**2023-2024 Campus Improvement Plan**

# Mission Statement

We establish and maintain a campus that conquers excellence with each one of our students. Excellence is the mission of Botello and Dallas ISD.

## Vision

To create an effective self-directed personalized learning environment that closes opportunity gaps and prepares scholars for college readiness and post-secondary endeavors.

## Value Statement

We pride ourselves on challenging students to perform to their highest potential.

| Perceptions   | 16 |
| Priority Problem Statements   | 21 |
| Goals   | 23 |
| Goal 1: DISTRICT GOAL: Student achievement on state assessments in all subjects in Domain 1 will increase from 46% to 58% by June 2025.   | 24 |
| Goal 2: DISTRICT GOAL: Student achievement on the third-grade state assessment in reading at the Meets performance level or above will increase from 40% to 56% by June 2025.   | 37 |
| Goal 3: DISTRICT GOAL: Student achievement on the third-grade state assessment in mathematics at the Meets performance level or above will increase from 42.3% to 56.0% by June 2025.   | 42 |
| Goal 4: DISTRICT GOAL: Middle-grade student achievement (grades 6-8) on state assessments in all subjects in Domain 1 will increase from 40% to 50% by June 2025.   | 48 |
| Goal 5: DISTRICT GOAL: The percent of graduates who are college, career, or military ready (CCMR) from Domain 1 will increase from 42.0% to 67% by June 2025.   | 51 |
| Goal 6: SUPPORTING DISTRICT GOAL: During the 2023-2024 school year, the Local Accountability System (LAS) will be used to determine Texas Academic Accountability Ratings for each school. Extracurricular Activity Engagement will count 5% of the 10% towards the LAS weight for LAS Domain 6. *STUDENT PARTICIPATION PERCENTAGE: Number of students participating in at least one extracurricular or co-curricular activity (50 POINTS) *EXTRACURRICULAR OPPORTUNITIES: Variety of activity options available from the following categories: Athletics, Academics, Visual & Performing Arts, Service & Leadership, and Avocation (30 POINTS) *TEACHER PARTICIPATION PERCENTAGE: Number of teachers involved in supporting extracurricular and co-curricular activities (20 Points) | 56 |
| Goal 7: SUPPORTING DISTRICT GOAL: Ensure active parent and family engagement strategies are in place to foster meaningful participation, feedback, and collaboration with parents and families.   | 58 |
| Campus Funding Summary  | 63 |

# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

Felix Botello Elementary is a campus situated in Dallas, TX (Oak Cliff area) that serves roughly about 512 neighborhood students in grades PK3 through 5th.

According to the information gathered from MyDataPortal, 93% of our student population is considered economically disadvantaged. Botello currently comprised of the following demographics: 3% African American, 95% Hispanic, 2% White, and 0% Asian. We currently serve 512 students from the surrounding neighborhoods, in which 13% of that population is serviced through Special Education.

We serve a small homeless population, which includes Genesis Domestic Abuse Shelter. Currently, we have 5 students, which make up about 1% of our current population.

Currently, our demographics are as shown below:

2022-23

|         |       |      |      |      |       |      |       |
|---------|-------|------|------|------|-------|------|-------|
| 77%     | 95%   | 3%   | 0%   | 0.4% | 73%   | 13%  |       |
| 2021-22 | 95%   | 3.5% | 0%   | 0.6% | 70.2% | 8.5% | 68.9% |
| 2020-21 | 94%   | 4.2% | 0.2  | 1.2% | 70.9% | 7.5% | 70.9  |
| 2019    | 93.1% | 4.1% | 0.2% | 1.3% | 69.1% | 7.8% | 65.7% |
| 2018    | 93.2% | 5.3% | 0.2% | 0%   | 70.3% | 8.8% | 62.8% |

**Areas of Needs:** Student initiatives to increase student retention and attendance which has decreased in the past two years, in part due to the intersession calendar. Our current attendance is 94.68%.

### Demographics Strengths

**Source:** MyData Portal

Strength: Our Primary enrollment has been steady at Botello as shown below:

|       | Kinder | 1st | 2nd |
|-------|--------|-----|-----|
| 22-23 | 64     | 92  | 75  |
| 21-22 | 87     | 86  | 70  |

|       |    |    |    |
|-------|----|----|----|
| 20-21 | 78 | 74 | 79 |
| 2019  | 68 | 80 | 79 |
| 2018  | 69 | 79 | 80 |

**Strength:** Botello's TAG program has increased from 16% last school year to 17% this current school year. The SpEd population at Botello increased from 8.5% last school year to 13% this current school year.

**Strength:** Botello has 13 teachers with 10 years experience or more. Novice teachers can learn from veteran teachers to build teacher capacity.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1 (Prioritized):** Due to the intersession calendar, student enrollment has been affected at Botello the last 2 years. Enrollment has decreased from 544 to 512 for the 22-23 school year. **Root Cause:** Many families with students at Botello had siblings who attended schools on base calendar. Parents moved/unenrolled students from Botello to have all children on the same schedule.

**Problem Statement 2 (Prioritized):** Increase of EB newcomers, are struggling to succeed in their current grade level. **Root Cause:** Newcomers from different countries come to school with gaps in their academic background, delaying English language learning.

**Problem Statement 3:** With the increase in the SPED population, the campus has had an increase of parents and teachers requesting help. Parents and faculty/staff have asked for training, tips, and resources to be able to better help their children at home and school. **Root Cause:** The campus has seen an increase in the number of students receiving special education services.

# Student Learning

## Student Learning Summary

Felix G. Botello has received an official letter grade of A for the 21-22 school year, resulting from overall student growth, in comparison to a letter rating of a D from the previous school year. Third grade math was the lowest data.

