Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program Additional Targeted Support and Improvement ATSI- Special Education

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Vision at Sierra Linda is: Empowering ALL Children to Achieve Excellence. Our Mission is: We encourage children to become creative, academically competent, responsible citizens within a safe and healthy environment where all individuals are nurtured and respected. Our vision and mission

are in line with the vision and mission of the Oxnard School District. Mission: In Oxnard School District, we nurture self-confident and empowered multilingual global citizens, strong in their multiple identities and potential, who achieve inspired levels of individual, community, and social accomplishment in school and beyond in their endeavors. Vision: Ignite, Transform, Nurture, Embrace.

Oxnard School District has created a strategic plan in order to ensure that we fully develop our student profile and work toward fulfilling our Mission and Vision.

Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect, and Caring; and Professional Accountability and Service. Our strategies/activities support our values and principles: Equity and Excellence; Safe and Affirming Environments; Achievement/Performance, Multilingualism, Global and Socio-Cultural Competence; Relationships built on Integrity, Mutual Trust, Respect, and Caring; and Professional Accountability and Service.

A guiding focus for the district is on five strategic goals which form the framework for powerful and sustainable school and district transformation: Student Academic Engagement and Achievement; a Positive and Safe Learning Environment and School Climate; Guidance and Support to Sites; Family/Community Alliances for Student Success and Transformational Leadership and Infrastructure.

All of our strategies/activities are designed to further these pedagogical principals:

- 1. Identify, activate, and build on student strengths.
- 2. Affirm student identities by challenging the devaluation of minoritized students' identities.
- 3. Establish powerful relationships that nurture equity and success.
- 4. Engage students actively in the learning process., by amplifying student voice.
- 5. Create environments of enrichment, rather than remediation, that engage students' multilingual repertoires.
- 6. Situate learning in the lives of students by connecting to their lives.
- 7. Elicit high intellectual performances that help connect students' identities to academic engagement.

8. Address the prerequisites for learning, including incorporating pedagogical practices that challenge coercive relations of power.

At Sierra Linda, we are committed to developing a rigorous and supportive instructional program that prepares each child for college and/or career pathways and supports the achievement of the Oxnard School District Student Profile and Vision and Mission of the district. We will focus in the area of teaching and learning to successfully meet the needs of all students. The highly committed staff has been dedicating themselves to the full implementation of Common Core State Standards (CCSS) with an emphasis on technology through the implementation of 1:1 devices for all students in grades TK-5; including supporting instructional programs/apps such as STAR Assessment in ELA and Math, Lexia/Core5, myOn, ST Math, and Accelerated Reader. Our goals can be realized by following a Theory of Action, which constitutes committing to a vision of success; to be relentless in clarifying and supporting classroom leadership; building school leadership; to benefit from organized district leadership; and to engage our families and community, which will lead us to become a highly effective and equitable school.

Through our shared Vision and Mission, the staff at Sierra Linda is working to ensure that our instructional program meets the academic needs of each student. Teachers meet in grade-level teams regularly in order to plan together. During our staff and collaboration meetings, they analyze

data and plan rigorous standards-based lessons that support students' academic progress. The staff participates in district and site professional development to improve and implement instructional practices. The teaching staff at Sierra Linda is committed to the process of implementing CCSS and is dedicated to promoting higher-level thinking and learning for all students. Our staff will continue to implement our strand focus of Health and Art as part of our integrated curriculum. We will support the strand focus by providing funding and enrichment activities for all students.

In all classes, integrated ELD instruction is embedded throughout all subjects and explicitly taught during designated ELD instructional time. The progress of EL students is closely monitored during grade level meetings, student monitoring conferences, and through the Multi-Tiered System of Supports (MTSS) process. We use additional programs and tools in order to provide all our students with various learning opportunities. Accelerated Reader helps students hone their comprehension skills and encourages a love of reading. ST Math and Lexia/Core5 programs provide additional opportunities for students to revisit critical reading and math skills. Teachers use various technical applications that support the development of foundational reading and math skills. Every student has received an iPad for use at home and at school. Teachers continue to receive training on the use of iPads and share ideas with each other on how to develop students' knowledge of programs and applications. Students receive digital citizenship instruction. Parents are informed of the benefits of technology as it relates to the education of their children.

Students receive differentiated instruction in reading in all grade levels during the week. Through district funding, the district has hired Literacy Intervention Teachers in order to support this program. The student groups are small and the instruction is targeted to specific reading needs based on STAR Reading Assessment and Leveled Literacy Intervention program results. Our school has recently been identified as ATSI (Additional Targeted Support and Improvement), due to low growth of our Special Education students on the SBAC. The CDE makes this determination based on previous student performance from state-mandated assessments and data collection. We have identified strategies/activities to address this, such as providing tutoring for learning recovery after-school and including them in targeted universal access times during the day to focus on their academic growth. Our Special Education teachers are also involved and special education students are mainstreamed with the general education population through this model. Intervention materials are used, as well as supplemental materials for students who need to be more academically challenged. Classroom teachers use STAR360, adopted curriculum assessments, and teacher-created assessment data to focus on Reading and Math skills during regular classroom instruction.

