Student Use of Technology Agreement and Release of Liability Form

The Mount Vernon City School District (MVCSD) authorizes students to use technology owned or otherwise provided by the district as necessary for instructional purposes. **The use of district technology is a privilege permitted at the district's discretion and is subject to the conditions and restrictions set forth in applicable Board policies, administrative regulations, and this Acceptable Use Agreement. The district reserves the right to suspend access at any time, without notice, for any reason.**

The district expects all students to use technology responsibly in order to avoid potential problems and liability. The district may place reasonable restrictions on the sites, material, and/or information that students may access through the system.

Each student who is authorized to use district technology and his/her parent/guardian shall sign this Acceptable Use Agreement as an indication that they have read and understand the agreement.

Definitions

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (Wi-Fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or *off-site* or through district-owned or personally owned equipment or devices.

Student Obligations and Responsibilities

Students are expected to use district technology safely, responsibly, and for educational purposes only. The student in whose name the district technology is issued is responsible for its proper use at all times. **Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.**

Students are prohibited from using district technology for improper purposes, including but not limited to, use of district technology to:

1. Access, post, display, or otherwise use material that is discriminatory, libelous, defamatory, obscene, sexually explicit, or disruptive.
2. Bully, harass, intimidate, or threaten other students, staff, or other individuals ("cyberbullying").

8. Engage in or promote any practice that is **unethical or violates any law or Board policy, administrative regulation, or district practice.**

Privacy

Since the use of district technology is the sole proprietor of the technical device(s) and/or the technical device is intended for educational purposes, the students shall not have any expectation of privacy in any use of district technology.

The district reserves the right to monitor and record all use of district technology, including but not limited to, access to the Internet or social media, communications sent or received from district technology, or other uses. Such monitoring/recording may occur at any time without prior notice for any legal purposes including, but not limited to, record retention and distribution and/or investigation of improper, illegal or prohibited activity.

Students should be aware that, in most instances, their use of district technology (such as web searches and emails) cannot be erased or deleted.

All passwords created for or used on any district technology are the sole property of the district. **The creation or use of a password by a student on district technology does not create a reasonable expectation of privacy.**

Personally Owned Devices

If a student uses a personally owned device to access district technology he/she shall abide by all applicable Board policies, administrative regulations, and this Acceptable Use Agreement. In addition, violations of the law, Board policy or this agreement may be reported to law enforcement agencies as appropriate.

Liability
