Senate Bill 187: Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy (electronic or paper) of the Comprehensive School Safety Plan is provided yearly to the following:

- School staff
- Parents
- After-school program staff
- Oxnard Police Department
- Oxnard Fire Department
- Early Childhood Education staff
- Volunteer Coaches

A copy of the Comprehensive School Safety Plan is available for review online at www.oxnardsd.org or in the Christa McAuliffe Elementary School's office.

- Kristina Cervantes, Assistant Principal
- Renee Mullins, Classroom Teacher
- Kristi Dato, Classroom Teacher
- Claudia Cortez, Office Manager
- Maritza Loya, School Counselor
- Alfred Teran, Lead Custodian

- Oxnard Fire Department Representative

Assessment of School Safety

Students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. School administration and staff are committed to maximizing school safety, creating a positive learning environment that teaches strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior, and respect for others.

The Risk Management Department from the District conducts a Safety Inspection of each campus each year. A report is submitted, and necessary changes are made by either school personnel or district personnel. The Lead Custodian and the Principal conduct safety inspections and submit reports to the District Office. Any safety issues are reported by staff to the administration as they are noticed and are handled by the Lead Custodian or through work orders to the district office.

In addition, the Principal plans lock-down drills with the Oxnard Police Department and fire and earthquake drills to prepare staff and students in the event of a real situation where one of these strategies would be put into effect while school is in session.

The school safety assessment was a review of:

- Office Referrals
- Attendance Rates/School Attendance Review
- Suspension/Expulsion Data
- Panorama Student Survey
- Local Law Enforcement Juvenile Crime Data
- Property Damage Data

At the beginning of the school year, a security inspection for the campus is held with the site administrator.

The Oxnard School District Risk Management conducts a safety inspection for each campus each year.

After reviewing current policies in place at McAuliffe School, the following areas need to be addressed: 1) Attendance, 2) Behavioral Expectations for Common Areas, and 3) Whole-School Evacuation.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

The following strategies and programs are consistent with California educational code 32281 and reflect the school's commitment to safety within the following areas:

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

GENERAL

As stated in the Board Policy (BP 5141.4), "District employees shall report known or suspected incidence of child abuse in accordance with district regulations and state law. Employees shall fully cooperate with the child protective agencies responsible for reporting, investigating and prosecuting cases of child abuse."

When an employee suspects child abuse, the employee shall immediately meet and discuss the situation with a school counselor or an administrator. Information will be noted (name of person making report, name of child, present location of child, nature and extent of injury, and all other pertinent information.) At that time the counselor or administrator will assist the employee in making a call to Children and Family Services (654-3200) or the local Police Department (Oxnard 385-7600, Sheriff's Dept. 654-2311). The counselor or administrator will make note of time, date and name of official contacted. The employee will then complete and mail the required written report to the local Children and Family services agency. The counselor or assistant principal will notify the principal.

Employees (mandated reporters) have absolute immunity and are not liable for filing a required report. If a mandated reporter does not wish to disclose his/her identity to a district administrator, he/she shall at least provide or mail a copy of the written report to the district without his/her signature or name after making the required call to Children and Family Services or appropriate law enforcement agency. Mandated reports of sexual activity must be reported to either the Department of Children and Family Services (DCFS) or to the appropriate police jurisdiction. This information will then be cross-reported to the other legal agency.

School manager either mails or faxes over the completed abuse form to CFS within 36 hours of the report. School office manager gives a copy to principal and to the Oxnard School District Superintendent.

STAFF TRAINING

All Oxnard School District staff who work with students are trained annually in regard to child abuse. New employees are trained upon being hired. Employees receive training on their legal obligation under law regarding mandated reporting. Employees also receive training to recognize signs and symptoms of child abuse.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

GENERAL

This Plan addresses the Oxnard School District's responsibilities in emergencies associated with natural disaster, human-caused emergencies and technological incidents. It provides a framework for coordination of response and recovery efforts within the District in coordination and with local, State, and Federal agencies. The Plan establishes an emergency organization to direct and control operations at all sites during a period of emergency by assigning responsibilities to specific personnel. This Plan:

- Conforms to the Federally mandated National Incident Management System (NIMS), State mandated Standardized Emergency Management System (SEMS) and effectively restructures emergency response at all levels in compliance with the Incident Command System (ICS).
- Establishes response policies and procedures, providing Oxnard School District clear guidance for planning purposes.
- Describes and details procedural steps necessary to protect lives and property.
- Outlines coordination requirements.
- Provides a basis for unified training and response exercises to ensure compliance.

OBJECTIVES

- Protect the safety and welfare of students, employees and staff.
- Provide for a safe and coordinated response to emergencies.
- Protect the District's facilities and properties.
- Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for interface and coordination between sites and the District Emergency Operations Center (EOC).
- Provide for interface and coordination between sites and the County or city EOC in which they reside.
- Provide for the orderly conversion of pre-designated District sites to American Red Cross shelters, when necessary.