We have instituted an instructional and behavior intervention program, using the MTSS model, which revolves around ensuring that students are successful. Our MTSS model includes processes to identify and assist students who are not making necessary academic gains and/or are having social-emotional issues in order to provide students with a safe learning environment and to instill necessary life skills so they can continue to be productive citizens beyond their attendance at Sierra Linda. We have regular SST (Student Success Team) meetings which include the principal, the school psychologist, special education staff, the counselor, classroom teachers, the Outreach Consultant (ORC), and parents. Our positive behavior program is CHAMPS. All staff have been trained in and implement this program which focuses on teaching students specific skills such as self-control, responsibility, self-confidence, and cooperation in order for them to be able to make safe and rational decisions concerning their conduct. With CHAMPS, we are continuing on building student and staff capacity, building resiliency, and a growth mindset. A full-time counselor is part of our staff. The counselor works with teachers, individual students, and small groups to provide additional social-emotional support they may need to succeed.

Parents are partners in their children's educations. We involve and inform them in a variety of ways. There are several parent meetings, such as School Site Council, English Learner Advisory Council, Title 1 Meetings "Coffee with the Principal", and Coffee with the ORC/Counselor during which parents have an opportunity to provide input for shared decision-making. Parents receive a weekly phone blast informing them of all school events and activities. Teachers regularly inform parents of student progress through phone calls, conferences, progress reports, text messages, Peach Jar, and behavior charts (if necessary). Our ORC and Counselor offer support by connecting families with necessary community services to address basic and social-emotional needs. Parents participate in positive parenting programs like "Parent Project" through an in-person platform in the Spring. We hold transitional meetings and workshops in order to assist parents whose children may be transitioning into Kindergarten or middle school. Parent workshops will be presented on a variety of topics, including parenting skills, technology, curricular materials, and assessment.

At Sierra Linda, we provide a safe and nurturing learning environment where each child and adult is valued and respected in an atmosphere that promotes the attainment of one's academic, social, and emotional potential. It is a place where we work together to develop exemplary character traits and scholarly attributes that embrace OSD's Student Profile and will need for success in life. We strive to promote a school environment wherein our core values of equity, integrity, purpose, perseverance, and compassion are evident in every interaction with students, community, and each other, thus, effectively meeting Every Student Succeeds Act (ESSA) requirements.

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Ongoing informal and formal classroom observations were conducted by peers and administration to collect data in Grades TK- 5th throughout the school year. Students were observed using academic language to explain how or why they got their answers. Formal classroom observations are conducted at least twice per year, and a meeting to discuss observations, develop and develop a plan of improvement (if necessary) is discussed. Informal classroom observations are scheduled at a minimum of three week intervals. The information gathered is shared with staff to discuss current strategies being implemented and review student engagement. Our data showed that Increased use of student engagement strategies was beneficial for all students. We worked in collaboration with our committees (School Site Council, ELAC, Leadership Team, and PTA) to develop the goals, actions, and services that are part of our SPSA. Thus, discussions were focused on effectiveness and consistency of common best practices, teaching strategies, planning and monitoring student engagement, and identifying Priority Standards to help develop targeted student interventions and support. These strategies were used both in ELA and Math lessons and an emphasis in writing across content areas will help us create a stronger academic foundation for all our students. The teachers are using the Report Card Outcomes as a basis for long-term planning of lessons and assessments to gauge student success.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Staff will collaborate, analyze and interpret data to modify instruction and improve all student achievement. The data gathered is used in weekly PLC meetings to help guide our instruction, interventions, and academic focus. The following assessment tools used gave us both formative and summative data that is used frequently and can be shared with other staff and parents. Star360--Early Literacy, Reading and Math assessments Star360 CBM (foundational skills) ELPAC ELD Unit Assessments IABs (CAASPP Interim Assessment Blocks) BPSTs (basic literacy assessment) Math and ELA curriculum assessments Teacher created assessments Leveled Literacy Intervention Assessments CAASPP (SBAC) Assessment results

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers monitor student academic progress during grade level collaborations on a weekly basis during Professional Learning Community (PLC)/collaboration time and after each district assessment window with the administrator. Assessment results are used to modify instruction and create focus goals in ELA and Math. Student instructional groups for Universal Access (UA); and Tier 1 and Tier 2 interventions are determined by reflecting on current instructional strategies and data. Data from Star360, IAB's, and curriculum assessments guide the discussion and identify need for intervention.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The district ensures that that all site staff meets requirements to be considered "highly qualified." This is monitored by the district's Human Resources Department.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Incoming teachers are appropriately credentialed and provided with various forms of support. New Teacher Orientation is offered which includes District expectations and procedures, training on current curricular materials and programs, and tips on classroom management. The district works with the Ventura County Office of Education to provide Induction for new teachers. Professional development is always offered when new materials are adopted. Follow-up training is available to continue to support the use of the materials. District TOSA's (Teachers on Special Assignment) are available to provide support to teachers during staff meetings, PLC meeting times, and individual/small group professional development.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Professional development is provided at the site and district level to ensure that instruction is aligned to current Common Core State Standards. There is a district assessment calendar to ensure that student progress is sufficiently monitored throughout the year. Professional development and support is provided on the assessment system and the specific types of assessments. Structures are in place at school sites to allow teachers to analyze data in collaborative groups in order to identify student needs and adjust instruction accordingly.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Educational Services Department includes Directors, Managers and TOSAs (Teachers on Special Assignment) who provide support for Curriculum, Instruction, Assessment, Accountability, Biliteracy Programs, Special Education, Special Programs, Pupil Services, Educational Technology and Equity and Family and Community Engagement. Site administration also functions as instructional leaders. Our regular school year calendar was revised to include three additional professional development days for all teachers (2 in the summer before school starts and 1 in the fall). Professional development was provided in the following areas: instructional content, planning for DLI instruction, culturally responsive grading and equity, special eduction assessment and TK instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Grade-level collaboration is provided on a weekly basis during our PLC/Collaboration time. Instructional leadership committee (grade level leads) discuss and agree upon topics for collaboration. Our Grade levels work within and across grade-level teams to implement PLC structures and discussions. The focus is on the five essential questions:

(1) What do we want students to know? How are these represented in our student REport Card Outcomes?

- (2) How will we know if they learned it?
- (3) What will we do if they haven't?
- (4) What will we do if they have?

(5) What will we be teaching next and how does this build on our foundation?

Our PLC Teams agree upon common assessments, report card Outcomes, and Priority Standards, analyze their date, and create a plan to support all their students.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Collaboration work, using the PLC (Professional Learning Communities) model, supports use of instructional strategies aligned to current CA Common Core State Standards. State adopted and approved curricular materials support instruction.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Instructional minutes are monitored by the Business Services office. All school schedules adhere to the guidelines governing recommended instructional minutes.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district assessment calendar and adopted curricula provide guidance on lesson pacing. Student needs are determined by data analysis. Courses are scheduled based on these student needs.

Availability of standards-based instructional materials appropriate to all student groups (ESEA) Instructional materials provided for all students are managed by our district Textbook Coordinator. Participation in Williams Inspections confirms that all students have access to required materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Adopted and standards-aligned materials are provided for use in all classrooms. Intervention materials must be research-based. Funds are allocated to sites to purchase any additional materials they determine are necessary to meet student needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

At Sierra Linda. we use a Multi-Tier System of Support (MTSS) to help our underperforming students meet grade-level standards. This is an instructional model that includes universal screening, multiple tiers of support (Tier I, Tier II, and Tier III), data collection, and reviews to inform interventions in each tier. During regular student monitoring by the teacher, administrator, and grade level collaboration, students who are not achieving as expected are initially provided interventions within the classroom by the teacher as part of Tier I interventions. These interventions typically last 6-8 weeks and are specific to the student's needs. Student progress is monitored and teachers adjust the interventions accordingly to ensure students reach the expected goals. If the student is showing little to no growth, then they are referred to the MTSS Team, LIT Teacher, or Intervention Service Provider. Students that are not meeting expectations from Tier II interventions are referred to the Student Success Team (SST). Parents are a crucial part of student success, thus they are informed of a teacher's concern as soon as Tier I interventions are started. Parents are invited to SST meetings in order to create a successful plan for interventions. Those that are still not demonstrating adequate progress, may be referred to for a Special Education evaluation. This process can involve school specialists such as the Psychologist. Resource Teacher, Speech Therapist, Occupational Therapist and/or district nurse.

Evidence-based educational practices to raise student achievement

Teachers will consistently use evidence-based educational practices as part of good first instruction to raise student achievement. These practices may include, but are not limited to; having a clear focus/purpose for the lesson; effectively communicating our lesson target goals in ELA and Math to all students; providing opportunities for student engagement with content; monitor and checking for understanding; and providing corrective feedback.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

At Sierra Linda parents are encouraged to participate and support Sierra Linda students by becoming involved through a variety of educational and advisory opportunities throughout the year that will help strengthen the family-school partnership. We believe that these partnerships with parents and the community are essential to the success of all students. We invite our families to participate in all of our activities. In order to allow families to participate, our meetings are offered in person or through a virtual platform (zoom).

These include but are not limited to: *Class and field trip volunteers *PTA events, such as meetings, Art Night, virtual fundraisers and Jog-a-Thon *School Site Council meetings *ELAC meetings *Parent Nutrition Classes *Parent Project parenting classes *Coffee with the Principal/Title 1 meetings *Awards Assemblies *Read-a-Across America (as readers) *Parent Training provided by English Learner Department *Parent Nights with a Focus on ELA/Math/ and Technology

