Office of the Superintendent

Dear Cleveland School District Community:

It is an honor to welcome you to the 2024-2025 school year. As superintendent, it is my goal to lead efforts in sustained change for the school district and community. I want to be a positive spokesperson for student achievement and ensure we involve all stakeholders in maintaining a safe and healthy environment where students can learn.

The student handbook is our guide to our district's policies, guidelines, and procedures. Please take the time to familiarize yourself and your child (ren) with the handbook along with our board policy. As we continue to make learning essential for all, we must maintain consistency in our daily learning environment.

On behalf of the Cleveland School District, I thank you for your support of our schools. We will continue to work toward our vision *to develop a community of lifelong learners who are productive citizens who engage in studies that will enable them to creatively and effectively learn and apply information.*

I wish each of you a successful school year.

Sincerely,

Dr. Lisa Bramuchi

Introduction

This handbook has been prepared to provide information concerning the policies and procedures of the Cleveland School District. These policies and procedures are designed to create a positive school learning climate for all students. They should be read carefully and discussed by parents/legal guardians and students.

School-sponsored activity includes, but shall not be limited to, practice, rehearsal, curricular and co- curricular activities, on and off school property, within and outside the school district.

The law also includes conduct occurring on property other than school property or other than at a school-related activity or event when such conduct by a pupil, in the determination of the school superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole, and to delegate such authority to the appropriate officials of the school district. Annual Public Notice of Non-discrimination in Career & Technical Education Programs

Cleveland School District's Cleveland Career Development & Technology Center does not discriminate in enrollment or access to any of the programs available. The lack of English language skills shall not be a barrier to admission or participation in the district's activities and programs. Cleveland Career Development & Technology Center also does not discriminate in its hiring or employment practices.

This notice is provided as required by Title VI of the Civil Acts Right of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990.

Individuals with questions, complaints, or needing additional information concerning Cleveland School District career and technical education offerings and specific prerequisite criteria may contact the Cleveland School District Career and Technical Education Director.

Parents Right to Know

It is the desire of the Cleveland School District to inform parents of their rights, particularly in regard to the Every Student Succeeds Act (ESSA). Parents have a right to request the following information, which can be obtained from your child's school administrator:

- A. Whether the teacher(s) has met the State qualification and licensing criteria for the grade levels/subject areas in which the teacher provides instruction.
- B. Whether the teacher is teaching under emergency or other provisional status through which the State qualifications or licensing criteria have been waived
- C. The degree major of the teacher and any other graduate certification or degree held by the teacher and the field of certification
- D. Whether the child is provided services by paraprofessionals and, if so, their qualifications

Under the Every Student Succeeds Act (ESSA), academic assessments are administered to all elementary and secondary students in the district. The Cleveland School District also provides information on each child's level of achievement in each of the State academic assessments. This

information is made available to parents as soon as the district receives results from these assessments. Additionally, the district will provide alternate assessments and accommodations as needed for students with disabilities. EL students are included in the academic assessments with accommodations provided when needed.

Authority of the Cleveland School District Board of Trustees

This school board exercises legislative authority over the Cleveland School District in accordance with the laws of the State of Mississippi. It determines policy, delegates executive, supervisory and instructional authority to its employees, and appraises the results achieved in light of the goals of this school district.

The CSD school board shall concern itself primarily with broad questions of policy and with the appraisal of results, rather than with administrative details. The application of policies shall be an administrative task to be performed by the superintendent and his/her staff who shall be held responsible for the effective administration and supervision of the entire school system.

All matters to be submitted to the CSD school board shall first be brought before the superintendent for investigation. If these matters require school board action, the superintendent shall present them to the school board.

The individual board member has no legal authority to act individually unless specifically delegated authority to act by this school board at its legal meeting.

It shall be the duty of the superintendent and the school board to limit the expenditure of school funds during the fiscal year to amounts set forth in the respective school budgets as reflected in the board minutes. It shall be unlawful for any school district to budget expenditures from a fund in excess of the resources available within that fund for such expenditures.

 - d. The superintendent of schools of this school district has determined that the child was making satisfactory educational progress in the previous state. ' 37-15-9

7. When any child applies for admission or enrollment in any public school in the state, the parent, guardian or child shall indicate on the school registration form if the enrolling child has been expelled from any public or private school or is currently a party to an expulsion proceeding. If it is determined from the child's cumulative record or application for admission or enrollment that the child has been expelled, the school district may deny the student admission and enrollment until the superintendent of the school or his designee has reviewed the child's cumulative record and determined that the child has participated in successful rehabilitative efforts including, but not limited to, progress in an alternative school or similar program. If the child is a party to an expulsion proceeding, the child may be admitted to a public school pending final disposition of the expulsion proceeding. If the expulsion proceeding results in the expulsion of the child, the public school may revoke such admission to school. If the child was expelled or is a party to an expulsion proceeding for an act involving violence, weapons, alcohol, illegal drugs or other activity that may result in expulsion, the school district shall not be required to grant admission or enrollment to the child before one (1) calendar year after the date of the expulsion. ' 37-15-9 (3)
8. No child shall be allowed to enroll in or attend any school without a valid immunization certificate. ' 37-15-1 Valid certificates include:
 - a. Form 121 -- Certificate of Compliance
 - b. Form 121-A -- Medical Exemption Certificate
 - c. Form 121-T -- Temporary Compliance Certificate

The Temporary Compliance Certificate, Form 121-T, is not valid after the date shown. After that date, the principal shall deny school attendance by such child unless or until the principal is furnished another Temporary Compliance Certificate, Form 121 T, or a Certificate of Compliance, Form 121, or a Medical Exemption Certificate, Form 121-A.

The superintendent or his/her designee will make the necessary factual determinations as required under this policy. Examples of situations where "in loco parentis" authority of an adult will be recognized to establish residency of the minor include but are not limited to the following:
 - a. Death or serious illness of the child's parent(s) or guardian(s);
 - b. Abandonment of the child;

Transfer Students

1. No student is to be enrolled in this school district until any and all questions regarding residence or immunizations have been resolved.
2. Students suspended or expelled from another school or school district may not be allowed to enroll. ' 37-15-9 (3)
3. No pupil shall be permanently enrolled in a school in this school district who formerly was enrolled in another school within the state or outside the state until the cumulative record of said pupil shall have been received from the school from which he transferred. Should such record have become lost or destroyed, then it shall be the duty of the superintendent or principal of the school where the pupil last attended school to initiate a new record. ' 37-15-9 (1)
4. Unless a transfer student is tested in the manner provided in paragraph 5 below, the student will be permanently enrolled and placed in a grade or class based on an official transcript of credits from the last school attended. ' 37-15-33
5. All students seeking to transfer from any school, public, private or home school, within or outside of the boundaries of the State of Mississippi, to this school district shall be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer.

A licensed Psychometrist, contracted by CSD, shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application for transfer. Notice of the giving of such test shall be given the applicant not less than five days prior to the date of the administration of such test.

No transfer of a pupil shall be affected until the test has been given and the pupil is assigned to the grade and class for which the test shows he is best suited. No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to had the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made.

If any student is transferred or reassigned within this school district by an order of the board of trustees of this school district as designated by law of the State of Mississippi and not at his own request, the requirement of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived. ' 37-15-33

Progress reports are to be signed by a parent/legal guardian/custodial parent and returned to the teacher within two (2) school days after having been issued. Parents may access live data on student attendance, discipline, and grades through Active Parent.

Report Cards

Grades are issued four (4) times each school year (every 9 weeks) in all schools. Grades are accessible online through Active Parent.

2. Students who are cheating on tests or assignments will be given an alternate assessment.
3. All students will be given a progress report in the middle of each grading period.
4. Teacher-parent conferences are encouraged, and an effort should be made to arrange such conferences to ensure student progress. Conferences are scheduled through the school office.

The Cleveland School District Board of Education will provide a program of language instruction to students who have limited English proficiency. Student participation in any language instruction program or instruction in English as a second language is voluntary and requires written parental permission.

IDENTIFICATION

Students who meet any one or more of the following criteria shall be identified as being limited in English proficiency. A student who:

1. was not born in the United States or whose native language is a language other than English and comes from an environment where a language other than English is dominant; or
2. is a Native American or Alaskan Native or who is a native resident of the outlying areas and comes from an environment where a language other than English has had a significant impact on the student's level of English language proficiency; or
3. is migratory and whose native language is other than English and comes from an environment where a language other than English is dominant; and

4. who has sufficient difficulty speaking, reading, writing, or understanding the English language and whose difficulties may deny such individual the opportunity to learn successfully in classrooms where the language of instruction is English or to participate fully in our society.

For more information, see Policy IK Limited English Proficiency Instruction.

Promotion and Retention

Promotion and retention shall be based upon the mastery of objectives.

1. The Cleveland School District school board shall establish standards for graduation from its schools which shall include as a minimum:

Performance indicators used to assess progress toward achieving those goals that, at a minimum, address the performance of students with disabilities on assessments, drop-out rates, and graduation rates shall be developed. Every two (2) years, the progress toward meeting the established performance goals shall be reported to the public. '37-23-133 and ' 37-23-1

For information on the awarding of a special diploma, please refer to MS Code ' 37-16-11.

School Board Policy: IHE

PROMOTION AND RETENTION PROCEDURES

Successful completion of a course shall be based on a final grade average of 65 (D) or higher.

Grade K

Suggested promotion in grade K will be determined based on 65% mastery of state objectives in reading, language arts, and math, as noted on the report card for the last nine weeks.

Grades 1-6

If a student fails one or more core course(s), the student will not be promoted to the next grade level. The core courses are reading, language arts, math, and science (5th grade only). **If offered by CSD** and administrative approval is obtained, the student may be allowed to attend the

summer school/extended school year program. Upon successfully completing the objectives covered in the summer school/extended school year program, the student shall be promoted to the next grade level.

