

# Signing into your Mother Seton Google Account

1. To sign into your Mother Seton email account, go to [Google](https://www.google.com) and click “Sign In” at the top right of the screen. (Note: if someone is already signed in, you will need to sign that account out in order to sign in to the Mother Seton School Email. Alternatively, you can right-click Google Chrome and open it in Incognito mode to have a cache-free browser that can sign in to the Mother Seton without interrupting the regular Chrome browser.)

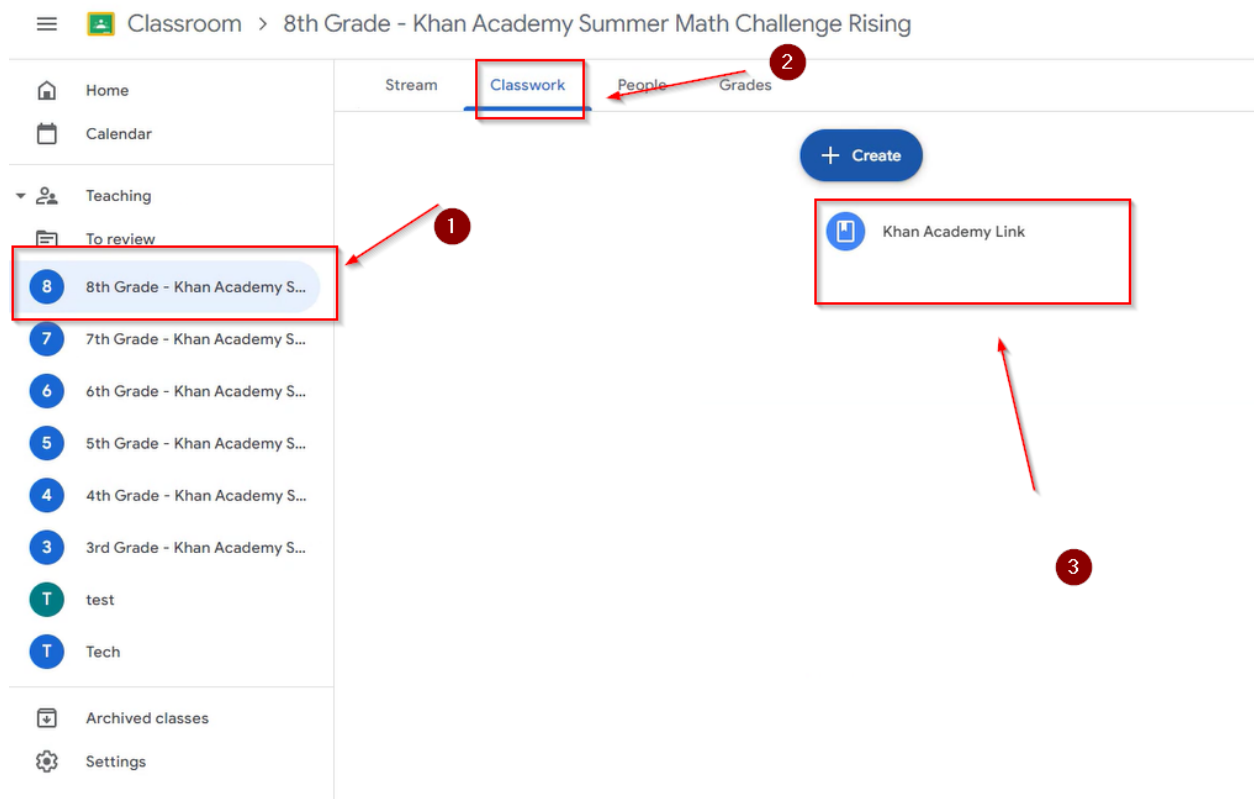

2. Sign in with the provided Mother Seton School credentials.

- Once signed in, click the block of 9 dots in the top right corner and select "Classroom".

- The account should already have the Khan Academy class added to the student account. Clicking on the class and then the classwork tab in the assigned Khan Academy class will give you a link to Khan Academy.

- Follow the link, select login in the top right, and choose the option to sign in with Google. The classwork the student was assigned for the Summer Math Challenge should then be displayed in the left sidebar.
