

Rugby Playing Student and their Parents,

Being a member of a collegiate varsity team provides so much more than playing on a college club team. The TU Women's Varsity Rugby Team will have a dedicated athletic trainer and full training department to assess, treat and rehabilitate any injuries a student athlete may sustain and get them safely back on the playing field after recovery. All transportation to away matches, travel meal stipends, home/away and training uniforms will be provided. Access to all fitness and training facilities will be provided. Both academic and athletic scholarships will be awarded. Student athletes on the team will not have to pay the sometimes-expensive costs associated with conferences and national governing body fees that are usually part of college club rugby teams.

Study tables are provided for students upon request and for those that require them. Academics are monitored by the Athletic Department and Coaches. Student athletes at Tiffin University are students first and foremost.

To complete and submit an application, please click this link <https://apply.tiffin.edu> This non-binding application is the first step towards getting you enrolled, if you so choose, and starts the review to determine which scholarships, both academic and athletic, you may receive. Please complete and submit the application to get started on your college journey. I would like to invite you to make a visit to the TU campus. To schedule a campus, visit please click this link <https://www.tiffin.edu/visit>. During this visit you will meet with an admissions counselor who can answer any questions you may have, be provided with a tour of the campus and I will be available to take you on a tour of the athletic facilities. A chart with the Academic Merit Scholarships, which are determined by GPA, is attached. If you complete a visit to the campus before May 30, 2023, the university will provide an additional \$1000 for the 2023-2024 school year to your awarded scholarship. Athletic Scholarships are offered by the Athletic Department on my recommendation.

To take a short video tour of a couple of the TU athletic facilities that the rugby team uses, please click this link <https://gotiffindragons.com>, choose Facilities then both Heminger Center and Paradiso Athletic Fields. If you are not a senior this year, please remember that it is never too early to start planning your college education and you are welcome to submit an application and visit the campus.

I look forward to hearing from players or their parents to answer any questions about the school, our courses of study and the great athletic department and facilities that Tiffin University has to offer.

Thanks very much for your time.

Coach Marc
