

MPS First Stop!

Connecting families with young children to resources and community supports.

At MPS First Stop, our friendly staff connects families to resources that support them and prepare their children for kindergarten.

EARLY INTERVENTION RESOURCES

Early intervention supports families with young children to access early childhood school and health resources.

EARLY CHILDHOOD SCREENING

A screening checks your child's health and how well they are growing. All children must be screened before they start school.

CHILD CARE RESOURCES

Links to Hennepin County child care assistance programs and Minnesota early learning scholarships.