Grade 3

In addition to what is listed for Grades 1-6, the following applies specifically for 3rd grade students:

- A student scoring below the MDE recognized cut score on the MAAP ELA Assessment for 3rd grade students will not be promoted to 4th grade, unless the student meets the good cause exemption for promotion. All good cause exemptions are listed on the district website under the link for the Literacy Based Promotion Act (LBPA).
- Students may meet promotion requirements of the LBPA by: earning a passing score (level 3 or above) on the multiple-choice portion of the 3rd grade MAAP-ELA Assessment, achieving a passing score level 3 or above on either of the two retest opportunities on the 3rd Grade Reading Alternative Assessment, or achieving a composite score of Level 3 or higher on the 3rd Grade MAAP-ELA Assessment after the writing has been scored.

Grades 7-8

- If a student fails one or more “core” courses, that student will not be promoted to the next grade. The core courses are Math, English, Science, and Social Studies.
- If a student in grades 7-8 **fails one or more core courses**, that student may be allowed to attend the summer school/extended school year program, **if offered by CSD and administrative approval is obtained**. Upon successful completion of the objectives covered in the summer school/extended school year program, the student may be allowed to be promoted to the next grade level.

Grades 9 - 12

In grades 9-12, promotion to the next level is based on successful completion of Carnegie units. The table below shows the number of Carnegie units a student must have to be promoted from one grade to the next, as well as the number of units needed to graduate.

| Grade | Units to Promote to the Next Grade Level | Units Required to Graduate |
|-------|--|--|
| 10 | 7 including English I | Based on Individual Success Plan (ISP) |
| 11 | 14 including English II | |
| 12 | 20 including English III | |

In planning for your course selections during your high school career, please keep the following requirements in mind:

- Only one Carnegie unit may be earned through correspondence.
- Two units of English cannot be taken during the same school year unless the student has fallen behind in English.
- If a student fails one core course, with the exception of English II, Algebra I, Biology I, or U.S. History (unless the student has passed the Subject Area test in that course), the student may be allowed to attend summer school/extended school year for credit with prior approval of the principal.

Intervention-Multi-Tiered System of Support (MTSS)(Policy IEA)

Mississippi State Board of Education Policy Rule 41.1

The purpose of this policy is to ensure that the behavioral and academic needs of every student are met through an instructional model that is designed to address student learning with quality classroom instruction and opportunities for intervention.

1. The Cleveland School District is dedicated to providing high-quality instruction and behavioral support to all students. The district requires schools to use a Three Tier Instructional Model to meet the needs of every student enrolled in the district, as supported by educational research and dictated by State Board Policy 41.1, which requires every school district to follow the instructional model, consisting of three (3) tiers of instruction:
 - a. Tier 1: Quality classroom instruction based on Mississippi Curriculum Frameworks/College and Career Readiness Standards
 - b. Tier 2: Focused supplemental instruction
 - c. Tier 3: Intensive interventions specifically designed to meet the individual needs of students
2. If strategies at Tier 1 and Tier 2 are unsuccessful, students must be referred to the Multi-tiered System of Support Team (MTSS team). Interventions will be:
 - a. designed to address the deficit areas;
 - b. research-based;
 - c. implemented as designed by the MTSS;
 - d. supported by data regarding the effectiveness of interventions
3. Teachers should use progress monitoring information to:
 - a. determine if students are making adequate progress,
 - b. identify students as soon as they begin to fall behind, and
 - c. modify instruction early enough to ensure each student gains essential skills.
4. Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.
5. Parental consent will not be required for students in general education settings when the following types of instruments are used for the purpose of improving general education instruction: hearing and vision screening, universal screeners, curriculum-based assessment, progress monitoring, parent or teacher questionnaires/ interviews, student observations, behavioral intervention plans, and academic interventions. Exceptions could include students with Individualized Education Programs (IEPs). All requirements under the Individuals with Disabilities Education Act (IDEA) will be followed for those students, including sending Written Prior Notice (WPN) and obtaining informed written parental consent for reevaluation when conducting hearing/vision screening, FBAs/BIPs, student observations, achievement testing, and other diagnostic testing as part of a reevaluation as defined by IDEA and state policy, or as clarified by the Office of Special Education Programs.

6. Parents of children with IEPs have procedural safeguards under IDEA and are encouraged to discuss their rights with a special education teacher or administrator if they have questions or concerns.
7. After a referral is made, the MTSS must develop and begin the implementation of an intervention(s) within two weeks.
8. In accordance with the Literacy-Based Promotion Act of 2013, each public-school student who exhibits a substantial deficiency in reading at any time, as demonstrated through
 - a. performance on a reading screener approved or developed by the MDE, or
 - b. through locally determined assessments and teacher observations conducted in Kindergarten and Grades 1 through 3, or
 - c. through statewide end of year assessments or approved alternate yearly assessments in Grade 3 must be given intensive reading instruction and intervention immediately following the identification of the reading deficiency. A student who was promoted from Grade 3 to Grade 4 under a good cause exemption of the Literacy-Based Promotion Act must be given intensive reading instruction and intervention. The intensive intervention must include effective instructional strategies and appropriate teaching methodologies necessary to assist the student in becoming a successful reader, able to read at or above grade level, and ready for promotion to the next grade.
9. A dyslexia screener must be administered to all students during the spring of their kindergarten year and the fall of their first-grade year. The screening must include the following components:
 - a. Phonological awareness and phonemic awareness;
 - b. Sound symbol recognition;
 - c. Alphabet knowledge;
 - d. Decoding skills;
 - e. Encoding skills; and
 - f. Rapid naming (quickly naming objects, pictures, colors, or symbols (letters or digits) aloud).
10. All students in kindergarten and grades 1 through 3 shall be administered a state-approved screener within the first 30 days of school and repeated mid-year and at the end of the school year to identify any deficiencies in reading. In addition to failure to make adequate progress following Tier 1 and Tier 2, students will be referred to the MTSS team for interventions as specified in the Response to Intervention Guidelines developed by MDE if any of the following events occur:
 - a. Grades 1-3: A student has failed (1) grade
 - b. Grades 4-12: A student has failed (2) grades
 - c. A student failed either of the preceding two grades and has been suspended or expelled for more than twenty (20) days in the current school year; OR
 - d. A student scores at the lowest level on any part of the Grade 3 or Grade 7 statewide accountability assessment.
 - e. A student is promoted from Grade 3 to Grade 4 under a good cause exemption

of the Literacy- Based Promotion Act.

11. Referrals to the MTSS team must be made within the first twenty (20) school days of a school year if the student meets any of the criteria a-e stated above.
12. The Board authorizes the superintendent to establish administrative procedures consistent with and in furtherance of this policy.

ADMINISTRATIVE PROCEDURES

The Three Tier Instructional Model

1. Tier 1

A. Tier 1 consists of evidence-based behavior supports and high-quality classroom instruction based on Mississippi Curriculum Frameworks and/or College and Career Readiness Standards. Tier 1 includes lesson plans designed and implemented to increase student motivation and engagement, including use of multi-media materials; scaffolding; and differentiated instruction, including activities appropriate for individual, small group, and whole group instruction; school, setting-specific, and classroom rules; routines and procedures; and positive behavior interventions and supports (PBIS) to promote success for all students.

B. If the Tier 1 strategies chosen are ineffective, the teacher must implement additional Tier 1 techniques, and/or consider whether Tier 2 and/or Tier 3 strategies are required. The teacher must maintain ongoing documentation regarding which Tier 1 strategies are implemented, data that are continually collected and analyzed, and evidence that decisions are made for individual students based on data.

C. All students enrolled in the district receive Tier 1 instruction for academics and behavior.

2. Tier 2

A. Tier 2 consists of focused supplemental instruction for small groups of students with similar strengths and needs. Grade level, subject area, and/or behavior teams will be utilized to design, deliver, and monitor Tier 2 supplemental instruction. Supplemental academic instruction is delivered two to three times per week for 15 minutes per session. Tier 2 supplemental academic instruction does not replace core instruction. Behavior supports are ongoing. Data are analyzed and graphed at least twice per month. Data will be used to determine whether to continue Tier 2 strategies, discontinue the Tier 2 strategies, modify the strategies, and/or request individualized support in the form of Tier 3 strategies from the Multi-Tiered Systems of Support Team (MTSS).

B. Tier 2 Referral Criteria: The following students are considered to be “at risk” for academic failure, behavior problems, and dropout. These students should be *considered* for Tier 2 and/or Tier 3 support as early as possible:

- 1) Students who have scored Basic on a Mississippi Assessment Program (MAP) Or their equivalent;
- 2) Students who fall at, or below, the 25th percentile on nationally- or locally Normed standardized assessments;

- 3) Students who have failed, been retained, or been socially promoted at least Once;
- 4) Students who have ever been suspended (In-School Suspension and/or Out-of-School Suspension) and who are currently exhibiting problematic behavior
- 5) Students who do not attend school on a regular basis;
- 6) Students who obtain outlying scores on behavior screeners; and
- 7) Other students with unique problems who require academic and/or behavioral Support beyond Tier 1.

C. If strategies at Tiers 1 and 2 do not substantially improve student academic and/or behavioral functioning within a reasonable amount of time, students **must be** referred to the MTSS team.

3. Tier 3

A. Tier 3 consists of intensive, individualized, scientifically research-based instructional and behavioral supports designed to effectively address **all** deficit areas for each student supported by the MTSS team. The MTSS team is the problem-solving unit responsible for designing and monitoring Tier 3 strategies in the general education setting. Each school must have an MTSS team consistent with the process developed by the Mississippi Department of Education as required by State Board Policy Chapter 31 Rule 41.1.

B. The chairperson of the MTSS team is the school principal, the school's instructional leader, or the principal's designee. The designee may not be an individual whose primary responsibility is special education. Each member of the team must have a strong working knowledge of grade level and subject area curriculum and expectations for individual students referred; diagnostic procedures; research-based academic and behavioral techniques designed to effectively remediate specific student needs; data collection and analysis; and effective consultation principles. Membership of the team can change based on the grade level of the student and their specific academic and/or behavioral needs. However, there will be a mechanism to assure consistency, such as one or more members who maintain membership, such as the Chairperson, a counselor, an academic coach, and/or a behavior specialist.

