

# RIGHT AT SCHOOL

Welcome parents and students to the Right At School family!

We are thrilled to be your school's selected **before- and after-school provider**.

We know you have questions, and we'd love to take this opportunity to tell you more about Right At School so that you can feel informed as you make the very important decision about where your child will be during the after school hours.

## Who is Right At School?

WE'RE EDUCATORS. We are a team with significant experience and passion educating children. From curriculum writing, to program staff hiring and training, to accounting and payroll, we're all driven by our mission "to inspire a love of learning and a commitment to healthy living." WE'RE PARENTS. We understand first-hand the importance of affordable and high-quality before- and after-school care, because we rely on it ourselves. Many of our own children are in Right At School programs! WE'RE EXPERIENCED. We operate after-school programs in many school districts across the country and in all types of urban, suburban, and rural school communities.

## Why Right At School?

Right At School is focused exclusively on student enrichment for children in elementary schools. This is not just baby-sitting; our highly trained and passionate educators make sure the learning carries on after school in a fun and meaningful

manner. Your children will experience best-in-class, fun-filled programs focused on building their creativity, conditioning, character, and confidence. We are reliable (programs run every day school is in session), flexible (choose your schedule), and convenient (we offer a daily drop-in option). And all of this happens right in the comfort and safety of their own school.

## What makes Right At School different?

We think there's a lot about our program that make us different, from the homework help provided, to the unique curriculum, to the way we transition from one space to another so that safety is a key focus. But the one that is talked about the most from our students is the feeling of community that is unique to each of our programs. We begin each day with a "Town Meeting," where students share news and special events, and our educators preview the fun afternoon that awaits them. Led by our nurturing educators, your child will become part of an after school community that truly feels like family.

## Who are Right At School Educators?

Right At School educators are experienced post-graduate and current college students with a passion for working with children. All of our Program Managers have experience working with children in an educational setting, and are CPR-certified. Our educators participate in extensive and ongoing education-, behavior-management-, and safety-focused training and professional development. As part of our focus on safety, our staff must pass comprehensive fingerprint background checks. Right At School educators are nurturing, energetic, and excited to work with your children every day!

## How can I register?

We have rolling registration open online at [rightatschool.com](http://rightatschool.com) or by calling 855-AT-SCHOOL. Tuition payments will be drawn automatically based on your payment plan and you may adjust your schedule at any time. There is an annual, per family registration fee and we offer sibling discounts as well! Visit us at [rightatschool.com](http://rightatschool.com) to get more information about your school program or call us with any questions! We can't wait to serve your family this school year.