**Data sources include:** District STAAR reports and District benchmarks including MAP reports.

Strong Instructional practices that were implemented will continue:

- Professional Development by teacher tier and needs
- Effective and consistent PLC's
- Data meeting protocols
- Data trackers for all grade levels including lower grades
- Lesson plan review and feedback
- Alignment of standards to the LO, DOL, delivery and assessment questions

## Student Learning Strengths

Historically and including this school year, Botello's 5th grade has the highest Domain 1 scores which impacted the overall rating to an A. Data sources include District STAAR results (Preliminary Domain 1 Report) and District benchmarks including MAP reports.

Historically, Botello's 5th grade has the highest Domain 1 scores which impacted the overall rating to an A. Data sources include District STAAR results (Preliminary Domain 1 Report) and District benchmarks including MAP reports.

## **Overall strengths:**

- Implementation and start of class and student data trackers
- Small group instruction based on data and TEKS
- PLC's/Data Meetings which inform teaching (first good instruction)

## 5th Grade STAAR 2022:

5th Grade Reading - Domain 1 = 92 =A

APP- 92% MET - 67% MST - 45%

\*Met target for closing the GAPS for ELL's

5th Grade Science - Domain 1 = 79 = C

App - 82% MET - 48% MST - 24%

5th Grade Math - Domain 1 = 86=B

App - 85% MET - 53% MST - 33%

- Domain 2A: Student Growth Scaled Score of 96 (A)

#### Weaknesses:

- Targeted reading professional development in K-1st
- ineffective guided reading and math in all grades with a focus on lower grades
- 3rd Grade Reading C Domain 1 = 75
- 3rd Grade Math F Domain 1 = 55
- Lack of vertical team meetings and collaboration
- Testing alignment between grade levels

#### Areas of Need:

- Aligned and effective guiding reading practices
- Integration of writing across all subject areas with the WICOR (AVID) framework
- Strengthen Personalized Learning practices for all students in order to continue meeting individual student needs
- Professional Development led by instructional leaders and teachers provided in all needs above

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1 (Prioritized):** Based on STAAR data and district benchmarks, including MAP, Botello Elementary needs to vertically align the curriculum, K-5 writing and science and guided reading and math implementation in K-2. Vertical alignment meetings and collaboration are needed to build teacher capacity in order to lessen academic gaps. **Root Cause:** Students missing prerequisite skills in math and reading (lower lexile levels ) due to the learning gaps and the lack of implementation of science and writing in all grade levels.

**Problem Statement 2 (Prioritized):** K-2nd grade math MAP data is at or below the 41st percentile for MOY. K-2nd grade reading MAP is below the 50th percentile for MOY. The goal is that all grade levels reach or surpass the 50th percentile by EOY. **Root Cause:** Minimal exposure to practice questions and academic language that matches the MAP assessment. Lack of proper training for guided reading, and both reading and math small group implementation based on data.

**Problem Statement 3 (Prioritized):** 3rd grade reading MAP data is at 40th percentile for MOY. **Root Cause:** Lack of reading foundation skills for both fluency and comprehension for students progressing from lower grades to upper grades. Also, the technology shifts from I-pads to chromebooks. They also struggle with screen to scratch.

**Problem Statement 4 (Prioritized):** In comparison, in 2021 62% of students were at approaches or above. Of those students, 35% of those students reached meets or masters. In 2022, 81% of students were at approaches or above. Of those students, 52% reached meets or masters. **Root Cause:** Although we have an increase in all levels, the number of students needing to reach the "meets" and "masters" levels need to increase in order to support Domain 1 scores and for students be on grade level. Only students who are reaching meets or masters are considered to be on grade level.

# School Processes & Programs

## School Processes & Programs Summary

Felix G. Botello has filled all available vacancies. We provide a pipeline of "grow your own" by partnering with Texas Tech and allowing our seasoned staff mentors to have the student teachers. We mentor and train 5 to 10 student teachers per year where they observe high quality instruction and then turn around and teach and co-teach with our highly effective teachers. The principal asks campus teacher recommendations for these student teachers and asks their supervisor about their performance and recommendations. The principal also asks teachers to recommend other professionals to interview.

Professional development is planned to depend on the needs of the campus and through feedback from the campus staff. Professional Learning Committees (PLCs) have been established and are a different method in which the leadership can collaborate and provide a more personalized PD for the staff. Botello's Leadership team meets once a week to establish the needs and the instructional plan for the following week. Reflection, data analysis, TEKS breakdown, Know & Show Charts, reviewing upcoming DOLs, and Instruction alignment are the methods used on how to best improve student achievement. PLCs are held on a weekly basis and provide an opportunity for planning and alignment.

76.79 %Percentage of students are considered at risk that currently attend Felix Botello Elementary. In order to close the gaps, students are provided tutoring after school, and during school (interventions) in order to assist the at-risk students who still need to meet the challenging state academic standards. This upcoming school year, we will have a DEMO supporting 4th and 5th grade students and teachers. Our Reading Interventionist will focus on primarily 3rd grade students and some 2nd. Accelerated instruction is given to the students by highly qualified certified staff members that have expertise in their content. Daily instruction is personalized to the students' needs.

We currently serve 512 students from the surrounding neighborhoods with 13% serviced through Special Education and 17% which are served in TAG.

We serve a homeless population, which includes students from Genesis. Currently, we have 5 students, which make up about 1% of our current population.

Currently, our demographics are as shown below:

|      | Special Education | At Risk |
|------|-------------------|---------|
| 2022 | 13%               | 76.79%  |

|      |      |       |
|------|------|-------|
| 2021 | 8.5% | 68.9% |
| 2020 | 7.5% | 70.9% |
| 2019 | 7.8% | 65.7% |
| 2018 | 8.8% | 62.8% |

### **Curriculum, Instruction, and Assessment:**

The curriculum we use on campus is Amplify for Reading, iReady for reading and math, Eureka for Math, Fusion for Science, STEMscopes, Sirius for reading and math, iReady for 3-5th grades and the district provided resources.