C. Tier 3 Referral Criteria The following students are considered to be “at substantial risk” for academic failure, behavior problems, and dropout. These students should be considered immediately for Tier 3 support:

- 1) Students who fall at, or below, the 10th percentile on nationally- or locally-normed assessments;
- 2) Students who have scored “Minimal” on the MAP or who have failed a Subject Area Test; Students who have failed, been retained, or been socially promoted two or more times;
- 3) Students who have ever been expelled or suspended more than 10 days in a school year;
- 4) Students who have experienced 11 or more negative contacts with school officials due to behavioral issues since entering school;
- 5) “Over-age” students;
- 6) Students with a significant history of excessive and/or prolonged absences;
- 7) Students who obtain extreme outlying scores on behavior screeners; and
- 8) Other students with unique problems who require academic and/or behavior

supports beyond Tier 2.

D. After a referral is received, the MTSS team must meet as soon as possible to analyze all available information. If the student is at substantial risk and/or the teacher has exhausted his/her repertoire of strategies, the MTSS team must develop and assure implementation of academic and/or behavioral supports within two weeks of receiving the MTSS team referral. Behavior interventions are ongoing. The primary instructor(s) must be closely involved with the personnel delivering the academic and behavioral supports for generalization, transfer, maintenance, and practice in all classroom settings.

E. No later than eight weeks after implementation of the intervention(s) the MTSS team must conduct a documented review of the intervention to determine success of the intervention(s). No later than 16 weeks after implementation of the intervention(s), a second review must be conducted to determine whether the intervention(s) is successful. If the intervention(s) is determined to be unsuccessful, then the student will be referred for a comprehensive assessment. In addition, data will be collected as often as prescribed by the research-based intervention; behavioral data will be collected as often as necessary, depending on the PBIS technique(s). Data will be analyzed and graphed by a qualified member of the MTSS team once per week, or as often as prescribed by the research-based intervention(s). The MTSS team will meet and review the data on each child in Tier 3 at least twice per intervention cycle, or more frequently if circumstances warrant. Parents must be notified about the results of formal data reviews and all MTSS team decisions that result in significant changes in the student's educational program. The MTSS team will make genuine attempts to meaningfully involve parents in the Tier 3 process.

F. If the student is not making adequate progress, the MTSS team must determine whether to modify the intervention(s). The MTSS team should consider, at a minimum, the following modifications: 1) change the amount of time in the intervention (frequency, duration, and/or intensity; 2) change interventions; 3) add an intervention; 4) conduct more frequent integrity checks; 5) conduct a diagnostic assessment(s) to assure the intervention is at instructional level and targeting the appropriate deficits; 6) change interventionist(s), 7) change the primary instructor(s), 8) change the setting, time, materials, etc., and/or 9) change the reinforcer(s), reinforcement schedule, graphing/reporting techniques.

4. Referral to the Local Survey Committee (LSC)

A. Generally, a student who has not made *any* progress after eight weeks of intensive scientifically research-based interventions, implemented with integrity, with adequate reviews, data-based decision-making, changes in interventions, etc., in an area of significant concern, should be referred to the LSC for review.

B. Students who are suspected of having a Specific Learning Disability who have not made adequate progress after an appropriate period of time when provided with appropriate instruction **must** be referred by the LSC for a comprehensive evaluation.

C. If Tier 3 instructional and/or behavioral supports have not been implemented prior to the request to the MET, the MTSS team must meet with the MET to review the data

simultaneously. Together the MET and the MTSS team will consider the need for comprehensive evaluation and plan intensive individualized instructional and behavioral supports in general education, including implementation of integrity checks and data-based decision-making. It is possible that intensive interventions and a comprehensive evaluation will be implemented *simultaneously* in this instance.

5. Discontinuation Criteria

All students enrolled in the district are expected to receive appropriate Tier 1 instruction in reading and math and behavior support from highly qualified personnel when placed in general education settings. Students no longer require Tier 2 or Tier 3 support from District personnel when:

- 1) They continue to exhibit success in Tier 2 or Tier 3 interventions for a length of time prescribed by the intervention(s);
- 2) They score six (6) consecutive data points on or above the goal line that projects them to a “normal” level;
- 3) The data review team (grade level team, subject area team, behavior team, and/or MTSS team) deems them successful;
- 4) They continue to exhibit success following the downward titration or cessation of Tier 2 or Tier 3 interventions;
- 5) They graduate from high school with a standard high school diploma;
- 6) They are 21 years of age on September 1; or
- 7) They withdraw from District.

NOTE: Students with an Individualized Education Program (IEP) are included in the District Three Tier Instructional Model, but federal Coordinated Early Intervening Services (CEIS) funds may not be used to provide general education interventions to students with IEPs. Therefore, local, state, and/or District funds must be used to provide general education instructional and behavioral interventions needed by students with disabilities to assist them in gaining access to the general education curriculum in the least restrictive environment. The MTSS team and IEP committee must work together to determine which supports are necessary from general education personnel, and what constitutes specially designed instruction and related services to be delivered by special education personnel.

The Cleveland School District shall comply with the requirements of the "Mississippi Compulsory School Attendance Law" (' 37-13-91). Appropriate reports as required by law shall be provided to the Mississippi Department of Education's Office of Compulsory School Attendance Enforcement.

COMPULSORY- SCHOOL-AGE CHILD

"Compulsory-school-age child" means a child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year; and shall include any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in a full-day public school kindergarten program. ' 37-13-91 (2) (f) (2013)

Compulsory-school-age children must be enrolled in school unless the child is:

1. Physically, mentally or emotionally incapable of attending school as determined by the appropriate school official based upon sufficient medical documentation;
2. Enrolled in and pursuing a course of special education, remedial education or education for handicapped or physically or mentally disadvantaged children; or

3. Being educated in a legitimate home instruction program. ' 37-13-91 (3)

If a compulsory-school-age child has not been enrolled in school within fifteen (15) calendar days after the first day of the school year or if a child has accumulated five (5) unlawful absences during the school year, the superintendent shall or his designee, within two (2) school days or within five (5) calendar days, whichever is less, report, on the form provided by the State Department of Education, the absences to the school attendance officer. The superintendent, or his designee, shall report any student suspensions or student expulsions to the school attendance officer when they occur. ' 37-13-91 (6)

School districts shall maintain accurate records documenting enrollment and attendance in a manner that allows the State Department of Education to make an assessment of changes in enrollment and attendance, including dropout rates.

The State Department of Education shall compile annually a statewide report on school district effectiveness in reducing absentee problems, dropout rates, and other attendance-related problems during the previous school year, incorporate the information into the annual Mississippi Report Card required by Section 37-3-53, Mississippi Code of 1972, on school district performance and offer technical assistance and coordination services to assist districts in improving performance.

Unlawful Absences/Valid Excuses

An "unlawful absence" is an absence during a school day by a compulsory-school-age child, which absence is not due to a valid excuse for temporary nonattendance. Days missed from school due to disciplinary suspension shall not be considered an "excused" absence under this section. Each of the following shall constitute a valid excuse for temporary nonattendance, provided satisfactory evidence of the excuse is provided to the superintendent or his designee:

1. Attendance at an authorized school activity with the prior approval of the superintendent of the Cleveland School District or his designee.
2. Illness or injury which prevents the student from being physically able to attend school.
3. When isolation is ordered by the county health officer, by the State Board of Health or appropriate school official.
4. Death or serious illness of a member of the immediate family, which includes children, spouse, grandparents, parents, brothers, sisters, stepbrothers and stepsisters.
5. A medical or dental appointment with prior approval of the superintendent or his designee, except in the case of emergency.
6. Attendance at the proceedings of a court or an administrative tribunal if the student is a party to the action or under subpoena as a witness.

8. Participation in a valid educational opportunity, such as travel including vacations or other family travel, with the prior approval of the superintendent or his designee. (Approval shall be based on the professional judgment of the superintendent or his designee but shall not be withheld unless the extent of the absence would adversely affect the student's education.)
9. Other conditions sufficient to warrant nonattendance, with prior approval of the superintendent or his designee. However, no absences shall be excused when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law. ' 37-13-91 (4)
10. An absence is excused when it results from the attendance of a compulsory-school-age child participating in official organized events sponsored by the 4-H or Future Farmers of America (FFA). The excuse for the 4-H or FFA event must be provided in writing to the appropriate school superintendent by the Extension Agent or High School Agricultural Instructor/FFA Advisor.
11. An absence is excused when it results from the compulsory-school-age child officially being employed to serve as a page at the State Capitol for the Mississippi House of Representatives or Senate.

NOTE: According to a 1998 Attorney General Opinion, automatic fail provision of an absences policy may not apply against legal, excused absences. Such absences policies may not be applied against absences resulting from disciplinary suspensions if absences policies are applied to truant children who are otherwise passing, The Cleveland School District must afford the child procedural due process. (Attorney General Opinion, Carter, 1-9-98) (#183) (97-0817)

School Attendance Officer

The superintendent and principals shall cooperate with the school attendance officer employed by the State Department of Education, pursuant to ' 37-13-85.

Admission of Students to the Buildings

Each administrator will establish specific procedures to be followed for students entering buildings on the campus. However, during inclement weather, students may report to specific areas designated by each school campus. The Cleveland School District will not be responsible for students arriving at school earlier than 15 minutes prior to the beginning of the instructional day or who remain on campus for longer than 15 minutes after school is dismissed for the instructional day. After that time, students may remain on campus only for a supervised activity. *School Board Policy: JBD*

Check-in Procedures

Students must follow the check-in procedure as outlined below with no exception:

- For students arriving to school after the first bell has sounded, the parent/legal guardian/custodial parent must sign the student in through the office.
 - Elementary School Day – 8:00 a.m. to 3:00 p.m.
 - Middle School Day - 8:10 a.m. to 3:20 p.m.
 - High School Day- 8:10 a.m. to 3:20 p.m.