Schools are required by both federal statute and state regulation to be available for shelters following a disaster. The American Red Cross (ARC) has access to schools in damaged areas to set up their mass care facilities, and local governments have a right to use schools for the same purposes. This requires close cooperation between school officials and ARC or local government Representatives, and should be planned and arranged for in advance.

In an Emergency Building Evacuation, all employees will:

- Upon emergency alert, secure work area and depart/report to assigned area.
- Perform duties as pre-assigned by the Principal in cooperation with emergency services personnel.
- DO NOT re-enter the building without permission or request of emergency service authorities.
- Remain in the general assembly areas and calm students if not assigned another duty.
- When signaled to re-enter safe areas of the school, quickly do so.
- Upon safe re-entry, report anything amiss to the Operations Chief.

In an Emergency Building Evacuation, teachers will also:

- Upon alert, assemble students for evacuation using designated routes and account for all students.
- Secure room.
- If possible, leave a note on the door advising where the class evacuated to if other than the standard assembly area.
- Upon arrival at the assembly area, account for all students.
- Secure medical treatment for injured students.
- Report any students missing or left behind because of serious injuries.

- Stay with and calm students.
- If signaled to re-enter school, assure students do so quickly and calmly.
- Account for all students.
- Check room and report anything amiss to the Team Leader and/or Operations Chief.
- Debrief students to calm fears about the evacuation.

In an Emergency Campus Evacuation:

If it is necessary to evacuate the entire campus to another school or relief center, the Principal will:

- Notify the Superintendent of the Campus Evacuation.
- Cooperate with emergency authorities in enlisting students/staff with cars to help transport evacuees.
- Direct the evacuation, assure all students/staff are accounted for as they depart and arrive.

Dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student.

- Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise.
- In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.
- During an emergency period or condition created by disaster, occurrence students may only be released to parent, guardian or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

CALIFORNIA EMERGENCY SERVICES ACT (CHAPTER 7, DIVISION 1, TITLE 2, CALIFORNIA GOVERNMENT CODE)

The Act provides the basic authorities for conducting emergency operations following a proclamation of Local Emergency, State of Emergency, or State of War Emergency by the Governor and/or appropriate local authorities, consistent with the provisions of this Act.

CALIFORNIA GOVERNMENT CODE, SECTION 3100, TITLE 1, DIVISION 4, CHAPTER 4.

States that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed.

The law applies to public school employees in the following cases:

- When a local emergency is proclaimed.
- When a state of emergency is proclaimed.
- When a federal disaster declaration is made.

The law has two ramifications for School District employees:

1. It is likely that public school employees are pressed into service as Disaster Service Workers by their superiors, and may be asked to do jobs other than their usual duties for periods exceeding their normal working hours.

2. When pressed into disaster service, employees' Workers' Compensation Coverage becomes the responsibility of state government (OES), but their overtime pay is paid by the school. These circumstances apply only when a local or state emergency is declared. States that (the Governor's Office of Emergency Services has stated) inadequately trained school staff render school officials potentially liable for acts committed or omitted by school staff acting within the scope of their training during or after a disaster. (Sub Sections 835-840.6). It requires that school districts be prepared to respond to emergencies using SEMS. (Section 8607, the Petris Bill).

CALIFORNIA CIVIL CODE, CHAPTER 9, SECTION 1799.102

It provides for "Good Samaritan Liability" for those providing emergency care at the scene of an emergency. ("No person, who, in good faith and not for compensation, renders emergency care at the scene of an emergency, shall be liable for any civil damages resulting from any act or omission. The scene of an emergency shall not include emergency departments and other places where medical care is usually offered.")

PUBLIC AGENCY USE OF SCHOOL BUILDINGS FOR EMERGENCY SHELTERS

Procedures are in place to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

AFTER SCHOOL PROGRAM

The after-school program staff is trained annually in regard to disaster response. The District maintains a full-time After School Program Manager, who oversees safety training and disaster preparedness for the program. The After School Program Manager ensures that the following safety components are addressed within the after-school program environment:

- Elements of a safe and orderly environment
- Emergency evacuation procedures
- Student release procedures
- Incident Command Team responsibilities
- Child abuse reporting
- Rules, expectations and consequences
- Non-discrimination and harassment reporting

TRAINING

All staff are trained annually in regard to disaster procedures within the Comprehensive School Safety Plan and the District's Emergency Operations Plan. The school conducts monthly safety drills for fire and earthquake. The school also conducts a lockdown security drill at a minimum of once yearly within the first month of school under the direction of the School Resource Officer.

FOR DISASTER PLAN PROTOCOLS AND PROCEDURES (SEE APPENDICES).

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

The Oxnard School District Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to himself/herself or others. (Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the suspension or expulsion.

STUDENT DUE PROCESS

The board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

ALTERNATIVES TO SUSPENSION / OPTIONS

BULLYING

CALIFORNIA STATE LAW REGARDING BULLYING

Right to Safe Schools. All students and staff of public primary, elementary, junior high, senior high schools, and community colleges, colleges, and universities have the inalienable right to attend campuses which are safe, secure and peaceful.

