## SIX-PERIOD DAY WAIVER FOR COLLEGE CLASSES

### Grades 9-12

-------	------------	-------

**TUHSD Administrative Regulation 6112 provides exceptions to the minimum 6-period course load. I am applying for a waiver of the 6-period day on the basis of concurrent college enrollment.**

If you want your college courses to appear on your high school transcripts, you will need to complete a “Request for High School Credit for a College Course” form AND have an official transcript mailed to Redwood. No credit will be granted until the transcript is received by Redwood. See your Redwood counselor for advisement.

**It is understood that if the circumstances under which I was granted a waiver change (i.e. drop the college course), I will notify my Redwood counselor. I will be required to add a Redwood class at that time. I understand that if I do not notify my counselor, and it is determined I have not fulfilled the terms of my waiver, my status could be in jeopardy.**

I also understand that to maintain athletic eligibility, I must be enrolled in a minimum of 20 credits and currently earning at least a 2.0 GPA. I must attend at least 4 regular periods or 2 block periods the day of any competition.