- For a prearranged check-in, the parent or designee must come by the office in advance to sign the student back into school.

Check-out Procedures

Students must follow the checkout procedures as outlined below with no exceptions:

- For a checkout, a student's parent, guardian, or designee must be listed on the Student's Information Form in order to sign the student out of school in the office.
- No parent/guardian may check out a student the last 30 minutes of the instructional day. All parents/guardians must complete check-in and checkout in person, not via phone.
- In order to maintain an environment conducive to testing, **non-emergency checkouts will not be allowed during state testing.**
- Parents/designees may check out a student for any reason five (5) times during a year. Any time thereafter, the checkout must be for a medical reason or an emergency. Otherwise, the checkout will be considered an unexcused absence.
- Students must be in attendance 63% of the school day in order to receive credit for attendance.

Tardies

The school board believes that good attendance, with a minimum of tardiness and absenteeism, is essential if students are to gain maximum benefit from the school district's instructional program. The school board thus directs the superintendent to develop administrative regulations governing tardiness and absences (excused and non-excused).

School Board Policy: JBD

Procedures and Guidance for Tardies

Students arriving at school after classes have begun will be considered tardy. The Cleveland School District recognizes the following reasons as excused tardies:

- Tardies due to late CSD transportation, and other school related actions will be considered excused and not recorded against the pupil's tardy record.
- Medical appointments with doctors, dentists, or other medical staff, if accompanied by a medical excuse provided by the doctor are excused tardies.
- Special circumstances such as natural disasters, weather related events, etc. are excused tardies.
- Once a student accumulates three (3) tardies, the parent/legal guardian/custodial parent must sign in the student at the office. The student will receive a detention, or in school suspension to be served that day or the following day and a parent conference will be requested. The tardiness may be excused; however, it is the student's responsibility to complete any classwork missed due to being tardy.

Health and Sickness

Health, Medicine, Sickness, Allergies:

Please let the principal/teacher know as soon as possible if your child has a severe allergy to anything (insect bites, food, etc.).

If the student has an Epipen (Epinephrine Auto-Injector), the principal/teacher must be made aware of this before the first day of school. A physician must complete a Medical Form.

In all Public Schools, an Allergy plan must be completed and kept on file in the office.

Asthma: Please let the principal/teacher know as soon as possible if your child has asthma, even if it is seasonal or does not require an inhaler. A physician must complete an Asthma Form. An asthma plan must be completed and kept on file in the office.

Medical Forms may be found on the CSD Website or obtained from the school office.

All Students who have medicine to be given at school must have the form completed by their physician. The medicine must be in the prescription bottle with all pertinent labels.

SICKNESS:

If your child is sick or you suspect he or she might be sick, Please keep him or her at home! Children can catch germs very easily, and illnesses can spread rapidly in a classroom.

If your child has any of the following, **do not send them to school:**

- **Fever-** over 99.0 and must be without fever for 24 complete hours
- **Diarrhea-** must be free from diarrhea for 24 complete hours
- **Vomiting-** must be free from vomiting for 24 complete hours
- **A constant cough**
- **Pink eye- red, swollen draining eyes**
- **Rash**
- **Chicken pox**
- **Measles**
- **Pneumonia**
- **Covid**
- **Flu**
- **Impetigo**
- **Head Lice**
- **Or any other symptoms that could possibly affect the health of others**

COVID Policies:

Masks are optional.

Health and Safety Records:

A student's health and safety records will include:

- Current emergency contact information for each child. Parents must provide current contact information and notify the school of any changes in that information.
- The principal/counselor/teacher and the parent will develop instructions and/or plans for any of the child's special health needs such as allergies or chronic illness (e.g., asthma, hearing or vision impairments, feeding needs, neuromuscular conditions, urinary or other ongoing health problems, seizures, diabetes). Parents are required, for the safety and well-being of the student, to make the teacher and school aware of any condition that might affect the health or safety of the child. Medical forms must be filled out by the child's physician.

Procedure and Guidance for Submitting Parent Notes

When a student is absent for reasons that are not school-related, the student must present to the office a signed note from the parent/legal guardian/custodial parent, regardless of the reason for the absence. **A student is limited to five (5) days per year which may be excused by parental notes. After five (5) absences in a year, the student must present a doctor excuse stating the absence was for a medical reason.**

In order for any absence to be excused, the student must submit a note signed by the parent/legal guardian/custodial parent stating the reason for the absence. The student must submit this written excuse to the proper school official within two (2) days of the absence. If no excuse is presented, the absence(s) will be considered unexcused. Also, as stated above, **after five (5) absences in a year from any class, only absences due to medical reasons will be excused and documentation of those reasons must be received from a medical doctor on the day the student returns to school**

If no excuse is presented, or if it is proven that the excuse has been falsified, the absence(s) will be considered unexcused. Unexcused absences:

A student who receives an unexcused absence, for failure to bring a proper written excuse, must present proper documentation within 48 hours of their return to school, to receive an excused absence.

Make Up Work

The administrative regulations shall specify that no absence will be excused when it is due to suspension, expulsion or other disciplinary action. However, to avoid adopting a policy or administrative rule that would ensure a student's failure, the district may adopt a provision that permits or requires suspended students who are not immediately placed in an alternative school program to make up work within specified deadlines.

School Board Policy: JBD

Make Up Work Procedure

When an absence, tardy, or suspension causes a student to miss class time, that student shall be given the opportunity to make up work. It is the responsibility of the student to arrange for the make-up work to be completed. The number of days allowed for makeup work is equal to the number of days the student was absent up to a maximum of five (5) school days. For example: If a student is absent for one (1) day, make up work must be completed in one (1) day, three (3) days absent, three (3) days to make up work. If the student does not make up the work and/or project within the appropriate time frame, the student will receive a zero (0).

Dismissal from School

1. No student shall leave school without permission from the principal or his designee.
2. Students shall be allowed to be dismissed from school for personal illness or a bona fide emergency. Students must secure a dismissal permit from the attendance office, and a parent or guardian must be contacted before they will be allowed to leave school.
3. Students having an appointment with a doctor or dentist or for other valid reasons may be dismissed from school as follows:
 - a. A parent or guardian may personally come to the school and check-out a student.
 - b. The student may present a doctor or dentist appointment card to the attendance office and receive a dismissal permit.
 - c. The student may present a note from a parent or guardian to the attendance office, which contains the reason to be dismissed, time of dismissal, and phone number where the parent or guardian can be contacted, in order to receive a dismissal permit.
 - d. All dismissal permits must be obtained from the attendance office before 8:00 a.m. on the day of the dismissal.
 - e. The dismissal permit is to be used as the written excuse but must be signed by a parent, guardian, doctor or dentist in order to be valid.
 - f. Dismissal permits shall be issued for the last period of the day for doctors or dentist appointments or other valid reasons, provided the above procedure is followed.
 - g. If a note or appointment card cannot be verified, school officials reserve the right to refuse the issuance of a dismissal permit.
 - h. Work must be made up if a dismissal is for any of the reasons shown above. Work must be made up if a dismissal to meet a doctor or dental appointment causes a student to miss classwork.

Any student leaving school on school related business must first obtain written permission from his/her teacher and then personally sign out at the attendance office. Upon return to school, the student must personally sign in.

No student shall leave school without a dismissal permit or without signing out at the attendance office.

Dismissal requests during the last period of the day shall receive strict scrutiny by the attendance office due to abuse of the dismissal privilege.

Student Code of Conduct

A student code of conduct, developed under the leadership of the Cleveland School District administration, and in cooperation with staff, will be made available and distributed to parents and students outlining student conduct expectations and possible disciplinary actions, including consequences for disorderly conduct, as required by the (Every Student Succeed Act (ESSA). In addition, each school may publish a student/parent handbook detailing additional rules specific to that school. [All rules applying to student conduct shall be posted in a prominent place in each school building.]

Students in violation of Board policy, administrative regulation, and/or code of conduct provisions will be subject to discipline up to and including expulsion. Students may be denied participation in extracurricular activities. Titles and/or privileges available to or granted to students may also be denied and/or revoked (e.g., valedictorian, salutatorian, student body, class or club office positions, senior trip, prom, etc.). A referral to law enforcement may also be made.

The superintendent shall establish, and the board shall adopt a code of student conduct that shall be provided to all teachers, school personnel, students and parents, legal guardians or custodians at the beginning of each school year. The superintendent shall develop the code of conduct in consultation with principals, teachers, school personnel, students and parents, legal guardians or custodians.

The code of conduct shall be based upon but not limited to the rules of student conduct including policies JCA, JCBD, JCBE, and JCBE, and the rules of discipline including policies JD, JDA, JDB, JDC, JDD, and JDE and any and all related policies adopted subsequent hereto. The code shall be made available in the student handbook or other similar publications. The code of conduct shall include, but not be limited to the following items:

Student Conduct School

Board Policy: JCA

The administration of the Cleveland School District is based on the theory that all students are young ladies and young gentlemen and, as such, should be capable of conducting themselves in accordance with accepted standards of conduct. Every student is expected at all times to keep in mind that his conduct should not interfere with others, rather that it should be an example to others.

The primary emphasis of this school system is to provide the best quality education for the boys and girls of the district. The school system feels strongly that a basic prerequisite for any successful instructional program is that a clear understanding of the operation is based upon the policies and resulting rules. Therefore, it is imperative that policies and resulting rules be understood and followed without exception.

