indicates a hall locker is assigned to each student. School lockers are the property of Waterford Union High School and the school retains the right to regulate the use of lockers by students. The following regulations apply to all school lockers that may be assigned to students throughout the building.

Each student will be assigned a hall and gym locker. Students participating in athletics will be assigned athletic lockers. These lockers are provided for the convenience of the students for the storage of outer garments, footwear, or school-related materials, and no student shall use the locker for any other purposes.

The lockers, although assigned to a student, remain as the property and under the control of the school district. Locker searches may be conducted by a school administrator or other employees if specifically authorized by a school administrator.

1. Students assume all responsibility for the contents of the assigned lockers. The Board of Education and the school is not responsible or liable for any losses that may occur. Never leave a locker unattended or share the combination. Most locker losses are the result of shared lockers. Phy. Ed. and athletic lockers should also be locked at all times.
2. Lockers should be kept clean and orderly. Do not store glass containers, cosmetic items, paints, inks, and such items in lockers.
3. Lockers may not be defaced in any manner.
4. Students should plan their day to minimize locker usage during class periods. Students are not permitted to go to lockers once classes begin.
5. Report locker problems to the office.
6. The school retains the right to hold locker inspections during the school year. Lockers may be searched if there is reasonable cause to suspect illegal or stolen contraband.
7. Student lockers are not to be shared. The most common locker problem arises with the sharing of lockers.
8. Do NOT share your locker combination with any other student or friend. We strongly encourage you NOT to preset the locker combinations.
9. Students who vandalize lockers (graffiti, stickers, kick, etc.) will be assessed a fee to clean and repair the locker.

LOST AND FOUND

All articles found should be taken immediately to the Main Office. A student seeking a lost article should check there first. Waterford Union High School is not responsible for lost or stolen items.

USE OF TELEPHONE

Students are advised that they should use the student telephone that is located in the Main Office or Attendance Office.

HALLWAY PASSES

Students need to obtain permission to leave a classroom from the teacher in charge before leaving their assigned area. The **Waterford Union High School Planner** will be used by all teachers for hall passes. Upon receiving permission, students should proceed to their destination without delay.

TEXTBOOKS

Any and all teacher issued textbooks becomes the responsibility of the student. If lost; the student will be charged a replacement fee. If located by clearing staff, the student may be charged a \$5.00 service fee for each text located.

IDENTIFICATION CARDS

A student will receive an identification card after payment of his/her fees at the beginning of the school year. A student photo will appear on the card. Since it is necessary to present the I.D. card at school functions, a student is asked to carry his/her card with him/her at all times. Student ID's are required to purchase food or beverages through Taher food service. If a replacement card is needed, a \$5.00 fee will be assessed.

FUNDRAISING

Soliciting contributions of collecting funds for any purpose on the school premises or at a school supervised activity without the permission of the building administrator is forbidden. Solicitation in classrooms is not allowed.

DANCE GUIDELINES

Students are expected to comply with the dance guidelines established by Student Council and Administration. Established guidelines prohibit students from 'grinding' or simulating grinding/sexual postures from behind or in front of dance partner. Failure to adhere to the dance guidelines will result in parent notification and removal from the dance without a refund. If a student is removed from a dance, they forfeit their right to attend the next dance sponsored by Waterford Union High School.

CLOSED CAMPUS

Waterford Union High School has closed campus. The purpose of closed campus is to improve the educational focus. This will require students to stay on campus the entire day they are in school. If a student needs to leave the building at any time, including lunch, that student needs to check out with the Attendance Office. This requires that the office make parent contact before they can leave the campus. It is advisable that the student brings in written permission from the parent to the Attendance Office before the start of school. This will allow the student to leave immediately after checking out.

Students who leave campus without permission will be considered truant and receive the appropriate consequences including possible suspension. Students who do not check out of the Attendance Office correctly will also receive the appropriate consequences.

SCHOOL ASSEMBLIES

Periodically school assemblies are planned during the school year. Attendance at all assemblies is required unless prior approval has been granted by school administration.

AFTER SCHOOL HOURS

Students are required to be supervised by a coach, advisor or teacher after 3:15 p.m. on school days. Students are not permitted in the school building prior to 7:00 a.m. The commons will be considered off limits without supervision and the school must be cleared fifteen (15) minutes after the conclusion of all home events.