These meetings allow parents to voice any concerns, receive information and have input into critical decisions. The meetings also allow an opportunity to explain testing, scores, safety, and other school-related programs and activities. Our ORC and Counselor offer support by connecting families with necessary services to address social-emotional needs.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Sierra Linda will continue to prioritize parent involvement during the 2023-2024 school year. Parents, community members, classroom teachers, and other school personnel serve a vital role in guiding the planning, implementation, and evaluation of our School Plan for Achievement and student success. Parent representatives on the School Site Council, English Language Advisory Committee, and PTA are elected on a biennial basis. School and district-adopted bylaws govern the protocols and decision-making process for each of these committees to ensure annual goals and fiscal spending is centered on student achievement. Throughout the 2023-24 school year, the school staff. community, and governance stakeholder groups will continue to monitor the actions identified to support the SPSA goals and to determine the school's effectiveness of meeting these goals. School Site Council and the English Language Advisory Committee meet monthly to discuss and monitor the school's progress towards meeting the SPSA goals, as well as to review the implementation of supports, programs, and services identified within the SPSA. The Principal will meet with classroom teachers and other school personnel on a three week rotation cycle basis to analyze and monitor student achievement data in order to improve instruction and the use of curriculum and assessment. Transitional meetings and presentations are held yearly by the middle School Counselors to inform 5th grade students of programs offered in the middle school, such as AVID and pathways to college and career readiness. In addition, the principal and school counselor present A-G requirements for all 5th grade students and parents.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Categorical funds were used to support small group interventions and programs for differentiated instruction to meet the needs of underperforming students. Additionally, funds were used to provide equity for all students through enrichment opportunities, such as standards-based field trips and technology programs that enhance the learning of underperforming students. The funds were also used to support the continued development of our PBIS approach, which supports all students in their behavioral and academic progress.

The following services were funded through categorical funds to enable underperforming students to meet the standards.

*Tutoring

*Staff Collaboration (Virtually and In-Person)

*Professional Development and conferences (Virtually and In-Person)

*Parent Conferences (CABE- In-Person)

*Enrichment Field Trips

*Substitutes for MTSS/SST/IEP meetings

*Intervention Support Provider (ISP)

*Babysitting for EL parents

*Verbal Translation for any meeting with EL parents

*Overtime for Counselor, ORC, and Clerical staff for EL parent support

Fiscal support (EPC)

The district receives Title I funding as we are considered a Title I district. All of our sites are considered "schoolwide." Title I funds are allocated to each school based on the number of qualifying students. Sites then determine how to use the funds based on specific student needs. The district also distributes Title III funding to sites in order for them to provide any necessary additional services or resources to support English Learners. The district receives Supplemental and Concentration LCFF funding. Sites are allocated a portion of these funds in order to provide additional resources toward student achievement.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Parents are partners in their children's education. The SPSA was reviewed with parents during our SSC, Title I, and ELAC meetings. Each group is given the opportunity to review the SPSA and to make suggestions for improvement of student achievement. Parent groups submit recommendations for actions to be included in the SPSA for School Site Council. The School Site Council members review and revise the SPSA during April, May, and June. ELAC members review and give recommendations during the April and May meetings. All parent committees (SSC, ELAC, PTA) participated in the development of the SPSA. School Site Council reviewed and approved the SPSA. The Leadership Team and staff members review and revise the SPSA from May through June. All Education Partners are highly encouraged to provide feedback on strategies to improve student success. SPSA goals and strategies are the driving force for discussion at monthly parent meetings

and staff collaboration. Therefore, updates on SPSA goals are calendared throughout the year for all Educational Partners.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

We had previously allocated funds for substitutes to provide for observations and data meetings. Due to the shortage of substitutes on scheduled dates, we were unable to perform this activity. Another inequity encountered was the limited number of teachers and staff available to provide afterschool tutoring to our students not meeting grade-level standards and English learner students. Due to time constraints and transportation, we were unable to provide our ATSI students (Special Education students) enough after-school tutoring opportunities in learning recovery for the entire year.

Grade 1	98	82	78								
Grade 2	93	93	82								
Grade3	83	84	97								
Grade 4	99	74	78								
Grade 5	93	96	64								
Total Enrollment	570	532	523								

Conclusions based on this data:

Based on the Enrollment by Student, we have had a slight increase in the percentage of African-American students (as compared to the previous two years), a slight decrease in the percentage of Hispanic/Latino students (from the previous year), and an increase in the percentage of Filipino students (from the previous year). We are continuing to implement a Culturally Responsive teaching approach with our students that focuses on an asset-based model. We plan on continuing to incorporate activities to honor our diverse cultural backgrounds (celebrating different cultures, and customs, and being inclusive of all students). We will continue to look at our data from all subgroups to ensure the needs of our subgroups are being met with equitable practices.

In looking at the Enrollment by Grade Level, a contributing factor to our declining enrollment is students returning to their home schools during the year when space becomes available at that site. The high cost of living in our county/community also affected our enrollment.

Student Enrollment English Learner (EL) Enrollment

Englis	English Learner (EL) Enrollment											
	Num	Number of Students Percent of Students										
Student Group	20-21	21-22	22-23	20-21	21-22	22-23

Fluent English Proficient (FEP)	53	26	15	9.30%	4.9%	2.9%						
Reclassified Fluent English Proficient (RFEP)	47			17.4%								

Conclusions based on this data:

Sierra Linda's overall English Learners population has decreased due to the high cost of living in our area. However, we have increased the number of students that have met reclassification criteria. Based on test scores, we believe that EL students need extra support to better access the curriculum. Students in Kindergarten will continue to receive 30 minutes of daily Designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily Designated ELD instruction during our normal school year. English Learners are clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum and supplemental materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening, and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade-level subject matter. Teachers are purposeful in providing scaffolds during integrated ELD instruction. Thus, providing EL students support throughout every content area. We will be offering after-school tutoring for EL students that focus on preparing students to pass the ELPAC Assessment and make them candidates for reclassification.