General Rules of Student Conduct

1. Students are expected to conduct themselves in all school activities in such a manner that will promote development rather than inhibit it.
2. A teaching situation which is conducive to learning must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be disciplined, including but not limited to being sent to the principal's office. The counselor and principal will review the case and try to resolve the problem. A student who has been sent from class repeatedly will be suspended from school.
3. Any student who starts a disturbance or who participates in one will be suspended from school immediately and will be able to re-enter only after satisfactory assurance has been given in writing to the principal by the student and by his parents or guardians that there will not be a recurrence of this sort of behavior.
4. Corridor courtesy requires that students walk in an orderly manner on the right side of the corridor.
5. Profanity, cheating, stealing, and gambling can never be accepted by the schools of this system. Such offenses can result in suspension or expulsion.
6. Radios and/or other sound reproducers shall be forbidden on campus unless specifically requested by the teacher in charge.

8. A student is strictly prohibited by law from possessing a weapon, as identified in Policy JCDAE, while on school property, going to school, going from school or during school-related activities. Any student violating this rule shall be subject to immediate suspension and recommendation of expulsion by the principal, his designee or the superintendent and subject to all other penalties and requirements provided by law and District policies.
9. A student is strictly prohibited by law from possessing, using or selling any controlled substance, including drugs and alcohol as identified in Policy JCDAC, while on school property, going to school, going from school or during school-related activities. Any

student violating this rule shall be subject to immediate suspension and recommendation of expulsion by the principal, his designee or the superintendent and subject to all other penalties and requirements provided by law and District policies.

10. A student who uses or is under the influence of any alcohol or drugs shall be subject to an immediate suspension for a minimum of 5 days or expulsion and subject to all other penalties and requirements provided by law and District policies.
11. A student who commits an unlawful or violent act, as defined by Policy JCBE, shall be subject to immediate suspension and recommendation of expulsion by the principal, his designee or the superintendent and subject to all other penalties and requirements provided by law and District policies.
12. A student, upon his second suspension for a disciplinary reason, will be informed that his third such suspension may result in expulsion.
13. Student behavior that harasses or threatens other students or school personnel will not be tolerated. This district shall treat hazing, as defined in MS Code 97-3-105 and stalking, as defined in MS Code 97-3-107, as serious offenses subject to criminal prosecution.
14. Student-to-student sexual harassment will not be tolerated. Complaints of student-to-student sexual harassment will be handled in accordance with Policy JB-P, Students Complaints of Sexual Discrimination/Harassment C Title IX Procedures.

Such expulsion shall take effect immediately subject to the constitutional rights of due process, which shall include the student's right to appeal to the local school board. ' 37-11-18
16. Any student who looks through a window, hole or opening, or otherwise views by means of any instrumentality, including, but not limited to, a periscope, telescope, binoculars, drones, camera, motion-picture camera, camcorder or mobile phone, into the interior of a bathroom, changing room, fitting room, locker room, dressing room, spa, massage room or therapy room or the interior of any other area in which the occupant has a reasonable expectation of privacy, with the intent to invade the privacy of a person or persons inside and without the consent or knowledge of every person present, for the lewd, licentious and indecent purpose of spying upon the occupant or occupants thereof, shall be Subject to immediate suspension and recommendation of expulsion by the principal, his designee or the superintendent subject to all other penalties provided by law and District policies.

Sexual Misconduct Prohibited

If any person eighteen (18) years or older who is employed by any public school district or private school in this state is accused of fondling or having any type of sexual involvement with any child under the age of eighteen (18) years who is enrolled in such school, the principal of such school and the superintendent of such school district shall timely notify the district attorney with jurisdiction where the school is located of such accusation, the Mississippi Department of

Education and the Department of Human Services, provided that such accusation is reported to the principal and to the school superintendent and that there is a reasonable basis to believe that such accusation is true.

Any superintendent, or his designee, who fails to make a report required by this section shall be subject to the penalties provided in Section 37-11-35. Any superintendent, principal, teacher or other school personnel participating in the making of a required report pursuant to this section or participating in any judicial proceeding resulting therefrom shall be presumed to be acting in good faith. Any person reporting in good faith shall be immune from any civil liability that might otherwise be incurred or imposed. ' 97-5-24

If any teacher and any pupil under eighteen (18) years of age of such teacher, not being married to each other, shall have sexual intercourse, each with the other, they shall, for every such offense, be fined in any sum, not more than five hundred dollars (\$500.00) each, and the teacher may be imprisoned not less than three (3) months nor more than six (6) months. ' 97-29-3

Harassment Prohibited

This school district affirms employee protection provided under Title VII, and therefore shall not tolerate verbal or physical conduct by any employee, male or female, which harasses, disrupts, or interferes with another's work performance or which creates an intimidating, offensive, or hostile environment.

Further, this school district prohibits sexual harassment of or by any student. This policy applies to conduct during and relating to school and school-sponsored activities. Sexual harassment is inappropriate behavior and offensive. Any student who engages in the sexual harassment of anyone in the school setting may be subject to disciplinary action up to and including expulsion.

Special Education Students

Special education students are responsible for adhering to the same rules of conduct as nondisabled students. All special education students are entitled to a free appropriate public education, even those who have been suspended or expelled. Whenever a special education student is removed for disciplinary reasons from his/her current education setting and placed in an interim alternative setting, the setting must be one which enables the student to continue to participate in the general curriculum, to continue to receive those services and modifications described in the student's current IEP, and to receive services and modifications designed to address the student's behavior. The special education director/coordinator or designee should be contacted immediately when a special education student commits a violation of the rules of conduct which may result in the removal from the classroom by suspension or expulsion. All procedural safeguards described in the IDEA shall be followed whenever a special education student is disciplined.

As provided under '37-23-135, Educational services for children with disabilities who have been suspended or expelled from school shall be provided based on the requirements of IDEA, applicable federal regulations and state regulations.

Student Restraint & Seclusion

School Board Policy: JCBA

The Cleveland School District Board of Trustees supports a positive approach to behavior that uses proactive strategies to create a safe school climate that promotes dignity, creates authentic student engagement, and improves student achievement for all students.

In accordance with Miss. Code Ann. §§ 37-9-69 and 37-11-57, it is recognized that staff may intercede in situations wherein students are displaying physically violent behavior or are deemed to be a danger to themselves or others. The use of excessive force or cruel and unusual punishment regarding student management is prohibited. Restraint and/or seclusion shall not be utilized as a punitive measure.

Only school personnel trained in the use of restraint and seclusion should be used to observe and monitor these students. Staff engaged in monitoring students shall have knowledge of effective restraint and seclusion procedures, emergency procedures, and knowledge of how to effectively debrief students after the use of restraint or seclusion.

This policy in no way shall inhibit the right of staff to reasonable self-defense in accordance with the provisions of the 5th and 14th amendments to the Constitution of the United States, or the Constitution of Mississippi, nor negate the obligation of the district to provide a safe work environment.

In any situation in which a student is a danger to himself/herself or others, and it becomes necessary to contact law enforcement or emergency medical personnel, nothing in this policy guidance shall be construed to interfere with the duties of law enforcement or emergency medical personnel.

Student Restraint

Physical restraint is considered to be an emergency response after all other verbal and non-verbal de-escalation measures have failed in effectiveness. When using physical restraint for students who are a danger to themselves or others, staff should take precautions necessary to ensure the safety of the student and the staff members engaged in restraining the student.

1. Physical restraints that restrict the flow of air are prohibited in all situations.
2. The use of mechanical restraints is prohibited, except by law enforcement.
3. The use of chemical restraints is prohibited.

Student Seclusion

The use of seclusion occurs in a specially designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. The room or space used for seclusion may not be locked and staff shall be present to monitor the student. Seclusion shall cease once the student regains control of his or her behavior.

Cell Phone and Electronic Devices in School

School Board Policy: JE – Cell Phone/Electronic Devices

The Cleveland School District is committed to providing a safe environment wherein students can learn and teachers can provide focused instruction. A safe learning climate supports high academic achievement and fosters the best in students and staff. To promote safe schools throughout the district, the school board has adopted the following policy on cell phones for students in all schools.

The district permits students to possess personal cellular phones as outlined in the policy with school approval. All cellular phones must remain in a student's book bag or purse at all times. These devices must remain turned off during the instructional day, including during all testing. A student must also have school approval to possess other

telecommunication devices such as notebooks, laptops, tablets, or other personal computers. The district will not be liable for any personal devices (such as cellphones, chromebooks, laptops or tablets) that are lost stolen or damaged on district/school property.

Cell phones may not be used in any of the following ways

1. In the hallways, including headphones;
2. Recording or going live on social media
3. Posting on social media
4. Taking pictures in class without the teacher’s permission
5. Activities that violate the rights of other students
6. Activities that embarrass or pose a threat to other student.
7. Cell phones may not be used at all during the instructional day.

Consequences of Policy Violation:

- ✓ First offense: loss of privileges for one week
- ✓ Second Offense: loss of privileges for one month
- ✓ Third Offense: loss of privileges for the year

In addition: *Privileges refer to the ability to have cell phones at school.

1. Any violation during the loss of the privilege will result in an automatic three (3) days in In School Suspension (ISS).
2. Recording a fight is an automatic minimum of three (3) days in In School Suspension (ISS) and loss of privilege for the remainder of the school year.

NOTE: *The school district does not accept responsibility for lost or misplaced electronic devices. The school district shall not be held responsible for any fees associated with the use of personal devices.*

School Searches

The Fourth Amendment to the United States Constitution and Article 3, Section 23 of the Mississippi Constitution provides all people with the right to be secure in their persons, houses, papers, and effects against unreasonable searches. However, circumstances will arise where searches of students' persons, possessions, lockers, desks and vehicles will be necessary. Administrators have the authority and obligation to exercise discretion in the implementation of this policy, balancing the District's responsibility to maintain discipline, order, and a safe environment conducive to education with the students' legitimate expectations of privacy.

Requirements

All searches must be pre-approved by the superintendent, principal, assistant principal or acting principal. No other District employee may authorize a search except where an emergency situation exists.

At least two District employees must be present while a search is conducted. If, in the discretion of the administrator or employee conducting the search, the search is particularly intrusive, the person conducting the search and the witnesses, or at least one of them, should be the same sex as the student.

