Insurance benefits shall begin immediately upon retirement.

To qualify for post-retirement health insurance, an educator must have a contract start date on or before June 30, 2007. No educator hired or rehired after June 30, 2007 shall qualify for post-retirement health insurance benefits.

**14.4.2 Post-65 Health Insurance Benefit.** Educators with 25 or more years in education and 10 years in Tooele County School District before June 30, 2000 shall be covered by this policy. All retirement insurance benefits terminate upon the death of the retiree and are not transferable to dependents.

### **14.4.3 -Retiree Insurance Premium Contributions**

Retirees that receive an insurance benefit will pay the current active amount of their insurance premium as negotiated year to year.

As of June 30, 2000, all retirees that qualify for lifetime Medicare supplemental insurance will not be required to pay any amount towards their Medicare

supplemental insurance premium once they and/or their spouse reach age 65. They will still be required to pay the requisite premium contribution amount.

To qualify for a "dual insurance" pre-65 health benefit, both retirees will be required to pay the requisite premium contribution amount.

The premium contribution required will follow the retiree until the termination of the benefit period or death of the retiree. The premium contribution will be subject to the annual inflationary trend of insurance premiums. The non-payment of insurance premium contributions will result in the termination of insurance benefits. All past-due amounts will be reviewed after 90 days. If a retiree withdraws or is terminated from any part of the insurance plan, the retiree shall not be allowed to enroll at a later date.

The employee shall have the right to appeal the determination of years of employment (URS Service) pertaining to this policy. The Superintendent of Schools will review appeals.

The Board has adopted this policy and provisions for the purchase of military time.

Consideration for the purchase of military time shall be made by the Board of Education based upon a review of each application and contingent upon the merits of each application. Only one year of military time shall be purchased in any given instance.

Purchase of military time shall not result in financial loss to the District. Such variables as early retirement, fringe benefits, and differences between the retirees' and replacements' salaries shall be taken into consideration. Persons making applications for consideration of this policy must have at least twenty-nine years of service but not more than thirty in education, ten of which are in the Tooele County School District.

**14.5 Re-employment of Retirees.** Retired educators of the District may return to employment by the District only according to the applicable rules of the Utah Retirement System. No educator shall have any specific expectation of re-employment by the District at the time of retirement. Any promise, commitment, or understanding made at the time of retirement between a retiring educator and any District administrator is invalid and such agreements are violations of this policy.

A retired educator of the District who seeks re-employment with the District shall follow the employment application procedures of the District and may be considered for any open position for which he or she is qualified. All elements of the hiring process shall be completed by administrators considering the re-employment of a retired educator of the District.

A retired educator of the District who is re-employed by the District shall be placed on the salary schedule with the same consideration as other newly hired educators, except

that no retired educator who is re-employed may initially be placed at higher than step 11 on a licensed educators salary schedule. Retired educators who are re-employed shall receive step and lane salary adjustments that result from negotiated agreements in the same way as all other educators. Retired educators of the District who are re-employed by the District are provisional educators for one year upon their return to the District and regain career educator status after that year.