Conclusions based on this data:

At Sierra Linda, as of April 2023, 77% of Kinder students and 57% of 1st Grade students scored At or Above Benchmark on the STAR Early Literacy assessment. In 2nd grade, all students are given the Star Reading assessment, but students who score below a certain threshold are given the Star Early Literacy. During the April 2023 assessment window, we had 21 students in 2nd grade score at Urgent Intervention on the STAR Early Literacy Assessment We have a group of students in each grade level at the On Watch level. We will be focusing some of our interventions on these students to help them move into the At/Above Benchmark level. Discussions continue to happen on how to best support all students during PLC meetings, staff meetings, and data meetings with the administrator.

Star Reading

Conclusions based on this data:

In reviewing the April 2023 data presented, 30% of our 2nd Grade students and 26% of our 3rd Grade students have reached the At/Above level on the STAR360 Reading assessment. In 4th grade, 40% of students reached the At/Above Level, and in 5th Grade, only 21% reached the At/Above Level on the STAR360 Reading. We will continue to place our resources into providing reading support and providing opportunities needed for students to reach proficiency levels. Our goal is to move all students over at least one level, therefore resulting in having our school meet the district benchmark on the STAR 360 Reading.

Star Math

Conclusions based on this data:

The data from our April 2023 STAR360 assessment window shows that 41% of 1st Grade students, 36% of 2nd Grade students, 32% of 3rd Grade students, and 40% of 4th Grade students met the At/Above Benchmark Level on the STAR360 Math assessment. Our lowest performing grade is 5th Grade with 15% At/Above Benchmark Level. We will allocate the necessary resources across all grade levels for additional math support and improve student achievement. Our goal is to move all students over at least one proficiency level and meet the district benchmarks in students scoring At/Above Benchmark Level. Our District TOSA will work closely with our 5th Grade Teachers in reviewing data and lesson planning.

Conclusions based on this data:

We compared several years of data with last year's preliminary data. We have identified specific areas of strength/weakness per grade level. Based on the PReliminary Data, the percentage of students in the "Overall At/Above" standard on the CAASPP increased while the percentage of students between 21-22 and 22-23 school years for Grades 3 and 4. Our 5th Grade students show a decrease in the number of students scoring "Overall At/ Above" on the ELA CAASPP as compared to the previous year. Based on Preliminary Data our current 3rd-grade students have increased the number of students scoring on the Met or Exceeded Grade Level standards from 27% (2021-2022) to 30% this academic school year in Language Arts. Our 4th-grade students have increased the number of students scoring on the Met or Exceeded Grade Level standards from 15% (2021-2022) to 29% this academic school year in Language Arts. Our current 5th grade have decreased in the number of students scoring on the Met or Exceeded Grade Level standards from 21% (2021-2022) to 10% this academic school year. The domain of Writing has been identified as an area of focus across all grade levels. In order to address the areas of most significant concern, the staff is committed to collaborating on best instructional practices to increase student engagement and address academic needs. We will dedicate Staff Meeting time, PLC/Collaboration meeting time, and Grade-Levele data meeting time (with TOSA) to discuss best instructional practices, primarily in Writing, Language Arts, and Math. Grade-level teams will dedicate up to an additional two hours a month to continue reviewing student progress and daily instruction. There will be some common topics and some grade-level specific topics discussed during collaboration time with the administrator. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. Collaboration time will include reviewing student data, developing common assessments, and analyzing student work samples. After reviewing student data on a four to six-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day. Interventions can also be supported by small group instruction provided by the teacher during designated universal access time and Intervention Support Providers (ISP).

Conclusions based on this data:

Based on Preliminary 2023 data, the percentage of students in grades 3 that 'Overall Met/ or Exceeded" the standards on the CAASPP stayed relatively the same (22%). Our 4th Grade students made a significant gain in the "Overall Met/Above Standard" score between 21-22 and Preliminary 22-23 school years, 5% to 29% respectively. Our 5th grade increased the number of students that "Overal Met/Exceeded" by 1% as compared to the 21-22 school year. Although we are extremely proud of the gains made by our students, it is also evident that not all of our students demonstrated adequate gains in Math. As we compare several years of data, we have identified specific areas of strengths/weaknesses per grade level and will be working with our district Math Manager and TOSAs (Teachers on Special Assignment) to focus on increasing student achievement. To address the areas of greatest concern, students not making any overall growth, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and Writing across content areas. Therefore, we are committed to using math journals and Math talks within our daily instructional practices. We will focus on best instructional practices during PLC/Collaboration time. Grade-level teams have the opportunity to work together for up to an additional two hours a month to continue reviewing student progress and daily instruction. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. In addition, staff has begun working with the district Math Manager and using resources from Jo Boaler to discuss best instructional practices in Math. In the area of mathematics, growth mindset concepts will be implemented into the daily routine. The teachers that went to the summer math training on growth mindset are leading discussions within their grade levels. Collaboration time will include reviewing student data as well as analyzing student work samples. After reviewing student data on a four to six-week cycle, teachers will decide how to modify the small group interventions that are taking place during the day,

Conclusions based on this data:

Based on the preliminary data from the 2022-2023 ELPAC Assessment, we have shown growth in the number of students scoring at Overall Levels 3 or 4, in 3 out of 5 grade levels. We also increased the number of students scoring at an Overall Level 2 in 4 out of 5 grade levels. However, in reviewing the above baseline data and comparing it with Preliminary Data, we continue to see that students scoring in the Overall Level 1 have only decreased in 3 out of 5 grade levels. Writing continues to be one of our areas of greatest need. Our teachers have committed to writing across all content areas, focusing on Forms and Functions during Designated ELD and Integrated ELD will continue to be taught in all core subjects.