No student other than the student who is the subject of the search may be present during the search. All searches must be reasonable in scope.

Searches Permitted

Searches are permitted as follows:

PERSON, POSSESSIONS, LOCKERS: Searches of a student's person, possessions or lockers may be conducted if a District employee has prior individualized reasonable suspicion that a student has violated or is violating a District policy, school rules or regulations or the law and that the search will result in discovery of evidence of such violation.

DESKS, OTHER SCHOOL PROPERTY: Searches of desks and other school property (except lockers) may be conducted at any time, with or without reasonable suspicion of a violation.

VEHICLES: Searches of vehicles driven to school by or for students may be searched by visual inspection with or without reasonable suspicion of a violation. If a visual search results in individualized reasonable suspicion of a violation, a more intrusive search of the vehicle may be conducted at the direction of the principal.

CANINE SEARCHES: The District may at any time utilize canines to search vehicles, possessions not on the student's person, desks, lockers and other school property, with or without reasonable suspicion of a violation. A canine response indicating the presence of contraband constitutes reasonable suspicion and a more intrusive search may be conducted at the direction of the principal.

GROUP SEARCHES: Caution shall be exercised when a search involving a number of students is conducted. In most instances, in order to justify a search, the District's reasonable suspicion must be particularized to an individual student. Exceptions to this requirement are appropriate only where the intrusiveness of the search is minimal, such as canine searches of lockers, desks or bookbags or automobile searches, etc.

STRIP SEARCHES: No student shall be subjected to a strip search except where an emergency situation exists and with pre-approval by the principal. No student shall be asked to remove any article of clothing in the presence of a member of the opposite sex or of other students.

Bullying & Harassment

School Board Policy: JDDA

The Board of Trustees of the Cleveland School District prohibits bullying or harassing behavior of students, school employees, or volunteers. The Cleveland School District will make every reasonable effort to ensure that no person or school employee is subjected to bullying or harassing behavior by other students or other school employees.

1. Definitions Bullying or harassing behavior is any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that:
 - a. places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or
 - b. creates or is certain to create a hostile environment by substantially interfering with or impairing a student's education, including but not limited to educational performance, opportunities, or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

The above conduct constitutes bullying if that conduct interferes with a student's education or substantially disrupts the operation of a school.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence a disruption to the operation of the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official. Retaliation or reprisal against any person, including a victim, a witness, or another person, who in good faith provides information concerning an incident of bullying or harassing behavior, is prohibited.

The Cleveland School District recognizes the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing.

“Reasonable action” includes, but is not limited to, promptly reporting the bullying or harassing behavior to a teacher, principal, counselor, or other school employee.

These procedures shall be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors.

The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

PBIS

Positive Behavioral Interventions and Supports (PBIS) is a proven, research and evidence-based discipline program that emphasizes school-wide systems of support that include strategies for defining, teaching, modeling and supporting appropriate student behaviors to create positive school environments.

PBIS emphasizes teaching students to behave in ways that contribute to academic achievement and school success and that support a school environment where students and school staff are responsible and respectful. PBIS also emphasizes the need for school staff to promote appropriate behaviors by teaching, modeling, reinforcing, and monitoring appropriate behaviors and by treating many minor misbehaviors as "teaching moments" rather than punishment opportunities. PBIS recognizes that effective school discipline is anchored to meaningful corrective instruction and guidance that offers students an opportunity to learn from their mistakes and contribute to the school community. PBIS also involves ongoing monitoring of discipline data to ensure equitable school-based discipline practices are implemented in a fair and non-discriminatory manner. The Policy Handbook compliments and supports the district-wide implementation of PBIS to foster student academic and behavioral success.

Each school will have an individual school-based PBIS Plan

The district will adhere to the relevant policies and the procedures for implementation of the Child Find requirements for local school districts under IDEA, Part B, as issued by the Mississippi Department of Education.

EVALUATION AND DETERMINATION OF ELIGIBILITY – PROTECTION IN EVALUATION

All testing and evaluation materials and procedures used by district personnel for assessment and placement will be, to the maximum extent possible, selected and administered so as not to be racially or culturally discriminatory. The district will ensure that no child will be misclassified, misplaced, or unnecessarily identified as having a disability because of the inappropriate selection, administration or interpretation of materials or procedures. 2. Upon a parent filing a request for due process complaint;
3. Upon a disciplinary action constituting a change in placement; and/or

The notice will fully explain the safeguards in the parents' native language unless it is clearly not feasible to do so.

LEAST RESTRICTIVE ENVIRONMENT

The district, to the maximum extent appropriate, educates students with disabilities with students having no disabilities in their age range. The removal of the students with disabilities from the regular educational environment will occur only when the nature or severity of the disability is such that education in regular classes with supplementary aids and services cannot be achieved satisfactorily. A continuum of alternative placements based on individual students' IEPs will be provided to students with disabilities in the district. Placement of the students will be determined at least on an annual basis and will be as close to the student's home as possible. In selecting the least restrictive environment for each student, consideration is given to any potentially harmful effect on the student or the quality of services needed.

The district's procedures for implementation of this policy are those contained in the state regulations issued by the Mississippi Department of Education. The IEP Committee, when determining placement of each student with a disability, will utilize this policy and the designated procedures.

A modification allows for an objective to be altered so the individual instructional needs of the student can be met, as determined by the IEP team. Students receiving a modified curriculum will not receive a Carnegie Unit.

The Cleveland School District will adhere to the following policy for determining and reporting grades or progress for students with disabilities:

1. The grading system used in the general education program will be utilized for students who receive instruction through the general education program and are expected to master the same objectives as general education students.
2. Students who receive instruction through the general education program via an alternate or modified curriculum (which differs from that provided to grade level peers) will be assigned grades for each academic area addressed on his/her Individualized Education Plan (IEP). Grades will be provided based upon the mastery of the objectives/benchmarks outlined on the IEP. Students will not earn a Carnegie Unit when an alternative or modified curriculum is provided. The Cleveland School District grading policy will be used.
3. Students who receive direct instruction in academic areas from a special education teacher will receive grades for each academic area based on mastery of objectives/benchmarks identified with the IEP. Students will not earn a Carnegie Unit

when an alternate or modified curriculum is provided. The Cleveland School District grading policy will be used.

4. Students who received direct instruction from a special education teacher in a functional academic and/or life skills class will receive grades based on mastery of objectives/benchmarks addressed on the student's IEP and participation in the individualized curriculum.
5. Any student enrolled in general education courses that does not meet course requirements, may receive a failing grade, even though accommodations and modifications have been implemented in accordance with the students IEP. However, if a student is unable to make progress in the general education class, the IEP Committee will revise the IEP to a more appropriate setting based upon the committee's recommendations.
6. Students on the Mississippi Occupational Diploma track as of the 2016-2017 school year, will NOT receive Carnegie Unit for Occupational Diploma classes; they earn credits. However, they MAY earn a Carnegie Unit for any general education class they take and pass without altering graduation with a Mississippi Occupational Diploma. The Mississippi Occupational Diploma will not be available to entering 9th grade students beginning 2017-2018 and thereafter.

Options for exiting high school will be discussed at the annual IEP meeting. The IEP Committee may change a previous decision regarding exiting high school. Any student graduating with a general education diploma must earn the required Carnegie Unit.

Grading

For students with disabilities, the district grading system will be used.

Section 504

School Board Policy: IDDHB

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a handicap in any program receiving federal financial assistance. No discrimination against any person with a disability will knowingly be permitted in any of the programs and practices of the school system. To ensure the district's compliance with Section 504 as it applies to students with handicaps, the following procedures have been adopted.

1. If a student claims that he/she has been subjected to discrimination on the basis of a handicapping condition, in violation of Section 504 of the Rehabilitation Act of 1973, or if the district has reason to believe that a student has a handicap which substantially limits the student's ability to learn (and the student is ineligible for services under IDEA), the district shall convene a team of people who are knowledgeable of the student's educational needs to review and consider all pertinent information related to the suspected handicap. This meeting shall be convened within ten (10) days after the district receives a written statement describing the specific discriminatory conduct or the district becomes aware of the student's handicap affecting the student's ability to learn.

2. The team described in paragraph 1 above shall determine whether the student is handicapped under Section 504 and whether that handicap substantially limits the major life function of learning. If such a determination is made, the team must further determine what accommodations are required on behalf of the district to allow the student an equal opportunity to participate in school and school-related activities. If the student's parents disagree with the district's conclusion and recommendations, the parents shall be informed of their right to ask for an impartial hearing to decide the matter. Hearing requests shall be made in writing to the superintendent giving specific reasons describing the discriminatory actions by the district and why the district's accommodations are not appropriate.
3. An impartial hearing shall be held within ten (10) days of receipt of the written request. The district shall obtain as a hearing officer an individual who is not an employee of the district and who is knowledgeable of Section 504. The parent and student may take part in the hearing and have an attorney represent them at their own expense. The district also may be represented by counsel.
4. The hearing officer shall conduct the hearing so as to give the parents an opportunity to present evidence supporting their claim that their child has been subjected to discriminatory treatment in violation of Section 504. The district shall be given the opportunity to present evidence supporting its position with respect to the student. A tape recording of the hearing will be made by the district, a copy of which will be provided to the parents.
5. The hearing officer shall make a decision within ten (10) days after the conclusion of the hearing. The decision shall be given in writing to the district's 504 coordinator and the parents.
6. If either party is aggrieved by the action of the Hearing Officer, an appeal may be taken to the board of trustees of the district at its next regularly scheduled meeting. The board, in its discretion, may allow a statement to be made by the parents and a representative of the district. The decision of the board shall be final.
7. The district shall publish its policy of nondiscrimination on the basis of handicap and shall inform parents of their rights under Section 504, including the right to examine records relevant to their child, the right to an impartial hearing with representation by legal counsel at their expense, and the district's review procedure.
8. The Section 504 Coordinator for the district may be contacted at phone number 662-843-3529.