Botello is an AVID campus, which in turn allows us to expose the students to universities and colleges. Students in grades PK3-5th grade visit a University campus every year. A Career Day is also scheduled into the yearly calendar in order to expose the students to a multitude of careers.

Botello is also a Personalized Learning school in which we personalize instruction to the needs of each student.

### **Strengths:**

1. Schoolwide, class, and individual student trackers
2. Consistent lookback data meetings after all major common assessment
3. Purchases and aligned all STAAR formatted resources
4. Data Sources:
  - STAAR - Strength = Domain 2A Growth is an A, Area of Need: 3rd grade math is an F
  - MAP - Strengths = 2nd -5th grade math, reading and science met goal or superceded, Area of Need: 1st grade did not meet their goal

### **Area of Need:**

1. PD for curriculum to effectively implement and use the materials
2. Vertical meetings to align content and strengthen teacher collaboration

3. PD and implementation of schoolwide guided reading
4. Writing across all contents (WICOR)
5. Strengthen PL practices
- 6.

### **School Context and Organization:**

#### **Strengths:**

1. Master schedules are created to accurately reflect the allotted amount of instruction that is needed for each content area
2. Library is part of the specials rotation schedule to build student reading fluency
3. Multiple PreK events for increased enrollment
4. Kinder camp to help with the transition and student retention from pre-k to kinder
5. Feeder Middle School counselor and our school counselor partner to provide a smooth transition for our 5th graders to middle school. They help with courses, extracurricular activities, and to help the students to understand the programs they have to offer.

#### **Areas of Need:**

1. 90 minute planning needed for Data Lookback meetings
2. Vertical meeting time needed for planning and teacher development

#### **Technology:**

Technology was distributed to each student and used on a daily basis for instruction and small groups.

Botello Elementary is going into its 6th year of Personalized Learning, which includes Blended Learning as the core of instruction. Students in grades 3-5 utilize Chromebooks and Pk-2 uses a combination of iPads & Chromebooks to integrate technology into their instruction. TIPWebIT is used to monitor and track the technology resources on campus

#### **Source: TipWeb/Campus Technology Google Sheet**

### **Strengths:**

1. All students 1:1 student:chromebook or IPAD
2. Kami App which gives an opportunity for real time feedback
3. All teachers have a promethean board

### **Area of Need:**

1. Support for maintenance of student technology is needed
2. School iPads available for student checkout, when technology is broken
3. Extra iPad chargers for PreK-2 classes
4. Training for maintenance of technology for students to take better care

### **Staff Quality Recruitment and Retention:**

Retention Rate = 88%

Source: MyDataPortal Campus Data Packet

### **Strengths:**

- Teacher to teacher trust - 96% on campus climate survey supports teacher retention
- Cohesive and collaborative grade level teams
- Partnership with Texas Tech with student teachers
- Teacher capacity through observation of other teachers

### **Areas of Need:**

- A stronger and consistent Mentor Program for new teachers
- Teacher Led PD
- Training for TAs to better support teachers in the classroom

Counseling/SEL: Our school counselor conducts the required guidance lessons including Bullying, Peer Conflict Resolution, Drug Free Awareness/Prevention, etc.

### **Personnel - Policy and Procedures**

Felix G. Botello's campus recruitment is focused on bringing in staff members who are passionate and committed to value, serve and teach the children in our community. For this reason, teachers and staff are chosen carefully, based on their experience and strengths that will ensure that every student's needs are met. For the upcoming school year, we have hired a 3rd grade math teacher, our Reading CIC is transitioning to the Reading Interventionist position and a 4th grade Reading Bilingual teacher.

Highly qualified teachers are recruited at job fairs organized by Dallas ISD. Candidates also apply thru the Dallas ISD career website. Teachers are interviewed by the recruitment team and then the administrative team to determine if they are qualified to be part of the campus culture. To insure the new staff members thrive, mentor teachers are assigned to guide and support them. To retain high quality educators, we continuously offer PD that will encourage them to grow professionally. We also leverage their strengths to build the capacity in other teachers. Personnel at Botello are always eager to learn and grow, they are open to feedback from spot observations which provide educators the opportunity to improve in their teaching practices allowing them to modify and adjust depending on their strengths and areas of growth.

### **Professional Practices**

Due to district programmatic change, Botello will have one reading demonstration teacher who will teach an upper grade reading class part time and help guide teachers into the

right direction the rest of the day to insure that we narrow achievement gaps. This teacher will support both teachers and students. Teachers and demonstration teacher work continuously as a team to create improvement plans to target students with low performance. Teachers are offered PD that differs as the year progresses to target the current needs, patterns, and data of both students and teachers. These weekly PLCs are rich because they give teachers an opportunity to share among themselves, what they are facing in the classroom and what we can do as a team to improve. At the same time, it is an opportunity for teachers to build a healthy work relationship. PD include in-house trainings imparted by teachers with strengths who develop PD such as writing workshops and technology integration sessions, District trainings, and outside PD and conferences as well. Every week teachers and the administrative team meet in PLCs to compare data points among the grade level. With the findings, together we develop strategies for maximizing instruction to address the academic needs of each individual student. Additional PD takes place to train teachers on how to engage students in social-emotional learning. This is also embedded in PD sessions and PLCs with the goal to support the campus-wide discipline plan.

### **Programs and Opportunities for Students**

The goal is for all Botello students to be well-rounded global citizens. Part of that includes offering extracurricular activities where they can further develop their interests outside of the school day. Botello achieved a 100% participation rating this year for extra curricular programs. In addition to different clubs, Botello also has a UIL team that competes academically. To encourage STEAM within Botello, there is a Destination Imagination Club, and a chess club. Students also participate in activities that are related to fine arts such as music, dance, and an after school art club which prepares students develop portfolios for Greiner and for art competitions. Students also participate in athletic activities such as dance, sumba and volleyball. This upcoming year, we will begin a soccer club.