AB 9 – Seth's Law

Requires schools to establish policies to prevent bullying and to address and be responsive to complaints about bullying.

- Requires school districts to include in its non-discrimination policy a detailed list where discrimination, harassment, intimidation, and bullying are prohibited under existing law—actual or perceived sexual orientation, gender, gender identity expression, race or ethnicity, nationality, religion, disability, or association with a person or group with one or more of these actual or perceived characteristics.
- Requires each school districts non-discrimination policy to describe the district's procedure for addressing discrimination and harassment complaints; and be publicized in places for student and parental access.
- School districts are to strengthen professional development curricula for teachers, school counselors, and administrators with instruction on identifying and stopping discrimination and harassment and creating a school-wide culture of inclusion and respect for differences.

AB 746 - Cyber bullying.

Existing law, the Interagency School Safety Demonstration Act of 1985, defines bullying as one or more acts of sexual harassment, hate violence, or intentional harassment, threats, or intimidation, directed against school district personnel or pupils, committed by a pupil or group of pupils. Under existing law, bullying, including bullying committed by means of an electronic act, as defined, is a ground on which suspension or expulsion may be based. This bill would specify that an electronic act for purposes of the act includes a post on a social network Internet Web site.

AB 1156 – Bullying In Schools

Redefines California anti-bullying law by expanding the definition of bullying and linking it to academic achievement. It will also strengthen policies and procedures to reduce bullying in schools and keep students safe.

- Requires training of school site personnel in the prevention of bullying
- Links bullying to academic achievement
- Gives victims of bullying priority for school transfer, if requested
- Encourages school districts and county offices of education to include policies and procedures on the prevention of bullying in the school safety plan

- Counsel with students and parents regarding disciplinary matters.
- Provide professional growth experiences that will assist staff in increasing competencies to improve student outcomes and meet their needs.

Student Conduct, Concerns, and Consequences:

To be successful in school, students must be able to regulate their emotions, thoughts and behaviors. When students are able to self-regulate they are more likely to have higher academic achievement, have better literacy and numeracy skills, and choose prosocial responses. Students with less ability to self-regulate are at greater risk for low academic achievement, emotional and behavioral problems, peer rejection, or suspension from school. We have established clear consequences for behavior that interferes with learning and rewards for positive behavior to help all students succeed. We provide instruction in social emotional learning through the researched-based program Second Step in general education and Circles in Special Day Class to reinforce social skills, to encourage positive behavior in and out of the classroom, and strengthen efforts to create a safe, supportive environment for students and staff. Students know that when they violate a school or classroom standard, we will engage in problem-solving steps (i.e., identify the problem, think of solutions, explore consequences, and pick the best solution) and restorative practices.

Note: Students may be disciplined for acts related to school activities or attendance which occur at any time including:

- While on school grounds;
- While going to or coming from school;
- During the lunch hour whether on or off-campus;
- During, or going to or coming from, a school-sponsored activity.

Other causes of disciplinary action:

- Deliberate littering of school premises, such as the restrooms;
- Inappropriately using cellular telephones or electronic devices or failing to follow school policy outline in Parent/Student packet given out at the beginning of the year;
- Not adhering to the school dress code;
- Making bomb threats or false fire alarms;
- Setting fires or using explosive devices that threaten or cause damage to human life or property on school grounds or at school-sponsored events;

GENERAL

A teacher, vice principal, principal, or any other certificated employee of a school district, shall not be subject to criminal prosecution or criminal penalties for the exercise, during the performance of his duties, of the same degree of physical control over a pupil that a parent would be legally privileged to exercise but which in no event shall exceed the amount of physical control reasonably necessary to maintain order, protect property, or protect the health and safety of pupils, or to maintain proper and appropriate conditions conducive to learning.

CONDUCT CODE PROCEDURES

The school rules and procedures were developed and adopted in accordance with California education code 35291.5. This document represents the collaborative efforts of teachers, parents and other school staff and administration. These rules and procedures are intended as guidelines for enhancing the instructional climate and personal safety. The school uses a proactive and positive approach to management of student behavior (CHAMPS) with clear expectations and structures in place in classrooms and common areas.

(J) Hate Crime Reporting Procedures and Policies

In order to create a safe learning environment for all students, the Board of Trustees desires to protect the right of every student to be free from hate-motivated behavior and will promote harmonious relationships among students to enable them to gain a true understanding of the civil rights and social responsibilities of people in society. The district prohibits discriminatory behavior or statements that degrade an individual based on his/her actual or perceived race, ethnicity, culture, heritage, gender, sex, sexual orientation, physical/mental attributes, or religious beliefs or practices.

Any student who believes he/she is a victim of hate-motivated behavior shall immediately contact the teacher and Principal. Upon receiving such a complaint, the Principal shall immediately investigate the complaint in accordance with school-level complaint

process/grievance procedures as described in AR 5145.7 - Sexual Harassment. A student who has been found to have demonstrated hate-motivated behavior shall be subject to discipline in accordance with law, Board policy, and administrative regulation. Students are expected to respect all others while on school grounds or while participating in school activities.