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Enrollment for All Students/Student Group							
Student Group	Total	Percentage					
English Learners	282	53.0					
Foster Youth	1	0.2					
Homeless	20	3.8

Asian							
Filipino	5	0.9					
Hispanic	494	92.9					
Two or More Races	6	1.1					
Pacific Islander	2	0.4					
White	20	3.8					

Conclusions based on this data:

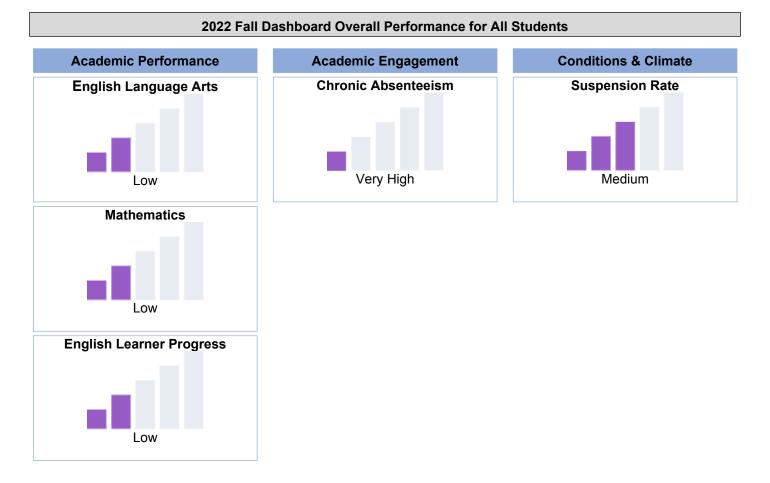

Sierra Linda's student population is 92.9% Latinos, with 53% of the Latinos being English Learners. We will continue providing designated and integrated ELD to ensure language acquisition and increase ELPAC test results. The majority of our students at Sierra Linda are socioeconomically disadvantaged. Over 90% of our student population qualify for free or reduced meals. School-wide, we participate in 100% free meals for all students. We have a large number of students that qualify for Special Education services due to our four Special Day Classes and our 2.5 Resource classes. Our Outreach Specialist ensures that our homeless and socially disadvantaged youths are offered weekend food backpacks. Families are connected to community agencies for housing, food, tutoring, and clothing. Although our African-American and White sub-groups are not considered significant sub-groups on the CAASPP Dashboard reporting system, we at Sierra Linda continue to focus on the needs of these students.

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the <u>Dashboard Communications Toolkit</u>.

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

Conclusions based on this data:

Based on preliminary results, Sierra Linda's 3rd and 4th-grade students improved in CAASPP Language Arts and Math. Based on preliminary scores, our fifth-grade students decreased by 6% in Language Arts and 1% in Math. We are very proud of the results our 3rd and 4th-grade students made compared to last year. However, we remain committed to improving all grade levels academic achievement. In math, our average of "at or exceeds standards" is improving in 3rd and 4th grade but not in 5th grade. Thus, Math is our area of most need and the area wherein we will

focus our grade-level collaboration. We will continue to focus on improving student achievement in ELA and Math. Through the CHAMPS initiative, we have been able to improve our student attendance and also support our students with their social-emotional needs. We will continue to provide tutoring through the use of Title II funds.

Conclusions based on this data:

As we compare several years of data, we have identified specific areas of strengths/weaknesses per grade level. The percentage of students in the "at or above" standard increased while the percentage of students in the "below" standard decreased between 21-22 and 22-23 school years. Our current 3rd and 4th graders increased the number of students that Met/Exceeded on the Language Arts portion of the CAASPP. Our current 5th grade decreased in Language Arts. Although we are extremely proud of the gains made by our students, it is also evident that a large portion of our students didn't demonstrate mastery of standards in ELA. We have identified Writing as an area of focus across all grade levels. In order to address the areas of greatest concerns, students not making any overall growth and Writing, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and Writing. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. Collaboration time will include reviewing student data as well as analyzing student work samples. After reviewing student data on a six to eight week cycle, teachers will decide how to modify the small group interventions that are taking place during the day. Interventions are supported by small group instruction provided by Intervention Support Providers (ISP). In addition, classroom teachers are purposeful when providing small group intervention and initial lessons. We will continue to provide target interventions to our English Learners and include recently Reclassified English Learners with Tittle III funds. We will also continue to provide target intervention during the school day by the teacher, during Tier 1 (Universal Access) and Tier 2 (ISP) throughout the day, and focus on all our subgroups.