Textbooks

The Cleveland School District provides textbooks free of charge to students. It is the duty of each student to care for the textbooks to the best of his/her ability. Students who lose or damage textbooks are required to pay for them. Students should take pride in the upkeep of their

textbooks. Teachers are instructed to assess fines for amounts up to the current value of a book when it is obvious that the student has damaged or defaced the book.

Textbook fines and damage replacement schedule:

| DAMAGE | FINE |
|--|-------------------------|
| Writing/drawing/scribbling in book | \$1.00 per page |
| Excess wear/damage but still usable | 10% of cost of the book |
| Cover of book damaged | 25% of cost of the book |
| Spine damaged | 25% of cost of the book |
| Water damaged but still usable | 25% of cost of the book |
| Water damaged, not usable | Cost of the book |
| Pages missing, not usable | Cost of the book |
| Obscene writing or drawing on or in the book | Cost of the book |
| Non-returned book | Cost of the book |

School Board Policy: ICFA

Visitors

All visitors to schools shall report immediately to the school office, sign in and obtain a visitor's badge so that visitors can be readily identified by school personnel. Exceptions to this requirement are when visitors are attending a general school function such as a pep rally, assembly program, athletic event, etc. Unauthorized persons shall not be permitted in school buildings or on school grounds. School principals are authorized to take appropriate action to prevent such persons from entering buildings or from loitering on grounds. Such persons will be prosecuted to the full extent of the law.

PROCEDURES FOR SCHOOL VISITATION

Any person desiring to visit a school must report upon arrival at the school to the principal's office for clearance. The principal shall have the right to deny visitation rights to any individual if in the judgment of the principal the visit might negatively affect the classroom procedures.

Members of the supervisory or administrative staff who have invited professional visitors may elect to serve as hosts to the visitors whom they have invited, as well as to other visitors who may have a mutual interest and area of competency.

Parents and other persons who wish to visit the public schools should be routed to the school office, be greeted by the principal and guide services. All visitors are to be made to feel welcome. There shall be no solicitation of teachers or pupils on personal matters on the school premises by salesmen or agents. Out of town visitors who have made arrangements through the superintendent's office will have a member of the superintendent's staff or a principal as host for the visitor or delegation.

PUPIL VISITATION

The schools, because of space factors in the classrooms, will not be able to allow school pupils to have pupil visitors accompany them as visiting guests in the school.

CLASSROOM VISITATION

As part of the district's safety and security program, only school or district personnel, law enforcement officials, or educational professionals designing an individual educational program shall be allowed to visit classrooms during instructional times.

Elementary Schools

Dyslexia Identification

It is the policy of this district to comply with all requirements of the dyslexia screening and therapy required by law and the Mississippi Department of Education.

Therefore, this district will ensure that students will receive dyslexia screening by a screener approved by the State Board of Education in the spring of kindergarten and the Fall of Grade 1.

Dyslexia Screeners provided by the school district **are not** comprehensive Dyslexia Evaluations.

The component of the screening must include:

- Phonological awareness and phonemic awareness;
- Sound symbol recognition;
- Alphabet knowledge;
- Decoding skills;
- Encoding skills; and
- Rapid naming

If a student fails the screener, the parent or legal guardian will be notified of the results of the screener.

Parents or Guardians may seek further evaluation from a licensed professional at their own expense. Licensed professionals may include: psychologists, psychometrists, and speech language pathologists licensed in accordance with law and the Mississippi Department of Education where applicable.

If a parent or legal guardian of a student who fails the dyslexia screener exercises the option to have a subsequent evaluation performed, such evaluation shall be administered by any of the licensed professionals identified above.

For more information, see Policy IEBA Dyslexia Policy

Speech Identification

Speech, Language Screening, Voice and Fluency Disorders

This school district ensures that students will be screened for articulation, language, voice, and fluency disorders before the end of Grade 1.

1. If a student fails the screener, the parent or legal guardian will be notified of the results of the screener.
2. If a student fails the screener, the school district, in its discretion, may perform a comprehensive speech-language evaluation

If a parent or a legal guardian of a student who fails the speech-language screener exercises the option to have a subsequent evaluation performed, such evaluation shall be administered by a 215 endorsed speech-language pathologist. The subsequent evaluation obtained by the parents shall be considered by the school district for eligibility in the area of speech-language in accordance with the procedures mandated by the federal Individuals with Disabilities Education Act (IDEA) for a placement in a speech-language program within the current school or to apply for a Mississippi speech-language therapy scholarship for placement in a speech-language program in a nonpublic special purpose school.

A parent or legal guardian may provide written notification to the local school district opting out of the mandatory screening provided by the district. The provisions of this section shall not apply to homeschooled students.

School Board Policy: IEB

Party Invitations

Occasionally, parents of elementary students send party invitations to the school to be distributed by the child. To avoid the possibility of a child getting his/her feelings hurt, party invitations of any kind must be distributed to the entire class or not at all. The Mississippi Code does not allow for student information to be given out.

INSPIRE Gifted Program

The Cleveland School District provides a program of enrichment for intellectually gifted students in second through sixth grade. The classes are called “INSPIRE” and serve second through sixth grade students at each elementary school. Students at the elementary school levels spend one day per week in the gifted “pull-out” program and the rest of the week in their general education classrooms.

Mississippi Department of Education gifted regulations and state mandate require that intellectually gifted students in grades two through six be provided services by a teacher with gifted endorsement for a minimum of five hours per week.

School Board Policy: IDE

Mission

The mission of the Cleveland School District gifted program is to insure that intellectually gifted children, as defined by the Mississippi Department of Education, are offered appropriate educational experiences that are qualitatively different from those available in the regular classroom in order to provide opportunities for them to realize their abilities and potential.

MDE Definition

The State of Mississippi defines “Intellectually Gifted Children” and “Gifted Education Programs” as follows:

“Intellectually Gifted Children” shall mean those children and youth who are found to have an exceptionally high degree of intelligence as documented through the identification process.

“Gifted Education Programs” (GEP) shall mean special programs of instruction for intellectually gifted children in grades 2-12, ... in the public elementary and secondary schools of this state. Such programs shall be designed to meet the individual needs of gifted children and shall be in addition to and different from the regular program of instruction provided by the district. Although the State of Mississippi recognizes permissive programming for academically gifted students in grades 9-12; artistically gifted children in grades 2-12; and creatively gifted children in grades 2-12, only intellectually gifted programs in grades 2-6 are mandated by law. At this time, the Cleveland School District offers the program for intellectually gifted children in the mandated grades, 2-6.

The identification process consists of a combination of subjective and objective measures to determine eligibility for the gifted program and includes an equitable opportunity for the inclusion of students who are culturally diverse, underachieving, disabled under IDEA guidelines, physically handicapped, or ADD/ADHD.

All data collected as part of the identification process are protected by the Family Educational Rights and Privacy Act (FERPA). Access to this information is restricted to those personnel working directly with the identification process, working directly in the gifted education program, or those that have a documented need to access. Parents have the right to view their children’s records at any time.

Requirements and Procedures for Referral

Referral for the gifted education program is based on consideration of performance in the regular classroom, potential ability, test performance, maturity, creativity, and leadership potential. While grades and/or achievement test scores might be an indicator of giftedness, by MDE Regulations, neither classroom behavior, grades, or achievement test scores may be used to eliminate a student from the identification process.

As mandated in MDE Gifted Regulations, the Cleveland School District follows the state minimal scale/percentile score criteria on all referral measures

Referral must include documentation of two or more of the following:

1. A group measure of intelligence that has been administered within the past twelve (12) months with a minimum score at or above the 90th percentile;
2. Published characteristics of giftedness measure at the superior range;
3. Published measure of creativity at the superior range;
4. Published measure of leadership at the superior range;

5. Existing measure of individual intelligence that has been administered within the past twelve (12) months, and/or;
6. Other measures that are documented in the research on identification of intellectually gifted students.

A group measure of cognitive abilities assessment will be administered to all first grade students in a blanket preliminary screening for referral.

All students in grades served by the program comprise the initial screening pool of potential recipients for gifted education services. A student may be referred for consideration, pending documentation of the above criteria, by a parent, teacher, counselor, administrator, peer, self, or anyone else having reason to believe that the student might be intellectually gifted. A referral must be initiated by written request to the teacher of the gifted. Once a referral process has been initiated with a dated and signed referral form, only the Gifted Local Survey Committee or parents can stop the identification process.

Assessment Procedure and Eligibility

If a student meets the criteria for referral, the Gifted Local Survey Committee will recommend individual assessment to determine eligibility for an “Intellectually Gifted” ruling. Written parental permission for testing must be obtained before any individual testing is initiated.

Phase I of Assessment

If parent permission is granted for testing, a student must meet the stated criteria for at least three of the following measures prior to the administration of an individual intelligence test:

1. A full scale score at or above the 90th percentile on a normed group measure of intelligence;
2. A score at or above the superior range on a normed characteristics of giftedness checklist;
3. A score at or above the superior range on a normed measure of creativity;
4. A score in the superior range on a normed measure of leadership;
5. A score at or above the 90th percentile on a normed measure of cognitive abilities;
6. Other measures as approved by the State Board of Education on the district’s Gifted Education Program Proposal.

Phase II of Assessment

If the stated minimal acceptable criteria have been met on at least three of the above measures, an individual intelligence test will be administered by a licensed examiner. In no case will the examiner be related to the student being tested.

The student must score at or above the 90th percentile composite/full scale in order to satisfy eligibility criteria. If a student meets criteria, the Gifted Local Survey Committee will grant an “Intellectually Gifted” eligibility ruling.