STUDENT PARKING

Students who park in the upper lot will be required to have a parking permit. A limited number of parking permits will be issued to students and permits are non-transferable. Students graduating early are eligible for a pro-rated parking fee upon successful completion of graduation requirements. All **student fees (current and past due) must be paid in full prior to purchasing a parking permit**. This permit must be attached to the rear view mirror of the vehicle. The police will ticket students who park in the upper lot without a parking permit. Parking permits will be issued on a priority basis:

1. Students with special needs (e.g., medical excuse)
2. Students taking work related supervised program
3. Students with senior status
4. Students with junior status
5. Students with sophomore status

If there are too many applications for parking permits, a lottery system will be used.

There are additional parking places in the lower lot located by the baseball and soccer fields. Any student may park in the lower lots without a permit.

VEHICLE REGULATIONS AND RESPONSIBILITIES

All rules apply to automobiles, motorcycles, and any other motor vehicle. All vehicles parked on school property are subject to search. The student parking area is furnished by the school district as a courtesy to students who elect to drive to school and can follow these rules.

2. Cars without placards will be referred to law enforcement.
3. The parking lot is off limits at all times. Cars may not be taken from the parking lot during the lunch hours. Vehicles should be kept locked at all times. The school is not responsible for damage or theft to student vehicles.

CHROMEBOOK INSURANCE

All Waterford Union High School students are provided with a school issued Chromebook. The assigned Chromebook will stay with the student throughout their educational years at WUHS. At the time of graduation, students have the option to return their assigned Chromebook or to purchase it at a reasonable price (currently \$40). To help offset the cost of repairs, students pay an annual insurance fee of \$20. This fee will cover all damages due to accidental breakage, normal wear and tear, and any hardware failure. The insurance will not cover loss or theft, the charger, or any intentional damage. To help offset the cost of future insurance, there will also be an additional charge of \$10 for any repair to a broken screen. This fee will help cover the replacement cost for the newer touch-screens and offset the large deductible implemented by the insurance company. All Chromebooks will be issued with a protective cover. If the cover is removed, damage may not be covered under the insurance.

SECURITY

BUILDING SECURITY

After school begins, all students and visitors should enter through door number 1. Please be aware that WHS utilizes video surveillance as a means to provide a more secure facility. At no time do we assume the responsibility to prevent a poor decision due to these cameras. Waterford Union High School realizes that responsibility lies with the perpetrator.

VISITORS

Visitors must present identification at the front door, sign in with the attendance office and wear a visitor badge. Student visitors are permitted for educational purposes only and need administrative approval.

TIP LINE/SAFE SCHOOL FORM

To assist in maintaining a school-safe environment for students and staff, Waterford Union High School has established an online reporting tool and telephone tip line. Students and adults are encouraged to use the Safe School Form or telephone tip line to report incidents, bullying/harassment or safety concerns. Tip line number is (262)534-3189. Safe School Form can be found on WUHS website. Emergencies should be reported to the Waterford Police Department via 911.

ALICE EMERGENCY PROTOCOLS

Waterford High School utilizes the ALICE, options-based system during emergency situations at school. Students and staff take part in regular training and exercises throughout the year.

FIRE DRILLS

A fire evacuation plan is posted in each room. Each student should study the plan and become familiar with it. Everyone must clear the building when a fire alarm goes off, without exception. The staff of Waterford Union High School cannot assume that it is a false alarm and it must be treated as a legitimate fire alert.

When a fire alarm sounds, leave the room immediately. No one is to pass another student or break the line of march. Running is not permitted. The first students to reach an outside door are to hold it open until all have left the building.

Students are not allowed to talk during a fire drill and are to remain at least 50 feet away from the building until the signal is given to re-enter. No one is to return to the building until the signal bell rings.

TORNADO DRILLS

Notification of room evacuation due to a danger of an approaching tornado will be made over the loudspeaker or by student messengers. Teachers and students are to implement the directions swiftly and concisely.

POLICE CANINE UNITS

In order to maintain a drug-free school, the Waterford Union High School District reserves the right to use specially trained canines, accompanied by law officials. The areas of exploratory sniffing would be outside lockers, vehicles parked on school property and other areas deemed appropriate.