Conclusions based on this data:

As we compare several years of data, we have identified specific areas of strength/weakness per grade level. The percentage of students in 4th-grade "at or above" standard increased while the percentage of students in the "below" standard decreased between 21-22 and 22-23 school years. Our current 3rd-grade students decreased by 3% and 5th-grade students by 1% "at or above" standard n Math. Although we are extremely proud of the gains made by our students, it is also evident that a majority of our students demonstrated not to score "at or above" in Math. In the domain of "Communication and Reasoning" Sierra Linda's students made the least growth. In order to address the areas of greatest concern, students not making any overall growth, the teaching staff is committed to focusing collaboration time on addressing best instructional practices to increase student engagement and improve "Communication and Reasoning". Grade-level teams will also collaborate to continue reviewing student progress and daily instruction. The topics of discussion and collaboration have been agreed upon by the site instructional leadership team. The areas of focus are discussed and reviewed during the monthly Leadership Team meeting. This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2022 Fall Dashboard Student English Language Acquisition Results

Conclusions based on this data:

Based on 2022 Dashboard English Language Proficiency Assessments for California (ELPAC) data, Sierra Linda Elementary classroom teachers will continue to strengthen both integrated and designated English Language Development (ELD) in order to increase English Learners' language proficiency skills throughout the instructional day. Students in Kindergarten will continue to receive 30 minutes of daily designated ELD instruction, while students in grades 1-5 will continue to receive 45 minutes of daily designated ELD instruction. English Learners will be clustered at each grade level to enable ELD teachers to provide targeted, standards-based language proficiency instruction using district-adopted curriculum and supplemental materials. ELD teachers will integrate appropriate scaffolding techniques to bridge students' current oral and written language levels in reading, writing, listening, and speaking to levels more representative of language proficiency and fluency. Oral and written language supports and scaffolds will also be integrated throughout all core subject areas by classroom teachers in order to enable English Learners to access grade-level subject matter. Our focus during designated ELD will be on student language learning and writing across content areas. Along with targeted instruction and interventions throughout the school day, we will continue to provide targeted interventions to our English Learners during after-school tutoring with Title III funds that focus on English Learner strategies and help reclassify students.

This section provides information about the percentage of students in kindergarten through grade 8 who are absent 10 percent or more of the instructional days they were enrolled.

Conclusions based on this data:

Students at Sierra Linda with perfect attendance receive incentives for attending school regularly. This has decreased or maintained chronic absenteeism across all subgroups. Students who are continually absent are placed on a mini-SARB contact and join our breakfast club. Staff, in particular the Outreach Specialist and the attendance clerk, conduct home visits. We will continue to conduct attendance meetings with parents to discuss the importance of daily student attendance. Our goal is to support the family, thus improving student attendance.

2022 Fall Dashboard Suspension Rate Equity Report				
Very High	High	Medium	Low	Very Low
0	0	3	0	1

This section provides information about the percentage of students in kindergarten through grade 12 who have been suspended at least once in a given school year. Students who are suspended multiple times are only counted once.

Conclusions based on this data:

Student suspension rates increased or maintained across some sub-groups and declined for our homeless and students with disabilities due to the continual implementation of CHAMPS, which is a Positive Behavior Intervention System (PBIS). CHAMPS consists of a multi-tiered system of interventions (MTSS) for students that are demonstrating disruptive behaviors. Students are suspended when all other means of correction have been tried or behavior falls into the five state-mandated reasons. Our school staff works diligently to provide a safe school environment wherein students can decompress and reflect on their behavior. Parents and staff work together to address students' social-emotional needs so that students learn appropriate methods of dealing with sadness, anger, or frustration. Our school counselor is available to instruct and support students by teaching character traits and coping skills to individuals, small groups, or whole classes. The schoolwide PBIS team is represented by an administrator, one member of each grade level, a campus assistant, and our school counselor. The PBIS team will meet monthly to address the full implementation of procedures and protocols that support students in making positive choices. Sierra Linda staff is committed to teaching students alternatives to becoming aggressive towards self or others. Thus, before we suspend a student, they have been given several opportunities to learn how to cope with emotions, stressors or frustrations. There are several other pieces to CHAMPS that staff is planning to implement, for example, various ways for students to become involved and develop their peer leadership skills. We recognize that when students have a positive connection to their peers and staff their behavior improves, thus promoting a safer and positive school environment for all.

1. Teachers and administrator will support delivery of best first instructional practices to increase student achievement in Literacy, Writing, ELD and Math by collaborating; discussing and analyzing data; using best first instruction practices and lesson delivery; and implementing on-line practice of SBAC sample questions. Teachers will administer on-line Interim Assessment Blocks (IABs) at least three times a year for third through fifth grade.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Based on measurable outcomes the overall implementation of our agreed strategies was successful. All grade levels increased in Math and ELA achievement based on Star reports from Fall 2022 to Fall 2023. Most grade levels met their goal and others made progress towards goals in both Star Reading and Math assessments. Overall, our activities and strategies were effective, especially in the area of ELA. In analyzing the performance assessments of our English Learner Subgroup, we have identified there is a discrepancy in achievement between English Learners and English Proficient students. This could be attributed to insufficient use of differentiation during instruction as well as insufficient implementation of EL instructional strategies.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds were allocated to purchase apps to support our academic goals; however, many of the apps were underutilized. As a result, data regarding the effectiveness of the use of these apps was invalid. In addition, the investment did not produce the academic boost in achievement that was intended. Thus, we decided to eliminate some apps and reduce licenses in others. Money was allocated to provide after school tutoring services but not all teachers had the desire or ability to spend additional time on campus.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a school, we are focusing on First Instruction and targeted Tier 1 Interventions in class. We will continue to provide time for PLC's and hire an Intervention Service Provider to support students in small-group instruction. We have developed criteria for choosing apps to support student learning by grade level. We cut apps that were underutilized or inappropriate for specific grade levels. We prioritized preferred apps by grade level, compared them to school-wide needs, and will purchase accordingly. Additionally, we analyzed the data connected to academic progress provided by the ISP during Universal Access time. This guided our decision to add one position that will be funded with site funds. We are also providing new opportunities for English Learner academic development, which include before/ after-school tutoring and enrichment in the writing domain. We are also providing professional development in language acquisition strategies, writing, ELA, Math Mindset, and NGSS. We will also be utilizing the district TOSA's in planning our instruction during staff and collaboration meetings.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Social Emotional Support and School Climate