Botello also has the District programs in place such as special education inclusion and FLS classrooms. More programs include bilingual/ESL, gifted/talented and dyslexia.

Each year, we advocate college field trips as part of our AVID program to help encourage college awareness. A career day is organized to expose students to the diversity of the work force.

Each school year we host a career day to demonstrate the variety of careers, including military, professional careers and trades that exist as options for students. Students also participate in Education Go get it Week Events. As a campus we highlight a University weekly. University facts are shared through the announcements daily and students and staff are encouraged to wear college shirts/colors each Monday.

PK - 2nd use iPads and 3rd-5th grades use Chromebooks as regular part of their coursework with the goal to support a blended learning environment that opened research and personalized learning experience opportunities for the students.

## Procedures

Technology is integrated into every classroom with the Chromebooks, and iPads. Students are 1 to 1 on devices and digital learning will be set up and trained from the beginning of the year. The entire campus has access to multiple technology applications for adaptive learning opportunities. Eureka and Amplify will be utilized. Each grade has several different learning platforms that they use to access digital curriculum and online study tools. This is dependent on the operational status of the school's technology. Teachers have a set schedule each to help protect instructional time. The schedule includes time for meals, PLCs, and planning periods, recess and after school PD and clubs for the students. Each day begins and ends at the same time, except for when students have tutoring or afterschool enrichment. To support students during transitions, a kinder camp is offered to Pre-K students to help ease them into the transition to more structured learning. Additionally, 5th grade students attend a transition night as part of their eventual integration into middle school. Teachers have demonstrated proficiency in classroom management and implement SEL practices which include a Respect Agreement developed with student input, all rooms have a calming corner and all students greet students at the door with their individual choice of greeting. There are rarely times when students need to be removed from the classroom to lose instructional time. Training is offered yearly to both staff and students on bullying. There is a school week that is dedicated to drug prevention. All teachers also complete mandatory compliance training that includes training on child abuse, sexual harassment, bullying, and other related topics. Procedures are taught to all students from the first day to help protect all personnel at the school and are also evaluated throughout the year for effectiveness.

**Data sources:** District climate survey, Fall 2022, Technology inventory, Campus budget summary

### School Processes & Programs Strengths

#### **Strengths:**

1. Our campus has a leadership with a multitude of educational experience that have contributed greatly to the planning of instruction, based on the needs of Botello
2. PLCs have been very effective and are held on a weekly basis, which consists of a celebration, reflection, and the topic of the PLC. The information is communicated beforehand so the staff may be prepared
3. Implementing interventions in small groups schoolwide based on student level and standard has been a strength for the campus
4. Schoolwide data tracking systems
5. Backward planning
6. CIC teacher support with planning, modeling, co-teaching and small group instruction

## Areas of Need:

1. Professional Development and effective schoolwide guided reading
2. Writing across all contents within the AVID WICOR model and the new ECR and SCR writing
3. Strengthen Personalized Learning practices with focus on individual student strengths and needs
4. Teacher led Professional Development to build teacher capacity and teacher to teacher trust

We assess students through TX-KEA, CIRCLE, BAS, MAP (NWEA), curriculum assessments, ACP, Common Assessments, teacher made assessments, and STAAR.

### Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1 (Prioritized):** Appropriate professional development led by Instructional Leaders and effective teachers in order to effectively implement schoolwide AVID and PL practices, science across all grades, guided math and reading and embedding writing across all contents. **Root Cause:** Lack of vertical meetings and planning in order to build teacher capacity, which will help close the learning gaps for students.

# Perceptions

## Perceptions Summary

**Source:** MyData Portal and SDS (Student Discipline System), Campus Climate and Culture Survey, Parent Survey, Student Survey

The average retention rate of teachers increased a few years ago and then took a decrease in 2017-2018. In the 15-16 school year, the retention rate was at 80%, followed by an increase to 89.2% in 16-17 and then led to a decrease in 17-18 to 64.9%. The retention rate for 20-21 was 78.1%. The retention rate for 21-22 was 75%.

**Campus Strengths:** We have a 88% staff retention rate for the 2022-2023 school year, the climate and culture survey categories Fall in all 5th quintiles.

- Beliefs and Priorities
- Positive Culture and Environment
- College Going Culture
- Teacher to Teacher Trust
- Teacher-Principal Trust

## Campus Climate and Culture Survey Needs:

- Culture of Feedback and Support

|                                  | Fall 2022 | Fall 2021 | Spring 2022 | Fall 2019 | Fall 2018 | Spring 2018 | Fall 2017 |
|----------------------------------|-----------|-----------|-------------|-----------|-----------|-------------|-----------|
| Beliefs and Priorities           | 90%       | 88%       | 85.5%       | 87.2%     | 90.5%     | 91.6%       | 91.7%     |
| Positive Culture and Environment | 86%       | 91.4%     | 81.6%       | 77.6%     | 87.5%     | 84.2%       | 88.5%     |
| Culture of Feedback and Support  | 84%       | 92.5%     | 89.1%       | 73.4%     | 88.0%     | 77.9%       | 84.3%     |

| Teacher-Principal Trust          | 98%       | 95.6%     | 89.3%       | 74.2%     | 89.7%     | 81.4%       | 90.9%     |

## Family and Community Involvement:

### **Strengths:**

- Increase of In-person events were held at Botello this year.
  - Fall & Spring Carnivals
  - Coffee with the Principal
  - PTO's with student performances
  - In-person events: Read Me a Story Night & Perot Science Night\
  - Parents signed up for VOLY to volunteer
  - Community Partnerships with:
    1. Hunger Busters
    2. CIS (Communities in Schools)
    3. Perot Museum of Nature and Science
    4. Botello PTO

## Parent Survey (Spring 2022)

- **Strengths:** Overall 90 and above in all categories in combined strongly agree and agree responses
- **Area of Need:** An increase of in person events is needed to increase parent engagement and more opportunities for new volunteers to volunteer are needed.