Potentially Twice-Exceptional Students

In compliance with MDE gifted regulations, students who already have an eligibility ruling under IDEA and are being assessed for an intellectually gifted eligibility, and who did not satisfy the minimal acceptable criteria on the individual test of intelligence shall have their results reviewed by the LSC and a licensed examiner. If the student scores at or above the 90th percentile on the nonverbal scale, or who in the opinion of the reviewing committee would benefit from participation in the intellectually gifted program, the student may be granted provisional eligibility for the intellectually gifted program for a period of one year. At the end of that year, the student's teacher of the gifted shall meet with the review committee to discuss the student's performance in the program. If the student has demonstrated success in the program, the LSC shall change the eligibility status from a provisional to regular eligibility. If the student has not been successful in the program, the provisional eligibility shall be revoked.

Potentially Disadvantaged Gifted Students

Potentially disadvantaged students who did not satisfy minimal acceptable criteria on an individual test of intelligence, but did score at least the 84th percentile, may be administered additional measures to determine eligibility as established by MDE gifted regulations.

Out-of-State Gifted Eligibilities

As each state has a unique set of eligibility criteria for placement in a gifted program, a student moving to Mississippi with a gifted eligibility from another state must satisfy Mississippi eligibility criteria before being considered for placement in the gifted program. The eligibility ruling from another state may be used to initiate the referral process in Mississippi.

There is no temporary placement in the gifted program while the student goes through the eligibility process within the district.

Placement in the Gifted Program

Once a student is ruled eligible for placement in the gifted program, the parent has the right to agree to placement or withhold placement of the child in the program. Written parental permission must be obtained before the child can be placed in the program.

Participation in the Gifted Education Program is NOT a reward. It is an Entitlement under State Law (Mississippi Gifted Education Act of 1989, Mississippi Code Sections 37-23-171 through 37-23-181).

Once a student is determined eligible for a gifted program in Mississippi, no reevaluation testing is required to remain in the program. Although criteria may vary from district to district, an eligible determination is accepted by all school districts within the State of Mississippi.

Instructional Management Plan

As INSPIRE student work under specific Instructional Management Plan objectives and time frames, withholding permission to attend gifted classes shall not be used as a disciplinary

measure. Failure to complete enrichment class assignments can be used as grounds for dismissal from the program.

Homework/Classwork

As outlined in MDE Gifted Regulations, gifted students may not be required to make up class work missed when they are scheduled to be in the gifted classroom. Gifted students shall be held accountable for demonstrating mastery of concepts and information on regularly scheduled tests. Homework assigned to the regular classroom students for the evening of the INSPIRE day must be completed.

Annual Reassessment for Continued Placement

A committee shall meet at least annually to reassess each gifted student's continuation in the gifted program. The committee must include at least the student's teacher of the gifted and a designated administrative representative.

As stated in the MDE Gifted Education Regulations, "since participation in the gifted program is an entitlement under the law, the student should remain in the gifted program as long as they are being successful in the program. Grades and/or success in the regular education program are the responsibility of the regular classroom teachers and should not be considered as a reason for removal from the gifted program."

In the event a student fails to make progress or exhibits unsatisfactory participation in the gifted program, a meeting of the reassessment committee will be held to consider the student's performance. If the committee determines that the student is failing to make progress in the program, the student will be placed on probation in the gifted program for the next 9-weeks term. The parents will be notified and given an opportunity to meet with the committee to discuss the decision and develop a plan of action. During this time, the student will continue to participate in the gifted program. If at the end of the period of probation, the student's performance improves to a satisfactory level, the student will be removed from probation and recommended for continued placement. If at the end of the 9-weeks term the student has failed to improve his/her performance to a satisfactory level, the reassessment committee can recommend the student be removed from the program. Documentation of all reassessment committee meetings must be maintained.

If the committee determines that the student should exit INSPIRE due to lack of progress and/or unsatisfactory participation in the program, the student's parents will be notified and given the opportunity to discuss the decision with the committee before the student is removed. Should the parents not agree to the removal of the student from the program, the district shall grant the parents a hearing.

Hearing Process

Parents who are not in agreement with the school based committee decision to remove a student from the gifted program will present their concerns, orally or in writing to the principal of the school. The principal and parent will attempt to resolve the matter informally.

If the parents are not satisfied with the action taken by the principal, the parents shall, within five (5) school days after the meeting with the principal, put their concerns in writing and present them to the Cleveland gifted contact person. The gifted contact person will schedule a meeting with the Hearing Committee within five (5) school days or a time frame agreed upon by the parents. Parents will be extended an invitation to attend the Hearing Committee meeting. The Hearing Committee will render a written decision based on information shared during the meeting.

Reinstatement Procedures

Students will be considered for reinstatement in the gifted program at the request of the parents and with the recommendation of classroom teachers. Consideration and arrangements for reinstatement in the program will be made through the Local Gifted Survey Committee and documented in the minutes. Written notification of the student’s eligibility for reinstatement will be forwarded to the parents and teachers of the students. Written parental permission must be obtained before the student can be placed in the program.

Performance in the Regular Classroom

In the event a student has difficulty keeping up with regular classroom work, a conference will be held with the parent, classroom teacher, teacher of the gifted, and the student, if appropriate, to discuss the problem and to determine an appropriate course of action. The conference and plan of action will be documented and follow-up conferences will be held as needed.

As the academic progress and welfare of the students are always of prime consideration, special situations will be handled on an individual basis.

Middle/High Schools

For the purpose of Senior Academic Honors, ranking will be computed using the following procedures

For the purpose of Senior Academic Honors, ranking will be computed using the following procedures.

Courses are designated as Regular (4 points), Accelerated (5 points), and Advanced (6 points). Courses are marked in the Sam Spectra student package based on the rank points assigned to courses in the current year curriculum guide. Once final grades are entered and posted, the students' GPA is calculated by the student package for college reporting. Colleges do not recognize the 6 point scale.

The cumulative weighted QPA will be used to determine the Valedictorian and Salutatorian. The cumulative weighted QPA includes the rank points of all courses for which a Carnegie unit is awarded.

To be eligible for Valedictorian or Salutatorian, a student must have been enrolled in the Cleveland School District for their entire junior and senior year. Current high school students who opt to

graduate using the Early Exit Diploma option will not be eligible for Valedictorian or Salutatorian.

In the event multiple students meet the criteria established for Valedictorian and/or Salutatorian, they will be awarded the distinction.

Graduating seniors who earn class honors will be recognized in the following manner:

- **Valedictorian** The student with the highest-Grade Point Average. This student will be recognized in the graduation program with five (5) stars (*****) placed beside his/her name.
- **Salutatorian** The student with the second highest Grade Point Average. This student will be recognized in the graduation program with four (4) stars (****) placed beside his/her name.
- **Students who earn top five Grade Point Average** honors will be recognized in the graduation program with three (3) stars (***) placed beside their names.
- **Students with GPA's of 4.00 and above** will be recognized in the graduation program with two (2) stars(**) placed beside their names.
- **Students with GPA's of 3.25 to 3.99** will be recognized in the graduation program with one (1) star(*) placed beside their names.

NOTE: Semester credits transferred into the District shall earn regular class rank points unless specifically identifiable as accelerated or advanced classes based upon determination to be made by the Superintendent.

Course Selection

During the spring semester, students will review ISP and graduation pathway to determine course selections for the fall. Course selection will be completed through Active Student.

Dual Enrollment/Dual Credit

Eligible students may participate in the dual enrollment program established by this school district in compliance with the Mississippi Code of 1972, Section 37-15-38.

A dual enrolled student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school.

A dual credit student is a student who is enrolled in a community or junior college or state institution of higher learning while enrolled in high school and who is receiving high school and college credit for post secondary coursework.

For more information, see Policy IDAG Dual Enrollment and the Dual Enrollment Manual

Extracurricular Activities Participation

A student who is enrolled in any grade higher than Grade 6 in a school district in this state must be suspended from participation in any extracurricular or athletic activity sponsored or sanctioned by the school district after a semester in which the student's cumulative grade point

average is below a 2.0 on a 4.0 scale. The suspension from participation in extracurricular or athletic activities may not be removed until the student's cumulative grade point average in a succeeding semester is 2.0 or higher on a 4.0 scale. A student with a cumulative grade point average below a 2.0 on a 4.0 scale at the semester of an academic school year shall be suspended from participation in extracurricular or athletic activities in the succeeding academic school year until the student's cumulative grade point average is 2.0 or higher on a 4.0 scale.

Students will not be allowed to attend extracurricular activities if they are serving a suspension or if they are currently enrolled in the Alternative School.

"Extracurricular" is defined as, organization-sponsored student activities which require administrative provision and student involvement outside the time allocation for instruction. This would specifically apply to organized practice or competition which requires additional inputs of students' time outside the normal school day. Extracurricular activities will be those activities presently governed by the Mississippi High School Activities Association.

Exam Exemption

Students in grades 11-12 are exempt at the end of a course if they meet the following criteria:

- Students who receive a grade of 90 and above, no more than eight (8) excused absences for the full year, and four (4) excused absences for the semester.

The Cleveland School District may set certain standards and privileges for qualified students.

Schedule Changes

Secondary students are provided with information and adequate time for planning and selecting courses each year. Schedule changes will not be permitted unless there is an extenuating circumstance such as failing a prerequisite, required course or administrative necessity.

Procedures

- If a schedule change is warranted under extenuating circumstances, the person requesting the change secures a Schedule Change Request form from the counselor's office or on the district website.
- The request is reviewed and a decision is made by the building principal.
- Notice of the decision is given in writing to the parent/legal guardian/custodial parent.

Senior Privileges

Senior privileges are earned. Prior to the senior receiving this privilege, the parent must appear at school to sign a permission slip. Each senior must come by the office and sign out each day before leaving campus. Seniors meeting the guidelines will be allowed senior privileges. At any time, a violation of one or more of the guidelines will result in loss of the senior privileges. The Principal will assign students that lose their senior privileges to a class, ISS, or work detail. The Principal has discretion to revoke privileges.

Guidelines

- Must be on schedule to graduate.
- Must not have a 75 or below in any subject for the junior year.
- Must not have more than five (5) checkouts per year, without a medical excuse.

If a school district chooses to place a child in alternative school, the district will make an individual assessment and evaluation of that child in the following time periods:
