

Community Compact

We understand and agree to work together, to the best of our abilities, as educators, parents/guardians, and students to fulfill our common goal of partnering for student success.

The mission of the Santa Fe Indian School is to prepare our students to become Ideal Graduates: SFIS graduates will understand the issues facing tribes in the Southwest and will be committed to maintaining Native American cultural values. They will participate in the culture of their communities and will have the skills to pursue the education and careers that will benefit them, their families, and their people.

These skills will include:

- Creative problem solving, using the analysis of complex problems, the synthesis of collected data, and the communication of clear solutions;
- Critical, confident, independent and interdependent, life-long learning;
- Working productively with all types of people and making good choices.