## Student Survey

- **Strengths:**

1. 99th Percentile in the National comparison for all areas
2. Increase in all areas in comparison to the previous year
3. Increase in all areas in comparison to the district
4. Most increase in the area of Engagement

- **Area of Need:**

- Classroom Climate at 90%
- Engagement at 90%

### **Perceptions Strengths**

Family and Community Involvement:

#### **Strengths:**

- Various in-person and virtual events were scheduled which permitted parents to be on campus and or attend through zoom
1. Fall & Spring Carnivals
  2. Coffee with the Principal
  3. PTO's

4. Virtual - Read Me a Story Night
  - Parents signed up on VOLY to volunteer
  - Community Partnerships with:
    1. Hunger Busters
    2. CIS (Communities in Schools)
    3. Perot Museum of Nature and Science
    4. Botello PTO

**Area of Need:** Parents need workshops on how to use apps to access school fliers and information.

**Source:** District Parent Survey Results

Parent Survey (Spring 2022) Awaiting 2023 Results

- **Strengths:** Overall 90 and above in all categories in combined strongly agree and agree responses
- **Area of Need:** An increase of in person events is needed to increase parent engagement and more opportunities for new volunteers to volunteer are needed.

Student Survey:

**Source:** Panorama Student Survey Results

- **Strengths:**
  1. 99th Percentile in the National comparison for all areas
  2. Increase in all areas in comparison to the previous year
  3. Increase in all areas in comparison to the district
  4. Most increase in the area of Engagement
- **Area of Need:** Although the results are in the 90th percentile, our goal is to continue to increase in both classroom climate and

## engagement.

- Classroom Climate at 90% currently
- Engagement at 90% currently

**Problem Statement:** Fall Climate Survey shows that our lowest area is Culture of Feedback and Support, specifically the PD sessions at my school this year helped me improve instruction.

**Root Cause:** The majority of PD has been led by the instructional coaches and leaders. Future PD (PL and AVID practices, reading, math, science and writing across all grade levels) to be led by effective teachers in order to build teacher capacity and buy in from others.

### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1 (Prioritized):** Although there is a slight increase in overall attendance percentage for students, it is still low at 94.68%. **Root Cause:** The intersession calendar has impacted overall student attendance. Lack of communication between teachers and parents to intervene immediately after consecutive and or frequent absences.

**Problem Statement 2 (Prioritized):** Fall Climate Survey shows that our lowest area is Culture of Feedback and Support, specifically the PD sessions at my school this year helped me improve instruction. **Root Cause:** The majority of PD has been led by the instructional coaches and leaders. Future PD (PL and AVID practices, reading, math, science and writing across all grade levels) to be led by effective teachers in order to build teacher capacity and buy in from others.

**Problem Statement 3 (Prioritized):** Parent engagement needs to increase from previous years for PTO events and school wide events, including academic nights. **Root Cause:** All communication is digital through social media apps and the school-wide class dojo. Many parents lack the technology skills needed to download and navigate the apps needed.

**Problem Statement 4 (Prioritized):** Students are tardy or missing school, have frequent visits to the nurse or counselor, and have emotional meltdowns, which all affect their learning and coping. **Root Cause:** Students lack self-regulating techniques along with conflict resolution and SEL techniques to deal with high stress and anxiety due to home life and stressors at school.

# Priority Problem Statements

**Problem Statement 1:** Due to the intersession calendar, student enrollment has been affected at Botello the last 2 years. Enrollment has decreased from 544 to 512 for the 22-23 school year.

**Root Cause 1:** Many families with students at Botello had siblings who attended schools on base calendar. Parents moved/unenrolled students from Botello to have all children on the same schedule.

**Problem Statement 1 Areas:** Demographics

**Problem Statement 2:** Based on STAAR data and district benchmarks, including MAP, Botello Elementary needs to vertically align the curriculum, K-5 writing and science and guided reading and math implementation in K-2. Vertical alignment meetings and collaboration are needed to build teacher capacity in order to lessen academic gaps.

**Root Cause 2:** Students missing prerequisite skills in math and reading (lower lexile levels ) due to the learning gaps and the lack of implementation of science and writing in all grade levels.

**Problem Statement 2 Areas:** Student Learning

**Problem Statement 3:** K-2nd grade math MAP data is at or below the 41st percentile for MOY. K-2nd grade reading MAP is below the 50th percentile for MOY. The goal is that all grade levels reach or surpass the 50th percentile by EOY.

**Root Cause 3:** Minimal exposure to practice questions and academic language that matches the MAP assessment. Lack of proper training for guided reading, and both reading and math small group implementation based on data.

**Problem Statement 3 Areas:** Student Learning

**Problem Statement 4:** 3rd grade reading MAP data is at 40th percentile for MOY.

**Root Cause 4:** Lack of reading foundation skills for both fluency and comprehension for students progressing from lower grades to upper grades. Also, the technology shifts from I-pads to chromebooks. They also struggle with screen to scratch.

**Problem Statement 4 Areas:** Student Learning

**Problem Statement 5:** In comparison, in 2021 62% of students were at approaches or above. Of those students, 35% of those students reached meets or masters. In 2022, 81% of students were at approaches or above. Of those students, 52% reached meets or masters.

**Root Cause 5:** Although we have an increase in all levels, the number of students needing to reach the "meets" and "masters" levels need to increase in order to support Domain 1 scores and for students be on grade level. Only students who are reaching meets or masters are considered to be on grade level.

**Problem Statement 5 Areas:** Student Learning

**Problem Statement 6:** Appropriate professional development led by Instructional Leaders and effective teachers in order to effectively implement schoolwide AVID and PL practices, science across all grades, guided math and reading and embedding writing across all contents.

