## 1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

In the 2023-24 school year, the Oak Grove School District gathered input from educational partners (teachers, staff, parents, site administrators, and students) through surveys and input sessions regarding the use of Prop 28 funds. There was a task force of varied educational partners who reviewed input and gave suggestions to plan development. As a result of collective decision-making, it was decided to pool 80% of the funding from the 15 elementary sites to hire 5 additional full-time credentialed Visual and Performing Arts teachers (art, music, theater) for the 2024-25 school year to enhance arts and music education across the district. At the 3 intermediate schools, they will retain their allocation to hire their own arts and music teachers. Restricted AMS grant funds in the amount of \$1,211,700 will cover the entirety of the plan expenditures. Funds can only supplement, not supplant existing Arts and Music programs in the school district, therefore we continue to fund two VAPA teachers. In the 2024-25 school year, 8,555 students will benefit from the expansion of the current Visual and Performing Arts program across the Oak Grove School District. The Oak Grove School District will ensure each school has the necessary infrastructure to support arts and music education, such as instruments, state adopted curriculum, art supplies, and technology.