LEA/LCAP Goal

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Goal 2

The social-emotional, health and well-being needs of students will be met in a learning environment that is safe, drug-free and conducive to learning.

Identified Need

To decrease the suspension rate To increase positive behavior To provide wrap-around services to ensure students come to school ready to learn

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Attendance Rate	Sierra Linda met our goal of attendance rate of 91%. Attendance was monitored for 36 specific students by Attendance Clerk, ORC, Teachers, School Counselor, and Principal.	Maintain a monthly average attendance rate of 94% or higher in each grade level, an increase of 3% overall.
Suspension/Expulsion Data	 >1% of our student population was suspended for the 2022- 2023 school year. No students were expelled. 	Reduce suspension rate by providing students with appropriate support to be successful at school. Maintain a 0% expulsion rate
Panorama Survey	Fall of 2022-2023 The survey provided us with baseline data in the areas of student SEL competencies and learning supports/environments.	Increase the number of students who felt connected, engaged in meaningful participation, felt safe, growth mindset, and social management by 10%.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	The favorable ratings by SEL topic were: Teacher-Student Relationships- 69% Sense of Belonging- 62% Self-Management and Social Awareness- 66% Growth Mindset- 59% Social Awareness- 65%.	
Office Referrals	 Based on the data from 2022-2023, we had 298 office referrals. During 2021-2022, there were 368 office referrals. The following are the top two reasons: 7% of those referrals were in regard to students being physically aggressive towards other students and staff (mostly student-to-student). 44% of the referrals were in regard to students not complying with (adult) directions or being defiant. 	Through a consistent implementation of PBIS procedures and CHAMPS, we will reduce physical aggressions by 50% and teach students to comply with adults' directions when feeling upset.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Sierra Linda works hard at providing a safe school environment. Based on the previous year's discipline referrals and Panorama Survey data, students need more activities during recess to help them make positive choices and enforce our PBIS plan. In addition, we are increasing our funding to provide more incentives for student attendance and positive behavior. The PBIS team met once a month. We set a monthly schedule of meetings to discuss professional collaboration and implementation of CHAMPS procedures and routines. We also need to provide incentives to acknowledge every child's increased attendance and not simply those with monthly perfect attendance. Academic incentives will be implemented to improve reading and participation in Accelerated Reader and Character Traits.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The funds budgeted for attendance activities was sufficient to cover the planned activities. Our attendance rate was not positively impacted, we decreased our chronic absenteeism decreased due to the fact that the attendance activities were based on in-person incentives. We began implement Eagle Dollars for character traits during the 2022-2023 school year. This activity will continue to be implemented for the 2023-2024 school year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Activities will be revised and added to increase attendance awareness for students and parents. Attendance incentives will be purchased throughout the year for individual students and classes that meet attendance goals. To ensure our goal to increase our daily attendance, we will be implementing monitoring protocols on a monthly basis. In order to increase a positive and safe school environment, the PBIS team will meet once a month. We will monitor student disciplinary actions and provide socio-emotional supports to students as needed. We will continue to implement the use of EAGLE dollars to help provide incentives for students demonstrating positive character traits.

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Overall, we increased parent participation at ELAC and PTA. In addition, parents of English Learners who are also Special Education have become more involved at monthly meetings. However, not many parents participated in the California Healthy Kids Survey. This is an area for

improvement. Some of our parents followed Oxnard District's volunteer policy, thus participated in classroom activities and in field trips.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The budget allocated for parent involvement was sufficient.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Sierra Linda will send home a monthly calendar of events. We will also be more consistent about updating our website. We will be posting flyers on Peach Jar and using Parent Square for communication with parents.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Jorge Mares	Principal
Maria Morones (Secretary)	Other School Staff
Armondo Arreguin (Chair)	Classroom Teacher
Julianne Newman	Classroom Teacher
Vacancy	Classroom Teacher
Rosana Valdez	Parent or Community Member
Susana Vasquez	Parent or Community Member
Abel Vasquez	Parent or Community Member
Pearle Diaz	Parent or Community Member
Marcella Castillo	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

School Site Council

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 05/10/2023.

Attested:

Principal, Jorge Mares on 05/10/2023

SSC Chairperson, Armondo Arreguin on 05/10/2023

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEAand school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

• Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 - 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will-
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 - 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 - 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 - 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
- Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);
- 3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <u>https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</u>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

 Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