**Root Cause 6:** Lack of vertical meetings and planning in order to build teacher capacity, which will help close the learning gaps for students.

**Problem Statement 6 Areas:** School Processes & Programs

**Problem Statement 7:** Although there is a slight increase in overall attendance percentage for students, it is still low at 94.68%.

**Root Cause 7:** The intersession calendar has impacted overall student attendance. Lack of communication between teachers and parents to intervene immediately after consecutive and or frequent absences.

**Problem Statement 7 Areas:** Perceptions

**Problem Statement 8:** Fall Climate Survey shows that our lowest area is Culture of Feedback and Support, specifically the PD sessions at my school this year helped me improve instruction.

**Root Cause 8:** The majority of PD has been led by the instructional coaches and leaders. Future PD (PL and AVID practices, reading, math, science and writing across all grade levels) to be led by effective teachers in order to build teacher capacity and buy in from others.

**Problem Statement 8 Areas:** Perceptions

**Problem Statement 9:** Parent engagement needs to increase from previous years for PTO events and school wide events, including academic nights.

**Root Cause 9:** All communication is digital through social media apps and the school-wide class dojo. Many parents lack the technology skills needed to download and navigate the apps needed.

**Problem Statement 9 Areas:** Perceptions

**Problem Statement 10:** Students are tardy or missing school, have frequent visits to the nurse or counselor, and have emotional meltdowns, which all affect their learning and coping.

**Root Cause 10:** Students lack self-regulating techniques along with conflict resolution and SEL techniques to deal with high stress and anxiety due to home life and stressors at school.

**Problem Statement 10 Areas:** Perceptions

**Problem Statement 11:** Increase of EB newcomers, are struggling to succeed in their current grade level.

**Root Cause 11:** Newcomers from different countries come to school with gaps in their academic background, delaying English language learning.

**Problem Statement 11 Areas:** Demographics

# Goals

**Goal 1: DISTRICT GOAL:** Student achievement on state assessments in all subjects in Domain 1 will increase from 46% to 58% by June 2025.

**Performance Objective/Campus Goal 1: GPM 1.1:** Student achievement on TEKS-aligned District assessments in reading and math using the projected Domain 1 calculation will increase from 35% to 52% by middle of year 2024-25.

**High Priority**

**Evaluation Data Sources:** District Assessments

|   |           |     |     |           |
| <div style="display: flex; justify-content: space-around; align-items: center;"> <span> No Progress</span> <span> Accomplished</span> <span> Continue/Modify</span> <span> Discontinue</span> </div>  |           |     |     |           |

**Performance Objective/Campus Goal 1 Problem Statements:**

| Student Learning  |
|---|
| <p><b>Problem Statement 1:</b> Based on STAAR data and district benchmarks, including MAP, Botello Elementary needs to vertically align the curriculum, K-5 writing and science and guided reading and math implementation in K-2. Vertical alignment meetings and collaboration are needed to build teacher capacity in order to lessen academic gaps. <b>Root Cause:</b> Students missing prerequisite skills in math and reading (lower lexile levels ) due to the learning gaps and the lack of implementation of science and writing in all grade levels.</p> <p><b>Problem Statement 2:</b> K-2nd grade math MAP data is at or below the 41st percentile for MOY. K-2nd grade reading MAP is below the 50th percentile for MOY. The goal is that all grade levels reach or surpass the 50th percentile by EOY. <b>Root Cause:</b> Minimal exposure to practice questions and academic language that matches the MAP assessment. Lack of proper training for guided reading, and both reading and math small group implementation based on data.</p> <p><b>Problem Statement 3:</b> 3rd grade reading MAP data is at 40th percentile for MOY. <b>Root Cause:</b> Lack of reading foundation skills for both fluency and comprehension for students progressing from lower grades to upper grades. Also, the technology shifts from I-pads to chromebooks. They also struggle with screen to scratch.</p> |

### Student Learning

**Problem Statement 4:** In comparison, in 2021 62% of students were at approaches or above. Of those students, 35% of those students reached meets or masters. In 2022, 81% of students were at approaches or above. Of those students, 52% reached meets or masters. **Root Cause:** Although we have an increase in all levels, the number of students needing to reach the "meets" and "masters" levels need to increase in order to support Domain 1 scores and for students be on grade level. Only students who are reaching meets or masters are considered to be on grade level.

### School Processes & Programs

**Problem Statement 1:** Appropriate professional development led by Instructional Leaders and effective teachers in order to effectively implement schoolwide AVID and PL practices, science across all grades, guided math and reading and embedding writing across all contents. **Root Cause:** Lack of vertical meetings and planning in order to build teacher capacity, which will help close the learning gaps for students.

**Goal 1: DISTRICT GOAL:** Student achievement on state assessments in all subjects in Domain 1 will increase from 46% to 58% by June 2025.

**Performance Objective/Campus Goal 2: GPM 1.2:** African-American student achievement on TEKS-aligned assessments in reading and math using the projected Domain 1 calculation will increase from 26% to 50% by middle of year 2024-25.

