

By partnering with Dallas College Richland Campus, students who attend the Conrad Global Studies H-Tech will have the opportunity to earn a high school diploma and up to 60 college credit hours or an Associates of Applied Science degree in four years.

Earn an Associates of Applied Science degree or up to 60 college hours **tuition-free** while in high school and enter the job market with a work-ready skill upon completion of high school.

Transfer to a four-year institution more quickly with an Associates of Science degree.

Become familiar with the effort required to successfully complete college level coursework.

Dr. Emmett J. Conrad Global Studies H-Tech is for students interested in Science, Technology, Engineering, and Mathematics (STEM). Students can choose to follow one of the following pre-professional or technology pathways:

The academy will accept up to 125 ninth grade students per year, and students will move together as a cohort as they progress through high school.

Students will attend ninth and tenth grade at Conrad High School in a dedicated wing of the building. For their junior and senior years, students will attend classes on the Dallas College Richland Campus. Transportation will be provided at no charge.