**High Priority**

**Performance Objective/Campus Goal 3 Problem Statements:**

| Demographics   |
|--|
| <p><b>Problem Statement 1:</b> Due to the intersession calendar, student enrollment has been affected at Botello the last 2 years. Enrollment has decreased from 544 to 512 for the 22-23 school year. <b>Root Cause:</b> Many families with students at Botello had siblings who attended schools on base calendar. Parents moved/unenrolled students from Botello to have all children on the same schedule.</p>   |
| Student Learning   |
| <p><b>Problem Statement 1:</b> Based on STAAR data and district benchmarks, including MAP, Botello Elementary needs to vertically align the curriculum, K-5 writing and science and guided reading and math implementation in K-2. Vertical alignment meetings and collaboration are needed to build teacher capacity in order to lessen academic gaps. <b>Root Cause:</b> Students missing prerequisite skills in math and reading (lower lexile levels ) due to the learning gaps and the lack of implementation of science and writing in all grade levels.</p>                                     |
| <p><b>Problem Statement 3:</b> 3rd grade reading MAP data is at 40th percentile for MOY. <b>Root Cause:</b> Lack of reading foundation skills for both fluency and comprehension for students progressing from lower grades to upper grades. Also, the technology shifts from I-pads to chromebooks. They also struggle with screen to scratch.</p>  |
| <p><b>Problem Statement 4:</b> In comparison, in 2021 62% of students were at approaches or above. Of those students, 35% of those students reached meets or masters. In 2022, 81% of students were at approaches or above. Of those students, 52% reached meets or masters. <b>Root Cause:</b> Although we have an increase in all levels, the number of students needing to reach the "meets" and "masters" levels need to increase in order to support Domain 1 scores and for students be on grade level. Only students who are reaching meets or masters are considered to be on grade level.</p> |
| School Processes & Programs  |
| <p><b>Problem Statement 1:</b> Appropriate professional development led by Instructional Leaders and effective teachers in order to effectively implement schoolwide AVID and PL practices, science across all grades, guided math and reading and embedding writing across all contents. <b>Root Cause:</b> Lack of vertical meetings and planning in order to build teacher capacity, which will help close the learning gaps for students.</p>  |

**Goal 1: DISTRICT GOAL:** Student achievement on state assessments in all subjects in Domain 1 will increase from 46% to 58% by June 2025.

**Performance Objective/Campus Goal 4:** Increase Domain 1 score on Spring District Assessment from 43% to 46% in Spring of 2024.

**Evaluation Data Sources:** Spring District Assessment

**Performance Objective/Campus Goal 4 Problem Statements:**

| <b>Student Learning</b>   |
|---|
| <p><b>Problem Statement 3:</b> 3rd grade reading MAP data is at 40th percentile for MOY. <b>Root Cause:</b> Lack of reading foundation skills for both fluency and comprehension for students progressing from lower grades to upper grades. Also, the technology shifts from I-pads to chromebooks. They also struggle with screen to scratch.</p> |

## School Processes & Programs

**Problem Statement 1:** Appropriate professional development led by Instructional Leaders and effective teachers in order to effectively implement schoolwide AVID and PL practices, science across all grades, guided math and reading and embedding writing across all contents. **Root Cause:** Lack of vertical meetings and planning in order to build teacher capacity, which will help close the learning gaps for students.

**Goal 1: DISTRICT GOAL:** Student achievement on state assessments in all subjects in Domain 1 will increase from 46% to 58% by June 2025.

**Performance Objective/Campus Goal 5:** Social Emotional Learning framework and practices will be part of our student culture to support student emotional needs and build a safe welcoming environment.

**Evaluation Data Sources:** Evidence of posted respect agreement in each classroom, SEL student survey

| Strategy 1 Details   | Reviews   |     |     |           |
|--|-----------|-----|-----|-----------|
| <p><b>Strategy 1:</b> PD on developing respect agreements will be given at beginning of school year, along with exemplars and models for teachers to follow.</p> <p><b>Strategy's Expected Result/Impact:</b> Teachers will understand how to create the agreement with students and will have it ready for beginning of school year.</p> <p><b>Staff Responsible for Monitoring:</b> Counselor and Teachers</p> <p><b>Title I:</b><br/>2.4, 2.5, 2.6</p> <p><b>- TEA Priorities:</b><br/>Recruit, support, retain teachers and principals</p> <p><b>Problem Statements:</b> School Processes &amp; Programs 1 - Perceptions 4</p> | Formative |     |     | Summative |

**Performance Objective/Campus Goal 1 Problem Statements:**

## Student Learning

**Problem Statement 1:** Based on STAAR data and district benchmarks, including MAP, Botello Elementary needs to vertically align the curriculum, K-5 writing and science and guided reading and math implementation in K-2. Vertical alignment meetings and collaboration are needed to build teacher capacity in order to lessen academic gaps. **Root Cause:** Students missing prerequisite skills in math and reading (lower lexile levels ) due to the learning gaps and the lack of implementation of science and writing in all grade levels.

**Problem Statement 3:** 3rd grade reading MAP data is at 40th percentile for MOY. **Root Cause:** Lack of reading foundation skills for both fluency and comprehension for students progressing from lower grades to upper grades. Also, the technology shifts from I-pads to chromebooks. They also struggle with screen to scratch.

**Goal 3: DISTRICT GOAL:** Student achievement on the third-grade state assessment in mathematics at the Meets performance level or above will increase from 42.3% to 56.0% by June 2025.

**Performance Objective/Campus Goal 2: GPM 3.2:** Student achievement for second-grade African American students scoring at or above grade level (50th percentile) on a TEKS aligned assessment in math will increase from 22% to 40% by 2024-2025.

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Performance Objective/Campus Goal 3 Problem Statements:**

## Student Learning

**Problem Statement 1:** Based on STAAR data and district benchmarks, including MAP, Botello Elementary needs to vertically align the curriculum, K-5 writing and science and guided reading and math implementation in K-2. Vertical alignment meetings and collaboration are needed to build teacher capacity in order to lessen academic gaps. **Root Cause:** Students missing prerequisite skills in math and reading (lower lexile levels ) due to the learning gaps and the lack of implementation of science and writing in all grade levels.

**Problem Statement 2:** K-2nd grade math MAP data is at or below the 41st percentile for MOY. K-2nd grade reading MAP is below the 50th percentile for MOY. The goal is that all grade levels reach or surpass the 50th percentile by EOY. **Root Cause:** Minimal exposure to practice questions and academic language that matches the MAP assessment. Lack of proper training for guided reading, and both reading and math small group implementation based on data.

**Goal 4:** DISTRICT GOAL: Middle-grade student achievement (grades 6-8) on state assessments in all subjects in Domain 1 will increase from 40% to 50% by June 2025.

**Performance Objective/Campus Goal 1:** GPM 4.1: Student achievement on TEKS aligned assessments in reading and math (grades 6-8) and using the projected Domain 1 calculation will increase from 36% to 46% by middle of year 2024-25.

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Goal 4:** DISTRICT GOAL: Middle-grade student achievement (grades 6-8) on state assessments in all subjects in Domain 1 will increase from 40% to 50% by June 2025.

**Performance Objective/Campus Goal 2:** GPM 4.2: African American student achievement on TEKS aligned assessments in reading and math (grades 6-8) using the projected Domain 1 calculation will increase from 28% to 44% by middle-of year 2024-25.

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Goal 4:** DISTRICT GOAL: Middle-grade student achievement (grades 6-8) on state assessments in all subjects in Domain 1 will increase from 40% to 50% by June 2025.

**Performance Objective/Campus Goal 3:** GPM 4.3: Student achievement on TEKS aligned assessments in reading and math (grades 6-8) at the projected Meets performance level or above will increase from, 30.7% to 39% by middle of year 2024-25.

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Goal 5:** DISTRICT GOAL: The percent of graduates who are college, career, or military ready (CCMR) from Domain 1 will increase from 42.0% to 67% by June 2025.

**Performance Objective/Campus Goal 1:** GPM 5.1: The percent of CCMR students meeting the Texas Success initiative requirements for college readiness will increase from 27.1% to 39.0% by August 2025.

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Goal 5:** DISTRICT GOAL: The percent of graduates who are college, career, or military ready (CCMR) from Domain 1 will increase from 42.0% to 67% by June 2025.

**Performance Objective/Campus Goal 2:** GPM 5.2: The percent of graduates obtaining Industry-Based Certifications to be career ready will increase from 0.8% to 37% by August 2025.

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Goal 5: DISTRICT GOAL:** The percent of graduates who are college, career, or military ready (CCMR) from Domain 1 will increase from 42.0% to 67% by June 2025.

**Performance Objective/Campus Goal 3:** GPM 5.3: The number of THECB Level I and Level II certificates earned by 12th grade students will increase from 317 to 450 by June 2025. (Students may earn one or more certificates in degree pathways which are aligned with Regional LMI).

**High Priority**

**Evaluation Data Sources:** Student Assessment

**Goal 5:** DISTRICT GOAL: The percent of graduates who are college, career, or military ready (CCMR) from Domain 1 will increase from 42.0% to 67% by June 2025.

**Performance Objective/Campus Goal 4:** GPM 5.4: Percent of graduates enrolled in P-TECH/ECHS who earn 60 hours or attain an Associates degree will increase from 59%to 62% by 2025.

**High Priority**

**Goal 5:** DISTRICT GOAL: The percent of graduates who are college, career, or military ready (CCMR) from Domain 1 will increase from 42.0% to 67% by June 2025.

**Performance Objective/Campus Goal 5:** GPM 5.5: The percent of college enrollment will increase from 62.0% to 67.0% by June 2025, including the number of Associate degrees attained.

**High Priority**

**Goal 6: SUPPORTING DISTRICT GOAL:** During the 2023-2024 school year, the Local Accountability System (LAS) will be used to determine Texas Academic Accountability Ratings for each school. Extracurricular Activity Engagement will count 5% of the 10% towards the LAS weight for LAS Domain 6.

\*STUDENT PARTICIPATION PERCENTAGE: Number of students participating in at least one extracurricular or co-curricular activity (50 POINTS)

\*EXTRACURRICULAR OPPORTUNITIES: Variety of activity options available from the following categories: Athletics, Academics, Visual & Performing Arts, Service & Leadership, and Avocation (30 POINTS)

\*TEACHER PARTICIPATION PERCENTAGE: Number of teachers involved in supporting extracurricular and co-curricular activities (20 Points)

**Performance Objective/Campus Goal 1:** 50% of teachers will have an extra-curricular club by December and will increase to 100% by March 2023. Teachers and students will receive incentives and awards (certificates, trophies, and rewards) to recognize their participation in an extra-curricular activity after school.

**Evaluation Data Sources:** District Snapshot Dates

| Strategy 1 Details  | Reviews   |     |     |           |
|---|-----------|-----|-----|-----------|
| <p><b>Strategy 1:</b> 100% of teachers will provide an extracurricular club to students in one of the following areas: Avocation, Academics, Service &amp; Leadership, Visual &amp; Performing Arts, or Athletics.</p> <p><b>Strategy's Expected Result/Impact:</b> To increase our teacher participation in the 5 different types of clubs.</p> <p><b>Staff Responsible for Monitoring:</b> Club Lead and Teachers</p> <p><b>Title I:</b><br/>2.4, 2.5, 2.6</p> <p>- <b>TEA Priorities:</b><br/>Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools</p> <p><b>Problem Statements:</b> Perceptions 4</p> | Formative |     |     | Summative |

**Performance Objective/Campus Goal 1 Problem Statements:**

**Perceptions**

**Problem Statement 3:** Parent engagement needs to increase from previous years for PTO events and school wide events, including academic nights. **Root Cause:** All communication is digital through social media apps and the school-wide class dojo. Many parents lack the technology skills needed to download and navigate the apps needed.

**Goal 7: SUPPORTING DISTRICT GOAL:** Ensure active parent and family engagement strategies are in place to foster meaningful participation, feedback, and collaboration with parents and families.

**Performance Objective/Campus Goal 2:** A CIP committee will be developed with the involvement of stakeholders (required committee members). The committee will review surveys, state and district test scores, district data packets, and current strategies to determine progress and/or areas that need improvement. The current strategies will be adjusted based on feedback gathered or new strategies will be created.

**High Priority**

**Evaluation Data Sources:** Sign In Sheet, Jamboard, Google Sheet
